| | | 1.2 An administration fee equivalent to 10% of the tariff applicable to a booking will be levied for every transfer of a booking provided that written notice of intention to transfer is given on or before the 14th day prior to the date originally reserved and the facility being available on the new date requested. | | | | | | | | | |
| | | 1.3 If the booking is cancelled after the payment was received a 10% cancellation fee will be charged, based on the total amount due (excluding breakage deposit). | | | | | | | | | |
| | | 1.4 If a cancellation request is received less than 14 (fourteen) days before occupation, no refund of any money will be made. | | | | | | | | | |
| | | 1.5 Notwithstanding the abovementioned, should a booking be transferred or cancelled, the date of the original booking will be used to determine the amount of refund to which the Lessee is entitled. | | | | | | | | | |
| | | **CONCESSIONS** | | | | | | | | | |
| | *** | The Director : Recreation & Parks, Area Managers: Recreation and Parks or his or her nominee may grant any person or institution free access to a Council facility provided that: | | | | | | | | | |
| | | 1.1 The facility is used for an event which Council has initiated, supports or participates in. | | | | | | | | | |
| | | 1.2 The application has been received at least 14 (fourteen) days before the intended use of the facility. | | | | | | | | | |
| | | 1.3 Such person or institution first obtains certification in writing from the relevant Council Director that they satisfy the requirements of paragraph 1.1 The relevant Director shall be determined by the nature of the event that is to be held. | | | | | | | | | |
| | | 1.4 Such persons or institution is liable for all overtime payments which result from the usage of the facility. A deposit will also be payable as per normal booking procedure. | | | | | | | | | |
| | | 1.5 Rebates on Film Permits: If for Cape Town Marketing or Student Film, 100% rebate may be applied in consultation with Cape Town Film Permit Office. | | | | | | | | | |

| | **GENERAL CONDITIONS:** | | | | | | | | |
| | The booking, for fund raising and commercial purposes, of resorts, coastal facilities, parks or sections thereof, where traditionally high volumes of communities make use of such facilities during season and public holidays, is not permitted. This prohibition is applicable particularly where such organisations, individuals or entities will exclude the general public from making use of the facilities and/or where an entrance fee is applicable. Events and activities formally supported by the City are not affected | | | | | | | | |
| | Restrictive noise consent conditions apply and must be adhered to.<br>The use of devices to amplify sound are subject to prior authority and the discretion of the Facility Officer and should be declared upon booking.<br>Unreasonable sound levels deemed to disturb the convenience or peace of fellow users or persons in the immediate vacinity are prohibited. | | | | | | | | |
| | | | | | | | | | |
| | **1.CANCELLATIONS OF BOOKING/REFUND OF HIRE CHARGE (Including Filming)** | | | | | | | | |
| | 1.1 An administration fee equivalent to 10% of the tariff applicable to a booking will be levied for every transfer of a booking provided that written notice of intention to transfer is given on or before the 14th day prior to the date originally reserved and the facility being available on the new date requested. | | | | | | | | |
| | 1.2 Cancellations must be by written notice. | | | | | | | | |
| | 1.3 If the booking is cancelled after the payment was received a 10% cancellation fee will be charged, based on the total amount due (excluding breakage deposit). | | | | | | | | |
| | 1.4 If a cancellation request is received less than 14 (fourteen) days before occupation, no refund of any money will be made. | | | | | | | | |
| | 1.5 Notwithstanding the abovementioned, should a booking be transferred or cancelled, the date of the original booking will be used to determine the amount of refund to which the Lessee is entitled. | | | | | | | | |
| | 1.6 Rebates on Film Permits: If for Cape Town Marketing or Student Film, 100% rebate may be applied in consultation with Cape Town Film Permit Office. | | | | | | | | |
| | 1.7 Where no charges are applicable, the minimum time before the event to submit application will be 2 days and 10 days where charges are applicable. | | | | | | | | |

| | **24** | **EXEMPTIONS** | | The following applications are exempt from the payment of scrutiny fees: | | | | | | |
| | | • Applications in respect of any building to be erected by or on behalf of the State. In this context "State" means an "organ of State" as defined in Section 239 of the Constitution. This is interpreted as those institutions which are an intrinsic part of government and those institutions outside the public service which are controlled by the State – ie where the majority of the members of the controlling body are appointed by the State or where the functions of that body and their exercise is prescribed by the State to such extent that it is effectively in control. | | | | | | | | |
| SB | | • Building Plans for all buildings and structures, including Housing projects managed by the Local Authority, erected for and by the Local Authority. (Plans must be submitted and approved prior to construction.) | | | | | | | | |
| S | | • Applications in respect of alterations and/or additions to any building older than 60 years and of special heritage significance subject to the following provisos:<br>o The exemption will be applicable for internal alterations and external, including renovations and repairs, where at least two thirds of the heritage fabric is retained as determined by the City's Heritage Resource officials. The exemption will not apply to applications where only the shell of the original building is retained.<br>o The exemption will be applicable for additions to existing buildings on condition that the architectural floor area of the additions is less than 25% of the architectural floor area of the original building.<br>o The exemption will not apply to applications for new separate buildings on the same erf. | | | | | | | | |
| | | o The exemption will not apply to applications for new work where only a portion of the original building is retained. For example the façade of the original building. The exemption will apply where the façade is retained and there is redevelopment within the envelope of the existing building. | | | | | | | | |
| | | o The exemption will not be applicable to applications for building work in urban conservation areas unless the first two criteria apply | | | | | | | | |
| SB | | • Applications from organisations providing residential facilities to the elderly and homeless children who qualify for rates relief in terms of: (a) the criteria mentioned in Item 6.7 of the Rates Policy and; (b) accreditation obtained from the Homeless Agency Committee (HOMAC) as stipulated in the Children's Act No. 38 of 2005. It will be required from the owner of the property on which the building plans is to be submitted to provide sufficient proof that he/she has been relieved from the payment of rates by the City's Revenue Department in terms of (a) or has obtained accreditation from HOMAC in terms of (b). | | | | | | | | |
| | | · Applications for the conversion, or addition to, dwelling houses or other residential units for ECD or OR other registered welfare organisation purposes in former state subsidized housing developments will be charged for at the minimum tariff for such residential developments up to a total habitable floor area of 80m². / | | | | | | | | |

| | | | | | **excl. VAT** | **incl. VAT** | **Yes/No** | **excl. VAT** | **incl. VAT** | |
| SB | | ● All applications required to address / give effect to successful resettlement claims in terms of the Restitution of Land Rights Act, as well as in cases where land has been allocated to a successful claimant, such claimant is allowed to submit only one application (building plan), for residential development only which application(s) will be exempted from building plan fees as per normal fees. | | | | | | | | |
| S | | The Director: Planning & Building Development Management may authorise exemption from building plan application tariffs in cases where a building plan decision was set aside in a court of law and is required in terms of a court to be resubmitted to the City for decision, subject thereto that it is the same plan as originally submitted. | | | | | | | | |
| | | **GENERAL** | | | | | | | | |
| | 26 | ● The Director: Planning and Building Development Management may grant or refuse applications for the exemption of some or all the applicable Building Development application fees of a particular application which are necessitated due to changes to developments made at the request of the Environmental Management Service of the City of Cape Town in the interests of environmental or heritage conservation. | | | | | | | | |
| | | · The Director: Development Management may grant or refuse applications for the exemption of some or all the applicable Building Development application fees of a particular application that had to be reduced in extent due to insufficient wet services being available to the property or where such has resulted in extensive material changes to developments made at the request of such Service Departments of the City of Cape Town in the interests of resource conservation. | | | | | | | | |
| | | ● Applications in respect of any building to be erected or altered or addtions thereto in the Atlantis Industrial Area as defined in the Cape Town Zoning Scheme or any building to be erected or altered or additions thereto in any other approved spatially targeted areas as provided for in Council's Investment Incentives Policy. | | | | | | | | |
| | | ● Full Fees payable at time of lodging of a building plan application for approval.<br>● Plans for alterations and additions: the additions are charged per area and the internal alterations are charged for separately as per QS/Architect's estimate **for the construction cost portion of the project budget cost**. ( at 0.8% of estimate.)<br>● In cases where a successful land claimant submits a building plan for a purely non-residential development (which does not include any residential development) on land so obtained, such non-residential application is subject to all the fees applicable to any other similar application which was not obtained by way of the Restitution of Land Rights Act. | | | | | | | | |
| | | ● If a successful land claimant submits a building plan for a mixed use development (which includes non-residential development) on land so obtained, such non-residential building plan gets charged the normal fees as specific for such application as if the non-residential part of the application is a separate application from the residential part of the development. | | | | | | | | |

| | (d) | All applications required to address / give effect to successful resettlement claims in terms of the Restitution of Land Rights Act are exempt from all the application, advertising and other fees in the attached table. | | | | | | | | |
| | (e) | All applications in respect of properties in the Atlantis Industrial Area as defined in the MPBL or any application in any other approved spatially targeted areas as provided for via Council's Investment Incentives Policy. | | | | | | | | |
| | (f) | All applications for places of instruction (or similar use as per the development management scheme) for the purposes of Early Childhood Development (ECD) centres only, are exempt from all application fees including the fee for serving notices. The fee *is still applicable* in cases where an application is advertised in the *media* | | | | | | | | |
| | (g) | No basic application or complexity fees are payable in respect of any application made in response to a previous refusal (including closure or withdrawl) of the same or a materially similar (as per the District Manager's opinion) application on the same premises, if submitted within a period of 12 months from the date of final notification of the previous decision or *date of* withdrawal / closure thereof and with the express intent to address the previous reasons for refusal / closure / withdrawal. The department's interpretation in this regard is final, and advertising / public consultation fees, if applicable, remain payable. This exemption apply unless otherwise stated in the MPBL. | | | | | | | | |

## TRANSPORT - CONTRACTED ROAD-BASED PUBLIC TRANSPORT

### FARE LEVEL ONE

**Updated May 2020 for 2020/21**

Notes: 1. All new wording (compared to the wording of the tariff approved in May 2019) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of strikeout.

2. Where the text of the tariff re. Fare Level 0, 2 and 3 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]".

| CAT. | Item No | SERVICES RENDERED and related transport products | UNIT | REMARKS | VAT Yes/No | 2019/20 Recalculated (Rounded) excl. VAT | 2019/20 R incl. VAT | *2020/21 Recalculated (Rounded) excl. VAT* | *2020/21 R incl. VAT* | % Increase / decrease |
|---|---|---|---|---|---|---|---|---|---|---|
| | 1 | Item 1 (re "Interim fares") deleted in previous years | | | | | | | | |
| | **2** | **Public Transport Fares** | **Fare Level One** | | | | | | | |
| | **2A** | **Mover Packages** | | Value can be added onto the card as money or as a Mover Package. The Mover Packages give added benefit such as covering the bank load fees and enabling the discounted Mover Fare to be charged compared to fares charged against money loaded. Mover Packages load points equivalent to the rand value. Conditions 2.6a and 14 apply to loading and charging of fares against the balance of points on the Smartcard. | | | | | | |
| SB | 2A.1A | Mover 35 | Per load | Loads the equivalent points on the Smartcard without having to pay load fees. Available only where determined appropriate, i.e. where kiosk queue lengths are not compromised due to repeated loads. | No (exempt) | 35.00 | | *35.00* | | 0.0% |
| SB | 2A.1B | Mover 50 | Per load | Loads the equivalent points on the Smartcard without having to pay load fees. It also enables Mover Fare fares to be charged i.e. at a reduction in fare compared to the Standard fares. | No (exempt) | 50.00 | | *50.00* | | 0.0% |
| SB | 2A.1A | Mover 60 | Per load | As in Item 2A.1B. | No (exempt) | 60.00 | | *60.00* | | |
| SB | 2A.1 | Mover 80 | Per load | As in Item 2A.1B. | No (exempt) | 80.00 | | *80.00* | | 0.0% |
| SB | 2A.2 | Mover 100 | Per load | As re Item 2A.1 B | No (exempt) | 100.00 | | *100.00* | | 0.0% |
| SB | 2A.3 | Mover 150 | Per load | As re Item 2A.1 B | No (exempt) | 150.00 | | *150.00* | | 0.0% |
| SB | 2A.4 | Mover 200 | Per load | As re Item 2A.1 B | No (exempt) | 200.00 | | *200.00* | | 0.0% |
| SB | 2A.4A | Mover 300 | Per load | As re Item 2A.1 B | No (exempt) | 300.00 | | *300.00* | | 0.0% |
| SB | 2A.5 | Mover 400 | Per load | As re Item 2A.1 B | No (exempt) | 400.00 | | *400.00* | | 0.0% |
| SB | 2A.6 | Mover 600 | Per load | As re Item 2A.1 B | No (exempt) | 600.00 | | *600.00* | | 0.0% |

| | 3 | **Extension of existing services:** | Fare Level One | The City may agree to extend the hours of any existing service or may add new or amended services on request of any external party subject to the additional fees payable below. The fee will be the aggregate of the hourly and km fees for Item No 3. Where the actual hours of operation are more than the booked hours, the charge will be for the actual hours. The relevant services will remain open to the public, and fares charged will be retained by the City. The km fees below include the kms of travel to and from the depot to the start or end of the service (i.e. the City will charge for such positioning kms). | | | | | | |
| FCR | 3.1 | Extended hours: hourly fee between 06:00 and 24:00 | per vehicle per hour or part thereof | Fee chargeable for hours of availability, whether the relevant vehicles are used or not. In addition the event hourly and km fees are payable. | No (exempt) | 662.00 | | *714.00* | | 7.9% |
| FCR | 3.2 | Extended hours: hourly fee between 24:00 and 06:00 | per vehicle per hour or part thereof | Fee chargeable for hours of availability, whether the relevant vehicles are used or not. In addition the event daily and km fees are payable. | No (exempt) | 994.00 | | *1 071.00* | | 7.9% |
| FCR | 3.3 | Extended hours: km fee for 6m vehicles | per 6m vehicle per km (or part thereof) travelled | Fee chargeable for all kilometres actually travelled as part of the service. In addition the event hourly fees are payable. | No (exempt) | 17.00 | | *19.00* | | 12.3% |
| FCR | 3.4 | Extended hours: km fee for 9m vehicles | per 9m vehicle per km (or part thereof) travelled | Fee chargeable for all kilometres actually travelled as part of the service. In addition the event hourly fees are payable. | No (exempt) | 25.00 | | *27.00* | | 11.0% |

**Terms and conditions ("Conditions")**

1. The fares for contracted Dial-a-Ride services are set out in the Network Management tariff table. This Tariff Table applies to all other road-based public transport services contracted by or provided by the City. However, the Conditions of this Tariff Table, read with the changes required by the context, applies to Dial-a-Ride services, except in as far as they are excluded by way of Fare Rules.

2. Definitions (which may include substantive provisions)

*2.1 "AB Fare Medium" means an account-based fare medium activated in terms of Condition 3(l);*

2.1A "AFC" means [~~an~~] automated fare collection [~~system as defined in the Regulations~~].

2.1[A]*B* "Charter" means the charter or hiring of buses and other facilities under Item 4. Buses may be chartered for use anywhere within or outside the municipal boundaries provided this is permitted in terms of the relevant operating licence;

2.1[B]*C* "City" means the City of Cape Town;

2.1[C]*D* "Day Pass" means any pass with "day pass" in its name as in the Item description in the table above;

| | 2.1[D]*E* | "Director" means the Director responsible for this Tariff Table, in January 2019 being the Director of *Public Transport* ~~[Contract]~~ Operations, or delegate; | | | | | | | | |
| | 2.1[E]*F* | "ED" or "ED: Transport" means the Executive Director: Transport. The Executive Director: Transport may delegate any function assigned by these tariffs to the ED: Transport to another official. | | | | | | | | |
| | 2.1[F]*G* | "Fare Rules" mean the rules referred to in Condition 3(a), which may contain any transitional arrangements towards the implementation of the Items and Conditions set out in this Tariff Table, or in the tariff table applicable to the Dial-a-Ride service;" | | | | | | | | |
| | 2.2 | "Full Fare Evasion Penalty Fare" means the fare to be charged where an inspector or other authorised City representative (including an access control staff member of any City contractor contracted to perform any access control function) believes there is prima facie evidence that a Passenger has evaded, or is likely to have evaded, or to have attempted to evade paying the fare intentionally. Examples include:<br>(a) Where a Passenger jumps over an access gate or a station fence, or tailgates. An example of tailgating is where a Passenger enters a gate together with or immediately following another Passenger in such a manner that the second Passenger does not pay a fare.<br>(b) Where more than one Passenger acts in this way with another Passenger in such a manner that the second or subsequent Passengers do not pay a fare.<br>(c) Where more than one Passenger acts in this way with a common purpose, they may each and all to be charged the Penalty Fare.<br>(d) Where a Passenger participates as beneficiary in a scam or racketeering, referred to in Item 2E.4.<br>(e) Notwithstanding having been charged a Penalty Fare, the relevant Passengers may also be prosecuted. | | | | | | | | |
| | 2.3 | "Fuel price" means the regulated / listed wholesale price for low sulphur (50ppm) diesel in Cape Town, as announced / listed by the Department of Energy or any other national department that take over this function. | | | | | | | | |
| | 2.4 ~~[A]~~ | "Gaming" means use of a transit product or fare rule by Passengers in a manner not intended by the Tariff Table, resulting in loss of fare income by the City, which collectively could exceed R100 000 per annum, as calculated through analysis of fare data or as modelled; | | | | | | | | |
| | 2.5 | "Journey" means one or more one way trip segments, connected through permitted closed and open transfers.<br>(a) A permitted closed transfer is a permitted transfer made at a station between different routes served by such station *without checking out of one bus and then checking out at another bus* .<br>(b) A permitted open transfer is a transfer that complies with the following two conditions: (i) where the customer checks in on a bus or at a station within 45 minutes of having checked out elsewhere in the system (give or take 5 minutes); and (ii) where the customer checks in on a bus or at a station within 2 and a half hours of the first time that he / she checked in first on a given day (referred to as the 2 and a half hour boarding window). A further Journey starts when the Passenger checks in again after such 2 and a half hour boarding window, in which case a new boarding window period starts;<br>(c) Where a Passenger remains in the system for more then four hours (i.e. finally taps out of the system more than four hours from the first tap-in regarding that Journey) the City may charge either an additional boarding fare on tap out, at the same rate as the original boarding fare charged at the start of that Journey (excluding any Airport Premium that may have been charged); or the relevant non-closure fare.<br>(d) The periods of 2 and a half hours, 45 minutes and 4 hours above may be amended by the City by way of a Notice in the Press; | | | | | | | | |
| | 2.6 | "Manual ticket", means a manual ticket involving paper tickets or electronic ticket system with limited electronic capabilities; | | | | | | | | |

| | | | | | | | | | | |

| | 2.6A | (a) "Mover Package" means a package of points loaded through Items 2A.1 to 2A.7, being Mover Packages; "Mover Points" are the points loaded through Mover Packages , and "Mover Fares" are the fares charged when there are sufficient Mover Points available in a Mover Package to pay the applicable fare.<br>(b) No refunds on Mover Packages will be given.<br>(c) The value will expire three years after the latest ~~[up]~~ load *of a Mover Package* .<br>(d) Notwithstanding the listing of specific Mover Packages in Items 2A.1 to 2A.7 the Fare Rules may permit the sale, subject to any conditions, of Mover Packages of any number of Mover Points ("Denomination") provided the technology of the AFC system is able to accommodate that, subject to (e).<br>(e) If the Fare Rules permit Mover packages of any Denomination of Mover Points to be loaded in terms of (d) above, and if the Fare Rules permit the load of Mover Points below the minimum value as in Item 2A.1, then the Mover Points sold in Denominations smaller than that in Item 2A.1 may be sold subject to a surcharge of up to ~~[40%]~~ *20% . Such surcharge may be deducted from the value and thus only the remaining Mover Points loaded.* [~~Such surcharge may be included in the cost of the Mover Points themselves.~~] | | | | | | | | |
| | 2.6B | "myconnect Smartcard issuing fee" means the fee to be charged to any Passenger to whom a myconnect Smartcard is issued.<br>(a) The City does not repurchase *such* Smartcards. However, the City may *issue Fare Rules [* ~~publish a Notice in the Press~~] indicating that ~~the~~ Smartcards *meeting stated requirements* will be repurchased for a period stated in the *Fare Rules* [~~notice. If such a notice applies,~~] In such case the City may repurchase ~~[the]~~ *such* cards at the purchase price of the *relevant* card minus the administration fee listed in Item 2F.2, subject to such other terms and conditions as the City may determine;<br>(b) The Smartcard is issued subject to MyCiTi Rules and Terms & Conditions made available together with the Smartcard, or on the Transport website, incl terms and conditions regarding the repurchasing of the Smartcard by the City - which conditions may be varied on Notice in the Press;<br>(c) The myconnect Smartcard issuing fee may be waived or discounted *at locations and* during periods of which Notice has been given [~~on the Transport website and~~] in the Press, provided that, as far as practically possible, only one card is issued to each person, provided the person is a resident of the City, and subject to the terms and conditions as apply to such free card issue, as set out *in the Notice* [~~on the Transport website~~], provided that the extent of the waiver or discount and the terms and conditions shall be determined so as to ensure as far as it is practicable that fare evasion is kept to a minimum.<br>*The issuing fee does not apply to other Smartcards accepted by the AFC system, unless the Fare Rules provide differently. The Fare Rules may provide that such issuing fee or a discounted fee applies to specific types of Smartcards.* | | | | | | | | |
| | 2.7 | "Non-Premium Route" means any route other than a Premium Route; | | | | | | | | |
| | 2.8 | "Notice in the Press" means a notice placed in two newspapers generally circulating in Cape Town, and / or on the Transport website and / or through Fare Rules; | | | | | | | | |
| | 2.9 | "One way" means one movement (e.g. a trip or a Journey) either in a forward direction or in a return direction (which could be achieved using a Fare Rule that approximates an additional boarding fare); | | | | | | | | |
| | 2.9A | *"Passenger" means a person entering an area where fares are payable, in terms of signage displayed at the area, or in terms of this Tariff Table or of the Fare Rules, whether or not the person uses public transport services, excluding a person entering the space in order to manage or maintain the facility; Provided the latter person has written authority to be present to provide such management and maintenance services;* | | | | | | | | |
| | 2.10 | "Peak Commuting Periods" means the periods between 05:30 and 09:00 and between 15:30 and 18:00 on any weekday; | | | | | | | | |

| | 2.11 ~~[A]~~ | "Penalty Fare" means any penalty fare payable in terms of this Tariff Table, including a non-closure fare, and a "Penalty" means a penalty charge as determined through the tariff provisions above, for a services or for use (including unlawful use) of services or infrastructure or to make good for costs potentially incurred by the City, and both enforceable through any and all civil enforcement mechanisms; | | | | | | | | |
| | 2.12 | "Premium route" means a route ending or beginning at the Airport Station; | | | | | | | | |
| | 2.13 | "Redundancy conditions" means when a necessary part of the AFC system is not operating as planned or is expected not to be operating as planned, such as<br>(i) when the system for loading money or points on Smartcards is down, or<br>(ii) when the electricity supply is interrupted and the uninterrupted power supply (provided as backup) fails, or where the electricity supply is interrupted for an extended period resulting in the power in the uninterrupted power supply being depleted, or<br>(iii) when there is a significant problem regarding customer access to services on a given route due to unavailability of smartcard sale and / or full electronic loading facilities, in a context where the average customer is expected to take a relatively short trip; or<br>(iv) for any other reason;<br>Provided that (a) the City may determine that it will from a given date use Item 2G Redundancy Manual Tickets; (b) item 2G.2 (airport premium redundancy ticket) may be issued in non-redundancy conditions; and / or (c) a Fare Rule may be issued in terms of which any redundancy tickets may be used where required for other ~~[material]~~ operational reasons; | | | | | | | | |
| | 2.14 | "the Regulations" means the Regulations relating to integrated fare systems, published in the Government Gazette on 17 June 2011 in terms of the National Land Transport Act, 2009, *as may be amended from time to time* . The Items or conditions in this Tariff Table were amended on the understanding that such regulations will be amended to permit such changes *or may be otherwise authorised (such as through the granting of an exemption)* , even where the relevant mechanisms and arrangements may not previously have been permitted. However, if the Regulations have not been amended by the time that these amended Items or Conditions become applicable, the ED: Transport may publish a notice amending such Item or condition in such a manner that it complies. In the mean time such Items and Conditions shall be interpreted in a manner as to comply with the Regulations, if capable of such interpretation. | | | | | | | | |
| | 2.14A | "Saver periods" means all periods of operation of the service, other than [~~Peak Fare~~] *Spender* Periods; | | | | | | | | |
| | 2.15 | (a) "Smartcard" means a contactless card (incl the myconnect card), *that the AFC system can communicate with, e.g. through use of validators, which a Passenger may use to pay their Transit fare , in one or more of the following ways* [~~a bank issued payment instrument, complying with Europay/ MasterCard/ Visa (EMV) specifications and conforming to the requirements of the National Department of Transport data structure, as prescribed in the Regulations. A user can use the Smartcard in two ways~~] :<br>(i) as an electronic purse, with money to be loaded as required, regarding which the user must pay load fees to the issuing bank (which load fees are deducted from money loaded and which load fees are payable in addition to the fees above), with fares being paid from this purse by checking in / out of the [~~contracted road-based public transport~~] *Transit* system, also referred to as "payment using money";<br>~~[and]~~<br>(ii) to load and use a Mover Package issued by the City, also referred to as "payment using travel points";<br>*(iii) to load any other Transit Product;* | | | | | | | | |
| | | (b) *The Fare Rules may provide that* [~~Once permitted by the Regulations,~~] "Smartcard" [~~may refer~~] *also refers* to any other mechanism that permits recordal of the elements described in (a) above, *including an application on a mobile telephone,* subject to ~~[the]~~ *such* Fare Rules; | | | | | | | | |

| | | | | | | | | | | |

| | | | | | | **excl. VAT** | **incl. VAT** | ***excl. VAT*** | ***incl. VAT*** | |
| | *2.15A* ~~*[2.11]*~~ | "*Spender* ~~[Peak Fare]~~ Period" means the period between *06:45 and 08:00* [~~06:30 and 07:45~~]; and between 16:15 and 17:30 on any weekday. This period may be amended by Notice in the Press. The ~~[peak fare]~~ ~~S~~*pender* period may be set at different periods for different stations / stops or distance bands or for different times of the year. The fare for the whole Journey is based on the time the Passenger enters the system the first time on that Journey; | | | | | | | | |
| | 2.15*B* [~~A~~] | "Tariff Table" means this tariff table for *Contracted* Road-Based Public Transport Services, also referred to as the "Transit Tariff"; | | | | | | | | |
| | *2.15C* | *"Transit" means public transport referred to in this Tariff Table, and a "Transit Product" means a multi-journey fare product to be used by a Passenger to pay the relevant fares for public transport services, including a Mover Package and including a transit product referred to in 3(d);* | | | | | | | | |
| | 2.16 | "Transport Directorate means the Transport Directorate or its successor in title; | | | | | | | | |
| | 2.17 | "Transport website" means any website operated by the City in order to provide information regarding public transport in the City; | | | | | | | | |
| | 3(a) | These tariffs are subject to the MyCiTi Rules or the Fare Rules as may be set out in the Fare Policy for Contracted Road-Based Public Transport Services, or as may be displayed on the Transport website. These Conditions may be amended by way of a change in the Fare Rules, provided that Notice of such amendments have been given in the Press. | | | | | | | | |
| | (b) | Discounted fares may be provided regarding Park-and-Ride facilities linked to MyCiTi services, which must be announced through a Notice in the Press. Park-and-Ride fares/ fees may be calculated as set out in 3(d), and may be subject to conditions, including the conditions in 3(e). Where the Park-and-Ride services are provided in partnership with an external party providing parking facilities and/ or related services: (i) the City may charge via the Smartcard also the component of the combined Park-and-Ride fee that the parker is required to pay for use of the parking facilities and / or related services to the external party, whether in money or in Mover points; (ii) the City may pay such component of the Park-and-Ride fee collected by the City on behalf of the external party, minus an administration fee (if any), to such external party; (iii) Provided that the arrangement between the City and the external party is recorded in an agreement concluded between the parties. | | | | | | | | |
| | (c ) | As an example of the discounted Park-and-Ride fares referred to in Condition 3(b), ~~[the]~~ *any* premium applicable to those trips beginning or ending at the MyCiTi Airport Station may be waived, e.g. where an appropriate transit product has been loaded on the Smartcard, such as a park-and-ride Transit Product. The City may do so by adjusting or waiving the provisions of items 2B.1.7, 2B.2.7, 2C.1.7 and 2C.2.7, where Park-and-Ride conditions apply. | | | | | | | | |
| | (d) | (i) The tariff items may be combined, based on an estimated number of uses by Passengers of a specific group or category, and a combined Transit Product or items in this regard may then be offered to a bulk buyer or contracted party at such combined price, subject to any conditions as may be appropriate.<br>(ii) Where such combined Transit Product or tariff items are charged to a commercial entity, a fare or fee based on a full cost recovery basis plus a surcharge of up to 15% to cross-subsidise other public transport services may be charged, which may be priced up to four times the amounts indicated in this Tariff Table, and thus be charged effectively at a commercial rate, adjusted as appropriate to consider the competing market rates for the same or similar services. | | | | | | | | |
| | | (iii) Where additional public transport services are added specifically for the benefit of commercial entities, the ED: Transport may approve an agreement with any such entities providing for a fare guarantee or for a guaranteed load of Transit Products by any such entities, provided that: (1) an agreement is entered into between the City and commercial entity (-ies) benefiting from these services; (2) the City has estimated the potential additional cost of and fare income due to adding these extra services; (3) the ED: Transport has considered the objectives of the Fare Policy; and (4) such approval is communicated through a Notice in the Press. | | | | | | | | |

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| **TRANSPORT - CONTRACTED ROAD-BASED PUBLIC TRANSPORT** | | | | | | | | | | |
| | **FARE LEVEL ONE** | | | | | | | | | |
| | | | | **Updated May 2020 for 2020/21** | | | | | | |
| | Notes: | 1. All new wording (compared to the wording of the tariff approved in May 2019) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of strikeout. | | | | | | | | |
| | | 2. Where the text of the tariff re. Fare Level 0, 2 and 3 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]". | | | | | | | | |
| | **Item No** | | | | | | | | | |
| **CAT.** | | **SERVICES RENDERED** | **UNIT** | **REMARKS** | **VAT** | **2019/20** | **2019/20** | ***2020/21*** | ***2020/21*** | **% Increase / decrease** |
| | | **and related transport products** | | | **Yes/No** | **Recalculated (Rounded)** | **R** | ***Recalculated (Rounded)*** | ***R*** | |
| | | | | | | **excl. VAT** | **incl. VAT** | ***excl. VAT*** | ***incl. VAT*** | |
| | (e ) | The combination of tariff items in (d) may be done on the condition that those Passengers actually using the service must pay the ordinary fare for their public transport services, in which case the combined price set regarding the combined transit product and payable by a bulk buyer or contracted party may then be reduced on the basis of actual or assumed Passengers paying for the services offered. | | | | | | | | |
| | (f) | Where Items 3 and 4B.1-4B.7A are used for ongoing services for more than seven continuous days, then these rates may be discounted taking into account the cost of providing the services, the fares that are likely to be collected from Passengers using the service (if any), the additional charges referred to in 3(d)(ii) and a reasonable mark-up. ** | | | | | | | | |
| | (g) | Saver fares for counter-flow travel may be offered to Passengers during [~~Peak Fare~~] *Spender* Periods or a part of [~~Peak Fare~~] *Spender* Periods, on routes where there is generally a significant differential between Passenger flow in the forward and return directions. This provision may be further defined and activated by way of Fare Rules. | | | | | | | | |
| | (h) | To account for the fact that Passengers in Dunoon travelling to or from Dunoon and Usasaza stations may have to pay another fare for private feeder transport, a discount of R2 to the fares of Passengers on contracted road-based public transport to or from these stations may be activated from a date to be determined by the ED: Transport. Once in place the discount may be cancelled from another date that the ED: Transport may determine or may be amended by the ED: Transport. | | | | | | | | |
| | (i) | Where necessary for practicality, or where it is not technically possible to implement an element of the conditions or Tariff Table exactly as worded in this Tariff Table, the relevant element may be amended in programming of the fares, provided the relevant change is embodied in a Fare Rule. | | | | | | | | |
| | (j) | Passengers may not make Smartcards with the following transit products available to others for a fee or through another kind of exchange: monthlies or any category of day passes. This prohibition does not apply to accommodation establishments, employers or tourism operators making cards with transit products available to guests, employees or tourists respectively. This provision may be amended by way of the Fare Rules. | | | | | | | | |
| | (k) | The ED: Transport may approve a discount of the fares set out in this Tariff Table for routes serving specific origin-and-destination combinations (ODs) in order to ensure a competitive fare on such ODs compared to alternative modes, and set conditions for such discount, provided that: (1) The revenue projected from the additional Passengers attracted through such lower fares (with or without other measures to attract Passengers) is projected to be greater than the increase in VOC costs plus the reduction in fare income as a result of the discount; (2) the ED: Transport considers in the design of the discount the objectives of the Fare Policy; and (3) such approval is recorded in the Fare Rules or by way of a Notice in the Press. | | | | | | | | |
| | (l) | [~~(l) At any time in the financial year the City may implement a Council approved discount of the fares set out in this Tariff Table for routes serving specific origin-and-destination combinations (ODs) in order to ensure a competitive fare on such ODs compared to alternative modes, and set conditions for such discount, provided that: (1) The revenue projected from the additional Passengers attracted through such lower fares (with or without other measures to attract Passengers) is projected to be greater than the increase in VOC costs plus the reduction in fare income as a result of the discount; (2) the Council considers in the design of the discount the objectives of the Fare Policy; and (3) such approval is recorded in the Fare Rules.~~] *(l)The ED: Transport may issue a Notice in the Press to the effect that Passengers may pay fares with an AB Fare Medium defined in the notice which fare medium need not contain the data structure stipulated in the Regulations. From a date or for a period indicated in such Notice, amended Fare Rules may apply. Such Fare Rules may make applicate a fare to such AB Fare Medium which approximates the lowest fare that could otherwise have been applicable if the passenger using such AB Fare Medium had purchased the cheapest package or other transit product available for such travel, in relation to reaching thresholds relevant to such package or transit product. For example:*<br>*(i) Mover Fares may be made applicable once the total Standard Fare charged within the relevant month passes the minimum Mover load provided in Item 2A.1A;*<br>*(ii) Once the Passenger has used Transit services for more than 5 consecutive days, the fare regarding the Seven Day Pass may be made applicable to all travel within the 7-day period following the first such day;*<br>*(iii) where a Passenger has used Mover points to the value of the System-wide Monthly in a given consecutive 30-day period, fares for travel in the remaining days of the 30-day period of such use may be waived.* | | | | | | | | |

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| **TRANSPORT - CONTRACTED ROAD-BASED PUBLIC TRANSPORT** | | | | | | | | | | |
| | **FARE LEVEL ONE** | | | | | | | | | |
| | | | | **Updated May 2020 for 2020/21** | | | | | | |
| | Notes: | 1. All new wording (compared to the wording of the tariff approved in May 2019) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of strikeout. | | | | | | | | |
| | | 2. Where the text of the tariff re. Fare Level 0, 2 and 3 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]". | | | | | | | | |
| **CAT.** | **Item No** | **SERVICES RENDERED** | **UNIT** | **REMARKS** | **VAT** | **2019/20** | **2019/20** | ***2020/21*** | ***2020/21*** | **% Increase / decrease** |
| | | **and related transport products** | | | **Yes/No** | **Recalculated (Rounded)** | **R** | ***Recalculated (Rounded)*** | ***R*** | |
| | | | | | | **excl. VAT** | **incl. VAT** | ***excl. VAT*** | ***incl. VAT*** | |
| | (m) | Subject to the Fare Policy, fare zones may be determined throughout the City, and each stop or station will be allocated to the corresponding zone. The distance-based fares in this Tariff Table will then apply to the travel distances between such zones. | | | | | | | | |
| | (n) | ~~[The ED: Transport may approve a concession for a bus operator to operate within the dedicated bus lane and may set appropriate conditions in this regard. The rate for such shall be set at a maximum of the modelled fares that would otherwise have been payable in terms of the approved tariff for such services at a reasonable level of utilisation, in compliance with business parameters approved by Council in this regard. The business parameters shall address the factors that should be taken into account in calculating the rate, including the proposed route and its current utilisation, number of kms and the subsequent time saving of the passengers on a concession bus, and the extent to which the concession will assist to reduce congestion in the City; and may define the type of conditions should be applied to a concession, such as conditions to ensure that the concession is unlikely to have an undesirable influence on ordinary public transport services using the buslane.]~~ *Condition regarding concession fee for use of dedicated buslanes was deleted in 2020, pending a report to Council setting the framework for such concession, after which it will be reinstated.* | | | | | | | | |
| | (o) | *At any time during the financial year, Council may waive the Premium boarding fee, should this decision be supported by a technical report demonstrating a sound business case showing that there is a reasonable likelihood that doing so will attract more fare revenue (through additional Passengers) than the additional cost in serving such additional demand, if any. This waiver would then apply to all products containing premium fares, including single trip tickets (see Item 2D.2).* | | | | | | | | |
| | 4. | (a)The fares and fees in this Tariff Table are available only for a service that is actually being provided at a given time. Services will be provided subject to the required operating licences for schedules bus services having been granted. Where any existing route is amended and an operating licence is granted for that amended route, the tariff will apply to such amended route, unless a future approved tariff provides otherwise. | | | | | | | | |
| | | (b) Some of the fares and fees listed above may not be available or provided within the applicable financial year for reasons that may include limitations regarding the available technology to charge the particular fare or fee. | | | | | | | | |
| | 5. | Fare levels *Zero,* One, Two and Three may apply, depending on *significant* changes in fuel price, *as provided for in* ~~[subject to]~~ this Condition 5. | | | | | | | | |
| | 5.1 | Fare level One will be applicable from 1 July of the applicable financial year, *subject to 5.1A.* | | | | | | | | |
| | 5.1A | *Notwithstanding 5.1, if, during the month of May in the financial year preceding the financial year for which this tariff is set, the fuel price is determined at a price below that provided for Fare Level Zero in 5.3A, then the fare level on 1 July will be Fare Level Zero.* | | | | | | | | |
| | 5.2 | The fare will be adjusted between Fare levels *Zero,* One, Two and Three only when there are significant changes in the fuel price, as set out in Conditions 5.3 to 5.7. | | | | | | | | |
| | 5.3 | ~~The initial fare,~~ Fare Level One~~,~~ has been set assuming a regulated wholesale price of R14.04 per litre for low sulphur diesel (50ppm) in Cape Town. ~~If the price rises above R16.95 per litre Fare Level Two will be implemented.~~ | | | | | | | | |
| | 5.3A | *If the fuel price drops below R11.23 per litre Fare Level Zero will be implemented. Fares will be maintained at Fare Level Zero unless there are further significant changeds to the fuel price. If Fare Level Zero is applicable and the fuel price rises above R14.04 Fare Level One will be implemented.* | | | | | | | | |
| | 5.4 | *If the price rises above R16.85 per litre Fare Level Two will be implemented.* Fares will be maintained at Fare Level Two unless there are further significant changes to the fuel price. | | | | | | | | |
| | 5.5 | If the fuel price falls below the base price of R14.04 per litre *while Fare Level Two is in effect* fares will revert to Fare Level One. If the fuel price rises above ~~R19.92~~ *R19.66* Fare Level Three will be implemented. | | | | | | | | |

# TRANSPORT - CONTRACTED ROAD-BASED PUBLIC TRANSPORT

## FARE LEVEL ONE

**Updated May 2020 for 2020/21**

Notes: 1. All new wording (compared to the wording of the tariff approved in May 2019) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of strikeout.

2. Where the text of the tariff re. Fare Level 0, 2 and 3 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]".

| CAT. | Item No | SERVICES RENDERED and related transport products | UNIT | REMARKS | VAT Yes/No | 2019/20 Recalculated (Rounded) excl. VAT | 2019/20 R incl. VAT | *2020/21 Recalculated (Rounded) excl. VAT* | *2020/21 R incl. VAT* | % Increase / decrease |
|---|---|---|---|---|---|---|---|---|---|---|
| | 5.6 | Once fare levels are at Fare Level Three they will be adjusted downwards to Fare Level Two only if the fuel price falls below R19.66, ~~[and]~~ to Fare Level One only if the fuel price falls below the base price of R14.04 *per litre, and to Fare Level Zero if the fuel price falls below the price of R11.23 per litre.* | | | | | | | | |
| | 5.7 | Changes in fare levels linked to the above changes in the fuel price *(other than that in 5.1A)* will be implemented as follows:<br>(a) only once the relevant fuel price is higher than the relevant threshold for at least three consecutive months;<br>(b) from the end of the second month following the month in which an official announcement is made of fuel price changes that will result in triggering the shifts between fare levels as described above, i.e. regarding the third month that such first higher fuel price, as referred to under (a), has been announced;<br>(c) the fare increase provided for above must be effected to start from one of the following dates (always complying with each of the above factors): *1 November or* 1 March ~~[or 1 November]~~. | | | | | | | | |
| | | (d) Par (a)-(c) will apply regarding lowering of fuel prices as referred to in Conditions *5.3A,* 5.5 and 5.6, with the changes required by the context. | | | | | | | | |
| | 5.8 | Where the fuel price increases or decreases significantly in any year between March and the date upon which the agenda closes for the Council meeting where the final budget for the following financial year is to be adopted, Council may consider whether to increase or reduce the published fares, an appropriate proposal for an adjustment to the originally published draft tariff may be submitted to Council for its consideration. | | | | | | | | |
| | | | | | | 2019/20 | | *2020/21* | | |
| | 5.9 | *(a) Percentage decrease between Level One and Zero:* | | | | | | *-7.18%* | | |
| | | ~~(a)~~ *(b)* Percentage increase between Level One and Two: | | | | 6.37% | | *7.18%* | | |
| | | ~~(b)~~ *(c)* Percentage increase between Level One and Three: | | | | 12.75% | | *14.36%* | | |
| | 6. | *(a)* Tickets / products / cards / event-related fees may be sold / charged to vendors / clients at a discount of up to 33.33%, or vendors may be paid regarding relevant sales a commission of up to 33.33%, subject to appropriate conditions. Such discount / commission for load of [~~Mover Points or~~] Transit Products may be offered at a flat rate per load, which discount / commission for low denominations may be of a value above the above discount / *commission* limit. | | | | | | | | |
| | | *(b) The discount referred to in 6(a) may be applied to vendors / clients, or the commission referred to in such provision may be paid, regarding the load of any other value (akin to mobile telephone-linked air time) provided it is then converted to Transit Products, or used to pay for Transit Products; or for the use of any other mechanisms to effect such payment or load. Any combination of such commissions / discounts regarding an individual purchase or load of Transit Products may not exceed the limit provided for in 6(a).* | | | | | | | | |
| | | *(c) The City may pay Commission or fees to a supplier of an AB Fare Medium for the payment of fares for Transit services by way of such Fare Medium at appropriate rates approved by the ED: Transport; provided that such rates are equal to or lower than that of the commission in 6(b); provided that such rates are equal to or lower than the rates payable to the bank providing the myconnect Smartcard to the City; and provided that the arrangement between the City and the the provider of the AB Fare Medium is recorded in an agreement concluded between the parties.* | | | | | | | | |
| | 7.1 | As and when considered appropriate or necessary, free travel days may be held and / or complementary tickets or Smartcards (with or without money or Mover packages) may be issued, for marketing purposes , provided that there is budgetary provision for any losses in fares or additional costs incurred. In such cases no fare will be charged for a given service, or a reduced fare may be applied. | | | | | | | | |
| | 7.2 | The ED: Transport may, after considering all relevant factors, activate the Group Card functionality for purposes of promoting use of the public transport services that can be paid for by using the myconnect card, to promote use of public transport, and to make it more affordable to families, groups of scholars and pensioners, or other groups. The public must be notified of the implementation of the Group Card by way of a Notice in the Press. The ED: Transport may also terminate the availability of such Group Card, on notice in the press of at least three months. | | | | | | | | |

| | | (a) When deciding to implement the Group Card, the ED: Transport must also determine (i) the maximum number of users, with the default maximum being 31;<br>(ii) whether the number of maximum users will be open to the election of the Group Leader as indicated in 7.2(c) below;<br>(iii) whether the Group Card can be used only in the Saver period, or also during the [~~Peak Fare~~] *Spender* Period;<br>(iv) whether the issuing fee provided for in 7.2(c)(iii) is to be discounted as part of free card issue initiatives provided for in 2.6b(c) and if so, which discount would apply; and<br>(v) further conditions to avoid abuse of the Group Card or to deal with difficulties that may be caused by use of the Card. | | | | | | | | |
| | | (b) The ED: Transport may at any time change any of the rules in par (a) by way of a Notice in the Press. | | | | | | | | |
| | | (c) If the Group Card functionality has been activated in terms of this par 7.2, the following rules apply:<br>(i) The person purchasing a Group Card (referred to as the "Group Leader") must define the intended maximum number of Passengers in the group, subject to the ED: Transport's determination in terms of 7.2(a) or (b).<br>(ii) The Group Card must be personalised with at least details of the Group Leader, including an authenticated address to which an account for any outstanding non-closure fares and penalties could be sent, for which the Group Leader must accept full responsibility for payment within 30 days of issuing of an invoice or statement in this regard.<br>(iii) The issuing fee of a Group Card is the smart card issuing fee as defined above plus an amount equal to half of the Non-Closure Fare in Items 2E.1a or 1b, as applicable, for each of the intended members of the group as selected by the Group Leader in terms of (i) above or as determined by the ED: Transport in terms of 7.2(a) or (b), alternatively a pre-authorised link to a credit card provided by or on behalf of the Group Leader in terms of which any outstanding fare or penalty can immediately be charged to the account linked to the relevant credit card account.<br>(iv) The Group Card cannot be sold back to the City, but can be surrendered to the City at no repayment.<br>(v) All the Passengers travelling on a group card must access the service as a group, must travel in this group to enable proper inspection regarding each of the relevant Passengers, and must leave the service as a group.<br>(vi) The Group Card, when used for travel, must always be in possession of one of the Passengers travelling in this group.<br>(vii) Fare evasion penalties as defined above are payable regarding every Passenger found in a public transport vehicle or on a station, or leaving such vehicle or station, if the relevant Group Card is not presented immediately by or on behalf of each such Passenger.<br>(viii) For the avoidance of doubt, non-closure Penalty Fares as defined in this Tariff Table are payable regarding every Passenger in the group, where the number of Passengers that entered the system is different from the number of Passengers that exited the system regarding a given Journey. | | | | | | | | |
| | | (d) If the Group Card functionality has been activated in terms of this par 7.2, the following fares rules apply: (i) The same fares that would otherwise apply, subject to a discount of 15% of the relevant fare with regard to the second and subsequent Passenger travelling in the group. (ii) Any outstanding Non-Closure Fares or other penalties fares may be charged against any positive balance on the smartcard at any stage. (iii) Further use of the Group Card may be refused if any amounts due regarding Non-Closure Fares and penalties remain outstanding as per the City's records.<br>(e) These fare rules may be amended by Notice in the Press. | | | | | | | | |
| | 7.3 | The ED: Transport may, after considering all relevant factors, determine which (if any) stations and other points of sale of myconnect Smartcards will sell the myconnect Smartcard subject to a rebate. At such stations and selling points a rebate of 15% (with the sum rounded up the closest full Rand) will apply to the myconnect Smartcard issuing fee. Notice of such rebate must be given in the Press. When repurchasing such cards in terms of Item 2F.2 the City will deduct the rebate amount as well as the relevant administration fee. | | | | | | | | |

| | 8. | The City's Contracted Road-based Public Transport Services and the distance-based fares are run on a pilot basis and may require significant adjustment during future budgetary processes, based on an assessment of the initial services and fares and their impacts. In addition, adjustments may also have to be made as required in order to implement the conditions / tariffs using the intended fare system technology, at the time that the tariff tables are finalised following the public participation process, for approval by Council. | | | | | | | | |
| | 9. | Cancellation of bookings for Item Nos 4A and 4B: if notice of cancellation is given within 48 hrs of the start of a booked service, the client shall pay a cancellation fee of 100% of the total cost of the booked service / accepted quotation; if notice of cancellation is given between 48 hrs and 5 days of the start of a booked service / accepted quotation , the client shall pay a cancellation fee of 50% of the total cost of the booked service / accepted quotation; if notice of cancellation is given between 5 and 10 days of such event, the client shall pay a cancellation fee of 25% of the total cost of the booked service / accepted quotation ; and if notice of cancellation is given more than 10 days prior to such event, then no cancellation fee is payable. The cancellation fee may be waived in case of exceptional circumstances that justify such waiver. | | | | | | | | |
| | 10. | **The following persons are exempted from paying the Transit Tariff, subject to 10.6:** | | | | | | | | |
| | 10.1 | **Category 1 - Law enforcement officers provided that they are wearing uniforms as prescribed by their service and carrying their service identification cards)** | | | | | | | | |
| | | South African Police Services and law enforcement officers from the following City services: Metro Police, Law Enforcement and Traffic Services | | | | | | | | |
| | 10.2 | **Category 2 - Public transport operations and monitoring staff** | | | | | | | | |
| | | (a) Vehicle Operator Companies (VOCs) and Station Management Services Company if they are in MyCiTi uniform: Only those staff members permitted in the relevant contract with the City to travel without paying the prescribed fare, and only if they are travelling as part of their duties, unless the ED determines otherwise ,based on alternative arrangements having been made for such staff gaining access; | | | | | | | | |
| | | (b) City and its contractors' staff responsible for fare management and contract compliance monitoring; | | | | | | | | |
| | | (c) Event specific volunteers or staff deployed by the City regarding Even specific services. | | | | | | | | |
| | 10.3 | **Category 3 - City technical team members and others** | | | | | | | | |
| | | (a) System Planning, Infrastructure, Operations and Business Planning technical staff (for the purposes only of monitoring, continuous improvement and to aid planning) | | | | | | | | |
| | | (b) Transport data collection and survey staff | | | | | | | | |
| | 10.4 | **Category 4**<br>(a) All babies and toddlers under the height of 1.0m, provided that they appear to be under 4 years of age, unless it is indicated by the Passenger or a person accompanying the Passenger, that he/she is over 4 years of age. | | | | | | | | |
| | | (b) A person accompanying a disabled person, provided that such person has a certificate issued by a registered medical practitioner confirming that the relevant disabled person/s cannot travel without such assistance, subject further to any relevant Fare Rules. | | | | | | | | |
| | 10.5 | **Category 5 - Concession Fare for Targeted Groups during limited time periods** | | | | | | | | |

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| **TRANSPORT - CONTRACTED ROAD-BASED PUBLIC TRANSPORT** | | | | | | | | | | |
| | **FARE LEVEL ONE** | | | | | | | | | |
| | | | | **Updated May 2020 for 2020/21** | | | | | | |
| | Notes: | 1. All new wording (compared to the wording of the tariff approved in May 2019) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of strikeout. | | | | | | | | |
| | | 2. Where the text of the tariff re. Fare Level 0, 2 and 3 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]". | | | | | | | | |

| | | | | | | **excl. VAT** | **incl. VAT** | ***excl. VAT*** | ***incl. VAT*** | |
| | | The ED: Transport may implement a concession for Target Groups identified in (a) below, subject to the following | | | | | | | | |
| | | (a) The concession must be designed to target Passengers travelling during two narrow concession periods falling outside Peak Commuting Periods or on the outer edges of such peak periods, where the requirements of (b) to (d) are met;<br>(b) The concession shall be run as a pilot for a fixed period, during which the impact of and issues raised by the concession shall be monitored, and the continued implementation of the pilot be reviewed;<br>(c)The concession must be planned to further travel demand management objectives;<br>(d) The concession shall be planned such that any additional services resulting from the introduction of the concession, the cost of administering the concession, and any resultant fare losses are covered by a specific budgetary provision in addition to the usual budget provision for services falling within this Tariff Table. | | | | | | | | |
| | 10.6 | **General:** | | | | | | | | |
| | | (a) The concessions in Categories 2(b) and 3 will apply only if the Director authorises such on an individual basis, where exceptional circumstances justifying such concession exist. | | | | | | | | |
| | | (b) Persons falling within Category 2 & 3 are exempted from paying the prescribed fares only if they have the necessary identification, and a pass signed by the Director giving them specific authorisation. | | | | | | | | |
| | | (c) No contractors other than those listed above may be exempted from paying the prescribed fares, except in exceptional cases and only in compliance with the remainder of the provisions of this Condition 10. | | | | | | | | |
| | | (d) Fare Rules may be issued regulating the Concessions in this Condition 10 in more detail, and such Fare Rules may amend the detailed provisions of the remainder of this Condition 10 to facilitate practical implementation, to avoid fare evasion and to achieve the general objectives of these Concessions. | | | | | | | | |

| | | (d) Tariff increase regarding items not directly affected by VOC costs | | | | 5.21% | | *5.70%* | | |
| | 12. | All total fares payable to be rounded-up to the nearest 10c, unless it is deemed fit to round to 50c, R1, R5 or R10 for practical purposes e.g. regarding change or capabilities of automated equipment, should this be applicable. | | | | | | | | |
| | 13. | All decisions permitted or implied in these conditions may be taken by the Manager responsible for Automated Fare Collection in consultation with the Manager responsible for Business Planning and the Manager responsible for Contract Operations, all in the Transport Directorate ; alternatively by the ED. | | | | | | | | |
| | 14. | Conditions regarding all fares and fees in terms of Item 2: | | | | | | | | |
| | 14.1 | The boarding fare will be charged when checking in to the fare system, and the distance-based component (being the fare for the Journey up to that point minus the boarding fare applicable to the relevant fare) will be charged when checking out. The fare at which the boarding fare or the distance-based fare will be charged will be the lowest fare applicable, in the following order: first against a transit product available; then the Mover Fare (if sufficient Mover points are available for the full fare due at that stage of the Journey); then the Standard fare (depending on whether there is sufficient credit available). This is so notwithstanding the fact that the fares in Item 2 appear to be for the full Journey. | | | | | | | | |
| | 14.2 | Where insufficient Mover Points are available in a Mover Package to cover the total fare payable at that stage, a Standard fare may be charged, and any remaining balance in the Mover Packages need not be used towards payment of such fare. | | | | | | | | |
| | 14.3 | When a Passenger checks in to the public transport system (and boarding fare is charged in terms of Condition 14.1) using the Mover Package fare, and checks out at the same location (e.g. the same station or the same bus at the same bus stop) within a period set in the MyCiTi fare rules without travelling at all (i.e. the card records that the distance travelled is 0 km), the fare may be reversed. This rule is subject to amendment by the City, by way if a change in the fare rules. | | | | | | | | |
| | 14.4 | The following definition of a single Journey will apply, subject to Condition 14.8: If a Passenger checks in to a subsequent bus / station within 2 and a half hours of first checking into the system, and there is less than 45 minutes (give of take 5 minutes) between such checking out and checking in again, then the Journey is considered a single Journey and distance is calculated on the total Journey distance and not as separate trips, even when the transfers occur outside a station. | | | | | | | | |
| | 14.5 | Mover points purchased will be redeemed as the Passenger travels, at the rate set in the fare, with the result that the number of points needed for a Journey will be deducted from the total number of points recorded on the card or otherwise as available as Mover points. Similarly, additional Mover points purchased will be added to the Mover points recorded on the card or otherwise. | | | | | | | | |

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| **TRANSPORT - CONTRACTED ROAD-BASED PUBLIC TRANSPORT** | | | | | | | | | | |
| | **FARE LEVEL ONE** | | | | | | | | | |
| | | | | **Updated May 2020 for 2020/21** | | | | | | |
| | Notes: | 1. All new wording (compared to the wording of the tariff approved in May 2019) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of strikeout. | | | | | | | | |
| | | 2. Where the text of the tariff re. Fare Level 0, 2 and 3 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]". | | | | | | | | |
| | **Item No** | | | | | | | | | |
| **CAT.** | | **SERVICES RENDERED** | **UNIT** | **REMARKS** | **VAT** | **2019/20** | **2019/20** | ***2020/21*** | ***2020/21*** | **% Increase / decrease** |
| | | **and related transport products** | | | **Yes/No** | **Recalculated (Rounded)** | **R** | ***Recalculated (Rounded)*** | ***R*** | |
| | | | | | | **excl. VAT** | **incl. VAT** | ***excl. VAT*** | ***incl. VAT*** | |
| | 14.6 | A Mover point is equivalent to the monetary value of the point. E.g. an R80 Mover Package loads 80.00 points, and the number of points equivalent to the fare will be deducted from the balance of points available on the Smartcard. | | | | | | | | |
| | 14.7 | When the functionality of the Mover Package / Mover Points is available to an App (or similar programme) on a mobile telephone (or another device), and where this is authorised by the ED: Transport, all references in this Tariff Table to Mover Package / Mover Points shall be read as applicable to their equivalent via such App (or similar programme). | | | | | | | | |
| | 14.8 | In the event that a system using one validator in a feeder environment (excl 6m buses), rather than two validators (upon which Condition 14.4 is based) is activated by Notice in the Press, then the following definition of a single Journey will apply: If a Passenger checks in to or out of a subsequent bus / station within 3 hours of first checking into the system, and there is less than 45 minutes between such checking out and checking in again (give or take 5 minutes), then the Journey is considered a single Journey and distance is calculated on the total Journey distance and not as separate trips, even when the transfers occur outside a station. If the Passenger checks in after the 3 hours the system will charge the difference between the relevant non-closure fare and the fare already paid, and thus will charge the maximum fare for using the system, irrespective of the distance travelled. If circumstances indicate that the Passenger is likely to have missed a check-in or check-out step during a Journey a non-closure fare may be charged. | | | | | | | | |
| | 14.9 | The ED: Transport may issue a Notice in the Press to the effect that Passengers may pay fares with a credit or debit card which is a contactless card (and therefore is enabled for near field communication) ~~[but does not]~~ *whether* it contains the National Department of Transport data structure *as referred to* in ~~[prescribed by]~~ *the* Regulations ~~[(and is therefore not a Smartcard)]~~ *or not*. From a date indicated in such notice, the ~~[ED: Transport may make]~~ the following rules *apply* ~~[applicable]~~:<br>(a) *The "A" Fares may apply, if so indicated in the Notice, namely:* ~~[That the *following* fares will apply:]~~ (i) A system-wide one-journey ticket for Non-Premium services, whether in the ~~[Peak]~~ Spender or Saver Period: The fare as in Item 2D.1a; (ii) A system-wide one-journey ticket including Premium services, whether in the ~~[Peak]~~ *Spender* or Saver Period: The fare as in Item 2D.2. In such case the ED: Transport *may issue Fare Rules* ~~[set conditions]~~ to ensure that (i) a Passenger is disincentivised from only tapping out with such credit / debit card, to combat the possibility that a Passenger who tapped in using a Smartcard taps out with a credit / debit card to avoid paying the distance portion of the fare; and (ii) a Passenger tapping out using a credit / debit card at the Airport is charged for that Journey the fare as in Item 2D.2. This may include a condition that such Passengers would be charged the same fare on tap-in and on tap-out, with the Passenger being credited for any overcharge within one week;<br>(b) *Alternatively, that the following "B" fares may apply, as set out in the Fare Rules:* Provided that a mechanism is implemented through which the Passenger is charged after travelling a full Journey in such a manner that the route, time of travel and distance can be determined in order to determine the relevant fare: the relevant ~~Standard~~ *Mover* Fare in Item ~~2B.1~~ *2C.1* or Item ~~2B.2~~ *2C.2, plus up to 2% of such fare*. | | | | | | | | |

| | | | | | | **excl. VAT** | **incl. VAT** | ***excl. VAT*** | ***incl. VAT*** | |
| | 15 | Penalty Fares:<br>(a) Where a Penalty Fare is charged, and the Passenger / person has through the same conduct also committed an offence in terms of any law, the criminal sanctions linked to such conduct may be enforced in addition to the charge of the Penalty Fare.<br>(b) Where the Penalty Fare as set out in the fares is higher than the maximum transaction value that is permitted when using the EMV component of the Smartcard, as set out in the relevant exemption from the Financial Intelligence Centre Act (FICA) and its regulations, the person may be charged through multiple payments so as to charge the full applicable Penalty Fare. Alternatively, if the City so determines, the Penalty Fare may be reduced to be equal to such maximum transaction amount.<br>(c) The cash value of Penalty Fares, when paid for through the Mover Package, shall be charged at an equivalent number of Mover Points to that applicable to the Standard Fare, taking into consideration the provisions of Condition 14.6.<br>(d) If the ED: Transport has reason to believe that there is Gaming as referred to in Item 2E.1b, the ED: Transport may determine that, instead of activating the mechanism set out in such Item, that Passengers falling in the following category will be charged the following Penalty Fare: Where a Passenger on one Journey ("the Previous Journey") checks in but does not check out, and where the Standard Fare in the [~~Peak Fare~~] Spender Period between the stop that the Passenger had checked in on such Previous Journey and the stop where the Passenger checks in on the Next Journey is more than the applicable Penalty Fare in Items 2E.1a to 2E.2, that such Standard Fare in the [~~Peak Fare~~] *Spender* Period plus 10% is charged as a Penalty Fare, irrespective of the time that the Passenger had checked in on such Previous Journey or whether the card had Mover Points loaded. | | | | | | | | |
| | 16 | The provision for the fees in Items 4B.14 to 4B.16 do not imply that any person who is prepared to pay the fee is entitled to obtain such permission. Regarding Item 4B.14 and 4B.15 the City reserves the right to refuse permission for such use, and may set terms and conditions if it grants it. | | | | | | | | |
| | 17 | Where a Passenger fails to check out correctly, the City may, at its election, charge the applicable fare contained in items 2E.1 and 2E.2 when the Passenger next uses the service, in addition to the boarding fare chargeable when the Passenger next taps on a validator (whether checking in or out). | | | | | | | | |
| | 18 | Regarding provisions on Non-Closure fares, above, where the circumstances indicate that it is likely that a Passenger has failed to check out in a previous trip and again failed to check in a subsequent trip, the Passenger may be charged two times the relevant non-closure fares, minus the fares already paid regarding those trips. Where the circumstances indicate that a Passenger accidentally tapped in or out twice at the same location, or where otherwise the system can detect that there is likely to be a good faith error, the Penalty Fare may be waived. | | | | | | | | |
| | 19 | Conditions regarding all fares to Charter Services (Item 4) | | | | | | | | |
| | 19.1 | The ED: Transport, may discount the Charter Services above for long term charter services , being Charters Services for longer than 6 months, based on an assessment of the impact of having a longer term charter on the cost of the City providing such Charter Services and a reasonable income to the City. In setting such discount, the ED shall have regard to the principles in Condition 3(d)(ii) as well as whether the relevant facilities are otherwise likely to be unused or under utilised if not rented / chartered out. | | | | | | | | |
| | 19.2 | Charter services for film use will be charged at an additional 15% surcharge on top of the Private Charter rate. | | | | | | | | |
| | 20 | Tariff categories (as set out in first column in the Tariff Table) | | | | | | | | |
| | PCR | PARTIAL COST RECOVERY | Where tariffs are set to recoup, at least in part, the costs of products or services that provide benefits to the users to encourage local economic development e.g. Informal Trading | | | | | | | |

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|

| | | | | | | **excl. VAT** | **incl. VAT** | ***excl. VAT*** | ***incl. VAT*** | |
| | S | SUBSIDIZING | Where one group of users pay more than the costs of the goods/services that they receive, and the 'surplus' is used to offset the cost of goods/services provided to other users within the same service. | | | | | | | |
| | SB | SOCIAL BENEFIT | Where tariffs are set at affordable levels which encourages usage and does not cover the cost of products or services (neither partially nor fully) but provides benefits to low income users e.g. pauper burials/cremations | | | | | | | |
| | MR | MARKET RELATED | Where tariffs are set at a level to ensure financial sustainability of the service e.g. Electricity (Large Power Users) | | | | | | | |
| | FCR | FULL COST RECOVERY | Where tariffs are set to recuperate all costs associated with specific products or services. Full cost represents the value of all the resources used or consumed in the provision of the product or service. In addition to the costs directly associated with these, full cost includes an appropriate allocation of indirect (including capital) costs. | | | | | | | |

## TRANSPORT - CONTRACTED ROAD-BASED PUBLIC TRANSPORT

## FARE LEVEL ZERO

**Updated May 2020 for 2020/21**

1. All new wording (compared to the wording of the tariff approved in May 2019) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of strikeout.

2. Where the text of the tariff re. Fare Level 0, 2 and 3 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]".

| CAT. | Item No | SERVICES RENDERED and related transport products | UNIT | REMARKS | VAT Yes/No | 2019/20 Recalculated excl. VAT | 2019/20 R incl. VAT | 2020/21 Recalculated excl. VAT | 2020/21 R incl. VAT | % Increase / decrease |
|---|---|---|---|---|---|---|---|---|---|---|
| | 1 | **Item 1 (re "Interim fares") deleted in previous years** | | | | | | | | |
| | 2 | **Public Transport Fares** | **Fare Level Two** | | | | | | | |
| | 2A | **Mover Packages** | | Value can be added onto the card as money or as a Mover Package. The Mover Packages give added benefit such as covering the bank load fees and enabling the discounted Mover Fare to be charged compared to fares charged against money loaded. Mover Packages load points equivalent to the rand value. Conditions 2.6a and 14 apply to loading and charging of fares against the balance of points on the Smartcard. | | | | | | |
| SB | 2A.1A | Mover 35 | Per load | Loads the equivalent points on the Smartcard without having to pay load fees. Available only where determined appropriate, i.e. where kiosk queue lengths are not compromised due to repeated loads. | No (exempt) | New | | 35.00 | | New |
| SB | 2A.1B | Mover 50 | Per load | Loads the equivalent points on the Smartcard without having to pay load fees. It also enables Mover Fare fares to be charged i.e. at a reduction in fare compared to the Standard fares. | No (exempt) | New | | 50.00 | | New |
| SB | 2A.1A | Mover 60 | Per load | As in Item 2A.1B. | No (exempt) | New | | 60.00 | | New |
| SB | 2A.1 | Mover 80 | Per load | As in Item 2A.1B. | No (exempt) | New | | 80.00 | | New |
| SB | 2A.2 | Mover 100 | Per load | As re Item 2A.1 B | No (exempt) | New | | 100.00 | | New |
| SB | 2A.3 | Mover 150 | Per load | As re Item 2A.1 B | No (exempt) | New | | 150.00 | | New |
| SB | 2A.4 | Mover 200 | Per load | As re Item 2A.1 B | No (exempt) | New | | 200.00 | | New |

| SB | 2E.1b | When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties | Per Passenger | As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it. | No (exempt) | New | | *35.00* | | New |
| SB | 2E.2 | When on a Premium Route and not checking in or not checking out: Premium non-closure fare | Per Passenger | Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare. | No (exempt) | New | | *85.00* | | New |
| SB | 2E.3 | Full Fare Evasion Penalty Fare | Per Passenger involved in such fare evasion | A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes. | No (exempt) | New | | *407.00* | | New |
| SB | 2E.4 | Racketeering Penalty Fare | To the scammer, per Passenger involved in such fare evasion | A Racketeering Penalty Fare is a penalty for scamming and is meant to deter the commercialised or black market abuse of Monthly, Saver or other transit products - rounded up to the closest R100. "Scamming" includes making a card available to a Passenger for a fee, where this is against Condition 3(j) or the Fare Rules. Notwithstanding the Racketeering Penalty being charged to a scammer, each Passenger involved in such scamming may be charged the Full Fare Evasion Penalty Fare. | No (exempt) | New | | *2 200.00* | | New |
| | **2F** | **Smartcard Issuing Fee** | | | | | | | | |
| SB | 2F.1 | myconnect Smartcard Issuing Fee | Per Smartcard | The myconnect Smartcard issuing fee is to be charged to any Passenger to whom a myconnect Smartcard is issued, subject to the terms and conditions. | No (exempt) | New | | 35.00 | | New |
| SB | 2F.1A | myconnect Smartcard Issuing Fee: adjustment due to Gaming | Per Smartcard | As in Item 2F.1 - if Gaming is detected as set out in Item 2E.1b, then the Smartcard issuing fee will be increased as per this item. | No (exempt) | New | | 59.83 | | New |

| SB | 2D.3 | Payment for return of card used for single-trips | Per card repurchased by the City | Per card, for re-use for further single fares. Initially, no such card fee will be paid to Passengers returning cards, since they will be encouraged to do so on a voluntary basis. However, fee can be activated and thereafter deactivated at the election of the City. When activated, Passenger may sell card back to the City, subject to terms & conditions as may be determined by the City. | No (exempt) | 5.00 | | 5.00 | | 0.0% |
| | **2E** | **Penalties and non-closure fares** | | | | | | | | |
| SB | 2E.1 | When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties | Per Passenger | It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically. | No (exempt) | *16.00* | | *16.10* | | 0.6% |
| SB | 2E.1a | When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties | Per Passenger | As per Item 2E.1 - 4th and subsequent penalty. | No (exempt) | *32.00* | | *33.00* | | 3.1% |
| SB | 2E.1b | When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties | Per Passenger | As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it. | No (exempt) | *47.00* | | *38.00* | | -19.1% |
| SB | 2E.2 | When on a Premium Route and not checking in or not checking out: Premium non-closure fare | Per Passenger | Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare. | No (exempt) | *105.00* | | *91.00* | | -13.3% |

| | | | | | | | | | | |

|---|---|---|---|---|---|---|---|---|---|---|
| | 1 | **Item 1 (re "Interim fares") deleted in previous years** | | | | | | | | |
| | 2 | **Public Transport Fares** | **Fare Level Three** | | | | | | | |
| | 2A | **Mover Packages** | | Value can be added onto the card as money or as a Mover Package. The Mover Packages give added benefit such as covering the bank load fees and enabling the discounted Mover Fare to be charged compared to fares charged against money loaded. Mover Packages load points equivalent to the rand value. Conditions 2.6a and 14 apply to loading and charging of fares against the balance of points on the Smartcard | | | | | | |
| SB | 2A.1A | Mover 35 | Per load | Loads the equivalent points on the Smartcard without having to pay load fees. Available only where determined appropriate, i.e. where kiosk queue lengths are not compromised due to repeated loads. | No (exempt) | 35.00 | | 35.00 | | 0.0% |
| SB | 2A.1B | Mover 50 | Per load | Loads the equivalent points on the Smartcard without having to pay load fees. It also enables Mover Fare fares to be charged i.e. at a reduction in fare compared to the Standard fares. | No (exempt) | 50.00 | | 50.00 | | 0.0% |
| SB | 2A.1A | Mover 60 | Per load | As in Item 2A.1B. | No (exempt) | 60.00 | | 60.00 | | |
| SB | 2A.1 | Mover 80 | Per load | As in Item 2A.1B. | No (exempt) | 80.00 | | 80.00 | | 0.0% |
| SB | 2A.2 | Mover 100 | Per load | As re Item 2A.1 B | No (exempt) | 100.00 | | 100.00 | | 0.0% |
| SB | 2A.3 | Mover 150 | Per load | As re Item 2A.1 B | No (exempt) | 150.00 | | 150.00 | | 0.0% |

|---|---|---|---|---|---|---|---|---|---|---|
| SB | 2D.1b.3 | Single-trip ticket for non-Premium service: [Peak] Spender and Saver, for travel of 20 km or longer, but less than 40 km | per person per trip (one way) | As for Item 2D.1b.1. Round up to R1. | No (exempt) | *26.00* | | *26.00* | | 2.9% |
| SB | 2D.2 | One-trip ticket for the Premium service: [Peak] Spender and Saver | per person per trip (one way) | As per Item 2D.1a, for a Journey including a trip to or from the Airport | No (exempt) | *96.00* | | *98.00* | | 2.3% |
| SB | 2D.3 | Payment for return of card used for single-trips | Per card repurchased by the City | Per card, for re-use for further single fares. Initially, no such card fee will be paid to Passengers returning cards, since they will be encouraged to do so on a voluntary basis. However, fee can be activated and thereafter deactivated at the election of the City. When activated, Passenger may sell card back to the City, subject to terms & conditions as may be determined by the City. | No (exempt) | 5.00 | | 5.00 | | 0.0% |
| | **2E** | **Penalties and non-closure fares** | | | | | | | | |
| SB | 2E.1 | When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties | Per Passenger | It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically. | No (exempt) | *17.00* | | *18.00* | | 6.4% |
| SB | 2E.1a | When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties | Per Passenger | As per Item 2E.1 - 4th and subsequent penalty. | No (exempt) | *34.00* | | *35.00* | | 3.5% |
| SB | 2E.1b | When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties | Per Passenger | As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it. | No (exempt) | *49.00* | | *40.00* | | -18.3% |

| | **Terms and conditions applicable to Dial-a-Ride tariff** | | | | | | | | |
| | The terms and conditions applicable to Contracted Road-Based Public Transport will apply to Dial-a-Ride services, read with the changes required by the context. | | | | | | | | |
| | In order to achieve integrated ticketing, including free transfers between Dial-a-Ride services and other Contracted Road-based Public Transport services, the [~~Commissioner~~] *ED:Transport* may make the Contracted Road-based Public Transport tariff table applicable to Dial-a-Ride services, in place of the tariffs above, from a date as notified in the press. | | | | | | | | |
| | The Fare Rules, issued in terms of the Contracted Road-based Public Transport Tariff Table, may set out rules as to who may use the Dial-a-Ride service, and which fares are applicable to such travel. It may further specify conditions or require processes to be followed for registration and use of the service. | | | | | | | | |
| | *Fare Level 1 of the Dial-a-Ride tariff is to be applied at the start of the relevant financial year, subject to Conditions 2 and 4(a).* | | | | | | | | |
| | *At any time in the financial year the ED: Transport may activate Fare Level 2 of the Dial-a-Ride tariff.* | | | | | | | | |

| | A3.7(a) Service fees for release of wheel clamped or towed/impounded vehicles, per vehicle per parking incident: The Traffic Services tariff will also apply to parking management, where the same fees will apply whether the clamping or impounding services are provided by a Transport -hired contractor or Transport itself, which fees will accrue to Transport . Where towing is conducted through the Transport parking management contract, the towing fee is payable to Transport by the Traffic Services impound service provider after the fee has been recovered from the vehicle owner/driver. | | | | | | | | |
| | (b) The Tariff for these specific items is equal to the City of Cape Town Traffic Services Department's tariff table update for the appropriate year period for towed/impounded and wheel clamped vehicles, entitled SAFETY AND SECURITY - TRAFFIC SERVICES. The Traffic Services tariff table can be found on the City of Cape Town's website under Traffic Services, the section for impoundments. | | | | | | | | |
| | **Part A4. CONDITIONS APPLICABLE TO TARIFF TABLE** | | | | | | | | |
| | **1 Application**<br>1.1 These Conditions apply to parking paid for by means of any payment method that can be practically applied, from a date determined by the Executive Director: Transport in terms of condition 3.1.1, or 3.1.2<br>1.2 The Executive Director: Transport may determine which conditions apply and the extent to which they apply to different parts of parking management services and to different payment methods based on what is practically required.<br>1.3 Any provision within this tariff that requires an amendment to a bylaw or other law, shall not be applied until the required amendment has been made, but only to the extent to which such an amendment is required. | | | | | | | | |
| | **2 Definitions**<br>2.1 The definitions below may include substantive provisions.<br>2.2 Terms used in this tariff that are defined in the Tariff for Contracted Road-Based Public Transport Services have the meanings assigned to them as set out in that Tariff, unless the context indicates differently. | | | | | | | | |
| | 2.3 In these conditions the following terms have the meanings assigned to them, unless otherwise indicated by the context:<br>2.3.1 “Administration fee” means the Parking B smartcard administration fee payable in terms of condition 4.2.3.4;<br>2.3.2 “Card” as used in this tariff and these conditions means a smartcard or any other electronic payment method;<br>2.3.3 “City” is the municipality of the City of Cape Town;<br>2.3.4 "Excecutive Director: Transport" means the Excecutive Director: Transport:. The Excecutive Director: Transport may delegate any function assigned by these tariffs to the Excecutive Director: Transport to another official. | | | | | | | | |

| | 2.3.13 "Transport " means the Transport[ and Urban Development Authority of the City , forming part of the City's administration;<br>2.3.14 "Transport Parking Rules" and the rules related to parking and to payment for parking using a smartcard as may be displayed on the Transport website;<br>2.3.15 "Transport public transport services" means public transport services provided directly or through contract by the City and to which the Tariff regarding Contracted Public Transport Services apply.<br>2.3.16 "Occupancy" means the average percentage of time a bay or group of bays is occupied in a defined time period (day, month, year etc.) within the hours in which the bay(s) are actively managed or when the applicable parking tariff is charged/enforced by the management contractor.<br>2.3.17 "Without Electronic Charging Integrated with Public Transport" means where the electronic payment method used to pay parking fees is not integrated with the payment method used to pay for public transport fares;<br>2.3.18 "With Electronic Charging Integrated with Public Transport" means where the electronic payment method used to pay parking fees is integrated with the payment method used to pay for public transport fares;<br>2.3.19 "PT1" means areas where the use of public transport is promoted or available, but where Council considers the provision of public transport inadequate or where the use of motor vehicles is limited (as defined in the City of Cape Town Zoning Scheme Regulations, 2012);<br>2.3.20 "PT2" means areas where the use of public transport is promoted or available, but where Council considers the provision of public transport good or where the use of motor vehicles is very limited (as defined in the City of Cape Town Zoning Scheme Regulations, 2012). | | | | | | | | |
| | 2.3.21 "Core Zone 1" relates to core business areas around key public transport interchanges characterised by mixed use and commercial activities at moderate to high densities. These areas are high trip attracting areas with high parking demand but also supplied with well-established public transport network and infrastructure. Minimum % utilisation = >85%; High % mix of land uses predominantly commercial and business.<br>2.3.22 "The Recreational Zone" is located adjacent to recreational attractions and amenities with high to moderate trip attractors especially during off peak hours and weekends. These areas are identified as established public destinations with limited commercial activities and low to moderate access to public transport networks or infrastructure. The management of recreational areas focuses on maintaining a balance between local residents and visitors during off-peak hours. Management will need to take place during peak as well as off-peak hours to accommodate influx of visitors during recreational peak periods. | | | | | | | | |

| | | | | | **excl. VAT** | **incl. VAT** | **excl. VAT** | **incl. VAT** | |
| | **3 Payment using Smartcard or other electronic payments**<br>3.1 Charging parking fees using cards<br>3.1.1 Subject to condition 3.1.2, from a date to be determined by the City on at least one month's notice to the public by way of a notice in the press, all payment for parking shall be paid for using a MyConnect smartcard or another electronic payment method approved by the City;<br>3.1.2 The Excecutive Director: Transport may publish a notice in the press permitting the use of another EMV compliant card with structure as defined by the National Department of Transport; and / or any other bank card; and / or any other smartcard using mifare-type technology; and / or any other electronic payment method;<br>3.2 Preferred Payment Mechanisms<br>3.2.1 Both Parts A1 and A2 of this tariff table apply to card payments and any other electronic payment mechanisms supported by the system. The same tariff applies whether cash or card. This may be changed in line with additional policy changes and in order to incentivise necessary user behaviour. Cash will be replaced by card payments from a date as may be determined by the Excecutive Director: Transport;<br>3.2.2 The City may discount the tariff by up to 33.33% compared to the fees listed above when a parker uses such a payment method. The Excecutive Director: Transport may further determine that a surcharge of up to 50% shall apply regarding the fees listed above when a parker uses a payment method that the City wishes to discourage or where it increases the City costs if management in order to discourage use of that mechanism. These factors can be found in the tariff factor table in condition 8 of this tariff table below. | | | | | | | | |
| | 3.3 Registration for New Electronic Payment System: The registration fee set out in item A3.1, for the service is payable when registering with the service, unless the user also signs up with their credit or cheque card details and links these to their Smart Card/Mobile Application account, in which case no registration fee is payable. The Excecutive Director: Transport may waive the registration fee. | | | | | | | | |
| | 3.4 Where necessary for practicality, or where it is not technically possible to implement an element of the conditions or tariff table exactly as worded in this tariff table, the relevant element may be amended in programming of the fares, provided the relevant change is embodied in the Transport Parking Rules and published on the Transport website. | | | | | | | | |

| | **4 Parking Payment Methods**<br>4.1 Parking Payment Method A – pay-and-display<br>4.1.1 The pay-and-display payment mechanism, referred to as "Parking Payment Method A", applies by default and is thus the standard payment method unless the parker has taken all the required steps to be able to pay using Parking Payment Method B, as set out in 5 below.<br>4.2.1 When parking in a parking bay in a managed parking area,<br>4.2.1.1 the parker must draw the attention of the relevant parking marshal; indicate how long the parker intends to park; pay the relevant parking fee as per this Tariff using a smartcard; obtain a pay-and-display receipt for such payment; and display the receipt on the front dashboard of the parked vehicle or against the front windscreen in a manner such that it is clearly visible and will remain visible from the outside of the vehicle; and<br>4.2.1.2 if the parker intends to park or actually parks for a period longer than the pay-and-display receipt indicates, the parker must, prior to the expiry of the pay-and-display period, take the same steps as set out in 4.2.1.1 for any extended period of parking, provided that such extended period of parking is permitted. | | | | | | | | |
| | 4.2 Parking Payment Method B – tap-in / tap-out<br>4.2.1 The tap-in / tap-out payment mechanism, referred to as "Parking Payment Method B", applies where the parker has taken all the steps as set out in condition 4.2.3.<br>4.2.2 A parker may elect to use this Method B to pay for parking by using a smartcard where a parking Payment Method B has been selected. Such a card is referred to as a "Parking B smartcard".<br>4.2.3 A smartcard will be configured as a Parking B smartcard once each of the following steps have been taken:<br>4.2.3.1 The smartcard has been personalised with the parker's authenticated personal and contact details;<br>4.2.3.2 The parker has elected to pay for parking using Parking Method B;<br>4.2.3.3 The parker has undertaken to pay all fees payable regarding parking where the relevant Parking B smartcard is used within 30 days or the period as set out in the Transport Parking Rules;<br>4.2.3.4 The parker must pay the Parking B smartcard administration fee, against which any penalty fees may be charged if there is an insufficient balance on the relevant smartcard to charge such fee.<br>4.2.4 Where a penalty fee is due regarding parking which has been paid for (in full or in part) with a Parking B smartcard, and if there is an insufficient balance available on the card or if the card is not physically available to be charged, the penalty fee can be charged against the administration fee that has been paid regarding that card, and the card may not be used to pay for parking until the parker has replenished the administration fee to the fee level as apply at the time. | | | | | | | | |
| | **5 Adjustments of hours, parking management areas, demand levels and park-and-ride**<br>5.1 Adjustment to parking hours: The City may investigate whether the hours within which parking tariffs are applicable should be amended and, when necessary, provisions in this regard will be added to the tariff table in future years.<br>5.2 Expansion or extension of managed parking areas: In order to provide parking management services in a manner that supports the City's Travel Demand Management (TDM) and Transit Orientated Development (TOD)-related objectives, the City may conduct an appropriate investigation (including establishing the occupancy and demand levels in the relevant areas, and a feasibility study showing that the cost of parking management of the additional bays or areas is likely to be covered by or will be less than the income from parking management) and may engage in appropriate consultation in this regard. If areas are proposed to be amended, provisions in this regard will be added to the tariff table in future years. | | | | | | | | |

| | 5.3 Designation of areas / bays as falling within "High Demand Areas" or "Other Areas": The City may investigate whether existing parking areas or parking bays, or whether new parking areas or parking bays designated for parking management as per 5.2 above, should fall within "High Demand Areas" or "Other Areas". When necessary, provisions in this regard will be added to the tariff table in future years. The provisions of this tariff table applicable to "High Demand Areas" or "Other Areas" (as the case may be) will then apply to such area or bay.<br>5.4 The City may designate additional parking bays as falling within the list of Managed Park-and-Ride Areas in 5.5.2 or 5.5.3, following an appropriate investigation and consultation process. | | | | | | | | |
| | 5.5 Area based determinations<br>5.5.1 Identification of High Demand Areas<br>The tariff for each section is categorised into HIGH DEMAND AREAS and ALL OTHER AREAS. Whether an area is HIGH DEMAND or not will be determined by the Commissioner based on demonstrated occupancy and demand levels in the relevant areas. The areas currently deemed as HIGH DEMAND AREAS include the following:<br>- CAPE TOWN CBD<br>- SEA POINT<br>- CLAREMONT<br>- TYGERVALLEY<br>5.5.2 Determination of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport:<br>Any new additions to the list of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport, as determined by the Executive Director: Transport through an appropriate investigation, will be added to the list below.<br>The areas currently identified as Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport include the following:<br>- WOOD STATION Park-and-Ride<br>5.5.3 Identification of Managed Park-and-Ride Areas With Electronic Charging Integrated with Public Transport: None.<br>5.6 When implementing recreational areas, a business case is required on an area to area basis to determine financial viability for both CoCT and its contractors. | | | | | | | | |
| | 5.7 When classifying areas by demand and occupancy, a survey should be carried out with and if any 2 hours, on 3 out of 5 days, is within the maximum level of service occupancy for the area, then it should be considered to set the tariff at the occupancy rate. | | | | | | | | |

| | 6.7 Managed Park-and-Ride Areas Limitation of Discount<br>In order to ensure that the discount is only applied to Transport Public Transport Service users parking and using Public Transport Services, all parkers with the intention of receiving the Public Transport Service Managed Park-and-Ride Areas discount will need to pay for parking with a MyConnect Smart card. This follows the procedure set out in section A4 sub-section 3 and 6 below. If the use of Transport Public Transport Services is not registered on the system with the same Smartcard, no discount will be applied and the full fee as per section A1.1 will be charged.<br>6.8 The discount provided for Managed Park-and-Ride Areas will operate differently for areas Without Electronic Charging Integrated with Public Transport. Public Transport users using Managed Park-and-Ride Areas facilities in areas Without Electronic Charging Integrated with Public Transport will receive the appropriate discount/s automatically, which will be built into the fee charged in that location. | | | | | | | | |
| | **7 General**<br>7.1 Use of the smartcard for payment of parking fees and related charges will be subject to the TDA Parking Rules (if any).<br>7.2 Where the vehicle of a parker is found to be parked in a managed parking area at the start of the parking management period, the parker shall pay for parking from the start of such managed parking period and for the full period parked. Where a smartcard with sufficient value is not presented for such payment, the amount due shall remain payable and due by the owner of the vehicle and the holder of a smartcard used previously regarding such vehicle, jointly and severally, over and above any fines that may be due.<br>7.3 An inspector may be used to inspect charging by parking marshal, and such an inspector may charge a parker the applicable fee payable in terms of this Tariff, or the difference between the fee incorrectly charged and the applicable fee, where appropriate. | | | | | | | | |
| | 7.4 All decisions required or implied in these Conditions (e.g. decisions which, in terms of this tariff table, must be taken by "the City"), other than those assigned to the Commissioner and those that must logically be taken by the parking marshal or an inspector, shall be taken by the manager responsible for parking management or his delegate in consultation with the manager responsible for ransport business planning or his delegate; alternatively by the Executive Director: Transport.<br>*7.5 Motorcycle parking will be provided at high demand areas. A motorcycle is liable to pay for the tariff applicable to the bay in which it is parked ie if a motorcycle parks in a motorcycle parking bay then the motorcycle tariff is applicable. If a motorcycle parks in a normal (vehicle) parking bay, then the full payment for the bay is applicable.*<br>*7.6 15-Minute free parking – the Executive Director: Transport may allow up to 10% of parking bays, in an area, to be allocated for 15-minute free parking. A business case will need to be done by the line department in conjunction with Business Planning before the implementation of such a decision.* | | | | | | | | |

| | **8 Penalties**<br>8.1 Parking penalty fees: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, or if a vehicle has been parked in a location where parking is not permitted, the applicable parking penalty fee will be payable and, in addition, a fine may be issued in terms of any applicable law.<br>8.2 Parking Leeway window: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, the City may determine that the parker has a leeway, whereby the parker will not be penalised in terms of the penalties stipulated in this tariff table, but after which they are liable for penalties, including wheel clamping. The City may change the duration of this leeway if required. The effective fee regarding half the leeway period may be added to the parking fee. | | | | | | | | |
| | 8.3 Parking Offence Leeway for Transition Period<br>8.3.1 During the transition period onto a card system, and provided that the parker uses a MyConnect or a similar card (or such other method determined by the Executive Director: Transport) to pay for parking, if a vehicle or if a specific card recorded on the system as penalised as per the offences listed in Part 3, items A3.2 and A3.4, the parker may be granted a maximum of 3 penalty fee reductions in order to adjust to the new payment and penalty system. An 85% penalty reduction will be applied to these penalties charged. From the 4th penalty onwards the full penalty will be payable as per this tariff table.<br>8.3.2 An unregistered user who has been penalised in terms of section A3.4, A3.5 and A3.7 (wheel-clamping only) may register on the system. If so registered, the first such penalty fee may be waived by the City. A user may also request to have the penalty removed if the user registers and link the user's credit or debit card to the system for automatic payment of parking fees, and penalties, as per the condition set out in section A3.3.2 above.<br>8.3.3 Circumstance to which this leeway of up to 85% is applicable can be defined by the City by means of a public notice in the media.<br>8.3.4 Limitation of Leeway: For penalty fees under Section A3.5 specifically, no leeway will be provided, unless the parker registers on the system and converts their penalty fee (as per 8.3.2 above) into the administration fee charged as per section A3.1. If the parker is already registered, the full penalty will apply. | | | | | | | | |
| | 8.4 Parking Penalty Disputes: Parkers are entitled to appeal fines and penalty charges, and where sufficient grounds can be found of unfair application, penalties may be reduced or reversed by the City or in terms of Transport Parking Rules issued by the City.<br>*8.5 Contractors of the City may be permitted, with written instruction from the City, to do wheel clamping for parking transgressions and violations, on behalf of the City.* | | | | | | | | |
| | 9. **Tariff Factors in relation to discounts for the use of Transport Public Transport Services; and CPIX increase related variables**<br>9.1 CPIX and the actual increase are shown in the table below, and linked to the calculations in this Tariff Table.<br>9.1.1 The Annual CPIX increase value is included in the table below, and must to be updated annually.<br>9.1.2 The sum of the current years CPIX and the recommended additional increase based on demand, occupancy and TOD principles, is included in the table 9.3 below.<br>9.1.3 The recommended additional increase as per 9.1.2 is set at 3% for the 2018/19 tariff, to be updated annually. | | | | | | | | |

| | **A.1.2 RESIDENTS PERMITS** | | | | | | | | |
| | Residents residing within Parking Management ("PM") Centres will be eligible to apply for a 'Residential Permit' which will be provided at a nominal cost. This will allow an exemption on parking tariffs within the PM Centre applied for, for a duration of one annum from date of receipt of permit. The permit provides the resident with an exemption on parking tariffs through a yearly residents permit fee. Residential parking permits will be issued on an annual basis. The permit will be applicable from the date of issue for 1 year. See Marking Management Business Plan (once adopted by Council) for further detail on conditions, application and exclusions.<br>A second resident permit for the same residence will only be allowed in areas where feasible and permitted. The second permit will cost the resident roughly twice as much as the first permit.<br>Lost or unrecognisably damaged or mutilated permits will need be replaced at the full cost of the original permit. Damaged or mutilated permits that are still identifiable, can be replaced upon payment of an administration fee. The same admin fee will apply for amendments to existing permits, for example, changing the vehicle registration details on the permit.<br>The residential permit fee is calculated as a percentage of the total years tariff. The hourly rate for that zone is multiplied by 250 working days and a factor of 96.15% has been applied to this yearly total to obtain the annual residential parking permit fee. The calculation for this is shown in Attachment 1. | | | | | | | | |
| *MR* | Residents Parking Permit | Per vehicle per permit per year | Annual | Yes | 765.22 | 880.00 | 784.35 | 902.00 | 2.5% |

| | **Part A2. MANAGED PARK-AND-RIDE SERVICES** | | | | | | | | |
| | 1. The park-and-ride parking fees apply to areas where there is a need for additional services (such as the security provided by parking marshals) in order to encourage use of public transport, therefore requiring parking management. These discounted fees are applicable to parkers using ransport Public Transport Services (as confirmed by integrated electronic payment methods), or where no integrated electronic methods are available, discounted fees are applicable to parkers who are assumed to be using such services.<br>Applies to areas within walking distance of public transport and other Managed Park-and-Ride Areas stations and stops, designated as Managed Park-and-Ride Areas by the Executive Director: Transport, following an appropriate investigation. When designating parking as a Managed Park-and-Ride area, the Commissioner shall determine which category of Park-and-ride will apply to the area.<br>Parking in these designated areas will be prioritised in Zones 2, 3 and 4 and will be charged based on location within PM Centres. Parking will be charged at a hourly rate and facilities for a tap-in tap-out system will be applied for the associated discounts.<br>Park-and-ride facilities applies to areas within walking distance of public transport and other Managed Park-and-Ride Areas stations and stops, designated as Managed Park-and-Ride Areas by the Executive Director: Transport, following an appropriate investigation. | | | | | | | | |
| | **Part A3. ADDITIONAL PARKING FEES AND PENALTIES** | | | | | | | | |
| | 1. These fees apply to parking management areas managed in terms of A1 and A2 of the tariff table.<br>2. The applicable parking penalty fee will be payable and, in addition, a fine may be issued in terms of any applicable law.<br>3. The following Release Fee Periods are applicable to wheel clamping penalties:<br>(a) Standard extended release fee period: Coincides with parking management operating hours<br>(b) Extended release fee period: Outside parking management operating hours<br>4. Different penalty fees may be charged cumulatively. | | | | | | | | |
| *MR* | A3.1 Administration fee for registration with the new parking management electronic payment/smart card system. | Once-off per user | New | Yes | 53.91 | 62.00 | 55.65 | 64.00 | 3.2% |
| *MR* | A3.2 Penalty fee for Parking Payment Method B (tap-in / tap-out) may be charged if there is an insufficient balance available on the card or if the card is not physically available to be charged | Per vehicle per parking incident | | Yes | 149.57 | 172.00 | 153.04 | 176.00 | 2.3% |
| *MR* | A3.3 Parking Fee Penalty that may be charged where there is prima facie evidence that a vehicle owner or driver has intentionally evaded or attempted to evade paying the relevant fee. | Per vehicle per parking fee evasion incident | | Yes | 326.09 | 375.00 | 333.91 | 384.00 | 2.4% |

| | **Part A4. CONDITIONS APPLICABLE TO TARIFF TABLE** | | | | | | | | |
| | **1 Application**<br>1.1 These Conditions apply to parking paid for by means of any payment method that can be practically applied, from a date determined by the Executive Director: Transport in terms of condition 3.1.1, or 3.1.2<br>1.2 The Executive Director: Transport may determine which conditions apply and the extent to which they apply to different parts of parking management services and to different payment methods based on what is practically required.<br>1.3 Any provision within this tariff that requires an amendment to a bylaw or other law, shall not be applied until the required amendment has been made, but only to the extent to which such an amendment is required. | | | | | | | | |
| | 1.4 Operating hours: As parking management areas are extended and the new parking management system is implemented new operating hours must be determined as core business hours, after hours, weekends and public holidays.<br>1.5. Discounts: A discount applies to parkers paying with the integrated electronic payment system parking for less than 15mins. The discount applies to all bays within all zones. A parker must register with a marshal that he/she will only park for less than 15 min. If parker overstays 15min an additional 15min will be charged.<br>1.6 Regime II shows the 2017/18 tariff increase based on the new parking management area based tariff methodology, as described in the conditions set out in the Regime II Table. TheExecutive Director: Transport may determine a date from which this tariff will apply, after the new parking management tender is awarded and once the Parking Management Business Plan is adopted by Council. | | | | | | | | |
| | **2 Definitions**<br>2.1 The definitions below may include substantive provisions.<br>2.2 Terms used in this tariff that are defined in the Tariff for Contracted Road-Based Public Transport Services have the meanings assigned to them as set out in that Tariff, unless the context indicates differently. | | | | | | | | |
| | 2.3 In these conditions the following terms have the meanings assigned to them, unless otherwise indicated by the context:<br>2.3.1 “Administration fee” means the Parking B smartcard administration fee payable in terms of condition 4.2.3.4;<br>2.3.2 “Card” as used in this tariff and these conditions means a smartcard or any other electronic payment method;<br>2.3.3 “City” is the municipality of the City of Cape Town;<br>2.3.4 "Excecutive Director: Transport" means the Excecutive Director: Transport. The Excecutive Director: Transport may delegate any function assigned by these tariffs to the Excecutive Director: Transport to another official. | | | | | | | | |

| | 2.4 Definitions relating to the new tariff structure and tariff rate methodology as described in Part 4 Condition 10 of the tariff sheet, updated for of 2017/18 tariff, as determined by the Commissioner:<br>2.4.1 PM A Centre, "Established centre": Metropolitan destination node situated in an ECAMP growth zone with high economic outputs where a high percentage of mixed use activities (predominantly commercial and business) are dominant. Average property values in Jul 2016 Rands exceed R5mil. Major trip attractor areas within development or activity corridors with existing high parking demand where Public Transport Service routes are already in operation and multiple modes of public transport are available.<br>2.4.2 PM B Centre, "Opportunity centre": Local destination node situated in an ECAMP opportunity zone with moderate economic output where a medium percentage of mixed use activities (predominantly commercial and business) are present. Average property values in Jul 2016 Rands range from R650 000 to R5mil. Trip attractor areas within or in close proximity to activity corridors with high to moderate parking need while 2 or more public transport or NMT modes are readily available.<br>2.4.3 Zone 1, "Core zone": Business areas around key public transport interchanges with high percentage of mixed use and commercial activities at moderate to high densities. High trip attractor areas situated within PT1 or PT2 zones with high parking demand but supported with well established public transport network and infrastructure.<br>2.4.4 Zone 2, "Edge zone": Areas situated on the edge of core business areas or Public Transport Interchanges with moderate percentage of mixed use commercial and residential activities at moderate to low densities. High to medium trip attractors with high to moderate parking demand supported by or in close proximity / walking distance to established public transport network and infrastructure. | | | | | | | | |
| | 2.4.5 Zone 3, "Residential zone": Transitional areas between core business areas and its surrounding residential areas where predominantly residential land uses are present at low to medium densities. Low trip attractors but average 10 minutes walk to core/periphery areas and therefore potential high demand areas for parking spill-over.<br>2.4.6. Zone 4, "Recreational zone": Adjacent to recreational attractions and amenities with high to moderate trip attractors especially during off peak hours and weekends. Established public destinations with limited commercial activities and low to moderate access to public transport networks or infrastructure. | | | | | | | | |

| | **3 Payment using Smartcard or other electronic payments**<br>3.1 Charging parking fees using cards<br>3.1.1 Subject to condition 3.1.2, from a date to be determined by the City on at least one month's notice to the public by way of a notice in the press, all payment for parking shall be paid for using a MyConnect smartcard or another electronic payment method approved by the City;<br>3.1.2 The Excecutive Director: Transport may publish a notice in the press permitting the use of another EMV compliant card with structure as defined by the National Department of Transport; and / or any other bank card; and / or any other smartcard using mifare-type technology; and / or any other electronic payment method;<br>3.2 Preferred Payment Mechanisms<br>3.2.1 Both Parts A1 and A2 of this tariff table apply to card payments and any other electronic payment mechanisms supported by the system. The same tariff applies whether cash or card. This may be changed in line with additional policy changes and in order to incentivise necessary user behaviour. Cash will be replaced by card payments from a date as may be determined by the Excecutive Director: Transport;<br>3.2.2 The City may discount the tariff by up to 33.33% compared to the fees listed above when a parker uses such a payment method. The Excecutive Director: Transport may further determine that a surcharge of up to 50% shall apply regarding the fees listed above when a parker uses a payment method that the City wishes to discourage or where it increases the City costs if management in order to discourage use of that mechanism. These factors can be found in the tariff factor table in condition 8 of this tariff table below.<br>3.3 Registration for New Electronic Payment System: The registration fee set out in item A3.1, for the service is payable when registering with the service, unless the user also signs up with their credit or cheque card details and links these to their Smart Card/Mobile Application account, in which case no registration fee is payable. The Excecutive Director: Transport may waive the registration fee. | | | | | | | | |
| | 3.4 Where necessary for practicality, or where it is not technically possible to implement an element of the conditions or tariff table exactly as worded in this tariff table, the relevant element may be amended in programming of the fares, provided the relevant change is embodied in the Transport Parking Rules and published on the Transport website. | | | | | | | | |
| | **4 Parking Payment Methods**<br>4.1 Parking Payment Method A – pay-and-display<br>4.1.1 The pay-and-display payment mechanism, referred to as "Parking Payment Method A", applies by default and is thus the standard payment method unless the parker has taken all the required steps to be able to pay using Parking Payment Method B, as set out in 5 below.<br>4.2.1 When parking in a parking bay in a managed parking area,<br>4.2.1.1 the parker must draw the attention of the relevant parking marshal; indicate how long the parker intends to park; pay the relevant parking fee as per this Tariff using a smartcard; obtain a pay-and-display receipt for such payment; and display the receipt on the front dashboard of the parked vehicle or against the front windscreen in a manner such that it is clearly visible and will remain visible from the outside of the vehicle; and<br>4.2.1.2 if the parker intends to park or actually parks for a period longer than the pay-and-display receipt indicates, the parker must, prior to the expiry of the pay-and-display period, take the same steps as set out in 4.2.1.1 for any extended period of parking, provided that such extended period of parking is permitted. | | | | | | | | |

| | 4.2 Parking Payment Method B – tap-in / tap-out<br>4.2.1 The tap-in / tap-out payment mechanism, referred to as "Parking Payment Method B", applies where the parker has taken all the steps as set out in condition 4.2.3.<br>4.2.2 A parker may elect to use this Method B to pay for parking by using a smartcard where a parking Payment Method B has been selected. Such a card is referred to as a "Parking B smartcard".<br>4.2.3 A smartcard will be configured as a Parking B smartcard once each of the following steps have been taken:<br>4.2.3.1 The smartcard has been personalised with the parker's authenticated personal and contact details;<br>4.2.3.2 The parker has elected to pay for parking using Parking Method B;<br>4.2.3.3 The parker has undertaken to pay all fees payable regarding parking where the relevant Parking B smartcard is used within 30 days or the period as set out in theTransport Parking Rules;<br>4.2.3.4 The parker must pay the Parking B smartcard administration fee, against which any penalty fees may be charged if there is an insufficient balance on the relevant smartcard to charge such fee.<br>4.2.4 Where a penalty fee is due regarding parking which has been paid for (in full or in part) with a Parking B smartcard, and if there is an insufficient balance available on the card or if the card is not physically available to be charged, the penalty fee can be charged against the administration fee that has been paid regarding that card, and the card may not be used to pay for parking until the parker has replenished the administration fee to the fee level as apply at the time. | | | | | | | | |
| | **5 Adjustments of hours, parking management areas, demand levels and park-and-ride**<br>5.1 Adjustment to parking hours: The City may investigate whether the hours within which parking tariffs are applicable should be amended and, when necessary, provisions in this regard will be added to the tariff table in future years.<br>5.2 Expansion or extension of managed parking areas: In order to provide parking management services in a manner that supports the City's Travel Demand Management (TDM) and Transit Orientated Development (TOD)-related objectives, the City may conduct an appropriate investigation (including establishing the occupancy and demand levels in the relevant areas, and a feasibility study showing that the cost of parking management of the additional bays or areas is likely to be covered by or will be less than the income from parking management) and may engage in appropriate consultation in this regard. If areas are proposed to be amended, provisions in this regard will be added to the tariff table in future years. | | | | | | | | |
| | 5.3 Designation of areas / bays as falling within PM A or B Centres and the applicable zones: The City may investigate whether existing parking areas or parking bays, or whether new parking areas or parking bays designated for parking management as per 5.2 above, should fall within PM A or B Centres and the applicable zones based on the appropriate investigation, survey or feasibility study as stipulated in 5.2 and the requirements for the designation of a centre or zone as per definitions and criteria stipulated in 2.4, 5.5, 10.1 and 10.2. When necessary, provisions in this regard will be added to the tariff table in future years. The provisions of this tariff table applicable to the identified area (as the case may be) will then apply to such area or bay.<br>5.4 The Executive Director: Transport may designate additional parking bays as falling within the list of Managed Park-and-Ride Areas in 5.5.2 or 5.5.3, following an appropriate investigation and consultation process. | | | | | | | | |

| | 5.5 Area based determinations<br>5.5.1 Identification of High Demand Areas<br>The tariff for each section is categorised into HIGH DEMAND AREAS and ALL OTHER AREAS. Whether an area is HIGH DEMAND or not will be determined by the Commissioner based on demonstrated occupancy and demand levels in the relevant areas. The areas currently deemed as HIGH DEMAND AREAS include the following:<br>- CAPE TOWN CBD<br>- SEA POINT<br>- CLAREMONT<br>- TYGERVALLEY<br>5.5.2 Determination of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport:<br>Any new additions to the list of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport, as determined by the Executive Director: Transport through an appropriate investigation, will be added to the list below.<br>The areas currently identified as Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport include the following:<br>- WOOD STATION Park-and-Ride<br>5.5.3 Identification of Managed Park-and-Ride Areas With Electronic Charging Integrated with Public Transport: None.<br>*5.6 When implementing recreational areas, a business case is required on an area to area basis to determine financial viability for both CoCT and its contractors.*<br>*5.7 When classifying areas by demand and occupancy, a survey should be carried out with and if any 2 hours, on 3 out of 5 days, is within the maximum level of service occupancy for the area, then it should be considered to set the tariff at the occupancy rate.* | | | | | | | | |
| | 5.5.4 The Parking Management Business Plan shall provide a checklist for the identification and classification of PM Centres. These criteria must be used as a guideline and the classification of centres must be revised on a 4 yearly basis. The City reserves the right to enforce or implement managed parking in areas not identified as PM Centres based on demand and/or public support appropriately justifying the need for managed parking. | | | | | | | | |
| | **6 Park-and-ride**<br>6.1 This condition 6 provides for discounted parking fees where the parker has also used Transport Public Transport Services.<br>6.2 A reduction in the parking fee (which, for purposes of this condition 6 excludes parking penalty fees) applies where the park-and-ride requirements in these conditions are satisfied, as follows:<br>6.2.1 Regarding Item A2 (for PT1 areas) a 15% discount is applied<br>6.2.2 Parking areas on the periphery of central business districts may be designated by the Executive Director: Transport as a Peripheral Parking Area, regarding which parking fees will be discounted by up to 15% compared to the standard parking fees in Item A1.1, whether or not they use public transport.<br>6.3 The park-and-ride discount applies differently where Parking Payment Method A and Parking Payment Method B are applicable.<br>6.4 The Managed Park-and-Ride Areas refers to areas identified as Park-and-Ride managed parking areas that are managed by the City of Cape Town. | | | | | | | | |

| | | | | | **excl. VAT** | **incl. VAT** | **excl. VAT** | **incl. VAT** | |
| | 6.5 Where Parking Payment Method A applies (default)<br>6.5.1 The Pay-and-display method of payment, set out in Condition 4 applies.<br>6.5.2 The Managed Park-and-Ride Areas discount applies only if the parker paid for the parking using a Mover package (as defined in the Tariff for Contracted Road-Based Public Transport Services).<br>6.5.3 If the parker taps into Transport Public Transport Services using the same card within 45 minutes of tapping to pay the pay-and-display parking fee, using Mover points, the system registers a potential Managed Park-and-Ride Areas discount.<br>6.5.4 If the parker taps out with the parking marshal when retrieving the parker's vehicle, and if no parking penalties are due, the system will reimburse the parker the value of the Managed Park-and-Ride Areas discount. | | | | | | | | |
| | 6.6 Where Parking Payment Method B is selected by the parker<br>6.6.1. The Managed Park-and-Ride Areas discount applies only if the parker paid for the parking using a Mover package (as defined in the Tariff for Contracted Road-Based Public Transport Services).<br>6.6.2. When a parker using a Parking B smartcard taps in to pay for parking, the parker will be charged the applicable parking fee for the first 15 minutes<br>6.6.3. If the parker taps into Transport Public Transport Services using the same card within 45 minutes of tapping to pay the pay-and-display parking fee, using Mover points, the system registers a potential Managed Park-and-Ride Areas discount.<br>6.6.4. When tapping out of parking, and provided no parking penalty fees are payable, the system will charge , the amount linked to parking utilised by the parker, being the value of the outstanding Managed Park-and-Ride Areas charge or alternatively the usual parking tap-in charge.<br>6.6.5. If the parker returns after end of the period during which parking is managed and the parker therefore does not tap out on that day, the following shall apply: When a parker next taps in regarding managed parking with the relevant smartcard the system will check whether there is an open parking transaction from an earlier date and, if so, charge any Managed Park-and-Ride Areas charge that may be due; and if not, then charge usual parking tap-in charge.<br>6.7 Managed Park-and-Ride Areas Limitation of Discount<br>In order to ensure that the discount is only applied to Transport Public Transport Service users parking and using Public Transport Services, all parkers with the intention of receiving the Public Transport Service Managed Park-and-Ride Areas discount will need to pay for parking with a MyConnect Smart card. This follows the procedure set out in section A4 sub-section 3 and 6 below. If the use of Transport Public Transport Services is not registered on the system with the same Smartcard, no discount will be applied and the full fee as per section A1.1 will be charged. | | | | | | | | |
| | 6.8 The discount provided for Managed Park-and-Ride Areas will operate differently for areas Without Electronic Charging Integrated with Public Transport. Public Transport users using Managed Park-and-Ride Areas facilities in areas Without Electronic Charging Integrated with Public Transport will receive the appropriate discount/s automatically, which will be built into the fee charged in that location. | | | | | | | | |

| | | | | | **excl. VAT** | **incl. VAT** | **excl. VAT** | **incl. VAT** | |
| | **7 General**<br>7.1 Use of the smartcard for payment of parking fees and related charges will be subject to the Transport Parking Rules (if any).<br>7.2 Where the vehicle of a parker is found to be parked in a managed parking area at the start of the parking management period, the parker shall pay for parking from the start of such managed parking period and for the full period parked. Where a smartcard with sufficient value is not presented for such payment, the amount due shall remain payable and due by the owner of the vehicle and the holder of a smartcard used previously regarding such vehicle, jointly and severally, over and above any fines that may be due.<br>7.3 An inspector may be used to inspect charging by parking marshal, and such an inspector may charge a parker the applicable fee payable in terms of this Tariff, or the difference between the fee incorrectly charged and the applicable fee, where appropriate. | | | | | | | | |
| | 7.4 All decisions required or implied in these Conditions (e.g. decisions which, in terms of this tariff table, must be taken by "the City"), other than those assigned to the Commissioner and those that must logically be taken by the parking marshal or an inspector, shall be taken by the manager responsible for parking management or his delegate in consultation with the manager responsible for Transport business planning or his delegate; alternatively by the Executive Director: Transport. | | | | | | | | |
| | **8 Penalties**<br>8.1 Parking penalty fees: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, or if a vehicle has been parked in a location where parking is not permitted, the applicable parking penalty fee will be payable and, in addition, a fine may be issued in terms of any applicable law.<br>8.2 Parking Leeway window: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, the City may determine that the parker has a leeway, whereby the parker will not be penalised in terms of the penalties stipulated in this tariff table, but after which they are liable for penalties, including wheel clamping. The City may change the duration of this leeway if required. The effective fee regarding half the leeway period may be added to the parking fee. | | | | | | | | |
| | 8.3 Parking Offence Leeway for Transition Period<br>8.3.1 During the transition period onto a card system, and provided that the parker uses a MyConnect or a similar card (or such other method determined by the Executive Director: Transport) to pay for parking, if a vehicle or if a specific card recorded on the system as penalised as per the offences listed in Part 3, items A3.2 and A3.4, the parker may be granted a maximum of 3 penalty fee reductions in order to adjust to the new payment and penalty system. An 85% penalty reduction will be applied to these penalties charged. From the 4th penalty onwards the full penalty will be payable as per this tariff table.<br>8.3.2 An unregistered user who has been penalised in terms of section A3.4, A3.5 and A3.7 (wheel-clamping only) may register on the system. If so registered, the first such penalty fee may be waived by the City. A user may also request to have the penalty removed if the user registers and link the user's credit or debit card to the system for automatic payment of parking fees, and penalties, as per the condition set out in section A3.3.2 above.<br>8.3.3 Circumstance to which this leeway of up to 85% is applicable can be defined by the City by means of a public notice in the media.<br>8.3.4 Limitation of Leeway: For penalty fees under Section A3.5 specifically, no leeway will be provided, unless the parker registers on the system and converts their penalty fee (as per 8.3.2 above) into the administration fee charged as per section A3.1. If the parker is already registered, the full penalty will apply. | | | | | | | | |
| | 8.3.5 The parking mangement system may allow a parker leeway of up to 15 minutes to pay, without charging for such time. | | | | | | | | |

# ANNEXURE 7

# TARIFF POLICIES

## May 2020

Version:

Department: **Budgets**

# TABLE OF CONTENTS

1. CHAPTER 1: GENERAL TARIFF POLICY ..... 3
2. CHAPTER 2: WATER AND SANITATION TARIFF POLICY ..... 13
3. CHAPTER 3: ELECTRICITY TARIFF POLICY ..... 45
4. CHAPTER 4: SOLID WASTE MANAGEMENT TARIFF POLICY ..... 53

# 1. CHAPTER 1: GENERAL TARIFF POLICY

## DEFINITIONS

All terms used in this Policy, including the annexures hereto, unless the context indicates otherwise, have the meaning ascribed to them in local government legislation or hereunder:

"**City**" or **"City of Cape Town"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No. 479 of 22 September 2000, issued in terms of the Local Government: Municipal Structures Act, 1998, or any structure or employee of the City acting in terms of delegated authority.

"**Consumption-based Tariff**" means a tariff set as a rand amount per measurable unit of service;

"**Council**" or **"Municipal Council"** means the council of a municipality referred to in section 18 of the Municipal Structures Act;

**"CPI"** means the consumer price index as measured by STATSSA;

**"Homeless people's shelters / Children's Homes"** means a bona fide non-profit organisation ("NPO") which operates homeless shelters / children homes (which cares for homeless children as stipulated in the Children's Act, 38 of 2005 used primarily for the accommodation of homeless people / children and which has applied for and been registered as such shelter / home by the relevant Council Committee / Body on an annual basis and has inter alia indicated by affidavit how many people it normally sheltered;

"**Homes catering for the health of physically or mentally challenged individuals**" means a *bona fide* non-profit organisation ("NPO") which operates a home used for the accommodation of physically or mentally challenged individuals which has applied for and been registered as such by the relevant Council Committee / Body on an annual basis and has *inter alia* indicated by affidavit how many people it accommodates.

"**Old Age Homes**" means an organisation which operates as an old age home used for the accommodation of retired people and which has applied for and been registered as old age home with the Department of Social Development, carries a certificate of registration as a Non-Profit Organisation and has inter alia indicated by affidavit (which need to be updated and submitted on an annual basis) how many people it houses. This will only be applicable to organisations that do not form part of the Domestic Cluster category;

**"Indigent Fund"** means a budget provision, funded from National Government transfers and municipal rates, which is used to subsidise basic services;

**"Rates and General Account"** means a budget provision used to fund other City services excluding the electricity, water, and solid waste services;

**"STATSSA"** means Statistics South Africa, a body established in terms of section 4 of the Statistics Act, 6 of 1999, which consists of a Statistician-General, permanent and temporary staff referred to in the first column of Schedule 2 of the Public Service Act of 1994, and whose main function is to provide official statistics for use by organs of state, businesses, organisations and the public in planning, decision-making and other actions, and the monitoring and assessment of policies;

**"Sundry Tariff"** means a tariff set as a fixed rand amount charged for specific services (e.g. connections) and published in a tariff schedule, adjusted from year to year;

"**Vulnerable Groups**" means *bona fide* NPOs/PBOs operating subsistence survival gardens supporting certain categories of poor people as defined in the Urban Agriculture Policy for the City of Cape Town, 2007 and who have applied for and been registered by Council on an annual basis to qualify for special tariffs.

## 1. LEGISLATIVE COMPLIANCE

Section 74 of the Systems Act and section 62(1) (f) of the MFMA require the City to adopt and implement a tariff policy.

Specific legislation applicable to each service has been taken into consideration when determining this Policy.

## 2. SCOPE OF THE POLICY

It is intended that this Policy document guides the annual setting (or revision) of tariffs, hence the Policy does not make specific tariff proposals, nor does it deal in any detail with the implementation of specific tariff proposals. Details pertaining to specific levels and applications of the various tariffs are published in the Schedule of Tariffs, which must be read in conjunction with this Policy.

The Policy is applicable to all tariffs for electricity, water, sanitation and solid waste services provided by the City.

This Policy is also applicable to all Sundry Tariffs, as provided for in the Schedule of Tariffs of the City.

## 3. PRINCIPLES AND OBJECTIVES

3.1 The basic principles and long-term goals for the City include equity in service provision and sustainability of service levels through economic and effective funding of efficient services.

3.2 Where a service is provided primarily for the benefit of an individual user and the actual service or consumption can be accurately measured, the cost of providing the service should be recovered from the individual by means of tariffs.

3.3 When a service connection is made a sundry tariff should be used and when a metered amount of a service is consumed a consumption based tariff should be used. Where sundry tariffs and consumption based tariffs are used, they must comply with this Policy.

3.4 Where a service is provided primarily for the benefit of the community or an individual's use cannot be accurately measured, the cost of providing the service should be recovered by means of rates or a "basic charge".

3.5 Where an individual user's consumption can be metered, electricity and water will be charged for using Consumption-based Tariffs. These tariffs must be structured to accommodate the provision of basic electricity and basic water supply as defined in the indigent relief measures as contained in the Credit Control and Debt Collection Policy.

3.6 Solid waste collection services will be charged for by using a tariff. Rebates are applicable for property values from R1 up to R500 000.

3.7 Where the City incurs bank costs on any mode of payment, the City will recover such cost on the portion of the amount above R7000.00 per transaction per account number. The City absorbs such in respect of a single payment of R7000.00 and below.

## 4. APPLICATION OF TARIFF PRINCIPLES

Section 74(2) of the Systems Act sets out principles that must be reflected in this Policy. These principles are applied in the following manner:

4.1 Users will be treated equitably by allowing for the differentiation as set out in paragraph 5 of this Policy.

4.2 Where appropriate and possible, the amount individual users pay for services will generally be in proportion to their use of that service by using Consumption-based Tariffs. This will be dependent on the service being able to provide discernible, universal and regular metering and reading.

4.3 Poor households and vulnerable groups as defined in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy, from time to time, will have access to basic services through subsidised tariffs as defined in paragraph 6 of this Policy.

4.4 Consumptive tariffs will reflect the costs reasonably associated with rendering the service. The budgeted income and expenditure of the service, showing any contributions to Rates and General Account(s), support services recharges and contributions from the Indigent Fund, must be provided as part of the annual report on the revision of rates and tariffs.

4.5 Consumptive tariffs will be set at levels that facilitate the financial sustainability of the service, taking into account subsidisation from sources other than the service concerned.

4.6 Provision may be made in appropriate circumstances for a surcharge on the tariff for a service.

4.7 The City may impose a penalty or concession tariff in appropriate circumstances, provided that the penalty or concession is specified, in the Schedule of Tariffs from time to time.

4.8 The promotion of local economic development through special tariffs for categories of commercial and industrial users may be provided on the basis set out in the City's Economic Incentive Policy.

4.9 Support for Vulnerable Groups through a free allocation may be provided on the basis set out in the City's Urban Agriculture Policy.

4.10 The economical, efficient and effective use of resources will be encouraged through the use of rising block tariffs, time of use tariffs, and tariff options linked to solid waste minimisation for certain categories of users, where appropriate.

4.11 Where free basic services or services subsidised from the Indigent Fund, are provided to individual users, these will be shown on the monthly bill of these users. The extent of the annual subsidisation to all subsidised users will be reported to Council.

4.12 Any estimated amounts for municipal services fees, surcharges on fees, property rates and other municipal taxes, levies and duties relating to the property, during the validity period of the certificate, shall be due and payable upon receipt of an application for a certificate in terms of section 118 of the Systems Act.

4.13 The City may grant a tariff concession in appropriate circumstances provided that criteria related to such concession are specified in the schedule of tariffs.

4.14 Any adjustment of account due to estimated readings, incorrect readings, metering errors, non-billings or any other tariff related reason may only be applied for a maximum period of one year, except:

4.15 Where the correction is to the benefit of the property owner/account holder, the account may be adjusted for a maximum period of three years;

4.16 Where it can be shown that tampering or a deliberate attempt to manipulate the account has occurred, the account may be adjusted for a maximum period of three years.

## 5. DIFFERENTIATION FOR TARIFF PURPOSES

Section 74(3) of the Systems Act allows for the differentiation between different categories of users, debtors, service providers, services, service standards, geographical areas and other matters for tariff purposes as long as the differentiation does not amount to unfair discrimination. The nature and basis for differentiation for tariff purposes in the City of Cape Town is set out below. Each municipal service is not compelled to differentiate for tariff purposes, but where it does; the differentiation must be consistent with the framework set out below, and a separate tariff must be applicable for each category that is defined.

5.1 Categories of users

The following categories of users may be defined:

(a) Residential or domestic

(b) Non-Residential:

i. Commercial (including guest houses);
ii. Industrial (including Mining);
iii. Government / Organs of State;
iv. State-owned enterprises;
v. Vacant Land;
vi. Agricultural Land;
vii. Hostels;
viii. Educational institutions;
ix. Municipal;
x. Religious institutions / Places of Worship;
xi. Charities / PBO / NPO (including NPO's for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities);
xii. Cemeteries;
xiii. Sporting bodies;
xiv. Accommodation for the Vulnerable (including Homeless shelters / children's homes / Homes catering for the health of physically and mentally challenged individuals / old age homes (as defined))

5.2 A special category of subsistence gardening may be defined on any land use, based on the criteria for Vulnerable Groups in a manner defined in the City's Urban Agriculture Policy.

5.3 Sub-categories of Residential or domestic users may be defined based on any one or more of the following criteria in a manner defined in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy:

(a) settlement type (which must include informal settlements);
(b) property value;
(c) service consumption level;
(d) payment levels;
(e) household income;
(f) type of connection.

5.4 Categories of services

5.4.1 Different categories of services may be defined but only if the basic service is defined for that municipal service in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy.

5.4.2 The following criteria may be used in defining different categories of services:
(a) Type of service;
(b) Category of user;
(c) Level of consumption;
(d) Type of connection;
(e) Time of use.

Certain categories of service may be restricted to certain categories of users. The basic service will be restricted to Residential/domestic users, homeless people's shelters, homes catering for the health of physically or mentally challenged individuals and Old Aged Homes as defined.

5.5 Categories of standard of service
Different categories of standard of service may be defined for different categories of users or services. They may be based on:
(a) access;
(b) frequency.

Categories of basic services may not have different standards of service.

5.6 Categories of geographical area
Differentiation based on geographical area may be used if the service provided is at least the basic service and one of the following criteria is met:
(a) topography must have significant impact on the cost of delivering the service;
(b) significant capital costs are needed to develop service infrastructure in the area;
(c) The Integrated Development Plan identifies the area as having strategic developmental importance.

## 6. SUBSIDISATION OF BASIC SERVICE TARIFFS FOR RESIDENTIAL/ DOMESTIC USERS, ACCOMMODATION FOR VULNERABLE GROUPS (INCLUDING HOMELESS PEOPLE'S SHELTERS, CHILDREN'S HOMES, HOMES CATERING FOR THE HEALTH OF PHYSICALLY OR MENTALLY CHALLENGED INDIVIDUALS AND OLD AGED HOMES AS DEFINED)

6.1 Basic level consumption of any service may be subsidised by a higher level tariff, dependant on legislative requirements and national acceptance.

6.2 Individual residential / domestic users, residential / domestic backyard users (where activated), Accommodation for Vulnerable groups (including homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined) may have consumption subsidised from the Indigent Fund as classified in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy, which may be amended from time to time.

## 7. ACCESS TO SERVICES BY POOR HOUSEHOLDS

7.1 Council currently accepts the standards for basic service levels as stated in National Government documents related to free basic services, which may change from time to time.

7.2 The free and subsidised basic services provided to poorer households are as follows:

| Service | Basic Level |
|---|---|
| Water | ○ A 100% subsidy up to 10 500 liters of water per household per month will apply to domestic tariff category registered indigent households, domestic backyard users (where activated) as well as Council Units specifically identified in the Credit Control and Debt Management Policy.<br>○ In the case of accommodation for vulnerable groups (including homeless people's shelters, children's homes, **homes catering for the health of physically or mentally challenged individuals** and old aged homes as defined), an equivalent free allocation of 25 litres per person per day or 750 litres per person per month will apply.<br>○ In the case of Vulnerable Groups (subsistence gardening), an equivalent free allocation of 10 000 liters per month per institution will apply.<br>○ In cases where domestic indigent customer(s) reside(s) in cluster units or mixed-use zoned properties (which has been categorized as domestic cluster), the allocation of free 10 500 liters per unit per month will be subject to approval of indigency of the full development.<br>○ Any free water not utilised will be forfeited at the end of each month/metering period/billing cycle. |

| | |
|---|---|
| Electricity (City of Cape Town residential customers on the Lifeline Tariff) | ○ Where the electricity received does not exceed 250 kWh per month, customers will receive a free basic allocation of up to 60 kWh. Should the electricity received be between 250kWh and 450kWh per month, customers will receive a free basic allocation of 25 kWh. Should the electricity received exceed 450 kWh per month, the free electricity portion will no longer be made available to the household.<br>○ The electricity received per month is an average measured over a period of twelve consecutive months.<br>○ Any free electricity not claimed will be forfeited at the end of each month/billing cycle/metering period. |
| Electricity (Eskom residential customers as per FBE agreement) | ○ Where the electricity received does not exceed 250kWh per month, customers will receive a free basic allocation of up to 50kWh. Should the electricity received exceed 250kWh per month, the free electricity portion will no longer be available to the household.<br>○ The electricity received of 250kWh per month is an average measured over a period of 12 consecutive months.<br>○ Any free electricity not claimed will be forfeited at the end of each month/billing cycle/metering period. |
| All customers | ○ Free Basic Electricity (FBE) can be allocated only where practical to do so. Bulk Metered group housing is an example of where this cannot be achieved. |

7.3 Any changes to these standards will only be considered as binding on the City after acceptance by Council.

7.4 The level of free or subsidised services for other services, is as follows:

| Service | Basic Level |
|---|---|
| Solid Waste / Refuse | Sliding scale charged for all properties with a total site and improvements valuation from R1 of up to R500 000 (excluding homeless people's shelters). |
| Sanitation / Sewerage | ○ The first 7 350 liters per household discharged into the sewer system each month is free for all domestic tariff category registered indigent households, domestic backyard users (where activated) as well as Council Units specifically identified in the Credit Control and Debt Management Policy.<br>○ based on 70% of the 10 500 liters free water made available on a monthly basis<br>○ In the case of accommodation for vulnerable groups (including homeless people's shelters, children's |

| | |
|---|---|
| | homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined), an equivalent free allocation of 17.5 liters per person per day or 525 liters per person per month will apply.<br>o In cases where domestic indigent customer(s) reside(s) in cluster units or mixed use zoned properties (which has been categorized as domestic cluster), the allocation of free 7 350 liters per unit per month will be subject to approval of indigency of the full development. |

7.5 Relief available to the indigent in Council-owned housing rental and selling schemes will be as outlined in the housing chapter of the Credit Control and Debt Collection Policy adopted by Council, as amended from time to time.

7.6 Cluster Development Properties registered in the name of a SHRA-accredited Social Housing Institution and, registered as City Partners – Full and Conditional - may be granted access to:

- Water to a maximum of 6 000 liters per qualifying unit per month at RNil.
- Sanitation to a maximum of 4 200 liters per qualifying unit per months at RNil.

In order to qualify, accredited Social Housing Institution and, registered as City Partners – Full and Conditional must supply documentation of units where:

- The municipal valuation of the property is R400 000 or less
- The household income is R4 000 per month or less

Institutions must apply on an annual basis and provide the property value and household income to the satisfaction of the Director: Revenue and the relevant Director: Water and Sanitation

Single Residential and Non-Residential Properties of such institutions will not qualify in terms of this paragraph.

## 2. CHAPTER 2: WATER AND SANITATION TARIFF POLICY

### DEFINITIONS

**"Average Cost of Sanitation (ACS)"** means the total annual cost of the sanitation service (including capital charges but excluding contributions to a capital development fund) divided by the total volume of sewage discharged billed for that year.

**"Average Cost of Water (ACW)"** means the total current annual cost of the water service (including capital charges but excluding surcharges and contributions to a capital development fund) divided by the total volume of billed water sales for that year.

**"Bulk Water Use"** means potable water supplied to a water services authority (as defined in the Strategic Framework for Water Services) for the purposes of conveying and supplying water to individual consumers within its area of responsibility, as well as by agreement with some consumers outside the City's municipal area.

**"Commercial Wastewater"** means effluent discharged from premises predominantly of a commercial nature (for example shops, offices, showrooms, service stations).

**"Commercial Water Use"** means water supplied to premises predominantly of a commercial nature (for example, shops, offices, showrooms, service stations).

**"Credit Meter"** means a Meter (see "meter" definition below) used to determine the consumption of water before an account is issued to the consumer.

**"Domestic Wastewater"** means effluent discharged from premises predominantly domestic properties and not defined as commercial or industrial or other categories.

**"Domestic Water Use"** means water that is used predominantly for domestic purposes

**"Future Incremental Marginal Cost"** means the average incremental cost of system expansion, taking into account the next large scheme or schemes to be built to meet current and future increases in water demand.

**"Industrial Wastewater"** means wastewater arising from mining, manufacturing, electricity generation, land-based transport, construction or any related activities. (This is consistent with the definition of "disposal of industrial effluent" contained in the Water Services Act.)

**"Industrial Water Use"** means water which is used in mining, manufacturing, generating electricity, land-based transport, construction or any related purpose. (This is consistent with the definition of "industrial use" contained in the Water Services Act)

**"Meter"** means a device, which measures the quantity of water passing through as contemplated in the Legal Metrology Act 9 of 2014

**"Other Wastewater**" means effluent discharge from premises not defined as domestic, commercial or industrial.

**"Other Water Use"** means all water use not defined as Domestic, Industrial and Commercial Water Use.

**"Prepayment Meter"** means a Meter (see "meter" definition above) that can be programmed to allow the flow of a pre-purchased volume of water to the customer.

**"Residential Unit"** means a unit comprising of a number of rooms, used for residential purposes, contained within an approved multi-residential unit development (i.e. Sectional Title, Single Title cluster developments, Gated Villages, Block of Flats with unregistered individual ownership of units), and which includes any other portion of the property apportioned to that unit in terms of exclusive use, which shall include a garage or any other outbuildings (excludes single rooms used in Hostels, Old Age Homes, etc.).

**"Fixed Basic Charge/Fee"** means a fixed basic charge / fee recurring on a monthly basis as payment to the right of service provision / access to the network. It is applicable throughout the entire period during which the relevant premises are connected to the supply mains irrespective of whether any consumption is used or not.

**"Water Management Device"** means an intelligent, electronic control valve that is installed in line with a 15 or 20mm Credit Meter and is capable of controlling and limiting the flow of water to a consumer at full pressure or flow restriction device that performs equivalent function.

**"Water Services Act"** means Water Services Act, 108 of 1997.

**"Connection Fee"** means the fee payable towards the cost of providing supply.

**"Consumer"** means a juristic or natural person purchasing water directly from the City and releasing wastewater into the sewerage system.

**"Availability Charge"** means a charge payable for all serviced vacant or serviced undeveloped land (excluding unproductive vacant land e.g. Public Open Spaces, private roads.)

**"Vacant Land"** means all properties without any buildings or structures that could be used for residential or other purposes, as determined by the Director: Valuations.

**"Backyard user"** means households who reside on council rental stock property within a given area as determined by Council and who are registered via affidavit as being backyard dwellers.

**"Water Services Intermediary"** means person / institution who is obliged to provide water services to another in terms of a contract between them and where the obligation to provide water services is incidental to the main object of that contract (as identified by the City of Cape Town where contracts have been entered into or are to be entered into).

## 1. WATER AND SANITATION TARIFFS

1.1 Water and Sanitation tariffs consist of consumption based tariffs and sundry tariffs.

1.2 Consumption based tariffs will be used for the service consumption of water and wastewater disposed and/or demand capacity supplied/installed.

1.3 Consumption based tariffs may consist of any combination of service charges and network access charges.

1.4 Sundry tariffs may include Connection Fees, Miscellaneous Tariffs, etc. as contained in the Schedule of Tariffs.

## 2. SPECIFIC POLICIES FOR WATER TARIFFS

### 2.1 Consumer categories

Water tariffs shall distinguish between at least four categories of consumers: Bulk Water Use, Domestic Water Use, Industrial / Commercial Water Use and Other Water Use.

Domestic Water Use:

### 2.2 Domestic consumer categories

Water tariffs for domestic consumers shall distinguish between significantly different levels and standards of services provided and shall include at least the following categories of domestic consumers:

(i) **domestic communal**: consumers (households) with access to communal water services (for example, a public-standpipe or a water-tanker service);

(ii) **domestic controlled**: consumers with access to a controlled volume of water supply that is not metered;

(iii) **domestic full (uncontrolled)**: consumers with access to an uncontrolled volume of water supply at full pressure that is metered by an uncontrolled / credit meter;

(iv) **domestic full (controlled)**: consumers with access to a controlled volume of water supply at full pressure that is metered by activated water management device or a prepayment meter;

(v) **domestic cluster**: where one metered connection point serves a multi-Residential Unit development.

(vi) **domestic backyard**: where one activated water management device serves backyard occupants.

## 2.3 Metering (Potable and Non-Potable)

All connections providing a volume of water supply shall be metered, consumption determined via on-site reading, remote reading as well as estimated readings and applicable tariffs shall be applied in proportion to water use. Meters for installation will be drawn from a City of Cape Town store and will be installed by the (a) City of Cape Town or (b) City of Cape Town contractors appointed via standard supply chain management processes or (c) Developers where application has been made and installation takes place under supervision of the City of Cape Town.

## 2.4 Consumption tariffs – domestic communal

Where communal water supplies provide water for domestic use (standpipes to informal settlements without title deed), the amount of water will be measured but no charge shall be levied for this water. The measurement will be used to determine the impact of this free water on the service.

## 2.5 Consumption tariffs – domestic controlled

Where water use is controlled to less than 10 500 litres per month per connection, then no charge shall be levied on domestic indigent households for this water.

## 2.6 Consumption tariffs – domestic full (uncontrolled)

Consumption tariffs for uncontrolled volume metered by a uncontrolled / credit meter per erf (exceptions to be authorised Director: Water and Sanitation) for domestic connections shall be based on an increasing block structure with:

| | Indigent | Non-Indigent |
|---|---|---|
| Basic Usage (0 – 6kl): | At Zero Charge | At a Function of the Average Cost of Water. |
| Basic Usage (6 – 10.5kl): | At Zero Charge | At a Function of the Average Cost of Water. |
| Above Basic Usage (10.5kl – 35kl): | At a Function of Future Incremental Marginal Cost | At a Function of Future Incremental Marginal Cost |
| Usage that will jeopardise water conservation (35kl and above) | At Punitive Charge to deter high water usage. | At Punitive Charge to deter high water usage. |

The rising block tariff structure should consist of at least four steps. The consumption level at which the last step begins should be at an amount that would encourage water conservation and should not be greater than 60 kl per month.

## 2.7 Consumption tariffs – domestic full (controlled)

Consumption tariffs for controlled volume metered by an activated water management device or a prepayment meter per erf (exceptions to be authorised Director: Water and Sanitation) for domestic connections shall be based on an increasing block structure with:

| | Indigent | Non-Indigent |
|---|---|---|
| Basic Usage (0 – 6kl): | At Zero Charge | At a Function of the Average Cost of Water. |
| Basic Usage (6 – 10.5kl): | At Zero Charge | At a Function of the Average Cost of Water. |
| Above Basic Usage (10.5kl – 35kl): | At Zero Charge | At a Function of Future Incremental Marginal Cost |
| Usage that will jeopardise water conservation (35kl and above) | At Zero Charge | At Punitive Charge to deter high water usage. |

In cases where indigent customers have agreed settings above 350l / day based on affordability, the standard step 3 (function of future incremental cost) and step 4 (to deter high water usage) tariff will apply.

## 2.8 Consumption tariffs – Domestic cluster

Consumption Tariffs for multi-Residential Unit (i.e. Sectional Title, Single Title cluster developments, Gated Villages, Block of Flats with unregistered individual ownership of units) developments served by one metered connection point shall be based on an increasing block structure as specified in paragraph 2.6 and 2.7 above. Inclusion of Block of Flats with unregistered individual ownership of units becomes effective from 1 July 2017.

An allowance of 10 500 litres per unit per month will be made available at zero cost subject to approval of indigency of the full development:

Allowance to apply the tariff structure per unit per month will be made:

(i) upon acceptance of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or

(ii) upon updating of the information on the City's master data base (e.g. completed and occupied number of units).

Backdating of the free basic allocation will be considered and implemented in accordance with Chapter 1 paragraph 4.14 on condition that proof of occupancy is provided. The allocation can however not be backdated further than the date of transfer of the property from the developer to the domestic cluster owner(s). This will also be done with due cognizance of the changes in the free basic allocation effective from 1 July 2017.

Where a development categorized as domestic cluster does not have communally owned property to administratively link the meter to for purposes of water and sanitation billing, the City will impose (via signed contract) upon the homeowners' association the requirement to link the meter to a property immediately outside the development.

## 2.9 Consumption tariffs – Domestic Backyard

For Consumption Tariffs for backyard users served by one activated water management device:

An allowance of 10 500 litres per unit per month will be made available at zero cost:

(i) upon acceptance of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or

(ii) upon updating of the information on the City's master data base.

Industrial and Commercial Water Use:

## 2.10 Consumption tariffs – industrial, commercial

Apart from instances where Special Tariffs are applied in terms of Chapter 1 paragraph 4.8 above, the consumption tariffs for all other consumers should be set at a Function of Future Incremental Marginal Cost.

In cases where indigent domestic customers reside in cluster units on mixed-usezoned properties and the mixed use property has been categorized as domestic based on the predominant use principle, they may apply for a free 10 500 litres per residential unit per month which will be subject to approval of indigency of the full development.

In cases where domestic customers reside in cluster units on mixed-use zoned properties and the mixed use property has been categorized as domestic based on the predominant use principle, they may apply for the tariff structure to be allocated per residential unit per month, by submitting an affidavit to this effect where the number of units are specified. An investigation will need to be performed to confirm the information and consider whether such application can be approved by the Director: Water and Sanitation, based on the proportion of predominant use. The "predominant use" principle will therefor apply for tariff categorisation and allocation of free basic services for such approved indigent customers. Specific tariffs will only be considered if separate meters are installed and private plumbing altered at the cost of the customer.

Other Water Use:

**2.11 Consumption tariffs – Government. Organs of state, educational institutions, sports bodies, clubs, religious institutions / places of worship, hospitals and municipal users.**

Apart from instances where Special Tariffs are applied in terms of Chapter 1 paragraph 4.8 above, the consumption tariffs for all other consumers should be set at a Function of Future Incremental Marginal Cost. Any subsidies to these groupings should be made through transparent mechanisms other than tariffs lower than the Future Incremental Marginal Cost, so as not to negate the incentives for the wise and
economical use of water.

**2.12 Consumption tariffs – Charities / Public Benefit Organisations / Non-profit organisations used for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities)**

The consumption tariff for registered charities, public benefit organisations and non-profit organisations will be charged at the Average Cost of Water.

No fixed basic charge will be applied on this category.

To allow for the approval process, financial adjustments will be backdated to the start of the financial year in which an approved application was received.

## 2.13 Consumption tariffs – Accommodation for the vulnerable (including homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined)

In order to provide free basic services to people without title deed, Indigent people living in homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals or old aged homes as defined, a special sub-category shall be used. It shall be based on the number of people or beds normally accommodated in each residence as defined in a sworn affidavit upon annual application for such residence to be registered with the relevant Council Committee / Body, and receive a free water allocation of 25 litres per person per day or 750 litres per person per month. Beyond such consumption the specific defined consumption sub-category, equal to the tariff categorisation for the property for water, shall be applied.

The consumption tariff for "accommodation for the vulnerable" consumers will be charged at the Average Cost of Water.

No fixed basic charge will be applied on this category.

To allow for the approval process, the free allocation will be backdated to the start of the financial year in which an approved application was received.

## 2.14 Consumption tariffs – Vulnerable Groups of subsistence farmers

The City will subsidise the provision of water to the gardens of the registered Vulnerable Groups as defined in the City's Urban Agriculture Policy of 2007. These include survival gardens of women, gardens for indigent old age homes, gardens for HIV/AIDS facilities, gardens for soup kitchens at schools and gardens at orphanages.

Such groups have to apply annually for registration to the controlling department (Economic Development).

Each qualifying group will receive a free provision of 10 kilolitre of water per month for free but with no free provision of sanitation. Beyond such consumption the normal consumption category for the property on which the garden is located shall be applied.

To allow for the approval process, the free allocation will be backdated to the start of the financial year in which an approved application was received.

Bulk Water Use:

## 2.15 Consumption tariff for the provision of a bulk water supply

The bulk water tariff is used to charge for the bulk supply of potable water to consumers external to the City such as other local authorities which are dependent for part or all of their potable water supplies from the City and are also used as the basis for internal charges for the bulk supply of potable water within the Water and Sanitation Department.

The bulk water tariff is set on an annual basis to ensure full cost recovery for the provision of the bulk water service as well as the long term sustainability of this service.

Other Tariff related items:

## 2.16 Surcharge

The water tariff may include surcharges subject to Council approval.

## 2.17 Fixed Basic charges / fees – domestic

Monthly Fixed Basic Charges / Fees for domestic connections (including Spring water and Treated Effluent users) shall be based on the nominal bore related to the size of the meter. The fixed basic charge will not be applied to Indigent Customers. In cases where the supply to Treated Effluent Users could not be provided for periods of time the fixed basic charge will be waived for the specific period.

## 2.18 Fixed Basic charges / fees – non-domestic

Monthly fixed basic Charges / Fees for non-domestic connections (including Spring water and Treated Effluent users) shall be based on the nominal bore related to the size of the meter.

In cases where the supply to Treated Effluent Users could not be provided for periods of time the fixed basic charge will be waived for the specific period.

The fixed basic charge will not be applicable to Fire Connections, Fire Hydrants, Fire Hose Reels and Fire Sprinkler Systems where such is provided via a separate water connection.

The fixed basic charge will also not be applicable to:

- Charities / Public Benefit Organisations / Non-profit organisations used for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities)

- Accommodation for the vulnerable (including homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined)

## 2.19 Connection charges

Connection charges for all consumer categories other than domestic communal shall be recovered, i.e. the full costs of installation of a connection.

## 2.20 Flow restriction for non-payment

Domestic consumers who fail to pay shall, after due process, have their uncontrolled water connections restricted by a flow-limiting or Water Management Device at the sole discretion of the City.

## 2.21 Illegal re-connections

Consumers who reconnect illegally, after having been disconnected or flow-restricted for non-payment, shall forfeit the right to basic water until such time as the outstanding debt has been paid in full and will be liable for full disconnection / reconnection charges surrounding the illegal re-connection.

## 2.22 Disconnections – other

All non-domestic consumers shall be disconnected for failure to pay after due process has been followed.

## 2.23 Installation of water management devices

A Water Management Device that can be set to control the total daily and monthly volume of water that can be delivered through a connection, may be installed at the discretion of the Director: Water and Sanitation.

A domestic consumer may apply to be considered for the installation of a Water Management Device at the applicable miscellaneous tariff which that consumer will be liable for. The miscellaneous tariff is applicable to installations that do not form part of the water meter replacement programme.

The consumer may request a specific volume setting for consideration by the relevant Director: Water and Sanitation.

## 2.24 Installation of Municipal Prepayment Meters

A Prepayment Municipal Meter may be installed at the discretion of the relevant Director: Water and Sanitation. The relationship between the amount offered and the volume supplied will be dependent on the standard monthly consumption as calculated.

## 2.25 Repairing of leaks in indigent homes combined with the installation of Water Management Devices and the writing-off of bad debt

Steps taken by the City to reduce losses through leaks in private indigent homes and prevent further bad debts from such consumers are defined in the City's Policy on the Integrated Water Leaks Project. The administrative and financial aspects of this initiative are defined in the City's Credit Control and Debt Collection Policy.

## 2.26 Water restriction tariffs

Special Tariffs may be introduced during periods of water restrictions to reduce water use to within sustainable limits. Water and Sanitation tariff schedules for water restrictions shall be approved in addition to the normal tariff schedule as part of the annual budget process.

The restriction tariffs will be de-linked from the promulgated restriction level with effect from 1 July 2020. The applicable tariff applied will be a function of the consumption level generated by the consumers in reaction to the restriction levels.

## 2.27 Billing of estimated consumptions

### 2.27.1 The need to estimate consumption

Notwithstanding all the City's attempts to take monthly meter readings of all water supplied, should it not be possible to take a reading (on-site or remotely) on the appropriate date, the City reserves the right to calculate an estimated consumption from the previous actual reading to the billing date. The estimates are normally based on the seasonal historical average consumption at the property, but may be adjusted by the City to reflect its best estimate of what the consumption may have been.

### 2.27.2 Adjustment to estimated account

As soon as a new actual reading has been taken, the previously estimated consumption will be recalculated and an adjustment will be reflected in the subsequent account. Refer Chapter 1 paragraph 4.14 for the terms of the adjustment.

### 2.27.3 Failure of Meter

During the period from identification of a meter having ceased registering consumption, to when it is replaced and a reading can be taken, an estimated consumption will be applied.

Should the owner / accountholder have been billed a zero consumption for any period of time and it is subsequently found to have been due to a seized meter and the property was not vacant at the time or the usage pattern had not changed, the City may bill retrospectively in line with Chapter 1 paragraph 4.14.

Should the property have been vacant (permanently or temporarily) or where the usage pattern had changed, the onus rests on the customer to notify the City as soon as possible via a signed and sworn affidavit for consideration. If such evidence is not on record, future claims will not be considered.

### 2.27.4 No account received

In the event that an owner / accountholder / occupier is in receipt of water services and has availability to or has consumed water and sanitation services but has never received an account, the onus will be on the owner to make representations to the City to request that an account be sent. Should the City not be able to verify that an account was indeed issued to either the owner / accountholder / occupier, the City may bill retrospectively in line with Chapter 1 paragraph 4.14 and the consumer may make arrangements with the City to pay off the amount.

Any owner / accountholder / occupier who has stopped receiving an account that had previously been received, should immediately request the City to remedy the omission via the Call Centre (0860 10 30 89) or the nearest customer interaction centre. Customers must ensure that a reference number is obtained to ensure such is formally logged on the system.

## 2.28 Disputed consumption

An owner / accountholder who doubts the validity of the consumption stated on any account may apply for the meter to be tested at his or her cost as per the miscellaneous tariff schedule.

Only if the Meter has been found to be inaccurate / registering outside of the approved parameters when tested in accordance with the legal regulations will the cost (meter test fee) be reimbursed and the account adjusted to an estimated consumption for the period the meter was found to have been inaccurate / registering outside of approved parameters. Refer Chapter 1 paragraph 4.14 for the terms of the adjustment. (The onus is on the customer to apply for the meter test as soon as possible. The period of account adjustment will not be extended beyond three years due to delayed application by the customer).

The full prescribed testing tariff can be paid after the meter test by indigent customers (where meters were found to be accurate) on condition that a proportional payment (as per the miscellaneous tariff schedule) is made up-front.

In unresolved disputed consumption cases, the dispute procedure as specified in the City's Credit Control and Debt Collection Policy will be applicable.

## 2.29 SPECIFIC POLICIES FOR BULK WATER TARIFFS

### 2.29.1 Description of the type of service

The Bulk Water Branch forms part of the City's Water and Sanitation Department and is responsible for the bulk supply of potable water to the City's municipal area as well as some adjacent local or regional authorities which are dependent on the City for all or part of their water supplies. The bulk supply of potable water entails the storage of raw water in City-owned dams, the conveyance and treatment of raw water from these and government water schemes, and the distribution and bulk storage of the treated water enabling the optimisation of the water resources for the region.

### 2.29.2 Generic description of the tariff

The bulk water tariff is the tariff which the City charges its external bulk consumers for the purchase of bulk potable water. The unit of the tariff is cents/kilolitre. The tariff is used as a basis for the internal charge between the bulk water and reticulation branches within the Water and Sanitation Department. The Bulk Water Branch also has miscellaneous tariffs relating to charges for non-core functions.

### 2.29.3 Existing legislation

Included in the Bulk Water Branch's total expenditure is the cost of raw water which is payable to the National Department of Water and Sanitation ("DWS"). The cost of this raw water is governed by National DWS's Pricing Strategy for Raw Water Use Charges (November 1999), which was gazetted in terms of section 56 (1) of the National Water Act, 36 of 1998. Water is supplied to other Local Councils or water services authorities through contracts in terms of the Water Services Act.

### 2.29.4 Bulk Water Users

The users of bulk water are the Reticulation Branch of the Water and Sanitation Department, responsible for distribution to end-users within the City's municipal area, as well as a number of adjacent local or regional authorities responsible for distribution of water to end-users within their area of responsibility, as well as by agreement with some individual consumers outside the City's municipal area.

### 2.29.5 Method used to determine the bulk tariff

The bulk water tariff is determined by dividing an estimate of the net expenditure of the Bulk Water Branch in that financial year by an estimate of the expected total volume of water to be produced in that financial year less the water allocated by special agreements and unaccounted-for water. The estimate of the total amount of water produced is based on short-term and long-term water demand projections for the area of supply of the Bulk Water Branch including the areas external to the City's municipal area. The effect of the City's Water Demand Management Strategy is taken into account in determining the water demand projections. The total expenditure comprises the following:

(i) the cost of raw water purchased from National DWS;
(ii) water treatment costs and all other operational costs associated with the bulk water system; and
(iii) the cost of augmentation of the bulk supply system.
(iv) Allowance for the long term sustainability of this service

### 2.29.6 Additional charges

An additional charge is levied by the City as an Agent for the Water Research Commission.

### 2.29.7 Other factors affecting revenue and possible tariff setting

The effect of having to impose water restrictions may affect the tariff setting of the Bulk Water Branch. If sustained low level water restrictions or medium/high level restrictions are imposed, the bulk water tariff would have to be determined based on a reduced total volume of water supplied as a result of the restrictions being implemented. This will support the principle of full cost recovery and long-term sustainability of the service.

The Bulk Water Branch may also increase its bulk water tariff during periods of water restrictions should the need arise, in order to restrict consumption and discourage wasteful water practices.

Other factors which could affect the tariff setting are the introduction of more stringent water quality standards and the construction of new water supply schemes by National DWS.

### 2.29.8 No basic free allocation

No monthly domestic basic free allocation is granted to consumers supplied outside the City's area of jurisdiction.

## 2.30 UNDERGROUND LEAKAGE REBATES ON WATER ACCOUNTS

### 2.30.1 Philosophy

The City should seek to address the problem of underground leaks or leaks otherwise not visible to the eye on private property in a caring and understanding manner by granting an "underground rebate" for *bona fide* claimants of such plumbing leaks, who have made appropriate application for a rebate, where the City should share the costs on an equal basis with the consumer. Care needs to be taken to prevent the abuse of the rebate system by excluding leaks on plumbing to convenience fixtures such as irrigation systems, automatic filling systems to ponds, pools, fountains and similar, where the possibility of the disconnection of those systems from the primary erf plumbing would have prevented the water waste in the first instance.

### 2.30.2 Plumbing leaks subject to the rebate system

Rebates shall only be granted in the case of leaks that are underground or not otherwise visible to the eye on the erf's primary plumbing which would normally be kept pressurised for normal activity requirements.

Rebates will apply to Domestic Customers, schools, churches, charities, homeless shelters, homes catering for the health of physically or mentally challenged individuals old aged homes as defined and vulnerable groups and will not apply to customers outside the municipal area.

### 2.30.3 Derivation of rebates for underground leaks

Rebates for underground leaks or leaks not visible to the eye shall be determined by establishing the difference between the "average" consumption over a corresponding consumption period and the increased consumption resulting from the leak.

This difference shall then be halved and the consumer shall be charged for half the consumption associated with the leak at a rate deemed to be the average Reticulated Water Cost for the City for the financial year.

The Reticulated Water Cost, (Rc), shall be derived as equal to:

- Bulk Water cost (R/kl) plus
- Estimated distribution cost (excluding contribution to any Rates account, Tariff stabilisation or Capital Replacement Reserve fund or Budgeted Surpluses, in Rand) divided by

- Estimated water sales in kl.

**2.30.4 Time period over which the rebate will extend**

It is considered reasonable that two months of actual metered high water consumption would be sufficient time to alert a consumer to the possibility of water leakage. A further month is considered a reasonable time to have this leakage repaired. Accordingly, the total period over which the rebate will extend is defined as the period covering the last three municipal bills based on actual Meter readings. (This period may be in excess of three months if bills are based on estimated consumption).

**2.30.5 Steps to prevent abuse of the rebate system**

All rebate claims will be subject to the production of a plumbing certificate by the claimant detailing the exact location of the leak on the property, the nature of the leak and the steps taken to repair the leak. The City needs to inspect the plumbing after repair of leakages that are subject to rebate claims. The Director: Water and Sanitation shall have delegated authority to grant rebates at the discretion of the City.

With effect from 1 July 2012 each property owner shall be limited to one rebate claim (not including properties previously exhausting their maximum number of rebates). The granting of such rebate will be conditional to the owner applying for and paying the tariff for the installation of an activated water management device (at the cost of the owner) to reduce the risk of future water losses going undetected through private plumbing by the City of Cape Town. Any deviation from the requirement to install activated water management device is subject to approval by the Director: Water and Sanitation (Condition applicable where water management device is available for the size of connection).

All documentation concerning rebate claims shall be filed for audit scrutiny as and when required.

Finally, the City reserves the right to delay the granting of a rebate in instances where the applicant’s account reflects outstanding debt.

The onus is on the customer to apply for the rebate as soon as possible and within a reasonable period. The period of account adjustment will not be extended beyond three years due to delayed application.

### 2.31 Compliance and monitoring of water (e.g. Water Services Intermediaries)

Where an agreement exists between the City of Cape Town and a customer (e.g. a Water Services Intermediary), the City of Cape Town has an obligation to perform compliance monitoring and enforcement on the customer (e.g. Water Services Intermediary) related to the statutory frameworks, including conditions specified in the contract. The specific customer (e.g. Water Services Intermediary) will have to accept responsibility for the additional compliance monitoring cost.

This additional charge shall be based on the Miscellaneous Tariff as reflected in the schedule of tariffs. This shall be billed on a monthly basis.

## 3. SPECIFIC POLICIES FOR SANITATION TARIFFS

### 3.1 User categories

Sanitation tariffs shall distinguish between at least three user categories: domestic users, industrial / commercial users and other users.

Domestic Use:

### 3.2 Domestic user categories

The sanitation tariff structure for domestic users shall distinguish between significantly different levels and standards of services and shall include at least the following five categories for domestic users.

(i) **domestic communal:** Users (households) with access to Communal sanitation facilities (rudimentary sanitation and communal ablution facilities).

(ii) **domestic full:** Users with waterborne sanitation and uncontrolled or controlled discharge to a sewer network.

(iii) **domestic on-site waterborne:** Users with waterborne sanitation collected on site (e.g. septic tanks).

(iv) **domestic on site:** Users with a non-waterborne system collected on site (container or VIP).

(iv) **domestic cluster:** Where one connection point serves a multi-Residential Unit development.

(vi) **domestic backyarders:** where one water management device serves backyard occupants.

### 3.3 Universal billing

All users are to be billed unless provided with a rudimentary or basic service such as communal facilities.

### 3.4 Volumetric domestic tariffs - domestic communal

No charge shall be rendered for the use of communal facilities.

### 3.5 Volumetric domestic tariffs - domestic full

Consumption tariffs for domestic connections shall be based on an increasing block structure as specified in paragraph 2.6 and 2.7 above. Volumetric sanitation tariffs for domestic users shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed at 70% of the user's domestic water consumption and shall be limited to a maximum billable volume of 35 kl per month. An allowance of 7 350 litres per month will be made available at zero cost to indigent customers.

### 3.6 Volumetric tariffs - domestic on-site waterborne

Volumetric sanitation tariffs for this category of user shall be based on a volume as measured in the tank of the truck. The tariff shall be a tariff per kilolitre of wastewater. Users will be permitted to make use of private contractors.

Registered *bona fide* non-profit organisations, which operate homes catering for the health of physically or mentally challenged individuals, and are serviced by a tanker service can apply for an 80% rebate. Such organisations must be accredited by the relevant Council Committee / Body.

### 3.7 Basic sanitation charges / fees

This tariff shall be a fixed charge where necessary in informal areas depending on the mechanism. Different charges / fees may apply for different systems.

### 3.8 Volumetric tariffs – domestic cluster

Consumption tariffs for domestic connections shall be based on an increasing block structure as specified in paragraph 2.6 and 2.7 above. Volumetric sanitation tariffs for users in multi-Residential Unit developments (i.e. Sectional Title, Single Title cluster developments, Gated Villages, Block of Flats with unregistered individual ownership of units) shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed as 90% of the monthly metered water consumption and subject to a maximum allowable volume of 35 kl per unit per month. Inclusion of Block of Flats with unregistered individual ownership of units becomes effective from 1 July 2017.

An allowance of 7 350 litres per Residential Unit per month will be made available at zero cost subject to approval of indigency of the full development.

Allowance to apply the tariff structure per unit per month will be made:

(i) upon submission of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or

(ii) upon updating of the information on the City of Cape Town master data base (e.g. completed and occupied number of units).

Backdating of the free basic allocation will be considered and implemented in accordance with Chapter 1 paragraph 4.14 on condition that proof of occupancy is provided. The allocation can however not be backdated further than the date of transfer of the property from the developer to the domestic cluster owner(s). This will also be done with due cognizance of the changes in the free basic allocation effective from 1 July 2017.

### 3.9 Volumetric tariffs – domestic backyarders

Consumption Tariffs for backyarder occupants served by water management device.

An allowance of 7 350 litres per unit per month will be made available at zero cost:

(i) upon submission of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or

(ii) upon updating of the information on the City of Cape Town master data base.

Industrial and Commercial Use;

### 3.10 Volumetric tariffs - industrial and commercial

The consumption tariffs should be set at a Function of Future Incremental Marginal Cost. Volumetric sanitation tariffs for industrial and commercial users shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed as 95% of the monthly metered water consumption.

In cases where indigent domestic customers reside in cluster units on mixed-use zoned properties, and the mixed use property has been categorised as domestic based on the predominant use principle, they may apply for a free 7 350 litres per residential unit per month which will be subject to approval if indigency of the full development.

In cases where domestic customers reside in cluster units on mixed-use zoned properties and the mixed use property has been categorised as domestic based on the predominant use principle, they may apply for the tariff structure to be allocated per residential unit per month by submitting an affidavit to this effect, signed by a properly authorised person, where the number of residential units are specified. An investigation will need to be performed to confirm the information and consider whether such application can be approved by the relevant Director: Water and Sanitation, based on the proportion of predominant use. The "predominant use" principle will therefor apply for tariff categorisation and allocation of free basic services for such approved indigent customers. Specific tariffs will only be considered if separate meters are installed and private plumbing altered at the cost of the customer.

Other Use:

### 3.11 Volumetric tariffs - other: Government, organs of state, educational institutions, sports bodies, clubs, hospitals, municipal users and religious institutions / places of worship

The consumption tariffs should be set at a Function of Future Incremental Marginal Cost. Volumetric sanitation tariffs for all other users shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed as 95% of the monthly metered water consumption.

### 3.12 Volumetric tariffs – Charities / Public Benefit Organisations / Non-profit organisations used for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities)

The volume of sanitation shall be deemed to be 95%

The consumption tariff for registered charities, public benefit organisations and non-profit organisations will be charged at the Average Cost of Sanitation.

To allow for the approval process, financial adjustments will be backdated to the start of the financial year in which an approved application was received.

### 3.13 Volumetric tariffs – Accommodation for the vulnerable (homeless people's shelters / children's homes / homes catering for the health of physically or mentally challenged individuals / Old Aged Homes as defined

In order to provide free basic services to people without title deed, indigent people living in homeless people's shelters, children's homes, **homes catering for the health of physically or mentally challenged individuals** and old aged homes as defined, a special sub-category shall be used. The volume of sanitation shall be deemed to be 70% of water consumption with no capped maximum.

The consumption tariffs for this consumer sub-category shall be based on the number of people or beds normally accommodated in each residence as defined in an affidavit, signed by a properly authorised person, upon annual application for such residence to be registered with the Council, and receive a free sanitation allocation of 17,5 litres per person per day or 525 litres per person per month. Beyond such consumption, the specific defined consumption sub-category equal to the Tariff categorisation of the property for Sanitation per kl shall be applied.

The consumption tariff for "accommodation for the vulnerable" consumers will be charged at the Average Cost of Sanitation.
To allow for the approval process, the free allocation will be backdated to the start of the financial year in which an approved application was received.

### 3.14 Users only making use of a sanitation service

Users who obtain their water supply from a source other than the Council such as a neighbouring water supply authority or from unmetered boreholes, but make use of the Council's sanitation services, are liable to pay for the services. The volume on which the charge is based shall be determined and verified on an annual basis by the relevant Director: Water and Sanitation by measurement or estimation of the water used. Determination of the percentage wastewater will be as per the user category.

### 3.15 Charges and quantity of industrial effluent

The charges referred to in section 7 of the by-law, are calculated and reviewed hereunder:

(1) The charge is, subject to the succeeding provisions of this Schedule, the amount obtained by applying the formula calculated in terms of item (2) below.

(2) **Vw (SVC) + VieT (COD-1000)/1500 + VieT (SF)**

Where –

**"Vw"** is the total volume, expressed in kiloliters, of wastewater discharged from the premises during the period concerned.
**"SVC"** is the sewerage volumetric charge in terms of the sanitation tariff.
**"Vie"** is the total volume, expressed in kiloliters of industrial effluent discharged from the premises during the period concerned.
**"T"** is the cost, as determined by the Council, of treating 1 kiloliter of wastewater.
**"COD"** is the chemical oxygen demand of the effluent in milligrams per liter. In the event of the COD being less than 1 000, the COD factor falls away.
**"SF"** is the surcharge factor of the effluent calculated according to the formula:
**SF = Y(X-L)/Ls**

Where –
**"Y"** is the appropriate factor applicable to such parameters as stipulated in the miscellaneous tariffs of the City
**"X"** is the concentration of one or more of the parameters listed in Schedule 1.
**"L"** is the by-law limit applicable to that particular parameter
**"Ls"** is the Department of Water Affairs license standard for a particular parameter

(i) No factor calculated by this formula may have a value less than zero;
(ii) In the case of the pH parameter X represents the pH value and, if (X-L) results in a negative value, a positive value of the same magnitude must be substituted.

(iii) Ls has been introduced into the formula in consideration of the National DWS's stringent permit/license conditions that the City's wastewater treatments plants must comply with. Where there are permit and license standards, the license standard will be applied; and where there are no license standards, the permit standard will be applied.

(3) The COD of industrial effluent is the rolling arithmetic average of four samples taken at any time during a six to twelve-month period.

(4) The SF of industrial effluent is the latest value determined.
(5) The SF is cumulative for all parameters which are outside the limits set in Schedule 2.

(6) If, for any reason, the requisite number of samples referred to in items (3) or (4) above is not taken, or more than four samples are taken, Council may determine an equitable COD and/or SF.

(7) The owner/occupier of any premises is entitled to receive, on request, part of any sample taken from the premises before that sample is removed by Council.
(8) Council shall make use of its part of the sample for billing purposes.

(9) Test samples may be taken at any time deemed necessary by an authorized official to ascertain compliance of the industrial effluent with this by-law or any other standard determined in a permit, and the full costs shall be charged to the permit holder.

**Calculation of quantity of industrial effluent discharged**

(1) The Council determines the total quantity of industrial effluent discharged from any premises.

(2) If industrial effluent and other wastewater are measured together, Council will make such allowance as it considers fair for such other wastewater.

(3) If the amount of industrial effluent discharged from any premises is not directly measured:
   (a) the Council will base the determination on the amount of water used at the premises, after making whatever allowance it considers fair for water used for domestic purposes or irrigation, loss to the atmosphere, or present in the products produced at the premises, and
   (b) if industrial effluent is discharged from the premises at more than one point, the Council will allocate the said amount of water to the points of discharge as accurately as possible.

(4) If a measuring device is proved to be defective, the Council will, subject to item (5) below, make due allowance for the defect in its calculation of the quantity of discharge.

(5) The Council may, by notice in writing, require the occupier, owner or person in control of, or using, any premises to provide such information, access or facilities Council considers necessary either for the accurate calculation of the charge payable, or to establish whether a charge is in fact payable in respect of the premises.

(6) If the Council is of the opinion that the sampling does not represent the actual average quality of industrial effluent, then it may use an alternative acceptable method in order to determine an equitable industrial effluent charge.

(7) If the Council is unable to assess the quantity or charge due because –
   (a) the formula referred to in item 1(2) above, is dispensed with, and/or
   (b) a notice referred to in item 2(5) above is not complied with and/or;
   (c) any contravention of this by-law has taken place and as a result the charges due in respect of the premises concerned cannot be calculated accurately,

the Council will assess the charge due as being such amount as it considers fair.

(8) Notwithstanding item (7) above, the Council may, in order to assess any charge provided for in this by-law or to ensure compliance with any provision of this by-law, by notice in writing, require the owner of any premises, within a specified period and at the expense of the owner to provide and maintain such gauges or other measuring devices as the Council considers necessary to–

(a) measure the volume of water used at the premises and the volume of water obtained from any source other than council;

(b) measure separately the volume of water used for any specified purpose or in any specified portion of the premises; and

(c) provide proof to the satisfaction of the Council that any gauge or device referred to in items 8(a) and 8(b) is functioning correctly and accurately.

(9) Where the discharger applies for the disposal of Wastewater / Chemical Toilets at a designated facility, a Direct Disposal Permit Application Fee will be charged to the applicant.

### 3.16 Surcharge: extraordinary treatment cost for industrial effluent

Where the pollution loading (quality) of wastewater discharged into the sewerage system exceeds the pollution loading of ordinary domestic wastewater, the specific user or industrialist/owner will have to accept responsibility for the additional treatment and additional compliance monitoring cost (excluding the initial compliance monitoring).

This additional charge shall be based on the Industrial Effluent Miscellaneous Tariff as well as the industrial effluent formulae as stipulated in this policy. This additional charge shall be billed monthly.
Where a discharger applies for an industrial effluent permit as stipulated in the Wastewater and Industrial effluent by-law, an applicable and non-refundable charge will be levied to the applicant for administrative costs associated with the processing, according to the Miscellaneous tariff schedule as reviewed annually.

### 3.17 Industrial effluent rebates

Industrial Effluent rebates shall only be granted on instances that aim to avoid detrimental impact to municipal infrastructure; where the owner has shown capital budget expenditure to improve the quality of industrial effluent and quantity discharged into the municipal system; and subject to the availability of an agreement between the City and the property owner. The agreement will be reviewed annually and applied for a specified period at an agreed upon percentage rate. The Director of Water and Sanitation shall have delegated authority to grant/revoke rebates at the discretion of the City. Each erf shall be limited to two rebate claims in each twelve-month period.

### 3.18 Industrial effluent account adjustments

Industrial Effluent account adjustments shall be granted, where applicable or upon request where there are disagreements with the Industrial Effluent account, subject to submission of credible documentation, by the applicant, in support of the adjustment claim. The Director of Water and Sanitation shall have delegated authority to investigate the matter, approve or not approve the adjustment claim, at the discretion of the City. Should a dispute arise, the Director of Water & Sanitation will endeavour to resolve the dispute at the discretion of the City and in accordance with the dispute procedure as stipulated in the City's Credit Control and Debt Collection Policy. All documentation concerning adjustment claims shall be filed for audit scrutiny as and when required.

### 3.19 Surcharge: storm-water discharges into sewer

Where an unauthorised discharge connection for storm-water runoff into the sewer is found, the owner of the premises will be given a notice period to either amend the connection to discharge it in an approved manner into the storm-water/road drainage system, or reach agreement for condoning the existing connection. An agreement is an option if a connection to the sewer is not deemed practically possible at the discretion of the Director: Water and Sanitation. The applicable Miscellaneous Tariff for either case will be charged on a monthly basis.

### 3.20 Compliance and Monitoring of Effluent at Water Services Intermediaries

Where the pollution loading (quality) of wastewater discharged into the sewerage system exceeds the pollution loading of ordinary domestic wastewater, the Water Services Intermediaries will have to accept responsibility for the additional treatment and additional compliance monitoring cost (excluding the initial compliance monitoring).

This additional charge shall be based on the Industrial Effluent Miscellaneous Tariff as well as the industrial effluent formulae as stipulated in this policy. This additional charge shall be billed monthly.

The WSI shall be responsible for compliance with and must discharge and comply with all of the WSA obligations under by-laws, policies and consumer charter which obligations the Water Services Intermediaries has assumed under the contract.

Where a discharger enters into an agreement, an applicable and non-refundable charge will be levied to the applicant for administrative costs associated with the processing, according to the miscellaneous tariff schedule as reviewed annually.

### 3.21 Charges for Water Services Intermediaries where alternative sources of water are used and disposed via the Sewer System

Cases where Water Services Intermediaries are making use of alternative sources of water for purposes which give rise to the discharge of such resulting water (wastewater) or portion thereof into the sewer system are not billed for the disposal of wastewater as no or very little water consumption is registered on the municipal water meter of which a specified percentage is used as the current conventional methodology to calculate the volume disposed. In order ensure that such customers still contribute towards recovering the cost of the service delivered, i.e. the disposal of wastewater that need to be transported and treated at the wastewater treatment plants, a fixed basic charge will apply. The charge to specific Water Services Intermediary will be a function of the Water Services Intermediary's tariff category and the result of a water audit on the specific property.

### 3.22 Charges for Customer where alternative sources of water are used and disposed via the Sewer System

Cases where customers are making use of alternative sources of water for purposes which give rise to the discharge of such resulting water (wastewater) or portion thereof into the sewer system are not billed for the disposal of wastewater as no or very little water consumption is registered on the municipal water meter of which a specified percentage is used as the current conventional methodology to calculate the volume disposed. In order ensure that such customers still contribute towards recovering the cost of the service delivered, i.e. the disposal of wastewater that need to be transported and treated at the wastewater treatment plants, a fixed basic charge will apply. The calculated volume and categories where such volume needs to be determined via a water audit on the specific property are reflected in the miscellaneous tariff schedule.
The charge will be a function of the category's tariff and the deemed volume / volume determined as a result of a water audit on the specific property.

### 3.23 Fixed Basic Charges / Fees

No fixed monthly charge will be levied on users who discharge wastewater obtained from municipal sources into a sewer system.

### 3.24 Connection charges

Connection charges for all consumer categories shall be recovered, i.e. the full costs of the sewer connection installation. Correct cost allocation should be set up in the financial system to ensure that costs are recovered by the relevant tariff and that no inappropriate subsidisation occurs.

### 3.25 Disconnections

Domestic users - Due to the health risk related to effluent, a sewerage connection should not be disconnected if a user fails to pay. The water supplied to the user may be restricted in terms of the Credit Control and Debt Collection Policy that in turn will minimise the effluent discharged.

Industrial/commercial users – In the event of an industrial effluent discharge from a user being found to be non-compliant with the Wastewater By-Law and in the opinion of the Director: Water and Sanitation to be harmful to the reticulation, treatment infrastructure or receiving bodies, Council may disconnect or seal off the sewer connection until such time that Council is satisfied that the non-compliance has been fully attended to. Only then will Council authorise a reconnection at the cost of the user. The Sanitation By-Law also allows for Council to recover any cost of making good damages to its infrastructure, irrespective of whether the connection had been sealed off or not.

### 3.26 Adjustment to the calculated volume

For industrial, commercial, domestic (cluster) and other rates categories only and specifically excluding the domestic full rates category, the relevant Director: Water and Sanitation shall have delegated authority to adjust the deemed percentage of water used which is discharged into the sewerage system as wastewater. Scientifically-based calculations undertaken or accepted by a delegated official shall determine the adjustments which should more closely predict or measure the actual wastewater discharged. Should an applicant not return the necessary documentation, within he stipulated time-frames, for processing, the industrial/commercial will be billed at the default percentage 95% industrial/commercial and 90% domestic cluster.

### 3.27 Contributions

Income from sanitation charges should not be used to subsidise other rates and general funded services.

### 3.28 Sanitation charges where Prepayment Meters have been installed

A Prepayment Municipal Meter may be installed at the discretion of the Director: Water and Sanitation. The relationship between the amount offered and the volume supplied will be dependent on the standard monthly consumption as calculated. The sanitation discharged will be purchased at the same time as the water.

### 3.29 Relationship between rebated water for underground leaks and volumetric sanitation charge

Any water deemed to be lost through a leak on the primary plumbing of an erf, as provided for in paragraph 2.29 of the Policy, shall be deducted from the volume of water used to compile the volumetric sanitation charges, taking into account the sanitation charge capping that exists on relevant tariff categories.

Rebates will apply to Domestic Customers, schools, religious institutions, charities, homeless shelters, children's homes, homes catering for the health of physically or mentally challenged individuals old aged homes as defined and vulnerable groups and will not apply to customers outside the municipal area.

# 4. GENERAL POLICIES FOR WATER AND SANITATION TARIFFS

## 4.1 Contributions

As a general principle there will be no contribution from water and sanitation to the Rates and General Fund, unless specifically imposed by Council for a specific financial year. Contributions to the Informal Settlement Department will however be allowed.

## 4.2 Subsidies

Reasonable and appropriate cross-subsidisation may be applied between consumer categories. All applied subsidies (including those within and between consumer categories) must be disclosed to the extent that this is practical.

## 4.3 Departures

Departures from any of the principles in this Policy may be made at the discretion of the Director: Water and Sanitation, only where there are sound practical reasons that prevent the implementation of the Policy at the present time and/or where the phased adoption of the Policy or policies would reduce an otherwise onerous burden on Council and/or consumers. A financial burden on an indigent household under specific exceptional circumstances could also be a valid reason for authorising a departure. The reasons for any departures must be recorded in writing.

## 4.4 Principles upon which tariff policy is based

The calculation of all tariffs is based on the general principles of full cost recovery, to protect the basic level of service and to ensure long-term sustainability of the service. This will include the cost of backlogs, maintenance and renewal of plants and networks as well as the cost of new infrastructure.

## 4.5 Frequency of tariff setting

All tariffs are determined on an annual basis, with due cognisance of adjustments between approved reduction levels necessitated by water restrictions.

## 4.6 VAT

VAT is charged as per the existing national tax legislation on all consumptive tariffs and all miscellaneous tariffs as indicated in the schedules.

## 4.7 Availability charge

An availability charge shall apply to serviced vacant or undeveloped land for both the water and sanitation services excluding unproductive vacant land (e.g. public open space, private road).

## 4.8 Consumer deposit

A consumer deposit will be levied with the commencement of services to a consumer, to allow for unpaid bills that may arise later, especially during ownership transfer periods. With effect from 2014/15 onwards the payment of the consumer deposit will no longer be applied to domestic customers.

## 4.9 Charges for the replacement of standpipe tags

A charge for the tag used to obtain access to water will become effective where such needs to be replaced.

## 4.10 Charges for Standard or Pre-Paid Hydrant Standpipes

The charges for standard or pre-paid hydrant standpipes are reflected in the miscellaneous tariff schedules.

In instances where a hydrant standpipe is not returned or cannot be presented for reading purposes by the applicant/user to the City of Cape Town, the City will continue to charge the monthly rental charge as well as an estimate of water consumed based on the standard flow rate:

20mm Standpipe: 2.5kl/h x 8 hours' x 21days = 420kl per month x Miscellaneous tariff charge

50mm Standpipe: 25kl/h x 8 hours' x 21days = 4200kl per month x Miscellaneous tariff charge
Such rates will continue to be applied until such time that applicant/user returns the hydrant standpipe or advises council that such hydrant standpipe has been lost.

## 4.11 Charges for plumbing related work performed by City official on private property

The owner is responsible to comply with the by-law on items relating to the abuse of water which includes the identification of leaks that exist on the private property. The request for an official of the City of Cape Town to perform plumbing related investigation or work on private property will be charged at the appropriate tariff.

## 4.12 Forfeiting of unused free basic allocations

Any free basic allocation not used by the end of each month/ metering period/billing cycle will be forfeited. Such allocation per month/metering period/billing cycle to be calculated as:

6 kiloliters x 12 months / 365 days (366 in leap years) x the number of days for the specific period for water; and
4.2 kiloliters x 12 months / 365 days (366 in leap years) x the number of days for the specific period for sanitation.

## 4.13 Installation of Private Prepayment Sub-Metering System

Installation of private sub-metering devices on private plumbing infrastructure have been standard procedure implemented by property owners/Body Corporates/Home Owners Association to administer the allocation of cost. In this regard, adherence must be given to the water by-law which specifies that property owners / Body Corporates / Home Owners Associations may not charge the internal customers more than the water and sanitation tariffs approved by the City of Cape Town.

When prepayment sub-metering systems are installed by property owners/Body Corporates/Home Owners Associations, application needs to be made with the City to ensure that property owners/Body Corporates/Home Owners Associations ensure access to basic water. The terms and conditions of such application are specified on the application form. Any administrative cost recovered will be an agreement between the owner(s) and the service provider and may not form part of the tariff.

## 4.14 Measures to be applied during water restrictions when customers exceed the allowable usage promulgated in the restriction measures

The setting of consumption limits form part of the promulgated restriction measures to ensure the protection of the available water resources. Should customers not be adhering to such limits, the City reserves the right to enforce such limits. Enforcement of such limits will only commence after a warning letter has been sent to the customer advising that the customer is in contravention of the water restriction measures, that a specific period will be given for reduction of the consumption levels or to allow for formal application (with motivation) for consumption in excess of such limits (quota increase) via the standard processes.

## 4.15 Assistance Factor to be applied during the application of punitive tariffs during periods of water restrictions

The purpose of the assistance factor is to ensure that large families are not penalised (moving in to higher tariff step) whilst still adhering to the restriction level per person. The assistance factor is only applicable for step 1 and 2 of the domestic grouping as any usage above these steps will represent assistance to customers that are in contravention of the restriction measures. Assistance factors will only be considered for the Domestic Cluster grouping where the average household size per property of the development aligns with the family sizes. The assistance factors to be applied during periods of severe restrictions are contained in the schedule of tariffs and will only be applied after formal application for assistance is obtained via the standard processes.

# 3. CHAPTER 3: ELECTRICITY TARIFF POLICY

## DEFINITIONS

### General Definitions

**"Customer"** means a consumer as defined in the Electricity Supply By-law. In the case of multiple-metered connections where premises are metered directly by the Service Provider, the occupier of each premises thus metered shall be deemed to be a customer.

**"Meter"** means a device that records the demand and/or electrical energy consumed and includes prepayment meters (a meter that can be programmed to allow the flow of a pre-purchased amount of energy in an electrical circuit).

**"AMI"** means an advanced Metering Infrastructure. Systems that measure, collect, and analyse energy usage, and communicate with metering devices either on request or on a schedule.

**"Point of Supply"** means the point determined by the Service Provider at which the Service Provider supplies electricity to any premises. Each meter shall constitute a point of supply.

**"Service Provider"** means the institution authorised by the City to provide electricity distribution services.

**"Premises"** means any land or any building or structure above or below ground, or part thereof, and includes any vehicle, aircraft or vessel.

### Consumption Based Tariff Charges Definitions

**"Demand Charge"** means the charge payable per unit of the Maximum Demand supplied during any 30 consecutive minutes of the billing period (e.g. a month) measured in kilovolt-ampere (kVA).

**"Energy Charge"** means a charge for each kilowatt-hour (kWh) of electrical energy.

**"Service Charge"** means a fixed charge to recover fixed costs such as network operations and maintenance, capital, meter reading, billing, etc. and may be recovered as a daily or monthly charge. It is applicable throughout the entire period during which the relevant premises are connected to the supply mains irrespective of whether any electricity is used or not.

**"Wheeling Charge"** means a charge for the transport of electrical energy over the Service Provider's network infrastructure.

## Sundry Tariffs Definitions

**"Connection Fee"** means the fee payable as a contribution towards the cost of providing a supply. This may be subsidised to facilitate electrification of poor households.

**"Shared-network Charge"** means a charge to cover the costs incurred to increase the capacity of shared networks to meet the additional demand imposed by new developments and additional capacity requested.

**"Miscellaneous Tariff"** means a charge for additional general services rendered such as reconnections, disconnections, meter testing etc.

**"Special Tariffs"** means tariffs that may be introduced from time to time in terms of the Municipal Systems Act 32 of 2000 clause 74 (2) (g) to accomplish specific aims not covered by the standard tariffs.

**"Subsidised Tariffs"** means tariffs where the full cost of delivering the service is not recovered within the target window of consumption.

## Authorised Capacity and Maximum Demand Definitions

**"Maximum Demand"** means the highest averaged demand, measured in kVA or kW, during any integrating period within a designated billing period.

**"Notified Maximum Demand"** means the maximum demand or capacity notified in writing by the consumer and accepted by the Service Provider as that which the customer requires the Service Provider to be in a position to supply on demand.

**"Authorised Capacity"** means the capacity per point of supply made available by the Service Provider and paid for by the customer or developer.

## Types of Connection Definitions

**"Low Voltage (LV)"** means nominal voltage levels up to and including 1 kV

**"Medium Voltage (MV)"** means the set of nominal voltage levels greater than 1 kV up to and including 33 kV.

**"High Voltage (HV)"** means the set of nominal voltage levels greater than 33 kV up to and including 220 kV.

**"Renewable Energy"** means energy generated from a sustainable source such as solar, wind or wave.

**"Embedded Generation Connection"** means a connection approved by the City for the grid connection of renewable energy generation plant.

## 1. ELECTRICITY TARIFFS

1.1 Electricity tariffs consist of consumption based tariffs and sundry tariffs.

1.2 Consumption based tariffs will be used for the service consumption of electrical energy and/or demand capacity supplied, wheeled, installed or required by the customer.

1.3 Consumption based tariffs may consist of any combination of service charges, administration charges, network access charges, energy charges, demand charges, and wheeling charges. These charges may be further subdivided and may be seasonally differentiated.

1.4 Sundry tariffs may include Connection Fees, Miscellaneous Tariffs, Special Tariffs, Shared-Network Charges, Street Lighting Tariffs and Subsidised Tariffs as contained in the Schedule of Tariffs.

## 2. CATEGORIES OF USERS

2.1 Consumption based tariffs shall distinguish between Residential and Commercial/Industrial Customers.

2.2 Residential customers shall be customers in private residential establishments (including, but not limited to, houses, apartments, blocks of flats, townhouse complexes, bed-and-breakfast establishments, second dwellings, and establishments defined in Chapter 1 of this Policy) where electricity is used primarily for residential use and the authorised capacity provided to a single customer does not exceed 100 A three phase.

2.3 Commercial/Industrial customers are those not defined as Residential Customers and includes, but are not limited to, halls, places of worship, schools, sports clubs, restaurants, theatres, consulting room establishments, and all other commercial and industrial premises. Residential establishments such as hotels, hostels, guest houses, boarding houses and retirement homes, separately metered general lighting areas in residential complexes, or where the authorised capacity provided to a single residential customer exceeds 100 A three phase will also be regarded as Commercial customers.

2.4 There may be sub-categories for Residential Customers and Commercial/Industrial Customers based on Categories of Service.

## 3. CATEGORIES OF SERVICE

3.1 Electricity tariffs may be defined for different categories of service provided where these categories of service are based on:
(a) type of service;
(b) level of Service Consumption;
(c) type of connection;
(d) time of use; and
(e) Other.

3.2 Type of Service may include Wheeling and the supply of Renewable Energy.

3.3 Levels of Service Consumption may include all service consumption as defined in Chapter 3 paragraph 1.2 and also levels of electricity purchases.

3.4 Type of connection may include Low Voltage, Medium Voltage or High Voltage supply at the Point of Supply. It may further include the Authorised Capacity at any one of these voltage levels.

Other may include the type of Meter installed, municipal property valuation and/or geographic location.

3.5 A Basic Service, that is applicable to Residential Customers only, will consist of access to 50 kWh per month at a Notified Maximum Demand of at least 20 A. This service may be subsidised.

## 4. APPLICATION OF TARIFFS

### 4.1 General

4.1.1 Electricity tariffs shall be applied consistently with the categories of users and categories of service at each metered point of supply, provided that final discretion resides with the Service Provider.

4.1.2 Where a choice of tariff exists, the responsibility for that choice lies with the customer. No retrospective adjustments will be entertained.

4.1.3 Any approved change in the tariff shall be applied to monthly accounts on a pro-rata basis from the day on which the revised tariff is implemented, with the exception of demand charges which will be levied at the revised rate.

4.1.4 Customers installing prepayment meters may pay the cost up front or via the prepayment vending system.

## 4.2 Commercial/Industrial

4.2.1 Customers with Notified Maximum Demand of up to 500 kVA may elect to take their supply at a Small Power User or Low Voltage Large User Tariff.

4.2.2 Customers with Notified Maximum Demand of between 500 kVA and 1 MVA shall take their supply at either the Low Voltage or Medium Voltage Large User Tariff.

4.2.3 Customers with Notified Maximum Demand above 1 MVA shall take their supply at either a Medium Voltage or High Voltage Large User Tariff. The latter will only apply where a High Voltage supply is available.

4.2.4 Customers requiring a supply of more than 12MVA firm may be required to take the connection at a higher Medium Voltage than 11 kV, or at an appropriate High Voltage. Customers requiring a supply of more than 20MVA may be required to take the connection at an appropriate High Voltage. This will be at the discretion of the Service Provider.

4.2.5 Customers may only take their supply at the Small Power User 2 or Small Power User 3 Tariff if they have installed a prepayment meter at their own expense, should one not already be installed.

4.2.6 Customers with AMI installed, and Non-residential Small Scale Embedded Generation customers, shall not be permitted to take their supply at the Small Power User 2 or Small Power User 3 Tariff.

4.2.7 Non-residential Small Scale Embedded Generation customers shall have the option to either retain the green attributes of the energy fed into the system (and be compensated at the SSEG Feed-in Tariff (Black)), or transfer these attributes to the City (and be compensated at the standard SSEG Feed-in tariff), with the latter being the default option.

4.2.8 New Large Power Connections shall be charged at the appropriate Large User (Time-of-Use) tariff. New customers will not be allowed to take their supply at the existing Large Power User or Time-of-Use MV Tariffs. Existing customers may elect the new Large User Tariffs at any time, failing which all remaining customers will be migrated to the applicable Large User (Time-of-Use) Tariff as of 1 September 2021.

4.2.9 Any customer on a Large User or Time-of-Use tariff may only change to a Large User tariff and not to a Large Power User or Time-of-Use MV Tariff.

4.2.10 Billed Energy Maximum Demand shall be based on the highest half-hourly integrated demand measured in either direction during peak or standard time. Maximum Demand may also be measured (but not billed) during the Off Peak for purposes of monitoring the contracted Notified Maximum Demand and Authorised Capacity.

4.2.11 The Network Access Charge (where applicable) shall be based on the contracted Notified Maximum Demand of the customer.

4.2.12 Where the demand billing cycle is interrupted as a result of a change of customer, the final reading date shall be deemed to end the demand reading cycle and the maximum demand recorded will be billed to the previous customer where after the demand shall be reset and the maximum demand recorded in the ensuing period (i.e. from move-in date to the end of the normal billing cycle) shall be charged to the new customer.

4.2.13 Only qualifying customers, as defined by and/or within an approved geographic area as set out in the City's Investment Incentive Policy will be eligible for the Investment Incentive Tariffs.

## 4.3 Residential

4.3.1 Customers who have a credit meter installed shall take their supply at the Home User Tariff.

4.3.2 Customers who have a prepayment meter installed and have a municipal property valuation of R1 million or more shall take their supply at the Home User Tariff.

4.3.3 Customers who have a prepayment meter installed and have a municipal property valuation greater than R400 000 but less than R1 million shall take their supply at the Domestic Tariff.

4.3.4 Customers who have a prepayment meter installed and have a municipal property valuation equal or less than R400 000 may take their supply at the Lifeline Tariff.

4.3.5 The municipal property valuation of the entire property shall be used as the property value for each premises on the property for the purposes of application of the Tariff Policy, except where each premises on the property has an individual municipal property valuation (e.g. sectional title schemes). Any rebates available shall attach to the customer receiving the rebate (and therefore only to the premises directly affected), and not to all premises on the property.

4.3.6 Customers who may ordinarily take their supply at the Lifeline Tariff but receive more than 450 kWh per month on average over a period of 12 consecutive months shall take their supply at the Domestic Tariff. Any customers who receive more than 450 kWh per month and would otherwise be able to take their supply at the Lifeline Tariff as a result of a rebate as defined below, shall take their supply at either the Domestic or Home User Tariff, whichever is applicable.

4.3.7 Notwithstanding 4.3.2 and 4.3.3, and subject to 4.3.6, customers may also take their supply at the Lifeline Tariff provided that they receive a partial Rates rebate as set out Section B Item 5 of the City's Rates Policy. On application, such customers may also include legitimate tenants that otherwise would have received a partial Rates rebate, provided that no member of the household may own property elsewhere.

4.3.8 Notwithstanding 4.3.2 and 4.3.3, and subject to 4.3.6, customers may also take their supply at the Lifeline Tariff provided that they qualify and are registered as indigent as set out in Chapter 4 of the City's Credit Control and Debt Collection Policy.

4.3.9 Notwithstanding 4.3.2 and 4.3.3, and subject to 4.3.6, bona fide Old Age Homes being run by a registered Public Benefit Organisations as defined in Section B Item 2 of the City's Rates Policy and where individual metering exists, may upon application to and at the discretion of the Service Provider be permitted to take these individual supplies at the Lifeline Tariff.

4.3.10 Customers in qualifying low cost housing schemes, City Backyarder Programmes or informal settlements may pay the subsidised connection fee.

4.3.11 As of 1 July 2019, all new Residential Small-scale Embedded Generation customers shall take their supply at the Residential SSEG 2 tariff. Existing customers on the Residential SSEG 1 tariff may elect to migrate to the Residential SSEG 2 tariff. Such customers electing to migrate shall not be permitted to return to the Residential SSEG 1 tariff.

## 5. WHEELING

5.1 Customers wishing to participate in a Wheeling arrangement shall be liable for both the Wheeling Customer Medium Voltage Tariff and the Wheeling Use of System tariff in accordance with the Wheeling Agreement.

5.2 Residential and other Commercial/Industrial customers not covered in 5.1 shall not be permitted to participate in a Wheeling arrangement at this time.

## 6. PREPAID TOKENS

6.1 All unused prepaid tokens purchased as of 1 July 2016 shall expire after 36 months. Customers will need to utilise tokens prior to the expiry date of the token, or forfeit the energy purchased. No refunds or replacements of expired tokens shall be entertained.

6.2 For tokens utilised that need to be transferred between prepayment meters, or between a prepayment meter and Small Scale Embedded Generation or Small Power User, the following applies:

6.2.1 The first 2000 verified kWh will be replaced/monetised unit for unit (for prepayment meter to prepayment meter) or at the current average rate (for SSEG/SPU)

6.2.2 The next 3000 verified kWh (2001-5000kWh) will be replaced/monetised at a calculated historic purchase price

6.2.3 Replacement/monetisation of any verified kWh above 5000kWh shall require approval by the Director: Electricity Generation and Distribution.

## 7. TARIFF APPROVAL

7.1 The Regulated portion of the Tariffs are approved by Council in terms of clause 24(2)(c)(ii) of the Municipal Finance Management Act 56 of 2003, and by the National Energy Regulator of South Africa (NERSA) in terms of clause 4(a)(ii) of the Electricity Regulation Act 4 of 2006. If the tariffs approved by Council differ from the tariffs approved by NERSA, the Council approved tariffs shall be applied.

7.2 The Unregulated portion of the Tariffs are approved by Council in terms of clause 24(2)(c)(ii) of the Municipal Finance Management Act 56 of 2003, and in terms of clause 74(2)(f) the Municipal Systems Act 32 of 2000, and are subject to any norms and standards as imposed by the Minister of Finance in terms of the Municipal Fiscal Powers and Functions Act 12 of 2007.

# 4. CHAPTER 4: SOLID WASTE MANAGEMENT TARIFF POLICY

## DEFINITIONS

**"240 L Container (Wheelie bin)"** means a plastic wheeled waste container with a capacity of 240L, provided for the storage of waste prior to collection by the City or private service provider for disposal or waste diversion in areas identified for containerisation.

**"660L and 770L Container"** means a wheeled waste Container with a capacity of 660L and 770L provided by the City for the storage and disposal of waste, to be used for informal traders' waste.

**"Agricultural Property"** means property categorised as agricultural on the Valuation Roll.

**"Availability Charge"** means a charge payable on all Vacant Land.

**"Backyarders"** means households on council rental stock property within a given area and registered as backyard dwellers as determined by Council.

**"Building and Demolition Waste"** means waste, excluding hazardous waste, produced during the construction, alteration, repair or demolition of any structure either man made or natural, and includes rubble, earth and rock and wood displaced during that construction, alteration, repair or demolition, which include discarded concrete, bricks, tiles, and ceramics, discarded wood, glass and plastic, discarded metals, discarded soil, sand, stone and dredging spoil and other discarded building and demolition wastes excluding Asbestos waste.

**"Clean Rubble, Sand & Soils"** means clean rubble defined as waste consisting of concrete chunks, broken bricks, sand, stone, cement, plaster and similar inert materials, but excluding paper, plastic, asbestos cement waste, wood, glass and metal. However, if Builders Rubble is contaminated by more than 10% then it will be regarded as mixed general waste, which will be charged at the Full General Waste Disposal Tariff.

**"Clean Garden Waste"** means organic waste which emanates from gardening or landscaping activities at Residential Properties, business or industrial properties, which includes but is limited to grass cutting, leaves and branches, and includes any biodegradable material and includes such waste emanating from Residential Properties and business properties, but excludes waste products of animal origin.

**"Containers"** means 240 L Container (Wheelie bin), Recycling Container (Wheelie bin), 660L and 770L Containers or any other for waste storage as approved by the Waste Management Officer.

**"Domestic Waste"** means waste excluding hazardous waste that emanates from premises used wholly or mainly for residential, educational, sport or recreational purposes.

**"Disposal coupon"** means a prepaid coupon purchased at municipal offices for the disposal of waste at disposal sites and available per waste category

**"Formal Households"** means a developed residential property where individual erven were approved in terms of Town planning legislation.

**"General Waste"** means a generic term for waste (excluding garden waste and builder's rubble) that, because of its composition and characteristics, does not pose a significant risk to public health or the environment if managed properly, and typically consists of plastics, paper, food and liquids not considered to be infectious or contaminated with hazardous or toxic substance.

**"Generator"** means any person or any agent of a person that generates health care waste, but does not include household generator of health care waste.

**"Hazardous Waste"** means waste that may, by circumstances of the production, use, quantity, concentration or inherent physical, chemical or toxicological characteristics therefore, have a significant adverse effect on the environment, or the health of a person or other living organisms. Such waste has a high risk rating of 1 and 2 and may not be disposed-off at Council landfills. An example is health care risk waste.

**"Health Care Waste"** means any Waste: a) generated by or derived from medical care or medical research; or b) that has been in contact with blood, bodily fluids or tissues from humans, or infected animals from veterinary practices

**"Household Hazardous Waste"** is the collective name for common household chemicals and substances containing toxic ingredients that are no longer useful to the house holder. Examples are compact fluorescent tubes, used oils, asbestos cement heaters and flower pots, old paints, old pesticides, batteries, pool chemicals, etc. It does not include health care risk waste, explosives, etc.

**"Informal Settlements"** means an area where no sub division of individual erven has taken place in terms of Town planning legislation.

**"Indigent Register"** means registered indigent debtors who meet certain criteria as determined by the City from time to time.

**"Industrial Waste"** means waste that emanates from premises that are used wholly or mainly for industrial purposes and generate waste through manufacturing, industrial or fabricating processes, which includes premises used for agricultural land and/or the operation of power stations.

**"Lockable"** means containers that are capable of being locked, that is, secured by a device operated by a key, combination, or otherwise

**"Non-domestic/business waste"** means waste that emanates from premises that are used wholly or mainly for commercial, retail, wholesale, entertainment or government administration purposes and includes waste generated by informal traders and Residential Properties where commercial activities are being conducted.

**"Non-Residential Properties"** means all developed properties not used for residential purposes such as Business and commercial properties; Industrial properties; Agricultural properties – any agricultural property not used for bona fide farming will not fall within this category; Mining properties; State-owned properties that are used for public service purposes; Public Service Infrastructure properties (PSI);Public Service Infrastructure properties (Phase out): Properties owned by Public Benefit Organisations (PBOs) and used for specified public benefit activities; Properties used for multiple purposes; and includes Vacant Land, hostels, guesthouses, old age homes and frail care centres.

**"Normal Removal"** means scheduled collection of refuse which frequency and quantity is subject to determination by the respective Manager of Collection from time to time.

**"Rebates"** means discounts granted to single Residential Properties valued from R1 and up to R500 000. Residential Sectional Title Properties, guesthouses, old age homes and hostels are excluded. Properties at a R0 value will only start to qualify for a Rebate from the time that it has been valued by the Valuations Department Rebates do not apply to Vacant Land and Non-Residential Properties.

**"Recyclable Material"** means waste that can be reclaimed for further use, and/or converted into raw material that can be reused make new products or resources.

**"Recycling Container (Wheelie bin)"** means a wheeled waste Container, provided by the City for the storage and collection of recyclable waste for participating users in areas identified by the City (which will be phased in over a number of years).

**"Residential Properties"** means all improved properties, that are:

- Used predominantly (60% or more) for residential purposes;
- Sectional Title Properties;
- Owned by a share block company, flats, and retirement villages used for residential purposes irrespective of the Usage Codes;
- A rateable residence on property used for or related to educational purposes; and organisations accredited by the Executive Director: Area-Based Service Delivery

**"RFID"** means Radio Frequency Identification Device.

**"Sectional Title Properties"** means all properties registered in terms of the Sectional Titles Act, 95 of 1986.

**"Services"** means the waste management services to be provided by the City and as defined in Chapter 4 paragraph 4.

**"Special Waste"** includes solid, liquid, sludge waste or waste requiring special handling, e.g. all low hazard wastes of hazard rating 3 or 4 off spec food, animal carcasses, de-listed sanitary waste, rags and grit from sewerage works, incinerator ash etc. all special wastes will require prior approval and laboratory testing.

**"Usage Code**" means a code that identifies properties per their valuation status on the Valuation Roll and the City's SAP system.

**"Vacant Land"** means undeveloped land, properties without any buildings or structures, irrespective of usage, that could be used for residential or other purposes, as determined by the Director: Valuations.

Any reference in this policy to "working days" shall be construed as any day other than a Saturday, Sunday or public holiday as gazetted by the government of the Republic of South Africa from time to time.

## 1. PREAMBLE

1.1 The demand for waste disposal has grown in recent years due to economic and population growth in the City. This has placed strain on the available airspace resources of landfill sites in the area and the City is rapidly running out of available airspace for the disposal of waste.

1.2 To combat this trend, the National Waste Minimisation Strategy has determined various principles and objectives that must be implemented by local government. To achieve this, the City is in the process of restructuring and realigning its services. The latter will include partnership arrangements and local economic development initiatives focussed on community, business and industry involvement linked to various technical solutions and financial mechanisms to achieve the strategic objective of minimising waste as far as possible.

1.3 Responsible waste management services are vital to the health and wellbeing of all people and the conservation of the environment. While waste management services in the Cape Metropolitan Area are generally of a high standard, there should be a striving for continual improvement in four broad areas:

1.3.1 extending access to basic waste management services (to all Formal and Informal Households);
1.3.2 efficient and effective supply of services (through service optimisation, improved resource management, waste minimisation, public awareness and education, reducing expenditure and increasing efficiency);
1.3.3 managing and improving the quality of services provided (through a performance management system to effect improved service responsiveness, and greater customer care); and
1.3.4 the maintenance of waste management infrastructure to minimise the cost of replacement or development of capital assets and infrastructure.

1.4 The Policy deals with both residential waste management and non-residential waste management services, as provided by the City or on behalf of the City. This Policy, however, establishes the principle that the cost-benefit of services provided on behalf of the City should be equal to or better than the cost benefit of the City-provided services.

1.5 The Policy does not deal with the cost for services rendered by another entity where the City does not render a service due to a decision of the City.

## 2. PURPOSE AND OBJECTIVE

2.1 The Policy is developed in accordance with the General Tariff Policy and the legislative compliance recorded in paragraph 1 thereof.

2.2 The purpose of the Policy is to establish guidelines for the determination of waste management tariffs.

2.3 The main objective of the Policy is to record –

2.3.1 the principles that guide the tariff structure and how the tariff is determined; as well as

2.3.2 the tariffs.

## 3. POLICY PRINCIPLES

The following broad principles have been used to inform the development of the Policy –

### 3.1 Access to basic services

Waste management tariffs for residential use should be “pro-poor” in their orientation and should seek to ensure that a minimum basic level of service is affordable for all households, ensuring that all Formal and Informal Households have access to basic waste management services. The Policy must support the viability and sustainability of waste management services to the poor. Formal and Informal Households must have access to at least basic services through –

3.1.1 a free basic bagged service for Informal Households;

3.1.2 a basic 240L Container for Formal Households;

3.1.3 tariffs that cover operating and maintenance costs; and

3.1.4 any other direct or indirect method of subsidisation of tariffs for poor households.

## 3.2 Non-Discrimination and Fairness

The City is committed to fairness.
The Policy should be fair to ensure that it treats all users in similar circumstances in the same way. In other words, it treats waste management service users equitably in the application of tariffs and does not unfairly discriminate between users. Waste management tariffs may, however, differentiate or discriminate between different categories of users, debtors, service providers, services, service standards, geographical areas (based on the usage of properties) and other matters. Such differentiation or discrimination may not necessarily be in breach of this Policy as long as the differentiation or discrimination does not amount to unfair discrimination.

## 3.3 Cost reflectivity

Waste management tariffs must include all the costs reasonably associated with rendering the service including capital, operating, maintenance, administration and replacement costs and interest charges. Correct cost allocations should be made that will allow costs to be mapped against the tariffs required so as to reflect those costs and prevent residential users cross subsidising non-residential users. It should also include the cost for those waste management services provided for or on behalf of the City, which cannot be allocated to a specific consumer. This may include Cleansing and *ad hoc* cleaning services.

## 3.4 Revenue sufficiency

The revenue from all waste management-related tariffs should cover the full costs of service delivery, including operational and maintenance costs, rehabilitation, replacement and extension of the infrastructure, provision for bad debt as well as financing and depreciation charges for capital work not financed through any grant, subsidy or donation. Revenue sufficiency may be defined to include surcharges on the tariff for a service in appropriate circumstances, and contributions to capital development and other funds.

3.5 **Sustainability**

Waste Management tariffs should be set at levels that facilitate the financial sustainability of the service. Innovative debt management schemes should be implemented to promote payment. Waste management tariffs shall also encourage the economical, efficient and effective use of airspace, the reduction of waste to landfill, the recycling of waste and other appropriate environmental objectives. Adequate provision must also be made for funding the on-going rehabilitation of waste infrastructure. Tax incentives, rebates and other income streams, such as waste to energy cost recoveries are components that can only be factored in once a full cost accounting model, which takes into account development, social and environmental factors, has been developed to inform future waste management financial decision-making.

3.6 **Transparency**

The extent of subsidisation of tariffs for low-income persons or persons comprising low-income communities; who live in remote, isolated or low density communities who are seniors or other similarly vulnerable users and other categories of users should be fully disclosed. Correct cost allocation should be done in the spirit of transparency.

3.7 **Alleviation of poverty**

Subsidies (including those within and between User categories) should be disclosed to the extent that this is practical. Correct cost allocations and measurement of historical costs must take place to ensure that the policy of cost recovery is adhered to and that no inappropriate subsidisation occurs.

## 4. SERVICE

The City shall, for purposes of this Policy, render the following services:

4.1 **Waste Collection**

A containerised kerbside Collection of Clean Garden Waste, Domestic Waste, Non-domestic/business waste, Recyclable Material and the handling of Special Events waste, on request, by the City;

4.2 **Cleansing**

4.2.1 Removal of any solid waste (litter, dumping etc.) on City owned open public property in preparation for or after any events held in the Metro;

4.2.2 The supply, servicing and removal of 660L / 770L containers utilised for events or traders waste;

4.2.3 The supply, servicing and removal of street litter bins for events on City owned public properties.

4.3 **Waste Minimization**

Any activity to prevent or reduce the volume and/or environmental impact of waste that is generated, treated, stored or disposed of through mechanisms such as re-using, recycling and processing waste for re-use; and

4.4 **Waste Disposal**

The disposal of Building/Demolition Waste, Clean Garden Waste, Domestic Waste, Hazardous Waste, Industrial Waste, Residential Garage Waste and Recyclable Material by the City.

## 5. TARIFF DETERMINATION CONSIDERATIONS

5.1 The costs incurred by the City are unique and the costs include the following:

5.1.1 Waste generation volumes;
5.1.2 Emptying the Containers;
5.1.3 Transporting the waste collected to the nearest disposal facility;
5.1.4 Remuneration;
5.1.5 Handling costs flowing from the separation of recyclable material from the non-recyclable waste;
5.1.6 Disposal /land filling costs;
5.1.7 Management of drop-offs at Disposal facilities;
5.1.8 Provision for Containers and replacement thereof if damaged, lost or stolen;
5.1.9 Provision for bad debts;
5.1.10 General administrative costs and overheads;
5.1.11 Depreciation and interest on borrowings;
5.1.12 Capital and infrastructure replacement reserves;
5.1.13 Rehabilitation of landfill sites: and
5.1.14 Implementation of waste minimisation initiatives.

## 6. USER CATEGORIES

The City shall distinguish all waste collection services between **two User categories**, namely, Residential Properties and Non-Residential Properties.

Waste management tariffs for the City-provided services or those provided by other entities on behalf of the City shall accordingly distinguish between the same **two** User categories. The City reserves the right to render the Services to Residential Properties.

Both User categories, with the exception of Vacant Land, must have a legal waste service as prescribed in the Tariff By-Law. Based on the infrastructure of the City and environmental and health concerns, Residential Properties are compelled to use the City service and may not use private contractors directly.

Non-Residential Properties may opt to use either the City service or the private contractor directly.

All Vacant Land, irrespective of its current or future intended usage, will, until developed, be charged for availability.

### 6.1 Residential Properties

#### 6.1.1 Service categories

6.1.1.1 The waste management tariff structure for Formal Residential users shall distinguish between four different service categories, which are defined in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)**, namely –

6.1.1.1.1 Black lid 240L Container service.

6.1.1.1.2 Additional Black lid 240L Container service. Any Residential Property User may request one or more additional Black lid 240L Container service subject to the area being containerised and subject to the Credit Control and Debt Collection Policy.

6.1.1.1.3 Enhanced (thrice per week) 240L Container service (excluding Single residential properties).

6.1.1.1.4 Lockable 240L Container service.

6.1.1.1.5 Recycling Container service. A dry waste collection service for participating users in pilot areas as determined by Council. The City to provide recycling Container(s).

6.1.1.2 The service levels for each of the service categories referred to in paragraph 6.1.1 are defined in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous).**

6.1.2 The waste management tariff structure for Informal Residential users shall be:
A free bagged service is provided to Informal Settlements because of the lack infrastructure to accommodate Containers. Should the infrastructure of the Informal Settlements change, the City will review the service offered and consider rendering a containerised service.

6.1.3 The City shall provide the Containers to the Users. The Containers shall at all times remain the property of the City.

6.1.4 The property owner shall at all times be responsible for the Container and may only use it for the intended purpose of the rendering of the Services by or through the City.

6.1.5 The replacement cost of the Container fitted with a RFID will be for the property owner when lost/stolen or damaged as a result of the negligence of the property owner or persons residing at, visiting, or occupying the property. Bins damaged by the City during collection operations will be replaced at no cost.

6.1.6 All existing Containers without RFID which are lost/stolen will be replaced at no cost provided that an affidavit from the South Africa Police Service is supplied to the City. Containers damaged as a result of the negligence of the property owner or persons residing at, visiting, or occupying the property. Bins damaged by the City during collection operations will be replaced at no cost.

### 6.1.7 Billing

6.1.7.1 In all instances the property owner will be billed and not the tenant, excluding City-owned properties. The City will not enter into a service delivery agreement with a tenant of a property. In the case of sectional title developments and blocks of flats, billing will be in terms of a service delivery agreement. The minimum number of Containers to be billed will be at least a third of the total number of living units in the development whether the Service is used or not. In the case of hanging and holding properties refuse will we charged to the holding property where the valuation reflects in terms of the Rates Policy Section 18.

6.1.7.2 Basic 240L bin (Minimised) service rebate. Only to be considered and approved for residential Sectional Title complexes & blocks of flats who are able to prove that they are using a City accredited contractor to separate and remove recyclables. The evaluation of applications and determination of rebates are considered & authorised by the Director: Solid Waste Management Services or Delegated Authority. The number of 240L containers may be reduced up to a minimum of a quarter of the number of habitable units. The rebate is applicable from date of approval and must be re-newed on an annual basis. Regular inspections will be held to confirm that the terms of the contract are being upheld. In the event of breach of contract: 1) Benefits will be void from date of inspection, and 2) Billing will revert to compliance with this Policy (Section 6.1.7.1)

Single Residential Properties will be billed for a basic 240L Container service irrespective of whether the Service is used or not, whether a Container is issued or not. Billing for Residential Properties (first Container) is automatic and no service delivery agreement is required or the owner will be billed for the number of containers as confirmed by internal inspectors and/or external auditors appointed by the City.

6.1.7.3 The RFID will be fitted to all new and existing 240L and recycling Containers, subject to availability.

6.1.7.4 In areas where the Lockable bin service is considered necessary, in the discretion of the City, the prevailing tariff will be applicable without exception.

6.1.7.5 Only in the case of Residential Sectional Title Properties will the body corporate be billed. The 240L Containers will be charged to the body corporate and the Container rebate will be "R0". However, if the body corporate requests that each owner (of a unit) be billed separately, then all units will be billed for one Container each at the applicable tariff **and rebate**.

6.1.7.6 In the case of Organisations accredited by the Executive Director: Area-Based Service Delivery, they will be billed. The account will be linked to the accredited organisation, subject to a service delivery agreement with the City.

6.1.7.7 Formal Households participating in the dry recyclables project will be billed at a zero tariff for the Recycling Container.

**Black lid 240L Container service.** All property owners (excluding sectional title properties and blocks of rented flats) are automatically billed for one basic Black lid 240L Container service.

6.1.7.8 **Additional Black lid 240L Container service.** Any Residential Property User may request one or more additional Black lid 240L Container service subject to the area being containerised. The account is directly linked to the residential property number (erf number etc.) and served on the property owner. The additional service is subject to a service delivery agreement with the City and subject to the Credit Control and Debt Collection Policy or as confirmed by the City through a bin audit.

6.1.7.9 **Enhanced** (thrice per week) **240L Container service**. Only specified Users (sectional title and blocks of flats) may request a Blue lid 240L Container service in addition to the Black lid 240L Container service subject to the area being containerised and users will be billed for at least a minimum of a third of the number of living units. The number of Containers is based on the service delivery agreement with the City. The account is directly linked to the property number (erf number etc.) and served on the property owner.

6.1.7.10 **Lockable 240L Container service**. Lockable 240L Container Service. Will be provided in baboon-infested areas as determined by the City in consultation with the Baboon Management Team. Other areas may be considered by Council.

6.1.7.11 **Recycling Container service**. Recycling Container service: A dry waste collection service for participating users in pilot areas as determined by Council. The City to provide recycling Container(s).

6.1.8 **Exemptions –**

6.1.8.1 separate title common property for non-habitable purposes only, in group housing and sectional title developments e.g. roads, pools, parking areas, garages, refuse rooms, security, etc.;

6.1.8.2 islands e.g. Robben Island;

6.1.8.3 properties where refuse exemption clauses in terms of town planning legislation were approved prior to 2008;

6.1.8.4 hostels, guesthouses, old age homes and frail care centres are not regarded as residential; and
private land which the City, due to economic, operational and practical reasons should not service. (Accredited service provider will be supported.).

6.2 **Non Residential Properties**

6.2.1 **Service Categories**

6.2.1.1 The waste management tariff structure for Non-Residential Users shall distinguish between **three** services categories, namely:

6.2.1.1.1 Black lid 240L Container service.

6.2.1.1.2 Enhanced 240L Container service.

6.2.1.1.3 Lockable 240L Container Service.

6.2.2 **Billing categories**

6.2.2.1 Non-Residential Properties will be billed as set out below or as confirmed by internal inspectors and/or external auditors appointed by the City to do a bin audit. The charges will not be variable, irrespective of whether the service is used or not or whether no waste is generated.

6.2.2.2 Billing categories will be in accordance with the Credit Control and Debt Collection Policy and By-Law.

6.2.2.3 The RFID will be fitted to all new and existing 240L Containers, subject to availability, at no additional cost to property owners.

6.2.2.4 In all new agreements the property owner will be billed and not the tenant, except for Council-owned properties. In the case where a property management agency is involved and they have power of attorney, they may apply for services on behalf of the owner, although the settlement of the account remains the responsibility of the property owner. Existing agreements with tenants will be phased out. In the case of hanging and holding properties refuse will we charged to the holding property where the valuation reflects in terms of the Rates Policy Section 18.

6.2.2.5 In the case of Non-Residential sectional title developments, the owner or body corporate will be billed as follows

6.2.2.5.1 **Black lid 240L Container service**. Request for one or more Black lid 240L Container service. The billing is based on the actual service delivery agreement with the City. The account is directly linked to the property owner.

6.2.2.5.2 **Enhanced 240L Container service**. Request for increased collection frequency. The service level (number of Containers and frequency) is based on the actual service delivery agreement with the City. The account is directly linked to the property owner.

6.2.2.5.3 **Lockable 240L Container Service**. Lockable 240L Containers will be provided in baboon-infested areas as determined by the City in consultation with the Baboon Management Team. Other areas may be considered by Council. The account is directly linked to the property owner.

## 6.3 Vacant Land

### 6.3.1 Service categories

6.3.1.1 The waste management tariff structure for Registered Vacant Land only provides for a single tariff, namely:

6.3.1.1.1 **Availability Charge:** A fixed charge for all Vacant Land. All Vacant Land is included irrespective of its current or future intended usage.

All Vacant Land within the municipal area is considered to be serviceable.

### 6.3.2 Billing categories

6.3.2.1 In all instances the property owner will be billed and not a tenant.

6.3.2.2 **Availability Charge:** All property owners of Vacant Land are automatically billed for an Availability Charge.

### 6.3.3 Exemptions

6.3.3.1 City-owned property;

6.3.3.2 private land not serviceable (individual erven not reachable due to un-built roads);

6.3.3.3 private land which the City, due to economic, operational and practical reasons should not service.

6.3.3.4 Agricultural Property as defined in the City's Rates Policy;

6.3.3.5 separate title common property, for non-habitable purposes only, in group housing & sectional title developments e.g. roads, pool, parking areas, garages, refuse rooms, security, etc.

6.3.3.6 leased City-owned land used for non-habitable purposes, e.g. servitudes, splays, parking areas etc.

6.3.3.7 "Cemeteries" properties as per paragraph 2.4 of the City's Rates Policy will not be treated as vacant land and such will not attract availability charges.

# 7 REBATES AND SUBSIDIES

## 7.1 Rebated services funded from the indigent account: Residential Properties

7.1.1 Indigent Bin Subsidy/Rebate applies to the total improved value of the property.

7.1.2 The City has implemented a Rebated Waste Management Service Policy as follows:

7.1.2.1 Informal Settlements – receive a free door-to-door waste collection service as determined by the City;

7.1.2.2 Formal Households (excluding Sectional Title Schemes) – receive a rebated waste collection service based on property value as follows:

7.1.2.2.1 Value from R1 and up to R300 000 receive a 100% rebate – this excludes Housing properties valued at R0, which will continue to receive 100% rebate;
7.1.2.2.2 valued between R300 001 and up to R350 000 receive a 50% rebate;
7.1.2.2.3 valued between R350 001 and up to R500 000 receive a 25% rebate.

7.1.3 In terms of paragraph 27 of the Credit Control & Debt Collection Policy, customers registered on the Indigent Register will qualify for a rebate on the first 240L Container as follows:

7.1.3.1 Customers earning R4 500 and below receive 100% rebate;

7.1.3.2 Customers earning between R4 501 to R5 500 will receive 75% rebate;

7.1.3.3 Customers earning between R5 501 to R6 500 will receive 50% rebate;

7.1.3.4 Customers earning between R6 501 to R7 000 will receive 25% rebate.

7.1.4 Relief available to the indigent in Council-owned housing rental and selling schemes will be as outlined in the housing chapter of the Credit Control and Debt Collection Policy, paragraph 19 (1) (i) (i) and (ii) adopted by Council, as amended from time to time.

7.1.4.1 Customers earning R4 500 and below receive 100% rebate.

7.2 **Rebated services for Organisations accredited by the relevant Council Committee / Body are subsidised by the Residential Tariff**

The City has implemented a rebate for Organisations accredited by the relevant Council Committee / Body as follows: A 50% rebate on the collection charge for a once per week frequency will apply for the first 15 (fifteen) 240 L black lid refuse Containers. Any additional Containers will be charged at the full rate.

7.3 **Contributions**

Income from disposal charges should not be used to subsidise other rates-funded services. Income from collection charges could be used to subsidise the provision of integrated collection, disposal and cleansing services to informal households.

## 8 AD HOC GARDEN REFUSE REMOVAL SERVICE

This service is only available to Formal Residential Properties on the scheduled refuse collection day. Charges will be raised in terms of the number of 85L bags removed.

## 9 SCHEDULED REFUSE COLLECTION SERVICE

Refuse collection is a scheduled service. However, if it is not collected on the scheduled day, it will be collected soon thereafter. At the latest it will be collected on the following scheduled day and any additional bags due to accumulation of additional waste will be accepted.

## 10 WASTE DISPOSAL

Disposal of waste at a disposal facility is based on a fixed rate per mass of waste disposed which will be applied as follows:

10.1 Actual mass per weighbridge transactions; or

10.2 Carrying capacity in the absence of operational weighbridges based on:

10.2.1 Fixed body vehicle which will be charged at carrying capacity of the vehicle; or

10.2.2 Loose body vehicle which will be charged at an average carrying capacity of the Container.
- 10.2.2.1 10/15/30 cubic meters = 9tons
- 10.2.2.2 6/8 cubic meters = 6tons
- 10.2.2.3 <6 cubic meters = 3tons
- 10.2.2.4 <3 cubic meters = 1ton

10.3 The rounding of quantities at disposal facilities (tonnages) will be as follows:

10.3.1 Any quantity will be rounded up to the nearest quarter Ton. This is applicable to actual mass at the weighbridges.

10.3.2 At any one given transaction a maximum of 3 x Quarter ton coupons may be presented.

10.4 As per the NEMWA (National Environmental Management Waste Act) Regulations tyres may no longer be accepted at our Disposal facilities.

10.5 Use of Disposal facilities by entities outside of the City boundaries:

All waste disposal facilities are reserved for waste generated by the City's residents and businesses. Any other entity wishing to use same must formally request permission in writing, which will be subject to terms and conditions intended to safeguard the City's interests. The other entity is obligated to report accurately on waste information to the licensing authority.

In light of established airspace challenges, Council may on receipt of a properly motivated request from any entity consider waiving the current surcharge, partly or wholly, for the disposal of waste originating from outside of the municipal boundary of the City. Waste to be disposed directly at a designated City landfill site for a period not exceeding a year is subject to a written contract that adequately mitigates all known risks for the City, including the diversion of waste from landfill in accordance with the current legislation. In these cases, the tariffs in paragraphs 1.3.5.2.1.1 to 1.3.5.2.1.4 of the Tariff Book will apply.

## 11 CLEANSING

Illegal dumping and/or cleaning before, during or after events will be based on actual cost.

## 12 APPLICATION FOR THE SUPPLY OF SERVICES: SOLID WASTE

In the following instances the completion of an application form by the registered property owner for the supply of Services is required –

12.1 for new or change in level of service required by Non-Residential Properties;

12.2 for the change in the level of service required by Residential Properties;

12.3 in the case of change in ownership of the property, the old service level will be retained pending changes to **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous).**

## 13 ADJUSTMENT TO ACCOUNTS

13.1 Accounts to be adjusted on documented proof of an amended service level agreement (letter, email, etc.) may be corrected in line with Chapter 1 paragraph 4.14.

13.2 If the City has proof of initial service, but neither the City nor the owner has proof of an amendment to the service and the current service level verified by the City is different to the financial billing, then the billing may be corrected in line with Chapter 1 paragraph 4.14.

13.3 If the City also does not have any documented proof of the initial service, the adjustment may be corrected in line with Chapter 1 paragraph 4.14. During data clean-up exercises the City may adjust the account in line with Chapter 1 paragraph 4.14, if the City has provided a service, but the financial billing is different to the current service level.

## 14 SPECIAL REMOVAL SERVICE FOR COLLECTIONS

14.1 Special Events for Collection Services will be rendered if requested by a registered account holder and based on acceptance of a quote provided by the City.

14.2 The Special Events Collection Services will be rendered, on request and subject to the availability of resources and not exceeding a period of 21 calendar days, in accordance with the service levels defined in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)** provided on request.

14.3 Delivery & Retrieval of Containers from the bin store may occur during the City's office hours. The prescribed application documents must be fully completed and approved at the Solid Waste Collection Branch 15 working days prior to the date of the service being required. If Containers are lost, stolen or damaged, replacement and/or repairs are to be borne by the applicant **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)**.

14.4 The Do It Yourself Event service is only available to Non-profitable Organisations e.g. Church, School, Hospital, Crèche, Sport Body, Old Age Home, etc.;

14.5 The containers may only be used for Events that occur within the City of Cape Town boundaries.

## 15 SERVICE AT DROP OFF

The Service at the drop-off facilities is free provided Users adhere to conditions for Usage including that waste must be transported by car, trailer or LDV with total carrying capacity not exceeding 1.5 tons in accordance with the service levels contained in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)**.

## 16 DISPOSAL COUPONS AND/OR SPECIAL WASTE PERMITS

Disposal Coupons and/or Special Waste Permits do not expire until the earlier of –

16.1 the date on which its full value has been redeemed in exchange for the disposal; or

16.2 three years after the date on which it was issued.

Disposal Coupons and/or Special Waste Permits not redeemed during the Financial Year within which it was purchased, will be refunded for up to three years after the date on which it was issued.

16.3 Disposal Coupons must be purchased in advance at Municipal Offices.

16.4 Refunds of Disposal Coupons will be dealt with in terms of Chapter 6 of the Credit Control & Debt Collection Policy

## 17 GENERAL

The City may supply bags for utilization in clean-up campaigns at no cost subject to the availability of funds and at the discretion of the Director: Solid Waste Management Services.

## 18 APPEAL

Should the owner, body corporate or property management agent not be satisfied with the outcome of an adjustment in the tariffs, he/she may appeal (in writing) to the City Manager within 21 days in terms of Section 62 of the Systems Act.

## 19 TERMINATIONS

Termination of service is to be done by letter, e-mail, fax or standard disconnection form. If this is not done then the disconnection date of the electricity supply, in the case of the change in ownership of a property, will be regarded as the date of termination of the service.

## 20 DEPARTURES

Departures from the above principles and Policy may only be made where there are sound practical reasons that prevent the implementation of the Policy at the present time and/or where the phased adoption of the Policy or policies would reduce an otherwise onerous burden on the City and/or consumers. The reasons for any departures must be recorded in writing.

## 21 REGULAR REVIEW PROCESSES

The Policy will be reviewed on an annual basis to ensure that it complies with the City's strategic objectives and with legislation.

## CHAPTER 1: GENERAL

### 1. Definitions

In this policy, unless the context indicates otherwise, a word or expression to which a meaning has been assigned in the City of Cape Town: Credit Control and Debt Collection By-law 2006, as amended, has the same meaning, and -

"**240L container**" or "**wheelie bin**" means a wheeled waste container with a capacity of 240L, provided by the City for the storage and disposal of waste in areas identified for containerisation, as more fully defined in the Tariff Policy as a "240LContainer (Wheelie bin)";

"**Activated**" means a backyard dweller in receipt of a tag giving the right to draw a limited quantity of water from the Municipal reticulation system;

"**Administration of Estates Act**" means the Administration of Estates Act, 66 of 1965:

"**Advanced collection**" means any estimated amount that will be collected as a security for any debt, inclusive of any estimated tenant debt, that may accumulate against the property for a period up to 120 (one hundred and twenty) days from the date of issuing a section 118 certificate in terms of the Systems Act;

"**Backyard dwellers**" means households on council rental stock property within a given area and registered as being backyard dwellers as determined by Council;

"**Child-headed household**" means a household where all the occupants of a residential property are younger than 18 (eighteen) years old. A child-headed household is a household consisting only of children;

**"City"** or **"City of Cape Town"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority

"**Conversion of balances of old dormant accounts**" means accounts carried forward from the previous municipalities which now form part of the City of Cape Town on which no further transactions, other than interest, if any, have been recorded;

‘‘**Credit meter**’’ means a meter where an account is issued subsequent to the consumption of a metered service;

“**Dishonoured payment**” means a payment returned by the debtor’s bank as unpaid;

“**Dispute**” means a dispute as referred to in section 102 (2) of the Systems Act as read with item 7 of this policy;

“**Finance Management Act**” means the Local Government: Municipal Finance Management Act, 56 of 2003;

**“Financial year”** means a year ending on 30 June;

“I**ncome**” means the gross monthly household income of both the owner and spouse or partner including any party in a cohabitation relationship from all sources, including but not limited to salaries, wages, dividends, pensions, grants, rentals, board and lodging, interest received, and any investment income. This income definition is specific to this policy and does not relate to any other external definitions of income; and

*(a)* grants exclude care dependency grants, foster child grants and child support grants;

“**Indigent relief**” means the applicable indigent relief as determined by Council from time to time;

“**Insolvency Act**” means the Insolvency Act, No. 24 of 1936;

“**Integrated Water Leaks Repair Strategy**” means the City of Cape Town: Integrated Water Leaks Repair Strategy;

“**Juristic person**” includes a partnership, association or other body of persons, corporate or unincorporated and includes a trust;

“**Meter**” means any device which measures any demand or quantity of either electricity energy or water passing through such meter as further defined in the Tariff Policy or any other by-law or policy of the City of Cape Town;

“**Municipal valuation**” means the value of the property as determined in terms of the Property Rates Act;

“**Non-residential debtors**” means any debtor who is not a residential debtor;

"**Prepayment meter**" means any meter that can be programmed to allow the flow of a pre-purchased amount of energy in an electrical circuit or a pre-purchased amount of water supplied through a water meter;

"**Prepayment electricity meter**" means a meter that can be programmed to allow the flow of a pre-purchased amount of energy in an electrical circuit;

"**Prepayment water meter**" means any meter that can be programmed to allow the flow of a pre-purchased amount of water to be supplied through a water meter;

"**Property**" means—
*(a)* immovable property registered in the name of a person, and includes a unit as defined in section 1 of the Sectional Titles Act, 1986 (Act No. 95 of 1986); or
*(b)* a right registered against immovable property in the name of a person;

"**Property Rates Act**" means the Local Government: Municipal Property Rates Act, 6 of 2004;

"**Query**" and "**verify**" means any query which is not defined as a dispute;

"**Rate**" or "**rates**" means a municipal rate as defined in section 1 of the Property Rates Act and includes any additional rates on property as envisaged in section 19 (1) *(d)* and section 22 of the Property Rates Act;

"**Rates Policy**" means the City of Cape Town: Rates Policy;

"**Reconnect**'' means connect, reconnect, reset restriction, lift restriction or restore a service supply with or without restriction as permitted in terms of this policy*;*

"**Residential debtors**" means debtors as defined in this policy who utilise property for residential purposes and who may qualify for and who may receive free water or free electricity or a rates rebate, as determined by Council from time to time;

"**Residential property**" means residential property as defined in the Rates Policy;

"**Revenue Credit Profile Certificate**" means a certificate issued by any Municipal Manager or City Manager showing the credit profile of a customer or debtor of that applicable municipality and confirming any debt owed to that applicable municipality;

**"Sewerage"** has the same meaning as **"sanitation"** as found in any City by-law or policy

"**Special rating areas**" means special rating areas as defined in the City of Cape Town: Special Rating Areas By-law;

"**Special Rating Areas By-Law**" means the City of Cape Town: Special Rating Areas By-law, 2012;

"**Sundry**" means any sundry debt raised on a municipal account;

"**Supply Chain Management Policy**" means the City of Cape Town: Supply Chain Management Policy;

"**Tariff Policy**" means the City of Cape Town: Tariff Policy;

**"Tampering"** to meddle, bypass, change any settings, especially for the purpose of altering, damaging, or any misuse which results in the falsification of any consumption;

"**Third party debt collector**" means any person or juristic person that collects debt on behalf of the City;

"**This policy**" includes the City of Cape Town: Credit Control and Debt Collection By-law and any amendment thereto;

"**Verify**" see the definition of the word "**query**"; and

"**Water management device**'' means a water management device as defined in the Tariff Policy or any other by-law or policy of the City of Cape Town.

## 2. Object

(1) The object of this policy is to-

*(a)* focus on all outstanding debt as raised on the debtor's account;
*(b)* provide for a common credit control and debt collection policy;
(c) promote a culture of good payment habits amongst debtors and instil a sense of responsibility towards the payment of accounts and reducing municipal debt;
*(d)* subject to the principles provided for in the policy, use innovative, cost effective, efficient and appropriate methods to collect as much of the debt in the shortest possible time without any interference in the process; and
*(e)* effectively and efficiently deal with defaulters in accordance with the terms and conditions of this policy.

## 3. Principles and guidelines

(1) This policy takes into account the following principles and guidelines:

*(a)* Human dignity must be upheld at all times;

*(b)* this policy must be implemented in accordance with equity, fairness and consistency;

*(c)* every reasonable effort should be made to ensure that details related to the debt and the account of the debtor are correct at all times;

*(d)* the City Manager may treat any debt, and arrangements to repay arrears holistically, but different repayment periods or methods may be determined for different types of service, debtors or areas within the general rule that the repayment period should take into consideration the financial capacity of the debtor;

*(e)* the implementation of this policy is based on sound business practices and any other applicable legislation, including but not limited to the Electronic Communications and Transactions Act No. 25 of 2002;

*(f)* new applications for services will be subject to prescribed credit information and outstanding amounts may be transferred to the new account. All information furnished on the application form may be verified by the City with any or all data information institutions, credit information bureaux and any financial institutions as may be deemed necessary by the City in determining the applicant's credit worthiness or for any other reason as determined by the City Manager. The City reserves its rights to share bad payment behaviour in a responsible manner with the aforesaid institutions, should it become necessary to do so, as determined from time to time;

*(g)* where alternatives are available the City may provide reduced levels of service to manage the debt growth;

*(h)* debtors may be referred to a third party debt collector and may be placed on the National Credit Rating List;

*(i)* if an account is not paid by the due date, at least 30 (thirty) days will be allowed to elapse before interest is charged. Interest will be raised, by the City Manager, on capital based on a full month and part of a month must be deemed to be a full month; or

(i) unless specifically provided for in other agreements; and

(ii) interest will be suspended on indigent debtors and properties that form part of the Integrated Water Leaks Repair Strategy, and where the residential property's municipal valuation is R1.00 up to and including R400,000.00, or as determined by Council from time to time, until the leaks have been repaired, where relevant, install a water management device or a prepayment water meter and a prepayment electricity meter, at the property until the applicable debt is written off;

*(j)* for purposes of an arrangement a debtor may be required to co-operate with any reasonable measures that might be required to reduce their level of use of consumable services to affordable levels;

*(k)* the terms and conditions as contained in any prescribed form or document utilised in implementing this policy, forms part of this policy and are incorporated therein as specifically stated;

*(l)* the suspension of any debt management action, when interrupted for whatever reason, shall, where practical, continue from the previous action taken*;*

*(m)* service of documents and processes may be in accordance with section 115 of Systems Act*;*

*(n)* all legal costs, including attorney-and-own-client costs incurred in the recovery of arrears, shall be levied against the debtor's account*;*

*(o)* where a company, closed corporation, trust in terms of the Trust Property Control Act No. 57 of 1988, home owner's association or a body corporate in terms of the Sectional Titles Act, 1986 (Act No. 95 of 1986), is indebted to the City, the liability for such arrears may, in terms of any legislation or court order, be extended to the directors, members or trustees thereof jointly and severally; and

*(p)* notwithstanding anything contained in this policy, the City Manager may recover any debt incurred at a property as set out in section 118 (3) of the Systems Act, from the owner of that property; however

(i) *Deleted*

(ii) *Deleted*

(iii) where the City is the registered owner of a property which has been leased or occupied, the City shall not be held liable for any debt incurred by the tenant, lessee or any occupant of that property;

*(q)* any reference to any rand value or measured quantity as reflected in this policy may be determined or amended by Council from time to time;

*(r)* in the event of the City expropriating immovable property:

(i) For owners who do not co-operate with the City, the proceeds of the sale of the property, if any, will be deposited into their Municipal account;

(ii) for property owners who are not clients of the City or do not have a Municipal account, the proceeds of the sale, if any, will be paid into a sundry account, until such amount is claimed by such owner;

(iii) no interest will be paid to such owners referred to in sub-item (1) *(r)* (i) and (ii) unless permitted in terms of any other legislation, policy or as determined by Council from time to time; and

(iv) all the proceeds will be further subject to all the conditions contained in this policy.

(*s*) notwithstanding anything else contained in this policy, and in exceptional circumstances, and at the sole discretion of the City Manager, the City Manager may approve the indigent benefit even though the applicant does not meet all the registration criteria as set out in this policy; and

(i) at the sole discretion of the City Manager, the City Manager may approve the extension of the indigent period of any beneficiary.

(2) Misrepresentation

*(a)* Debtors found to have misrepresented themselves in order to benefit from any of the City's relief or any benefit will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and all relief or any benefits that have been received, will be reversed by the City Manager; and

(i) any person who has received any benefit or relief in terms of this policy and who has misrepresented themselves in order to qualify for such benefit or relief will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and all benefits or relief received, will be reversed by the City Manager; and

(ii) the City Manager shall report any misrepresentation in terms of this policy to the South African Police Services.

(3) The City Manager may sign all necessary supporting documents, including but not limited to instructions, affidavits, powers of attorney;

(*a*) when lodging claims for insolvency, liquidation and business rescue purpose; or

(*b*) when handing over debt to third party debt collectors.

(4) The City Manager may determine that any payments made to the City, at any time, including payments towards, debt, services, fines and licence fees, shall be paid for in cash, or any other acceptable method of payment;

(*a*) no cheque payments will be accepted.

(5) Members of the community must ensure that they receive accurate and regular accounts and that the fees and charges are related to the service received.

(6) The City Manager may sign all necessary documents or processes including but not limited to affidavits, declarations and any document to appoint an attorney, who forms part of the third party debt collectors, for the collection of debt, owed by a deceased estate, to the City.

## 4. Employer deductions

Whenever an agreement in terms of section 8, of the City of Cape Town: Credit Control and Debt Collection By-law, is concluded with an employer the City may pay a commission to the employer, the amount of which will be determined from time to time.

## 5. Councillor and municipal staff arrears

(1) Staff arrears will be dealt with in terms of item 10 of Schedule 2 to the Systems Act, and in terms of any procedures, method or actions referred to in this policy. Notwithstanding any other procedure, method or action that may be taken in terms of this policy, the City Manager shall deduct any outstanding amount from such staff members' salary or remuneration after the 3 (three) month period referred to in item 10 of Schedule 2 to the Systems Act, has elapsed; or

*(a)* notwithstanding sub-item 5 (1) the City Manager shall deduct any outstanding amount from such staff members' salary or remuneration after a period of not less than 2 (two) months from the due date thereof.

(2) In accordance with Schedule 1, item 12A of the Systems Act, a Councillor of the City may not be more than 3 (three) months in arrears for municipal service fees, surcharges on fees, rates or any other municipal taxes, levies and duties levied by the City. Notwithstanding any other procedure, method or action that may be taken in terms of this policy, the City Manager shall deduct any outstanding amount from such Councillor's remuneration after the 3 (three) month period has elapsed; or

*(a)* notwithstanding sub-item 5 (2) the City Manager shall deduct any outstanding amount from such Councillor's remuneration after a period of not more than 2 (two) months from the due date thereof.

(3) At the sole discretion of the City Manager and after complying with sub-items (1) and (2), deduct any amount owing to the City by any Councillor or staff member from such Councillor's or staff member's remuneration or salary.

(4) The City Manager shall deduct, by agreement, from any councillor's or staff member's remuneration or salary any amount pertaining to arrears accrued at a property where they are residing even if they are not the property owners.

## 6. Credit control

(1) All new applications for the provision of a service may be subject to the payment of a deposit based on the applicant's municipal payment record with a minimum deposit as per the Tariff Policy; or

*(a)* the City Manager may waive the requirements for a deposit where a prepayment water meter, prepayment electricity meter or water management device have been installed; or

*(b)* at any other time as determined by the City Manager.

(2) Any adjustment to the basic deposit will be determined by the debtor's municipal payment record, as read with the Tariff Policy; and

*(a)* any deposit no longer required by the City Manager may be credited to the debtor's account.

(3) The applicant may be required to undergo a full credit check in an endeavour to trace all debt inclusive of municipal debt owed by the applicant. This will require the provision of, inter alia, acceptable means of identification and if applicable, the binding lease agreement, title deed and other relevant supporting documentation as required by the City from time to time. The relevant application form as approved by the City from time to time forms an integral part of this policy insofar as the contents of such application form are not in conflict with any of the provisions of this policy.

(4) Application for services for businesses**,** including but not limited to, trusts, companies, close corporations, partnerships, sole proprietors and government institutions should be approved subject to the provisions of sub-items (1) to (3) above. The application must include the submission of a resolution delegating authority to the applicant and furnishing, if applicable, the business entity's registration number or Trust Reference Number with the Master of the High Court. The names, addresses and all relevant contact particulars of all the business's directors or members or trustees or proprietors or partners must be submitted with the resolution. The relevant application form as approved by the City from time to time forms an integral part of this policy insofar as the contents of such application form are not in conflict with any of the provisions of this policy.

(5) The City shall not conduct any business activity with or provide any services to any persons who are in arrears with municipal accounts except as provided for in legislation or policy and as determined by the City from time to time, nor will any refunds of credits or any payments for services rendered be made to any debtor or any debtor's nominee or service provider who is in arrears with their Municipal account.

(6) Contract guarantees

*(a)* Introduction
In terms of the Supply Chain Management Policy, compiled in terms of section 111 of the Finance Management Act, financial guarantees may be required on behalf of contractors to secure certain performance and advance payment obligations of a contractor.

*(b)* The conditions associated with the acceptance of such guarantees are to be outlined and maintained in the City's Contract Sureties Policy. *(c)* Deleted

*(d)* Deleted

*(e)* Deleted

*(f)* The format of the guarantee, as referred to in this sub-item, shall be as approved by Council and forms part of this policy.

*(g)* A guarantee shall exclude a suretyship.

(7) Service guarantees

*(a)* Introduction
In terms of this policy deposits should be made by way of cash payments. Council however recognises that for large and very large electricity users guarantees may be accepted in place of cash deposits.

*(b)* The City Manager may accept a service guarantee as provided for in this sub-item.

*(c)* Item 6, (6) *(b)* to *(g)* read with the necessary changes as the context may require, apply to the conditions of service guarantees.

(8) Rental guarantees

(*a*) The City Manager may accept a guarantee for deposits in terms of a lease agreement as provided for in this sub-item.

(*b*) Sub-item (6), *(b)* to *(g)* read with the necessary changes as the context may require, apply to the conditions of rental guarantees.

(9) Guarantees against potential damages

(*a*) The City Manager may accept a guarantee against potential damages to the City for any reason.

(*b*) Sub-item (6), *(b)* to *(g)* read with the necessary changes as the context may require, apply to guarantees against potential damages.

(10) The City Manager may reverse any benefit received should a debtor fall into arrears after receiving such benefit.

(11) The City Manager has a right to conduct a full credit check on any person who is or who will become subject to this policy or any other policy of the City.

(12) All debtors, may, having paid the prescribed fee, obtain a Revenue Credit Profile Certificate from the City Manager, and the City Manager may –

(*a*) call for an equivalent certificate as issued by any other municipality before entering into any business transaction with the City; or

(*b*) approach any other municipality to obtain a municipal credit profile of any potential debtor.

(13) The City Manager requires payment in full prior to the rendering of any services as contained in the City of Cape Town: Cemeteries, Crematoria and Funeral Undertakers By-law, 2011 as amended from time to time or as superseded by any subsequent legislation.

(14) Any councillor or staff member, who enters into a lease agreement, with the City in their personal capacity, shall agree to sign a stop order in favour of the City, for the agreed rental and all charges relating to the lease.

## 7. Query, verify or dispute

(1) Query or verify

(*a*) In this sub-item to query or verify an account refers to the instance when a debtor queries any specific amount or any content contained in any account as rendered by the City to that person as per the process contained herein;

(*b)* any query can be raised orally in person at any walk in centre, via the City's Call Centre or by way of correspondence;

(*c*) when a debtor queries an account such debtor must furnish full personal particulars including any acceptable means of identification, all account numbers held with the City, direct contact telephone numbers, fax numbers, postal and e-mail addresses and any other relevant particulars required by the City;

(*d*) a debtor may be represented by a duly appointed nominee or agent; and

(i) such nominee or agent shall, upon request, produce sufficient proof of such appointment;

(*e*) all queries shall be acknowledged and dealt with as promptly and efficiently as possible by the City; and

(i) where required an outcome shall be conveyed to the debtor; and

(ii) where an account query has arisen, the amount queried shall not be subject to debt collection by the City until the query has been resolved and the outcome has been communicated to all parties, where relevant;

(*f*) the City Manager may suspend any debt collection action, pending the outcome of any query;

(*g*) notwithstanding any query on any account the account must still be paid, in terms of the provisions contained in this policy, once any queries have been resolved, where relevant; or

(i) subject to any other legislation, payment must be based on the normal average of past accounts rendered until the query is resolved by the City Manager; and

(ii) that portion of the account which is not subject to the query must still be paid; and

(*h*) should a debtor not be satisfied with the outcome of the query, a debtor may lodge an appeal in terms of section 62, as read with section 95 *(f)*, of the Systems Act;

(*i*) the onus will be on the debtor to ensure that a written acknowledgement of receipt is received for any correspondence lodged with the City; and

(*j*) the onus will be on the debtor to ensure that a suitable response to any query is received.

(2) Dispute

*(a)* In this sub-item a "dispute" refers to the instance when a debtor disputes any specific amount claimed by the City from that person.

*(b)* any person who has a dispute with the City has a right, in terms of section 34 of the Constitution, to have any dispute that can be resolved by application of law decided in a fair public hearing before a court or, where appropriate, another independent or impartial tribunal or forum;

*(c)* where the dispute process has been implemented in terms of sub-item (2) *(b)*, section 102 (2) of the Systems Act will be applicable;

*(d)* the City Manager has a right to declare a dispute on any specific amount claimed by the City from any person as may be considered necessary; and

*(e)* disputes lodged with the City prior to the implementation of this policy, in terms of any previous policy, shall continue to be dealt with in terms of that policy.

(3) General

(*a*) The City Manager may require that any official attend any meeting in order to assist with the investigation relating to the facts surrounding any query, verification of any account or any dispute; and

(i) the City Manager has the right to call for and verify any document book, computer data or record which in his or her sole discretion is deemed necessary to assist in attempting to deal with any issue referred to in this policy

## 8. Accounts

(1) The City, in terms of section 102 *(a)* of the Systems Act, together with the City Manager, in terms of section 15 of the City of Cape Town: Credit Control and Debt Collection By-law, considers all separate accounts of a person liable for payment to the City, to be consolidated, regardless of the fact that separate accounts for such debtor may be rendered, and includes all pre-paid services for which no account is rendered.

(2) All separate accounts of a debtor shall for the purpose of this policy be considered consolidated and shall, for the purpose of this policy, be treated holistically.

(3) Subject to section 118 (1) of the Systems Act payment of any undisputed debt, in terms of section 7, of the City of Cape Town's Credit Control and Debt Collection By-law, will firstly be allocated to the debtor's account as follows-

*(a)* allocation to down payments; then

(*b*) allocation to cash security deposits; then

(*c*) allocation to penalty fees (e.g. Dishonoured payments); then

(*d*) payments received via third party receipting will always be allocated as per sub-item *(e)* below; then

*(e)* if there is a partial payment the allocation shall be as follows

(i) payments are allocated from oldest debt to youngest debt until all debt is paid.

(4) A debtor may make a payment at a municipal cashier, which has the facility to allocate the payment. The payment will then be allocated as specified and any overpayments will be allocated as per sub-item (3) where applicable.

(5) Subject to section 118 (1) of the Systems Act the City Manager has the right to offset any credit, or any amount due to a debtor, against any debit pertaining to that same debtor; or

*(a)* to transfer any debt to another account of that same debtor.

(6) The City Manager has the right to transfer any property debt, incurred by a tenant, to any account of the registered owner, provided the registered owner was the owner of the property at the time the debt was incurred.

(7) The City Manager may apply any of the credit control and debt collection measures, contained in this policy, with the relevant changes that the context may require, for any debt.

(8) The City Manager may raise any costs, charges and fees and collection commission as levied in terms of policy.

(9) Notwithstanding anything to the contrary contained in this policy the City Manager may deduct any amount owing to the City by any Councillor or staff member from such Councillor's or staff member's remuneration or salary where there is a history of late payments.

(10) The City Manager will require debtors or service providers to register with the City by providing the relevant documentation, as determined from time to time, confirming, amongst others, and not limited to, all contact details, proof of identification and postal and contact addresses; or

(*a*) at any time require such debtor or service provider to complete any form so required; and
(*b*) the City Manager may, at any time, approach any person in order to verify the content of any such document or form so received; and
(*c*) may take any steps necessary to determine whether the information so provided is true and correct.

(11) Failure to produce any information as required in terms of sub-item (10) may result in the restriction, disconnection or discontinuation of any supply of services, or any other relevant action in terms of this policy; or
(*a*) should any information so produced find that a debtor or service provider no longer qualifies for any benefit or concession given or received such benefit or concession may be withdrawn or reversed.

## 9. Irrecoverable debt

*Criteria for irrecoverable debt*

(1) Debt will only be considered as irrecoverable if it complies with one or more of the following criteria:
*(a)* All reasonable notifications and cost-effective legal avenues have been exhausted to recover a specific outstanding amount; or

*(b)* any amount equal to or less than R500.00, or as determined by Council from time to time, will be considered too small, after having followed basic checks, to warrant further endeavours to collect it; or

*(c)* the cost to recover the debt does not warrant further action; and

(i) where a company or close corporation has been deregistered or is dormant and has no assets of value to attach; or

*(d)* the amount outstanding relating to insolvency;

(i) is the residue after payment of a dividend in the rand from an insolvent estate; or

(ii) there is a danger of a contribution;

(iii) no dividend will accrue to creditors; or

(iv) there are insufficient funds to cover any preference afforded by section 118 (3) of the Systems Act; or

*(e)* the amount outstanding relating to a deceased estate;

(i) has no liquid assets to cover the outstanding amount following the final distribution of the estate; or

(ii) where the estate has not been reported to the Master and there are no assets of value to attach; or

*(f)* it has been proven that the debt has prescribed; or

*(g)* the debtor is untraceable or cannot be identified so as to proceed with further action; or

(i) the debtor has emigrated leaving no assets of value to cost effectively recover Council's claim; or

*(h)* it is not possible to prove the debt outstanding; or

(i) a court has ruled that the claim is not recoverable;

(ii) the claim is subject to any order of court;

(iii) the claim is subject to an out of court settlement agreement; or

(iv) the debt is subject to a settlement in terms of section 109 of the Systems Act; or

*(i)* the outstanding amount is;

(i) due to an irreconcilable administrative error by the City;

(ii) as a result of an administration error; or

*(j)* in the case of water consumers, that form part of the Integrated Water Leaks Repair Strategy, and where the residential property's municipal valuation is R1.00 up to and including R400,000.00, or as determined by Council from time to time, as part of the transitional management of the indigent billing, have had their water leaks repaired, and have installed a water management device or a prepayment water meter, and where relevant, a prepayment electricity meter, at the property; and further –

(i) where the property was valued at R199,000.00 or less, during the 2006 General Valuation (**"GV"**) inclusive of any Supplementary Valuations (**"SV"**) thereto, compiled in terms of the Property Rates Act and where the valuation as per the 2009 GV or any SV relating to the 2009 GV exceeds the abovementioned qualifying value, such property would still qualify for the benefits in terms of this sub-item for the duration of the 2009 GV, or any subsequent valuation roll; and

(ii) interest may be charged at 0% until the said devices are installed and the arrears written off; and

(iii) the owner meets the criteria as contained in item 23 (1) (*a*), (*c*), (*d*) or (*e*); or

*(k)* arrears owed by previous administrations, amongst themselves, that now form part of the City; or

(*l*) expenditure incurred, in respect of internal accounts raised in the name of the City, in any previous financial year; or

(*m*) conversion of old dormant account balances of debtors, inherited from the previous municipalities which now form part of the City, and where reasonable steps have been taken to recover these debts; or

(*n*) all debtors who are registered as indigent as provided for in item 23 will have their property related arrears written off as provided for in item 22 and sub-item 23 (5); or

(*o*) if an offer of full and final settlement is confirmed in writing by the City Manager in terms of section 14 (2) of the City of Cape Town: Credit Control and Debt Collection By-law; or

(*p*) where Council-

(i) expropriates any property; or

(ii) purchases any property in terms of item 10 (1) (f); or where a property has been forfeited to the State in terms of the Prevention of Organised Crime Act 121 of 1998; or

(iii) where the occupiers of a property have been evicted from a Council, Provincial or State property due to criminal activities; or

(*r*) through supporting the City's residential related debt management processes and in instances where a housing or property management residential debtor has applied for and been granted an Indigent Grant in terms of the Housing or Property Management Indigent Policy, all debt related to that property for that debtor (excluding capital debt of home ownership), up to the date of granting of indigent status will be written back but may be reinstated if the original application is, in any way, found to be fraudulent. Such write back will occur only once for any debtor, thereby allowing for a once-off rehabilitation, where after the debtor will immediately be subject to the Housing or Property Management Debt Management Policy should the account again fall into arrears; or

*(s)* where an item 7 query or dispute or any dispute in terms of any previous policy, or a Systems Act, section 62 appeal determines what needs to be written off; or

*(t)* where a housing or property management debtor has been granted a Housing or Property Management Indigent Grant such debtor's rates, services and sundry debt related to that property for that debtor shall be written off once but may be reinstated if the original application is, in any way, found to be fraudulent; or

*(u)* where registered –

(i) PBOs who qualify for 100% rates rebate, in terms of the Rates Policy; or

will, with effect from the date of qualification, have all their arrears written off; and

(*aa*) this assistance will only be granted once to an organization subject to the condition that a prepayment electricity meter and a water management device or a prepayment water meter may be installed, where applicable;

(*bb*) should any tampering with or bypassing of the water and electricity meters be discovered, any arrears written-off, in terms of this sub-item, will become payable with immediate effect and any other action as per any legislation or policy that applies to such tampering and/or bypassing will be instituted;

(*cc*) should the City Manager become aware that the focus of the organization has changed, or its registration as a PBO has lapsed or terminated within three years after the arrears were written-off, such arrears will become payable with immediate effect;

*Sporting bodies and community organisations*

*(v)* where registered sporting bodies and community organisations which includes religious communities, qualified to receive a 100% rates rebate, in terms of the applicable Rates Policy, or in instances where such sporting bodies or community organisations, which includes religious communities, occupied land, registered in the name of any sphere of government, and are not liable for the payment of rates –

(i) will with effect from the date of qualification, have all their arrears written off; provided that –

(ii) this assistance will only be granted once to an organisation subject to the condition that a prepayment electricity meter and a water management device or a prepayment water meter must be installed, where applicable;

(iii) should any tampering with or bypassing of the water and electricity meters be discovered, any arrears written-off, in terms of this sub-item, will become payable with immediate effect and any other action as per any legislation or policy that applies to such tampering and/or bypassing will be instituted;

(iv) should the City Manager become aware that the focus of the organisation has changed, or its financial position has improved or its registration as a sporting body or community organisation has lapsed or terminated within three years after the arrears were written-off, such arrears will become payable with immediate effect; or

(v) the body or organisation referred to in sub-item *(x)* must-

*(aa)* have had a constitution which does not preclude any resident of Cape Town from being a member of the said body or organisation;

*(bb)* not have been a profit making body or organisation;

*(cc)* when winding up its affairs leave all its assets to a similar body or organisation;

*(dd)* promote the values and purpose of the body or organisation as set out in the respective constitution; and

*(ee)* use its funds for the sole benefit of the body or organisation or the greater community of Cape Town; and

*(w)* where an organisation has been accredited by the City Manager or any delegated official, then all the arrears, appearing on the accounts of these accredited organisations, will be written off once only; or

*(x)* where any land including any improvements thereon has been devolved, donated, transferred, or sold either by the City or to the City by any person, sphere of government, organisation, association, trust, close corporation or company and such property is reclaimed, donated, transferred, forfeited or purchased by the City then all the arrears will be written off to facilitate transfer thereof; and

(i) notwithstanding sub-item *(w)* nothing in this sub- item shall preclude the subsequent collection by the City of any amount so written-off; or

(*y*) where the City Manager has identified a cemetery which is dormant and no longer being maintained, by the owner, and the owner can no longer be traced or for any other reason as determined by the City Manager; and

(i) after the installation, where relevant, of a prepayment electricity meter and a water management device or a prepayment water meter;

(*z*) where a property used primarily as a cemetery as defined and listed in the Rates Policy;

(i) after the installation, where relevant, of a prepayment electricity meter and a water management device or a prepayment water meter; and

(*aa*) notwithstanding anything else contained in this policy and where any debt resulting from any error or omission, made by the City or its service providers, including any specific technical problem with regard to –

(i) a water management device;
(ii) a prepayment water meter;
(iii) a prepayment electricity meter; or
(iv) any other official metering device.

*Social Housing*

(*bb*) residential properties that, except for the fact that there are arrears on the account, that are valued at R300 000 or less, or forms part of the Integrated Water Leaks Repair Strategy and after the installation, where relevant, of a prepayment electricity meter and a water management device or a prepayment water meter;

(*cc*) residential properties transferred from the national government, a provincial government or a municipality of a residential property which was financed with funds or loans made available by the national government, a provincial government or a municipality, and which have been transferred and registered;

(i) incorrectly; or
(ii) allocated incorrectly; or
(iii) occupied by illegal occupants; or

for any other reason as determined and approved by the City Manager; and

(*dd*) where debt was billed contrary to item 11 (10), in that the City Manager does not consider the debt to be recoverable, as the debtor may be –

(i) indigent;
(ii) deemed to be indigent; or
(iii) part of the Integrated Water Leaks Repair Strategy.

(*ee*) where residential properties, which were financed with funds or loans made available by national government, a provincial government or a municipality which have been handed over to a beneficiary, and not yet registered in such beneficiary's name, and where such residential property may not as yet have been valued, these debtors, may be deemed to be indigent; and

(i) after the installation, where relevant, of a prepayment electricity meter and a water management device or a prepayment water meter; and

may further be subject to item 11 (10).

*Special Conditions*

(2) Notwithstanding sub-item (1) (j) any interest charges already raised on the properties identified therein may be written off.

(2A) Where property rates were raised during the 2019/2020 financial year, on properties which received a property rates rebate during the 2018/2019 financial year and now receive a reduced rates levy, in terms of the Rates Policy, for the 2020/2021 financial year, such properties, may qualify for a write-off, of any accumulated arrears, for the first said period;

(i) sub-item 2A only refers to those owners that fall within Part B, Paragraph 1 (k) to (u) of the Rates Policy 2020/20201.

*Authorisation*

(3) In respect of other debt, schedules indicating the debtor account number, the debtor's name, the physical address in respect of which the debt was raised, address, erf number, if applicable, amount per account category as well as a reason to write-off the amount must be compiled.

(4) Notwithstanding the above, the City or its authorised officials will be under no obligation to write-off any particular debt and will always retain sole discretion to do so.

(5) Where a debt has been written off in terms of item 9, and where applicable, the City Manager shall have a right to offset any credit against any such debt written off, for the same debtor.

(6) Subject to the City of Cape Town: System of Delegations the City Manager may write off any debt as determined in this item.

## CHAPTER 2: RATES AND SERVICES

### 10. Rates

(1) The following provisions apply to rates and any levies:

*(a)* interest shall be charged on all overdue accounts;

*(b)* if the account is not paid by the due date as displayed on the account the City Manager may issue any notice in terms of this policy showing the total amount owed to the City;

*(c)* if the account is not settled or there is no response from the debtor to make acceptable arrangements to repay the debt –

(i) the supply of any service to the property may be restricted, disconnected, or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and items 8 (7) and 11 of this policy; and

(ii) irrespective of the exercise of the powers by the City Manager in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and sections 8 (7) and 11 of this policy summons may be issued and the legal process followed;

*(d)* in instances where the rates debt is in respect of municipal property sold by suspensive sale agreement, the collection thereof will be dealt with in terms of the relevant deed of sale, and if applicable, this policy, or any subsequent applicable written agreement between the City and the debtor;

*(e)* at any stage while the debt is outstanding, all reasonable steps shall be taken to ensure that the ultimate sanction of a sale-in-execution is avoided or taken only as a last resort. The City, however, has total commitment to a sale-in-execution should the debtor fail to make use of the alternatives provided for by the City from time to time. This is also applicable to all debt, and includes all debt which is a charge against a property, as referred to in this Chapter;

*(f)* as part of the recovery process the City Manager may bid, to a maximum of Rx (Rx could equal R10.00 or the total of the debt plus costs and include any reasonable amount for clearance purposes.), at a sale-in-execution and, if successful, sign all relevant documentation to acquire and take transfer of the property;

*(g)* the City Manager shall have the right to negotiate and to cancel the deed of sale, as referred to in sub-item *(f)* before transfer to the City, if such cancellation results in either the bond holder or the debtor, or both the said parties, paying in full for all debt in connection with that property as well as all costs related thereto; and

*(h)* the City Manager may proceed to sale–in-execution of any immovable property classified as a problem building in terms of the City of Cape Town: Problem Building By-law, 2010, for any debt owing to the City, and may attach any condition to such property as determined in terms of the aforesaid By-law when proceeding as aforesaid.

## 11. Services

(1) The following provisions apply to the payment for services;

*(a)* accounts must be paid by the due date as shown on the account;

*(b)* interest will be charged on all overdue accounts;

*(c)* the debtor must be warned on the monthly account of a possible disconnection if payment is not received by the due date;

*(d)* if payment is not received or suitable payment arrangements are not made by the due date, a notice may be served in terms of section 115 of the Systems Act, warning of an imminent restriction, disconnection or discontinuation of a service after 14 (fourteen) days from the date as stated on the notice;

*(e)* if payment is not received or suitable payment arrangements are not made by the due date as shown on the notice, the supply or supplies may be restricted, disconnected or discontinued for any service in respect of any arrear debt; and

(i) notwithstanding sub-item 11 (1) (*e*), services may be limited, if deemed necessary, by the City Manager;

*(f)* a notice shall be left at the property advising that the supply has been restricted, disconnected or discontinued and warn that all electric points should be considered live and that all water outlets should be closed.

(i) the notice must also advise that the supply will only be reconnected after the amounts specified on the notice, and any other debt including the reconnection fee, have been paid or an arrangement acceptable to the City has been made;

*(g)* the above notices must also warn of the consequences of illegal reconnection;

*(h)* all residential consumers, whose water supply has been restricted, may have access to a basic water supply as determined by Council from time to time by means of a restricted water flow to their property or where the water supply has been disconnected or discontinued as a result of, but not limited to, unauthorised or illegal reconnections and tampering, a water management device or a prepayment water meter may be installed, or a communal water supply point, within a radius of approximately 200 meters from their property, maybe provided; and

(i) the City Manager has the sole discretion to insist on a water management device or a prepayment water meter being installed to a property where the water supply is regularly restricted for non-payment; or

(ii) the City Manager considers the debtor to be a credit risk to the City; and a water management device, a prepayment water meter or any service may be restricted, disconnected or discontinued for any arrears owed to the City;

*(i)* subject to the provisions contained in sub-item *(f)*, debtors may be required to pay all penalties and arrears in full before the supply is restored;

*(j)* subject to the City's capacity at the time to restore such service which has been, restricted, disconnected or discontinued, such services will be restored within a reasonable period of time after the relevant conditions contained in this policy have been met;

*(k)* the onus shall always be on the debtor to request reconnection and to prove that the full amount for which the service was restricted, disconnected or discontinued, as shown on the disconnection notice referred to in item 11 (1) *(d)* has been paid or that an arrangement was entered into in terms of sub-item *(f)*;

*(l)* despite the provisions of sub-items *(a)* to *(k)*, should the amount outstanding for the supply of services remain unpaid, full recovery procedures, including appropriate legal actions may be undertaken in order to collect these monies;

*(m)* in the event of an insolvency, and notwithstanding any provisions provided for in this policy, the City Manager, shall serve notice in terms of sub-item (1) *(d)* at the property and shall notify the trustee by giving 14 (fourteen) days' notice of the intention to restrict, disconnect or discontinue the services to the property; and

(i) notwithstanding sub-item *(m)* the period referred to therein may be waived at the request of the trustee.

*(n)* where a water management device has been installed the City Manager; may –

(i) install the meter with or without any flow limitation;

(ii) authorise that the adjustment of the water flow be limited to the affordability of the residential debtor based on the total household income; and in addition to this;

(iii) where the residential debtor, who is registered as an indigent, and who now has the ability to pay based on the total household income and requires that the supply be increased; and

*(aa)* where all the arrears were written off, as more fully set out in item 22, are reversed and are either paid or a suitable arrangement is made to settle the said arrears, may have the supply increased in accordance with sub-item *(n)* (ii)*;*

(iv) residential debtors who qualify, in terms of item 25 (1), with agreed water meter setting in excess of the "free" 350 litres per day, will be subject to the normal debt management actions; and

*(o)* No arrangement will be entered into for any arrears once the additional daily allowance has been granted; and

(i) if the additional daily allocation is not paid in full the water management device will be reset to enable the consumer only to have access to the free basic water supply;

*(p)* Water and electricity meters must be read with regularity and accuracy so that the correct consumption information is recorded on the billing system; and

(i) consecutive estimations of metered consumption should be minimised to the extent that such is practically possible and with due cognisance of the right of the City to generate estimations as contained in the relevant by-laws and Tariff Policy or any other applicable legislation.

(2) The following provisions apply in the event of illegal reconnection of, or tampering with, water or electricity supply:

*(a)* Where this has occurred the water or electricity supply may be effectively disconnected;

*(b)* the full amount of arrears plus any illegal consumption, and any applicable tariffs, may be required to be paid prior to reconnection. Should exceptional circumstances exist, adequate payment arrangements may be permitted at the sole discretion of the City Manager; and

*(c)* the illegal reconnection of, or tampering with, a service supply is considered a criminal offence which may result in legal action being taken.

(3) The installation of a prepayment meter, with the written permission of the owner, is encouraged, however;

*(a)* the City Manager has the sole discretion to insist on a prepayment meter being installed on a property, at a cost to the debtor, where the electricity supply has been disconnected for non-payment; or

*(b)* the City Manager deems the debtor to be a credit risk to the City; and

*(c)* a prepayment meter may be disconnected or may be subject to the terms contained in sub-item (4); and

(*d*) such meter shall be subject to any other action permitted in terms of any other relevant legislation including this policy.

(4) When purchasing electricity units, the City Manager may deduct a percentage of the monetary value towards settling any amount referred to in sub-item (4) (*b*). This action will be by prior notification to such debtor and shall remain unchanged unless by default; and

(*a*) the deduction applied may be based on the following:

(i) For a property valued up to and including R500,000 the minimum deduction may be 30% and the maximum deduction will be 50%;

(ii) for a property valued from R500,001 to R1,000,000 the minimum deduction may be 50% and the maximum deduction will be 70%;

(iii) for a property valued greater than R1,000,000 the minimum deduction may be 70% and the maximum deduction will be 90%;

(iv) for single residential properties, who are charged at the domestic full tariff, in terms of the Tariff Policy, and who consume in excess, of any volume, of water, per month, as determined by Council from time to time, for water restriction purposes, may have such costs recovered in line with this sub-item; and

(v) for any commercial or industrial customers, as determined in the Tariff Policy, such deduction will be 90%.

(*b*) The deduction referred to in sub-item (*a*) may be offset against any debt as follows:

(i) Electricity arrears;

(ii) any other arrears;

(iii) any fines; and

(iv) any penalties.

(5) An authorised representative of, or service provider to the City, shall be given access to any premises in accordance with the provisions of section 101 of the Systems Act.

(6) The City Manager shall have the right to restrict, disconnect or discontinue any service to a property, regardless of who has occupation, upon the written request from the registered owner and provided the service account is in arrears; and

*(a)* a notice may first be served in terms of section 115 of the Systems Act, giving 14 (fourteen) days' notice of the intention to restrict, disconnect or discontinue such service.

(7) Where a service account, which is not in the name of the registered owner, has been restricted, disconnected or discontinued, the City Manager may insist that the service be transferred into the name of such property owner; and

*(a)* notwithstanding sub-item (7) the City Manager may at any other time insist that the service be transferred into the name of such property owner.

(8) Notwithstanding anything to the contrary the provisions of this item shall apply to any debt and the supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and item 8 (7) of this policy.

(9) Where a close corporation or a company has been deregistered in terms of section 26 of the Close Corporation Act, 69 of 1984 or section 83, of the Companies Act, 71 of 2008, as amended;

(*a*) any services may be restricted or disconnected; and

(*b*) any services which have been restricted or disconnected may remain in this state,

until the company or close corporation has been re-registered in terms applicable legislation or court order and meets the criteria in terms of this policy to be reconnected.

(10) Water for uncontrolled and controlled domestic connections will be charged and rendered as per the Tariff Policy; and

(*a*) where a once off write-off has taken place, in terms of item 9(1)(*j*) or 9(1)(*n*) as read with 23(1)(*g*), and subject to item 11(1)(*n*)(iv), any additional billings will be de-accrued or charged at a zero rate or as contained in the Tariff Policy; and

(*b*) where no write–off has taken place as set out in sub-item (*a*) any charge raised may be reversed or charged at a zero rate.

## 12. Other debt

(1) All debt under this item will be subject to:

*(a)* Interest being charged on all overdue accounts;

*(b)* the supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and item 8 (7) and 11 of this policy; and

*(c)* in the recovery of sundry debt, the City reserves the right to utilise any legal action at its disposal as well as making use of any third party debt collectors.

*Dishonoured payments: rates and general services*

(2) Where a cheque, debit order, credit card or EFT payment is dishonoured and where the customer who received value from such payment, is an existing debtor of the City, the reversal; and

(*a*) any penalty fee, which may be raised by the City Manager as contained in the Tariff Policy, may be debited to an account of such payer and a letter of notification must be sent to the debtor. Such fee shall be considered to be a tariff charge and shall be recovered from the debtor. The City reserves the right to refuse to accept or to cancel such further payment methods from such person, to place the matter on the relevant adverse credit rating lists, or take any steps as contained in this policy, which may include criminal charges, if applicable, against the offender; and

*(b)* where a payment referred to in sub-item (2) was tendered and any debt management action, in terms of this policy, was suspended, and such payment was not honoured, such debt management action shall continue without further notice to such debtor.

*Dishonoured payments sundry services*

(3) Where a cheque, debit order, credit card or EFT payment is dishonoured and where the payment is not from an existing debtor of the City, then a *sundry* debtor account will be opened and a debit raised; and

*(a)* any penalty fee, may be raised by the City Manager as contained in the Tariff Policy, and debited to the account and a letter of notification must be sent to the debtor. Once the account is submitted and the debtor fails to honour the debt by due date, a final demand will be generated and dispatched to the last known address of that debtor. If there is still no response, then the matter may be handed over for placement on the relevant adverse credit rating lists, or any steps as contained in this policy which may include criminal charges, if applicable, against the offender may be taken; and

*(b)* where a payment referred to in sub-item (3) was tendered, and any debt management action, in terms of this policy, was suspended, and such payment was not honoured, such debt management action shall continue without further notice to such debtor.

(4) Where a cheque, debit order, credit card or EFT payment is dishonoured and where the customer who received value from such payment method, is an existing debtor of the City, the reversal; and

*(a)* any penalty fee, which may be raised by the City Manager as contained in the Tariff Policy, may be debited to an account of the drawer, or the person or entity who made the payment or the beneficiary and a letter of notification must be sent to the debtor. Such fee shall be recovered from the debtor. The City reserves the right to refuse to accept such further method of payment from such payer and or beneficiary and may take any steps as contained in this policy which may include criminal charges, if applicable, against the offender.

(5) The City may attach the rental or any other payments due to debtors who are in arrears with their municipal accounts:

*(a)* if any debt levied in respect of a property is unpaid by the owner of the property the City Manager may recover the amount in whole or in part from a tenant or occupier of the property, despite any contractual obligation to the contrary on the tenant or occupier.

*(b)* the City Manager may recover an amount only after a written notice may have been served on the tenant or occupier as provided for in section 115 of the Systems Act; and

*(c)* the amount the City Manager may recover from the tenant or occupier of a property in terms of sub-item *(a)* is limited to the amount of the rent or other money due and payable, but not yet paid, by the tenant or occupier to the owner of the property; and

*(d)* any amount the City Manager recovers from the tenant or occupier of the property must be set off by the tenant or occupier against any money owed by the tenant or occupier to the owner; and

*(e)* the tenant or occupier of a property must, on request by the City Manager, furnish the City Manager with a written statement specifying all payments to be made by the tenant or occupier to the owner of the property for rent or other money payable on the property during a period determined by the City Manager.

*(f)* the City Manager may recover the amount due for debt on a property in whole or in part from the agent of the registered owner, if this is more convenient for the City Manager; and

*(g)* the City Manager may recover the amount due for debt from the agent of the registered owner only after a written notice which may have been served on the agent as provided for in section 115 of the Systems Act; and

*(h)* the amount the City Manager may recover from the agent is limited to the amount of any rent or other money received by the agent on behalf of the registered owner, less any commission due to the agent; and

*(i)* the agent must, on request by the City Manager, furnish the City Manager with a written statement specifying all payments for rent on the property and any other money received by the agent on behalf of the owner during a period determined by the City Manager; and

(*j*) the City Manager may take any action as provided for in this policy or any other relevant legislation, against the tenant, for not more than the amount as determined by this sub-item; and

(i) where such tenant fails to respond to the notice as referred to in sub-item (5) *(b*); or

(ii) fails to comply with any notice or fails to adhere to any terms, conditions or undertakings in terms of this sub-item; or

(iii) fails to make any agreed or required payments.

*Clearance certificates*

(6) All debt, inclusive of any advanced collection shall be deemed to be due and payable, for the purpose of issuing any clearance certificate in terms of section 118, of the Systems Act, and must be paid in full:

*(a)* no interest shall be paid in respect of any payment made in terms of this sub-item unless permitted in terms of any other legislation or policy;

*(b)* all payments will be allocated to the registered seller's municipal accounts in terms of this policy;

*(c)* prior to any refund this payment will be dealt with as follows:

(i) the advanced collection shall be used to offset any debt that accumulated against the property as follows –

*(aa)* any tenant debt; and

*(bb)* any of the seller's debts: -

*(d)* any refund, in respect of any credit remaining after registration of transfer has been registered in the Deeds Office, shall be refunded, in the first instance, to the relevant conveyancer, or failing such conveyancer, to such seller subject to Chapter 6 of this policy;

*(e)* no certificate, in terms of section 118 of the Systems Act, will be issued where the registered owner (and, in this instance, the seller) has not complied with any relevant legislation, policy or agreement relating to the property in question;

*(f)* the City Manager may require the purchaser to apply for all services at the property as part of the application for a clearance certificate; or

(i) by virtue of registration of the property, the registered owner accepts liability for all services rendered by the City to the said property, except as provided for in other legislation or policy;

*(g)* Prior to issuing the clearance certificate, in terms of section 118, of the Systems Act, the City Manager has a right to visit the property and take all steps deemed necessary to ensure that all recoverable debt is accounted for against the existing owner.

*(h)* all figures issued in terms of section 118 of the Systems Act will only be valid for the validity period attached to such figures and only payments made within the validity period will, for the purpose of issuing the certificate, be offset against these figures; and

*(i)* should any certificate be issued in respect of any payment made in sub-item *(h)* above and should such certificate lapse then any payment so made will be regarded as a payment on account and may be offset against any debt of such debtor.

*Property related debt*

(7) In terms of section 118 (3) of the Systems Act an amount due for municipal service fees, surcharges on fees, property rates and other municipal taxes, levies and duties is a charge upon the property in connection with which the amount is owing and enjoys preference over any mortgage bond registered against the property; and

(*a*) in addition, the City Manager may consider this amount to be the liability of the registered owner regardless of who incurred such debt, provided the debt was incurred during the ownership of such owner; and

(*b*) Deleted

(*c*) the City shall not hold any City tenant, lessee or occupant, liable for any section 118 (3) debt, incurred, by any other person, at that City owned property, unless agreed otherwise with the City; and

(i) no municipal service will be denied to such tenant or lessee as a direct result of any such debt incurred at the property.

(8) Any service to a debtor's property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and item 8 (7) and 11 of this policy.

(9) Any unauthorised consumption of services, theft and damages may be recovered in terms of this policy.

## 13. Arrangements

*Principles for residential debtors*

(1) Current accounts must be paid in full on or before due date.

(2) The debtor may be required to prove levels of income and must agree to a monthly payment towards arrears based on such debtor's ability to pay or based on such debtor's total liquidity if the City Manager so requires.

(3) All negotiations with the debtor should strive to result in an agreement that is in the interests of both parties and is sustainable.

(4) Interest will be charged on arrears.

(5) Interest on –
*(a)* arrears in respect of all services may be suspended;
*(b)* rates may be calculated at 0%;
whilst the debtor adheres to the conditions of the arrangement; and
*(c)* should a debtor default on an arrangement interest will be calculated from the original due date of the debt, taking any payments into consideration.

(6) Notwithstanding anything contained in this item the City Manager shall be under no obligation to enter into an arrangement with a debtor.

(7) All arrangements may be subject to periodic review in accordance with the terms and conditions contained in this policy; and
*(a)* no arrangement, in terms of the conditions contained in this policy, will be made for a period longer than 12 (twelve) months, where after, such arrangement shall cease and the debtor shall be required to enter into a new arrangement for the remainder of the debt; and
*(b)* failure to enter into a new arrangement after the expiry of the 12 (twelve) months referred to in sub-item (7) *(a)* shall result in the debt becoming due and payable forthwith; and
(i) all the credit control and debt collection measures as contained in this policy may be enforced.

(8) All services may be restricted, disconnected or discontinued and legal action may be taken against debtors who default on any arrangement and such debt may be referred to third party debt collectors, for recovery.

*Arrangement Criteria for residential debtors*

(9) In cases where residential debtors wish to make arrangements to liquidate their arrears, the following payment criteria, inter alia, will apply:
- *(a)* Current account; and
- *(b)* an agreed payment towards arrears based on the principles contained in this policy and sub-items (2) and (3) –
  - (i) with a minimum upfront payment as agreed;
- *(c)* this minimum payment must be paid in order for the arrangement to be considered; and
- *(d)* the City Manager has the sole discretion to determine the amount to be paid in terms of sub-item (9) *(c)*.

(10) Each following month the debtor will be required to pay:
- *(a)* Current account; and
- *(b)* an instalment as determined in sub-item (9) *(b)* above.

(11) Should the debtor default, payments may be as follows:
- *(a)* Upon the first default: Current account and the monthly payment as determined in sub-item (9) (*b*), to be increased by 50% of that payment;
- *(b)* upon the second default: Current account and double the monthly payment as determined in sub-item (9) (*b*); and
- (*c*) upon the third and final default: The current account and all the arrears may be payable in full.

(12) In all cases failure to respond to notices will result in normal credit control procedures and all debt collection processes as provided for in this policy may be taken.

*Principles for non-residential debtors*

(13) In cases where non-residential debtors wish to make arrangements to liquidate their arrears, the following criteria, amongst other things, will apply-
- *(a)* debtors may be required to furnish the City with their latest audited financial statements and other supporting documentation relevant to their financial position in order to negotiate a settlement arrangement acceptable to the City;
- *(b)* all negotiations with debtors should strive to result in an agreement that is in the City's best interests and is sustainable;
- *(c)* interest will be charged on arrears at an interest rate that shall be determined by Council from time to time;
- *(d)* interest on-
  - (i) arrears in respect of all services may be suspended; and
  - (ii) rates may be calculated at 0%; and

whilst the debtor adheres to the conditions of the arrangement;

*(e)* all arrangements shall be subject to item 13 (7); and

*(f)* the final decision to make these arrangements will rest with the City Manager.

*Arrangement criteria for non-residential debtors*

(14) If the non-residential debtor wishes to make an arrangement, interest may be charged or suspended on any outstanding amount and such arrangement will be subject to approval of the official as delegated in terms of sub-item (13) *(f)*; and

*(a)* all arrangements may be subject to periodic review in accordance with the terms and conditions contained in this policy; and

(i) no arrangement, in terms of the conditions contained in this policy, will be made for a period longer than 12 (twelve) months, where after, such arrangement shall cease and the debtor shall be required to enter into a new arrangement for the remainder of the debt; and

*(b)* failure to enter into a new arrangement after the expiry of the 12 (twelve) months referred to in sub-item (14) (a) shall result in the debt becoming due and payable forthwith; and

(i) all the credit control and debt collection measures as contained in this policy may be enforced.

(15) Should the debtor default on any arrangement, all services may be restricted, disconnected or discontinued and, any agreement may be terminated and legal action may be taken and such debt may be referred to a third party for recovery. Interest will be calculated from the original due date of the debt taking any payments into consideration.

*Special conditions regarding arrangements*

(16) Where any residential or non-residential debtor has entered into an arrangement with the City in respect of the arrears on a property, the prescribed certificate as referred to in section 118, of the Systems Act, will not be issued until such time as the full outstanding amount is paid.

(17) The conditions contained in the City's arrangement document, as amended from time to time, will form part of the arrangement criteria contained in this policy; and

*(a)* the conditions contained in this policy shall form part of the conditions contained in any of the City's arrangement document as amended from time to time*;* and

(b) the City Manager may require that a consent to judgment form also be signed.

(18) Should the current account be higher than normal, due to, but not limited to, under-estimations and faulty meters, previous accounts rendered may be taken into consideration, when determining an amount to pay in order to enter into an arrangement.

(19) Notwithstanding sub-item (9) *(a)* and *(b)* above, the City Manager may determine that the current account, interest, disconnection, reconnection charges including any cost of installing any prepayment meter and any costs of installing a water management device, be excluded from the initial payment, when entering into an arrangement; or

*(a)* any charges or costs for any disconnection, reconnection including any cost of installing any prepayment meter and any costs of installing a water management device, which appear on any subsequent account following the arrangement concluded in sub-item (19) may be subject to a renegotiated arrangement.

(20) All debtors entering into arrangements shall provide their banking details, and those who have the facility to sign a debit order with their financial institutions shall do so*; and*

*(a)* it will be the sole responsibility of the debtor to ensure that the debit order does not exceed any maximum amount as stipulated by the debtor;

*(b)* where no maximum amount has been stipulated by the debtor the City Manager shall debit the debtor's bank account with the amounts owing on the account; and

*(c)* the debtor shall remain responsible for the payment of any shortfall arising from this transaction.

(21) Where a tenant or occupier, who has the ability to pay, wishes to make an arrangement the following will apply:

*(a)* Item 12 (5) must at all times be complied with;

*(b)* where the rental is insufficient or there is no rental paid by the tenant or the occupier an arrangement to recover the monthly current account and the property debt must be entered into in terms of the conditions and requirements of this policy;

*(c)* where any service is in the name of tenant or occupier an arrangement to recover the monthly current account and the property debt must be entered into in terms of the conditions and requirements of this policy; and

*(d)* where the tenant or occupier is unable to meet the criteria set out in this policy the tenant or occupier will only receive the relevant free basic services as contained in the Tariff Policy.

(22) The City Manager would normally only enter into arrangements with the registered owners, but may enter into an arrangement with a tenant or occupier, who can show that they have the ability to pay, upon receipt of an affidavit, by the occupier or a tenant of a residential property, which certifies that;

*(a)* the registered owner of the property at which such tenant or occupier so resides in is;
- (i) untraceable; or
- (ii) not contactable: or
- (iii) such registered owner's whereabouts are unknown; or
- (iv) where there is no co-operation by the registered owner with the occupier, and

*(b)* that they have a right to so occupy such property and stating the time period that they have so occupied the property;

*(c)* the last known address of the registered owner;

*(d)* the rental due for such right to so occupy;

*(e)* that such occupier or tenant undertakes to advise the registered owner at the first reasonable opportunity of the current situation and that the tenant or occupier further agrees to obtain the consent of the registered owner to condone the process as set out in this sub item failing which the arrangement may be null and void; and

*(f)* where applicable provide comprehensive details of the non-co-operation of the registered owner;

enter into an arrangement with such a tenant or occupier in terms of this policy, to pay off arrears on an account which is a charge against the property:

*Steps to be taken by the City Manager*

*(g)* authorise an arrangement be entered into with the occupier or tenant subject to;
- (i) the possible installation of a prepayment electricity meter, a water management device including any prepayment water meter;

(23) Notwithstanding the provisions of sub-items (21) and (22), the City Manager may refuse to reconnect or restore any service to a tenant unless written permission is obtained from the registered owner:

*(a)* authorising the tenant to enter into an arrangement in terms of this policy; and

*(b)* authorising the reconnection or restoration of any service.

(24) The City Manager may restrict, disconnect or discontinue any service to a property;

*(a)* if the registered owner withdraws, in writing, any permission granted in terms of sub-item (23) where the tenant has defaulted on the arrangement made; and

*(b)* no new application for any service to the property will be authorised until all the arrears have been settled in full.

(25) Where an arrangement has been concluded in order for an applicant to qualify for any exemptions, rebates or reductions in terms of the Rates Policy such arrangement shall be adhered to; and

*(a)* should there be any default on the arrangement referred to in sub-item (23) then all the exemptions, rebates or deductions granted will be reversed with effect from the date on which the relevant application was granted.

(26) The City Manager is not obliged to enter into any arrangement or any instalment plan –

(*a*) where a property has been classified as a problem building in terms of the City of Cape Town: Problem Building By-law, 2010, for any debt owing to the City; and

(*b*) for any services as contained in the City of Cape Town: Cemeteries, Crematoria and Funeral Undertakers By-law, 2011 as amended from time to time or as superseded by any subsequent legislation.

(27) Arrangements, that meet the requirements of this item, may be concluded, via any electronic communication, as defined in section 1, of the Electronic Communications and Transactions Act, 25 of 2002.

## 14. Special rating areas

(1) Any additional rate, tariff or levy will be determined in accordance with Section 22 of the Property Rates Act, the Rates Policy, the City of Cape Town: Special Rating Areas By-law and the Special Rating Areas Policy.

(2) Any additional rate, tariff or levy will be added to the monthly municipal account and must be paid by the due date to avoid interest being charged.

(3) The additional rate, tariff or levy will be subject to the debt management procedures as described in this policy.

(4) Interest will be charged on all overdue accounts.

## CHAPTER 3: HUMAN SETTLEMENTS

### 15. General principles

*Additional definition*

(1) In this Chapter the definition of –

(*a*) '*income' as stipulated in Chapter 1 applies but child, foster and dependency grants are excluded from the income of the debtor and spouse. Where reference is made to the owner, it includes the lessee or purchaser who has still to take transfer.*

*Interest on arrears*

(2) Interest may be charged on all overdue accounts at an interest rate that shall be calculated at 0% or as determined by Council from time to time.

(3) Where applicable interest charges on arrears will be frozen subject to the debt arrangement being honoured.

*Debt arrangements*

(4) The debtor may be required to prove levels of income and must agree to a mutually agreed debt arrangement based on such debtor's ability to pay or based on such debtor's total liquidity if the City Manager so requires; and

(*a*) this debt arrangement requires the payment of the current monthly charges plus a mutually agreed amount, of not less than R70.00 for non-indigent debtors, towards the arrears each month with a minimum 90% payment in the review period.

(5) If a debt arrangement is not honoured, the debt collection process or legal action will resume from where it was suspended and not restart at the beginning of the debt management process.

(6) A debtor who defaults on arrangements made may not be allowed to enter into an arrangement after defaulting for the third time. Such debtor will proceed in the debt management process if regular payment is not received.

*Recovery of costs*

(7) The City Manager may recover from the debtor the following costs in instances where such costs are incurred by or on behalf of the City,

*(a)* cost and administration fees where payments, made to the City by negotiable instruments, are dishonoured by banks when presented for payment;

*(b)* legal and administration and all other costs/charges, including attorney and client costs, and tracing fees incurred in the recovery of debts; and

*(c)* any collection and related commission.

*Minimum payments*

(8) Providing that the debtor has not defaulted on debt arrangements on more than two occasions and notwithstanding the criteria in sub-item 4, the following minimum payments added to legal costs may be required from the debtor prior to entering into an arrangement and stopping the legal process:

| | |
|---|---|
| On signing a debt rescheduling arrangement | 1 X total monthly housing charge |
| Following the service of a summons | 2 X total monthly housing charge |
| Where judgement has been granted | 3 X total monthly housing charge |
| On day of eviction | 12 X total monthly housing charge |

(*a*) in each case the payment will be limited to the lesser of the outstanding balance or the amount calculated above; and

(*b*) the City Manager may use discretion in terms of the amount payable where the tenant is found to be indigent in terms of the provisions of the Housing Indigent Grant.

*Arrangements at eviction stage*

(9) Providing that the debtor has not defaulted on debt arrangements more than twice, the following arrangement may be made –

(*a*) If the debtor defaults on an arrangement entered into on the day of eviction, a re-issued warrant of eviction will be obtained and the subsequent eviction process will be enforced unless the debtor pays the amount owing in full.

**There will be no reinstatement after eviction.**

*Suspension of dunning due to infirmity*

(10) The City Manager may approve suspending the housing dunning procedure for a period not exceeding six months in instances where the contracted party is severely physically or mentally infirm. Such decision will be based on a comprehensive report compiled by the relevant official of the area in which the debtor resides.

*Outsourcing of services*

(11) The City may utilise the services of any organisation in order to facilitate the recovery of housing debt.

*Attachment of goods*

(12) The City Manager may attain a court order and attach the personal possessions of a debtor which may be auctioned in order to recover any debt owed by the debtor.

(13) Items 11, 12 and 13 found in Chapter 2, the whole of Chapter 4, item 37 of Chapter 6 and the whole of Chapter 8 do not relate to housing under this policy.

*Subsidy phase out programme*

(14) In order to ensure the affordable implementation and recovery of all housing charges, as aligned to the City's housing debt management programme, the subsidy phase out programme status will remain at its current level, of an automatic 20% rental subsidy for all qualifying tenants residing in Council rental properties, prior to 1 January 2007.

*Disconnection of supply of services for debt*

(15) The supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law.

(16) When purchasing electricity units, the City Manager may deduct a percentage of the monetary value towards settling any arrears. This action will be by prior notification to such debtor and shall remain unchanged unless by default.

*Delay in transfer of tenancy*

(17) Where a transfer of tenancy has been delayed, the City may adjust the rental account as follows:

(a) Should the delay in finalizing the tenancy be due to an administrative error, the rental account may be adjusted for a maximum period of one year from the date of the signing of the rental contract; or

(b) should there be a delay in finalizing the tenancy due to negligence on the part of the prospective tenant, then the rental account may be adjusted for a maximum period of three years from the date of the signing of the rental contract; and

(c) the City may also agree to such amounts being settled by way of a debt arrangement.

## 16. Collection process: Rental Schemes

(1) Rental is payable in advance by the due date; and

(*a*) any councillor or staff member, who enters into a lease agreement, with the City, in their personal capacity, shall agree to sign a stop order, on their respective remuneration or salary, in favour of the City, for the agreed rental and all charges relating to the lease.

(2) If payment is not received, a letter of demand is sent to the defaulting debtor requesting payment and offering the debtor an opportunity to make an arrangement within 30 (thirty) days, from the date of the letter.

(3) Failure to respond to this letter of demand timeously will result in legal proceedings.

(4) The legal collection process will start with a letter demanding payment within a stipulated period.

(5) If the debtor fails to respond within the stipulated period, summons will be issued.

(6) No response to the summons will result in the City making an application to court for default judgement and, ultimately, the commencement of eviction proceedings.

## 17. Collection process: Home-ownership Schemes

(1) Instalments and other housing charges are payable by the due date; and

(a) these amounts including any other debt due, where they are payable by any councillor or staff member, shall be recovered by way of a stop order, from their respective remuneration or salary, which they shall agree to.

(2) If payment is not received, a letter of demand is sent to the defaulting debtor requesting payment and offering the debtor an opportunity to make an arrangement within 30 (thirty) days from the date of the letter.

(3) Failure to respond to this letter of demand timeously will result in legal proceedings.

(4) The legal collection process will start with a letter demanding payment within a stipulated period.

(5) If the debtor fails to respond within the stipulated period, summons will be issued. No response to the summons will result in the City making an application to court for default judgment and ultimately, the commencement of eviction proceedings.

(6) If the amount due on the day of eviction is not paid, repossession of the property will take place and immovable property may be sold or converted to a rental unit and let in accordance with the City's Allocations Policy: Housing Opportunities.

## 18. Rates rebate benefits: Home-ownership Schemes

All residential property owners, who are registered as indigent, and who qualify in terms of item 19 (1), will receive the same rates rebate benefits as approved by Council for owners who are dependent on pension or social grants for their livelihood, as found in the Rates Policy, at the equivalent gross monthly household income level as set out in the Rates Policy.

## 19. Indigent relief

(1) Housing Indigent Relief (rental and home ownership schemes) shall be applied as follows:

*(a)* Where the joint income of a housing debtor and spouse or partner does not exceed R4 500.00 per month, such debtor shall be deemed to be indigent;

*(b)* where a housing debtor has applied for and been granted a housing indigent grant, all debt related to that property for that debtor (excluding capital debt of home ownership debtors) up to the date of granting of indigent status will be written back. Such write back will occur only once for any debtor, thereby allowing for a once off rehabilitation;

*(c)* an indigent debtor will, where applicable, have any credit meter for water at the premises replaced with a water management device or any prepayment water meter; and

(i) the Water Department will be notified regarding the required installation of such water management device and will be responsible for the installation thereof;

(*d*) an indigent debtor will have any credit meter for electricity at the premises replaced with an electricity dispensing unit (EDU); and

(i) the Electricity Department and the maintenance section of the Public Housing and Customer Services department will be notified regarding the required installation of the EDU and will be responsible for the installation thereof;

*(e)* failure by an indigent debtor to pay 90% of the amount due within a review period of 2 (two) months will lead to the indigent grant being cancelled; where after the debtor will immediately be subject to the housing debt management policy;

*(f)* the indigent grant will be valid for a period of 12 (twelve) months and all housing indigent grant applicants are required to re-apply after 12 (twelve) months;

*(g)* should it be discovered that there were any purposeful omissions by the applicant with respect to the Indigent Grant application which result in the applicant not complying with the indigent grant requirements, the grant will be cancelled and reversed to the date of application;

*(h)* any debtor who fails to pay the indigent rental regularly and on time, causing the indigent grant to cancel, may not be allowed to re-apply for the grant after defaulting and re-applying 3 (three) times. The City Manager has the discretion to consider each case on its merit; and

*(i)* the indigent rental will be calculated according to the following table:

| INCOME | PERCENTAGE OF INCOME PAYABLE | MINIMUM ARRANGEMENT AMOUNT |
|---|---|---|
| R0 to R2 000 | 5 % with a minimum rental of R10 | R15 |
| R2 001 to R3 500 | 8% | R25 |
| R3 501 to R4 500 | 10% | R40 |
| For the purpose of income the cents value is disregarded except that the maximum income permissible is capped at R4 500.00. | | |

(i) an indigent debtor, where applicable, will receive a waste collection service rebate of 100% for the first 240L container; and

(*j*) All new applicants who apply and are registered as indigent on or after 1 July 2017, who are 60 (sixty) years of age and older in terms of item 19 of this policy, will have their indigent grant remain valid for 3 (three) years or up to the termination date of the lease whichever date is the earlier; and

(i) subject to sub-item 28 (3) and (4) no restriction, disconnection or discontinuation of any service or legal action will be instituted against any debtor for the duration of the approved indigent grant period; and

(ii) any subsequent late application received from a beneficiary, under this sub-item, may be regarded as having been received timeously; and

(iii) notwithstanding sub-item (*j*) (i), services may be limited, if deemed necessary, by the City Manager; and

(iv) debtors who have been registered as indigent, and who are in receipt of an older persons grant or a war veterans grant from the South African Social Security Agency (or their successor in title) will continue to receive indigent benefits until they no longer qualify for such older persons grant or until they no longer meet the indigent criteria; and

(v) Any penalty rental or surcharge based on an income amount exceeding R3 500.00 but not more than R4 500.00 per month may be subject to an indigent benefit.

(2) Where the City's rental units, have not been valued, and where water and sewerage accounts are in the name of the tenant or the tenant is responsible for the payment of these charges, such tenant will be deemed to be indigent, unless proven otherwise.

## CHAPTER 4: INDIGENT RELIEF FOR RESIDENTIAL PROPERTIES

### 20. Tariff structure

(1) The Rates Policy and Tariff Policy are designed to enable those residential debtors who meet the criteria as defined therein to obtain free basic services and a rates rebate.

(2) The free basic services and the rates rebate referred to in this Chapter will be as determined by Council from time to time, and

*(a)* such determination will override anything else to the contrary as contained in this Chapter.

### 21. Excess consumption

Any consumer who uses in excess of any free allocation of services, will be charged for those services in accordance with the Tariff Policy and will be subject to this policy.

### 22. Arrears

(1) All residential debtors who qualify and are registered as indigent, will have their arrears written off once during ownership of that property, and thereafter will be subject to item 21, provided that;

*(a)* a prepayment electricity meter and a water management device or a prepayment water meter must be installed, where applicable; and

*(b)* the arrears are not as a direct result of tampering or any illegal usage of services.

(2) After the arrears have been written off in terms of sub-item (1), and irrespective of whether consumers receive a current account for any subsequent rates and services, consumers who again fall into arrears are still required to make an arrangement with the City Manager to pay off their arrears in accordance with the principles and conditions contained in this policy.

(3) Sub-item (2) applies to all persons who have had their arrears written off in terms of sub-item (1) and who at any stage thereafter re-apply for indigent status.

(4) Where any arrangement, as referred to in sub-item (2), is defaulted on, then all the indigent benefits received as a result of being registered, in terms of item 23, will cease, with effect from the date of such default.

## 23. Registration criteria

(1) In order to qualify for registration as an indigent, for a period not exceeding twelve months, an applicant, which could include any combination of applicants, must satisfy the following criteria:

*(a)* The property must be a residential property; and

*(b)* the applicant, or any combination of applicants, must be –

(i) the registered owner of the residential property; or

(ii) an occupier of a child-headed household where the residential property is registered in the name of the deceased parent or deceased parents; or

(iii) a purchaser of a residential property from any of the spheres of government on a delayed transfer basis; or

(iv) the party to whom the residential property is awarded in the event of a divorce; or

(v) where a deceased estate has not been wound up;

*(aa)* in the case of a deceased estate, in whose name the residential property is registered, any heir to whom the registered property has been bequeathed; or

*(bb)* a surviving spouse, where the surviving spouse was married in community of property to the deceased, and where the residential property is registered in both spouses' names, and the surviving spouse is the sole heir; or

*(cc)* a surviving spouse, who was married in community of property to the deceased, together with any other heirs, if any, where the residential property is registered in the name of that deceased; or

*(dd)* in the case where a portion of a residential property is registered in the name of a deceased estate, the surviving registered owners together with the heirs to the deceased estate; or

(vi) in the event of the residential property being registered in the name of a trust,

*(aa)* the beneficiaries, for the meantime, of a testamentary trust established in terms of the Administration of Estates Act, 66 of 1965; or

*(bb)* the trustees together with any beneficiaries, for the meantime, of a trust established in terms of the Trust Property Control Act, 57 of 1988; or

(vii) a usufructuary or habitatio where such usufruct or habitatio right is registered against a residential property in the name of that usufructuary or habitatio; or

(viii) where there is more than one person residing at the residential property who meet any of the criteria set out in this sub-item then they must jointly make application in terms of this item;

(ix) all the members of a close corporation who meet all the relevant criteria;

(x) notwithstanding anything else contained in this policy a backyard dweller may have consumption subsidised from the indigent fund as more fully set out in sub-item 24 (2); and

*(c)* the total household income of the residential property may not exceed the maximum income of the owners who are dependent on pension or social grants for their livelihood as provided for in the Rates Policy, who receive a 100% rates rebate; and

*(d)* the applicant may not be the registered owner of more than one immovable property nationally and internationally; and

(i) sub-item 23 (1) (d) excludes any unproductive vacant land, as defined in the Rates Policy; and

*(e)* be a full-time occupant of the residential property or where the registered owner is unable to occupy the property due to no fault of such registered owner, the spouse, or partner and including any party in a cohabitation relationship or minor children may satisfy the occupancy requirement; and

*(f)* where applicable, must have a prepayment electricity meter, a water management device or a prepayment water meter installed in terms of any applicable by-law or policy, as read with any approved tariff; and

*(g)* notwithstanding the aforesaid, registered owners of residential properties which have a municipal valuation of R300 000, or less, or as determined by Council from time to time, will be deemed to meet the criteria in sub-item *(a)* to *(e)* above and will be regarded as being registered, unless proven differently; and

(i) in addition, any property that qualified, in terms of sub-item (*g*), will be deemed to meet the criteria, in sub-item *(a)* to *(e)* above, and will be regarded as being registered, even if such property value subsequently exceeds a municipal valuation, of R300 000 or less, as referred to sub-item (*g*); and

(ii) interest on –

(*aa*) rates may be charged at 0%; and

(*bb*) other debt may be suspended

until the devices as referred to in sub-item 22 are installed and the arrears are written off.

(2) The City Manager may call upon an applicant, an indigent or a debtor at any time to produce documents in support of their claim for indigency or indigent status; and

*(a)* may at any time approach any person in order to verify any claim made by an applicant or indigent.

(3) Council may determine any criteria as mentioned in sub-items (1) and (2) from time to time.

(4) Deleted

(5) Notwithstanding sub-item (1) (g) any interest charges already raised on the properties identified therein may be written off.

(6) The City Manager may approve the indigent benefit where an applicant can prove that a spouse, or partner and including any party in a cohabitation relationship can no longer be traced and such spouse, or partner or any party in a cohabitation relationship has left the home, for a period of at least three years, but the applicant still meets all the other qualifying criteria.

(7) Notwithstanding sub-item (1) (*g*) where the property was valued at R88 000,00 or less, during the 2006 General Valuation ("GV") inclusive of any Supplementary Valuations ("SV") thereto, with the exception of any SV which increased the value of the 2006 GV as a direct result of the property having been undervalued in the first instance, as compiled in terms of the Property Rates Act, and regardless of any subsequent GV or SV, until determined otherwise by Council, will be deemed to meet the criteria in sub-item (1) *(a)* to *(e)* and will be regarded as being registered, unless proven differently ; and

(i) interest may be charged at 0% until the said devices are installed and the arrears written off.

(8) All new applicants, who apply and are approved, on or after 1 July 2017, who are 60 years of age and older, who have been registered as indigent, in terms of items 23 (1) and 24 (4), of this policy, will remain valid until the next GV or SV is implemented; and

(i) subject to sub-item 28 (3) and (4) no restriction, disconnection or discontinuation of any service or legal action will be instituted against any debtor, who has registered for the duration of the GV that is in force;

(ii) any subsequent late application received from a beneficiary, under this sub-item, may be regarded as having been received timeously;

(iii) notwithstanding sub-item 23 (8) (i), services may be limited, if deemed necessary, by the City Manager; and

(iv) debtors who have been registered as indigent, and who are in receipt of an older persons grant or a war veterans grant from the South African Social Security Agency (or their successor in title) will continue to receive indigent benefits until they no longer qualify for such older persons grant or until they no longer meet the indigent criteria.

## 24. Indigent relief: rates

(1) No rates will be levied on any residential property where the municipal valuation does not exceed the municipal valuation as referred to in the Rates Policy.

(2) Deleted

(3) Deleted

(4) All applicants who qualify in terms of item 23:

*(a)* Will receive the same rates rebate benefits as approved by Council for owners who are dependent on pension or social grants for their livelihood, as found in the Rates Policy, at the equivalent gross monthly household income level as set out in the Rates Policy; or

*(b)* who do not receive any rates rebate, for persons who are dependent on pension or social grants for their livelihood, in terms of the Rates Policy, and with the exception of item 23 (1) *(c)* and (*f*), will only receive a rates rebate, from the date that the benefit has been approved for a period not exceeding twelve months, of:

(i) 75%, if their income is greater than R4,501.00 and not more than R5,500.00; or

(ii) a 50% rebate if their income is R5,501.00 and not more than R6,500.00; or

(iii) a 25% rebate if their income is R6,501.00 and not more than R7,000.00; and

any cents shown as income will be disregarded for sub-items (i) and (ii).

*(c)* all indigents referred to in sub-item (4) *(b)* must make and abide by an arrangement to repay any arrears in accordance with the principles and conditions contained in this policy, no other indigent benefits or rates rebates, as provided for owners who are dependent on pension or social grants for their livelihood, in terms of the Rates Policy, will accrue to such property owner, except as approved by Council from time to time.

(5) All percentages and amounts mentioned in sub-items (1) to (4) shall be as determined by Council from time to time.

(6) All debtors, who qualify and are registered as indigent, who require a municipal valuation certificate of their property, for purposes of applying for a social grant, will receive such certificate at no cost.

## 25. Indigent relief: water and sewerage

(1) Residential consumers may receive a 100% subsidy up to 10.5kl of water per household per month consumption on a zero-based tariff and any consumption exceeding 10.5 kl per month will be charged at normal tariffs or as determined by Council from time to time; and

*(a)* residential properties valued at more than R400,000.00, or as approved by Council from time to time, shall be excluded from this provision, unless an applicant is registered as indigent, and qualify in terms of item 23 (1).

(2) The City Manager shall grant authority that a water management device or a prepayment water meter may be installed in properties qualifying for indigent relief so as to reduce consumption to affordable levels.

(3) A residential debtor who doubts the validity of the consumption stated on any account may apply for the meter to be tested at his or her cost as per the Tariff Policy relating to indigence.

(4) Where activated backyard dwellers will receive a 100% subsidy up to 10.5kl of water per household per month. Any consumption exceeding 10.5 kl per month will be charged at normal tariffs or as determined by Council from time to time.

(5) The 100% subsidy referred to in sub-items (1) and (4), may not result in a credit balance and may not be converted to cash, set-off against any other account or be refunded in terms of this policy.

(6) Sewerage will be charged as contained in the Tariff Policy.

## 26. Indigent relief: electricity

(1) Residential debtors will receive indigent benefits as set out in the Tariff Policy; and

*(a)* prepayment meters will not receive the free basic supply of electricity for months in which no energy is purchased unless this is specifically claimed each month at a vending outlet; and

*(b)* credit meters will be credited with as much of the free basic supply of electricity as is used during the metering period.

(2) The City Manager shall grant authority that a prepayment meter may be installed in those properties where the registered owners qualify and are registered for indigent relief so that the debtor cannot consume electricity beyond such debtor's means. All prepayment meters are installed at the rate as indicated in the Tariff Policy.

## 27. Indigent relief: solid waste

(1) All residential debtors whose, properties are below a municipal valuation, as determined by Council from time to time, may receive a free or rebated waste collection service; and

*(a)* all residential property owners, who are registered as indigent, and who qualify in terms of item 23 (1), will receive a waste collection service rebate of 100% for the first 240L container; and

(*b*) all residential property owners, who are registered as indigent, and who qualify in terms of item 24 (4) (*b*), will receive a waste collection service rebate equivalent to the percentage granted in respect of a rates rebate based on the same income levels for the first 240L container.

(2) All informal residential debtors will receive a free basic waste collection service as set out in the Tariff Policy.

## 28. Debt management actions

(1) Subject to sub-item (3) and (4), and provided no further debt is incurred, no restriction, disconnection or discontinuation of any service or legal action will be instituted against any debtor, who has registered for and been accepted as an indigent for a period of twelve months, or while they still qualify as indigent, and meet all the criteria, in item 23 (1), during this twelve-month period; and

(*a*) notwithstanding sub-item 28 (1), services may be limited, if deemed necessary, by the City Manager.

(2) An application for registration as indigent is only valid for a period of twelve months from the date of approval.

(3) It is a requirement of this policy that should the personal circumstances of a debtor improve to such an extent that such debtor no longer qualifies as an indigent, then such person must notify the City Manager immediately of this change in order for such persons' name to be removed from the indigent register.

(4) If it is found that a debtor no longer qualifies as an indigent, and such debtor has not informed the City Manager, then this debtor will be de-registered as an indigent, and all suspended steps, as referred to in sub item (1) above, will be lifted, from the time the debtor's circumstances were found to have improved, and interest will be payable on any outstanding amounts.

(5) The City Manager may, at any time, call upon a debtor, who receives any indigent benefit, to produce documents, or to complete any form, in support of such indigent status; and

(*a*) may, at any time, approach any person in order to verify the content of any such document or form so received; and

(*b*) may take any steps necessary to determine such debtor's indigent status.

## 29. Misrepresentation

(1) Debtors found to have misrepresented themselves in order to benefit from the City's indigent relief will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and the City Manager will–

*(a)* reverse all benefits and relief received; and

*(b)* raise any fee, as determined by Council from time to time, as set out in the Tariff Policy.

(2) Any person who has received any benefit or relief in terms of this policy and who has misrepresented themselves in order to qualify for such benefit or relief will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and the City Manager will–

*(a)* reverse all benefits and relief received; and

*(b)* raise any fee, as determined by Council from time to time, as set out in the Tariff Policy.

(3) The City Manager shall report any misrepresentation in terms of this policy to the South African Police Services.

## CHAPTER 5: PROPERTY MANAGEMENT

### 30. General principles

*Definition:*

(1) In this Chapter **"income"** means income as stipulated in Chapter 1 and applies but where reference is made to the owner, it includes the lessee.

*Property Management Portfolio and tenanting allocation strategy*

(2) The PM Portfolio is market value driven; and

(*a*) any councillor or staff member, who enters into a lease agreement, with the City, in their personal capacity, shall agree to sign a stop order, on their respective remuneration or salary, in favour of the City, for the agreed rental and all charges relating to the lease.

(3) The tenanting process of vacant residential properties is geared at speedy turnaround times due to the cost implication of securing the vacant houses. Criteria such as affordability and fit are considered when selecting potential tenants;

*Consolidated debt*

(4) In terms of this policy, separate accounts of a person liable for payment to the City, are to be consolidated, regardless of the fact that separate accounts for such debtor may be rendered, and includes all pre-paid services for which no account is rendered and as such in conjunction with debt management action already taken, electricity may be disconnected and/or (in the case of residential properties) water restricted to trickle feed for non-payment of rental arrears.

*Interest*

(5) Interest may be charged on all overdue accounts at an interest rate equal to the prime rate which will be adjusted quarterly to the prevailing rate on the last date of the quarter.

(6) Where applicable interest charges on arrears will be frozen subject to the debt arrangement being honoured.

*Debt arrangements*

(7) A debt arrangement requires the payment of one month/annual rental (whichever is applicable) when the agreement is signed and the current monthly/annual charges plus a mutually agreed amount towards the arrears each following month, plus, where applicable, legal and other fees incurred to date; and

(*a*) the debt arrangement will be valid for a period of 12 (twelve) months (or the remaining period of the tenure whichever is the shortest), where after such arrangement shall cease and the debtor shall be required to enter into a new arrangement for the remainder of the debt;

(i) failure to enter into a new arrangement after the expiry of the 12 (twelve) months referred to in sub-item (7) (a) shall result in the debt becoming due and payable forthwith and all the credit control and debt collection measures as contained in this policy may be enforced;

(*b*) if a debt arrangement is not honoured, the debt collection process or legal action will resume from the debt stage at which it was suspended;

(*c*) a debtor who defaults on arrangements made may not be allowed to enter into an arrangement after defaulting for the third time; and

(*d*) such debtor will proceed in the debt management process unless all arrears are paid in full.

(8) *Deleted*

*Recovery of costs*

(9) The City Manager may recover from the debtor, all costs in instances where such costs are incurred by or on behalf of the City, including;

*(a)* cost and administration fees, where presented payments are dishonoured, e.g. R/D cheques;

*(b)* legal and administration costs, including attorney and client costs, and tracing fees incurred in the recovery of debts; and

*(c)* any collection commission/charges.

(10) All charges are payable on demand.

(11) No response to first demand for payment may lead to a restriction and/or disconnection of the water and/or electricity or any other supply for that property.

(12) Departures from the above principles may only be made by the City Manager where there are sound practical reasons which shall be recorded in writing.

*Minimum Payments*

(13) The following minimum payments added to legal costs are required from the debtor prior to stopping the debt management and legal processes:

| | |
|---|---|
| On signing a debt rescheduling arrangement | 1 X total monthly/annual property management charge (as per lease agreement) |
| Following the service of a summons | 2 X total monthly/annual property management charge (as per lease agreement) |
| Where judgement has been granted | 3 X total monthly/annual property management charge (as per lease agreement) |
| On day of eviction | 12 X total monthly/annual property management charge (as per lease agreement) |

*a*) in each case the payment will be limited to the lesser of the outstanding balance or the amount calculated above; and

(*b*) the City Manager may use discretion in terms of the amount payable where the tenant is found to be indigent in terms of the provisions of the Property Management Indigent Grant.

**There will be no reinstatement after eviction.**

*Attachment of goods*

(14) The City Manager may attain a court order and attach the personal possessions of a debtor which may be auctioned in order to recover any debt owed by the debtor.

*Suspension of dunning due to infirmity*

(15) The City Manager may approve suspending the property management dunning procedure for a period not exceeding six months in instances where the contracted party is severely physically or mentally infirm.

*Disconnection of supply of services for debt*

(16) The supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law

(17) Items 11, 12 and 13 found in Chapter 2, the whole of Chapter 4, item 37 of Chapter 6 and the whole of Chapter 8 do not relate to property management under this policy.

(18) When purchasing electricity units, the City Manager may deduct a percentage of the monetary value towards settling any arrears. This action will be by prior notification to such debtor and shall remain unchanged unless by default.

(19) Where rental escalation clauses, contained in current and tacit leases, have not been implemented, for whatever reason, the City may –

(*a*) align the current rental, to the escalated rental agreed to in the lease agreement, as if the escalations were effected;

(*b*) back date such rental by no more than12 (twelve) months; and

(*c*) agree to such amounts being settled by way of a debt arrangement.

## 31. Debt Management process

(1) The debt collection process begins when a lessee falls into arrears in respect of the current charges.

(2) If payment is not received, a notice requesting payment and offering the debtor an opportunity to make an arrangement within 30 (thirty) days, from the date of the letter, is sent to the defaulting debtor.

(3) Failure by the debtor to respond to notice within the 30 (thirty) day period will automatically result in the institution of legal and related proceedings with a letter of demand, demanding payment within a stipulated period.

(4) If the debtor fails to respond within the stipulated period, summons will be issued.

(5) Failure to respond to the summons will result in the City making an application to court for default judgement including a standard instruction that the Writ of Execution be issued and, if applicable, a financial enquiry lodged.

(6) Once all remedies to recover debt have been exhausted, eviction proceedings will commence.

## 32. Indigent relief

(1) The Property Management portfolio is market value driven and debtors who are no longer able to afford the rental are required to seek alternative accommodation within the period that the indigent grant is valid.

(2) The indigent relief in this policy will thus be applied to indigent households once only and no re-applications will be considered.

(3) Indigent Relief for Property Management debtors shall be applied as follows:

*(a)* Where the joint income of a Property Management debtor and spouse or partner does not exceed R4 500.00 per month, such debtor shall be deemed to be indigent;

*(b)* where a Property Management debtor has applied for and been granted an indigent grant, all debt related to that property for that debtor up to the date of granting of indigent status will be written back. Such write back will occur only once for any debtor, thereby allowing for a once off rehabilitation;

*(c)* an indigent debtor will, where applicable, have any credit meter for water at the premises replaced with a water management device or any prepayment water meter; and

(i) the Water Department will be notified regarding the required installation of such water management device and will be responsible for the installation thereof; and

*(d)* an indigent debtor will have any credit meter for electricity at the premises replaced with an electricity dispensing unit (EDU); and

(i) the Electricity Department and the maintenance section of the Property Management Department will be notified regarding the required installation of the EDU and will be responsible for the installation thereof; and

(*e*) failure by an indigent debtor to pay the amount due within a review period of 2 (two) months will lead to the indigent grant being cancelled; where after the debtor will immediately be subject to the property management debt management policy;

*(f)* the indigent grant will be valid for a period of 12 (twelve) months;

*(g)* should it be discovered that there were any purposeful omissions by the applicant with respect to the indigent grant application which result in the applicant not complying with the indigent grant requirements, the grant will be cancelled and reversed to the date of application;

*(h)* any debtor who fails to pay the indigent rental regularly and on time, will cause the indigent grant to be cancelled; and

*(i)* the indigent rental will be calculated according to the following table:

| INCOME | PERCENTAGE OF INCOME PAYABLE | MINIMUM ARRANGEMENT AMOUNT |
|---|---|---|
| R0 to R2 000 | 5 % with a minimum rental of R10 | R15 |
| R2 001 to R3 500 | 8% | R25 |
| R3 501 to R4 500.00 | 10% | R40 |
| For the purpose of income the cents value is disregarded except that the maximum income permissible is capped at R4 500.00. | | |

*(j)* all new applicants who apply and are registered as indigent on or after 1 July 2017, who are 60 years of age and older, in terms of item 19 of this policy, will have their indigent grant remain valid for 3 years or up to the termination date of the lease, whichever date is the earlier; and

(i) subject to sub-item 28 (3) and (4) no restriction, disconnection or discontinuation of any service or legal action will be instituted against any debtor for the duration of the approved indigent grant period; and

(ii) notwithstanding sub-item (*j*) (1), services may be limited, if deemed necessary, by the City Manager.

## CHAPTER 6: CREDITS, REFUNDS AND TRANSFERS

### 33. Credit

(1) In this chapter any reference to the word 'refund' includes the word 'transfer' unless the context indicates otherwise.

(2) The City Manager shall have the right to claim any credits due to the City or any of its predecessors-in-law.

(3) No interest shall be paid in respect of any credit on any account unless permitted in terms of any other legislation, policy or as determined by Council from time to time.

### 34. Requests for refunds or transfers

(1) All requests for refunds or transfers must be in writing; and
(*a*) the City Manager shall only refund or transfer credit amounts in terms of this Chapter.

(2) A "Request for Refund Form" must be completed, or dictated to an official who will record it in writing and have it read, and if necessary, corrected, and
*(a)* all the applicable supporting documentation must be supplied; and
*(b)* the form must be signed by the person requesting the refund.

(3) The form must then immediately be lodged with the relevant authorised official.

(4) Consideration for a refund or transfer will only be given where credits appear on the account.

(5) Refunds will only be made:
*(a)* To an account holder; or
*(b)* notwithstanding anything else to the contrary contained in this policy, to the conveyancer, of the relevant property, after registration of transfer in the Deeds Office.

(6) Notwithstanding sub-items (4), (5) and (7) any payment made on an account by a third party will only be considered for a refund or transferred, by the City Manager, to such third party, after the latter submits proof of the payment and such refund or transfer will be subject to any law and policy of the City.

*By the claimant*

*(a)* The claimant will be required to produce the original proof of the payment which includes but does not limit same to any of the following:
(i) original receipt;
(ii) proof of payment method;
(iii) original cheque as processed by the bank, if applicable;
(iv) affidavit in support of the refund or transfer; and
(v) proof of the account intended to be paid, if applicable.

*By the City*

*(b)* Before making any refund or transfer the City Manager may –
(i) try to establish the whereabouts of the accountholder and thereafter;
(ii) write to such accountholder, at the last known or established address, giving such accountholder 14 (fourteen) days to show cause why such refund or transfer should not be proceeded with; and
(iii) no refund or transfer shall take place until any objection to the refund or transfer by the accountholder, as referred to in sub-item (ii), has been resolved to the satisfaction of the City; and
(iv) the City Manager shall notify both the claimant and the account holder, of any final decision to either:
*(aa)* Proceed with the refund or transfer; or
*(bb)* to reject the request for the refund or transfer.

*By the Accountholder*

*(c)* Any accountholder objecting to such refund or transfer must comply with the following:
(i) Submit such objection in writing showing cause as to why the refund or transfer should not take place; and
(ii) may be required to submit such objection in the form of an affidavit.

(7) Except for refunds in terms of section 55, of the Property Rates Act, where there are two or more account holders all of the accountholders must complete and sign the “Request for Refund or Transfer Form” as per sub-item (2).

## 35. Deceased estates, insolvent estates, judicial management and curatorship

*Deceased estates*

(1) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed executor or executrix, and such application shall be subject to relevant conditions contained in item 34; and

*(a)* refunds will only be made payable to the deceased estate's bank account.

(2) Notwithstanding sub-item (1) if an estate is wound up in terms of section 18 (3) of the Administration of Estates Act, then such refund or transfer can be made as per the directions as given by the Master by applying the same or similar principle; and

*(a)* the Masters direction as referred to in sub-item (2) must be attached to the request for the refund or transfer.

*Insolvent estates including any entity in the process of liquidation*

(3) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed trustee or liquidator, and such application shall be subject to relevant conditions contained in item 34; and

*(a)* refunds will only be made payable to the bank account of either the insolvent or an entity in liquidation; or

*(b)* to an unrehabilitated insolvent; or

*(c)* notwithstanding anything else to the contrary contained herein to any nominee, subject to the conditions contained in this policy.

(4) Despite anything to the contrary contained in this policy the right to offset any debt against any credit is subject to the Insolvency Act.

*Judicial management*

(5) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed judicial manager, and such application shall be subject to relevant conditions contained in item 34; and

*(a)* refunds will only be made payable to the bank account of a company which has been placed under judicial management.

(6) Despite anything to the contrary contained in this policy the right to offset any debt against any credit is subject to the Insolvency Act.

*Curatorship*

(7) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed curator, and such application shall be subject to relevant conditions contained in item 34; and

*(a)* refunds will only be made payable to the bank account of a person under curatorship.

## 36. Refunds and transfers generally

(1) Subject to sub-item (2) refunds shall take the form of electronic bank transfers only unless catered for elsewhere in law or any of the applicable policies of the City.

(2) Subject to sub-item (3) the City Manager shall have the right to offset any credit against any debt of the same debtor.

*(a)* Notwithstanding sub-item (2) the amount referred to in item 24 (2) shall not be offset except as provided for in item 24 (3).

(3) The right to offset any debt against any credit is subject to the Insolvency Act, or any court order prohibiting such set-off.

(4) In the case of a refund or transfer to a partnership no set-off against any debt of the individual partner may take place; but

*(a)* any credit due to a partner may be offset against the debt of a partnership.

## 37. Clearance certificates

(1) Any refund provided as a result item 12 (6) shall be refunded in terms of that sub-item as read with this Chapter.

(2) Any payment for a clearance certificate, which results in a credit on the sellers account, shall be refunded, in the first instance, to the relevant conveyer, or failing such conveyancer, to such seller, after registration, and after finalisation, to the satisfaction of the City Manager, of the respective account.

(3) Where a sale does not result in registration taking place no refund shall be made, unless there is a credit on the account, and such refund shall be limited to the total of the amount in credit which shall not exceed the credit placed to the account in order to obtain the clearance certificate.

(4) The sheriff of the court who sold the property shall be the seller when a property has been sold in execution.

(5) A duly completed 'Request for Refund Form' may accompany any application for a clearance certificate.

## 38. Nominees

(1) The City Manager has the right, subject to any applicable legislation, to offset any of the nominee's debt against any credit to be refunded to such nominees banking account.

(2) Notwithstanding sub-item (3) no refund will be made to a nominee where the account holder is a juristic person except where a director, member or trustee can prove that they paid the juristic person's account out of their own personal bank account and that all the required proof and relevant documents are submitted.

(3) Subject to sub-item (1) and (2) and notwithstanding anything else contained in this policy, refunds may be made to a nominees banking account.

## CHAPTER 7: MISCELLANEOUS

### 39. Right of access to property

(1) In terms of section 101, of the Systems Act and the registered owner or occupier of any premises in the City must give an official of the City or any representative of a service provider, who is authorised by the City Manager, access at all reasonable hours to the premises in order to inspect the premises, read, inspect, install or repair any meter or service connection for reticulation, or to disconnect, stop or restrict or discontinue the provision of any service.

(2) Where access has been denied to a property or where it is found that officials are unable to gain reasonable access the City Manager may, having given fourteen days' due notice, install a water management device and any prepayment meter at the property, at the owners cost.

(3) Where access has been denied to a property, including properties classified as indigent or where it is found that officials are unable to gain reasonable access the City Manager may, having given fourteen days due notice, disconnect, stop or restrict or discontinue the provision of any service, at the cost of the owner

### 40. Compromising or compounding any action, claim or proceedings

(1) In terms of section 109 of the Systems Act the City Manager may compromise or compound any action, claim and proceedings where applicable.

(2) Sub-item (1) is not applicable to rates except as provided for in section 26 (3) of the Property Rates Act.

### 41. Review of this Policy

(1) This policy must be reviewed annually as part of the budget process or more frequently if required.
(2) Changes in legislation must be taken into account for future amendments to this policy.
(3) Any amendments to this policy must be submitted to Council for approval.

## CHAPTER 8: OTHER COLLECTION PROCEDURES

### 42. Failure to pay debt by due date

(1) Should any debtor fail to pay any debt, referred to in section 118 (3), of the Systems Act, by due date the City Manager may, serve a notice in terms of section 115 of the Systems Act, –

*(a)* on the debtor, and

*(b)* on the property,

calling upon such debtor to pay such debt within 30 (thirty) days of such notice.

### 43. Content of notice

(1) The notices referred to in item 42 shall state that should any debt not be settled within 30 (thirty) days of such notice, application will be made to court for an order for the sale of the debtor's property for the outstanding debt plus any additional debt incurred in the application of this Chapter.

### 44. Address for delivery of notifications

(1) Any debtor may notify the City Manager of an address within the Republic to which any notice referred to in sub-item 42 (1) *(a)* may be sent; and

*(a)* any address given in terms of sub-item (1) may be amended by a debtor by notifying the City Manager in writing of the change thereof; and

(i) such amended address shall take effect when a written acknowledgement of such address is dispatched by the City Manager to the debtor.

*(b)* the onus shall be on the debtor to ensure that such debtor receives a written acknowledgement of such amended address;

*(c)* the amended address shall be deemed for all purposes to be the address where all notices in terms of this Chapter may be served to the exclusion of any address previously notified;

*(d)* shall state either the property account number or numbers of each applicable account; and

(i) the full description of the property;

(ii) the physical address of the property; and

(iii) the full name of the registered owner.

## 45. Procedures to be followed for debt

(1) Should any debt referred to in item 42, remain unpaid after the final date for the payment thereof, such debt may be recovered in the manner set forth in this Chapter.

(2) The City Manager shall cause a further notice to be served, in terms of section 115 of the Systems Act, advising that an application shall be made to Court, after the lapsing of 14 (fourteen) days from dispatch of this notice, for an Order for the sale of the debtor's property for the outstanding debt plus any additional debt incurred in the application of this Chapter.

(3) If after giving notification in terms of items 42 and sub-item 45 (2) hereof, and such debt remains outstanding, a court of competent jurisdiction, upon the application by the City, showing

*(a)* the amount of debt not paid; and

*(b)* the notices provided for in items 42 and 45 (2) has been given,

shall be requested to summarily order any such property against which the debt is owing to be sold by way of public auction, subject to the conditions contained in sub-items (4), (5) and (6) hereof, which order the court shall have the right to grant.

(4) The order shall give the power for the proceeds of the public auction to be paid into court and direct that payment be made to the City, from these proceeds; of

*(a)* all debt outstanding; and

*(b)* all costs incurred by the City in respect of the application made in terms of this Chapter;

in preference to any bondholder in terms of section 118 (3) of the Systems Act.

(5) Upon the court order as set out in sub-items (3) and (4) hereof the City shall have the right to have the property or any part thereof, as the case may be, sold in accordance with the court's order without the necessity of issuing a writ or other process of court for that purpose, except as provided for in sub-item (6), provided that in all other respects any such sale shall be deemed to be a sale of immovable property in execution of the judgment of such court, save that it shall not be necessary to notify or consult the debtor, against which the amount is owing, with regards to the sale or the conditions of the sale.

(6) Prior to applying for a date of sale of any property in terms of this Chapter, or the court order, the City Manager shall –

*(a)* post a notice on the official notice board of the City for a period of a least 30 (thirty) days;

*(b)* publish such notice in at least three newspapers circulating in the area in which the property is situated; and

*(c)* serve a notice to this effect on the debtor.

(7) The notice referred to in sub-item 45 (6) *(a)* may be in the form of a schedule and shall contain at least the following information:

*(a)* The name of the owner;

*(b)* the full physical address of the property;

*(c)* the amount outstanding;

*(d)* that the debtor has a right to settle the debt before the expiration of the notice;

*(e)* that the property may be sold in terms of the court order granted in terms of this Chapter should the debt remain outstanding after the expiry of the said notice; and

*(f)* any other information which the City Manager deems necessary.

(8) The notice referred to in sub-item 45 (6) *(b)* shall contain at least the following information:

*(a)* The name of the registered owner;

*(b)* the full physical address of the property;

*(c)* the amount outstanding;

*(d)* that the debtor has a right to settle the debt before the expiration of the notice;

*(e)* advising that application shall be made to the sheriff of the court for a sale date after the expiry of the notice; and

*(f)* any other information which the City Manager deems necessary.

(9) If before the sale of any such property in terms of any court order there is produced to the sheriff or any other person charged with the sale thereof a certificate from the City Manager that all the amounts due have been fully paid, the said property shall be withdrawn from the sale.

(10) Notwithstanding that all the said amounts may have been paid before the said sale the City shall not be liable to any person whatsoever for any loss or damage suffered by such person by reason of the sale of any such property in respect of which no such certificates have been produced to the said sheriff or person in charge.

(11) If any property is sold pursuant to a court order referred to in this Chapter notwithstanding the fact that all amounts due have in fact been paid; and

*(a)* if the City Manager, within three months of the sale, is satisfied that the said amounts had been paid at the date of the sale, the City Manager shall, if transfer of the property to the purchaser has not yet been registered, declare the sale null and void;

*(b)* the declaration referred to in sub-item (11) *(a)* hereof shall be by way of written notice signed by the City Manager and a copy thereof shall be served on the registered owner, in terms of section 115 of the Systems Act, and on the purchaser, at the address supplied in the conditions of purchase, and shall be transmitted forthwith to the Registrar of Deeds.

*(c)* upon signature of the said declaration the sale shall be null and void and in that event the purchase price shall be refunded to the purchaser;

*(d)* the registered owner shall be liable for all the expenses of the sale and all expenses incurred pursuant to the sale save any expenses incurred after production, if any, of the certificate referred to in sub-item (9) hereof, to the sheriff or any other person charged with the sale; and

*(e)* if no such certificate has been signed by the City Manager in accordance with sub-item (9) hereof the sale shall be of full force and effect.

(12) Nothing contained in this Chapter prevents the City from taking any other proceedings for the recovery of debt as set out in this policy, any relevant legislation, or any other competent procedure in any court of competent jurisdiction.

## 1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise -

**"Accountability and responsibility"** means top management, senior managers and other officials and each official of a municipality exercising financial management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure compliance.

**"Beneficiary"** means the target community or group that will benefit from a Grants-in-Aid funded project or programme.

**"Capacity building"** refers to a process which enables human beings to realize their potential, build self- confidence and lead lives of dignity and fulfilment. These capacity building programs have to align to the basket of services of the Directorate: Social Development and Early Childhood Development i.e. Early Childhood Development, Youth Development, Substance Abuse, Poverty Alleviation, Vulnerable Groups and Street People.

**"Chief Financial Officer (CFO)"** means a person designated in terms of section 80(2)(a) of the Municipal Finance Management Act.

**"Commercial or other business transactions"** means a contract or transaction entered into between the City and an outside contractor or vendor in terms of the City's SCM Policy and Procedures for the supply of goods and/or services by the contractor or vendor.

**"Council"** means the municipal council of the City of Cape Town.

**"Disclosure and declaration of interests - Councillors"** means disclosure and declaration by Councillors as required in terms of sections 5 and 7 of Schedule 1 – (Code of Conduct for Councillors) of the Local Government: Municipal Systems Act, 32 of 2003 (MSA).

**"Disclosure and declaration of interest – staff"** means disclosures and declarations by staff as required in terms of Sections 2 (Code of Conduct for Municipal Staff Members) of the Local Government Municipal Systems Act, 32 of 2003 (MSA).

**"Early Childhood Development ("ECD") Facility"** means any place, building or premises, including a private residence, maintained or used partly or exclusively, whether for profit or otherwise, for the reception, protection and temporary or partial care of more than six children that shall be registered with the Western Cape Government and be managed and maintained in terms of the Children's Amendment Act, 41 of 2007.

**"Economic Growth Strategy"** means a strategy that is aimed at coordinating and directing the work of the City and its external partners towards the expansion of access to economic opportunities by growing the economy and creating jobs being core objectives of the City's strategic focus area of being an opportunity City.

**"Finance manager"** means the official in a directorate/line department who is responsible for the financial management and administration of the directorate/ department.

**"Grants-in-Aid"** means a grants-in-aid or allocation, as referred to in MFMA section 17(3)(j)(iv), made by the City to any organisation or body referred to in MFMA section 67(1) and, to be utilised to assist the City in fulfilling its constitutional mandates including social developmental, and arts and culture programmes as set out in the respective Implementation Protocol Agreements with the Western Cape Government, the Economic Growth Strategy (EGS) and the Social Development Strategy (SDS) criteria.

**"Grants-in-Aid Committee"** means the committee established in terms of section 79 of the MFMA as well as paragraph 7.1.2 of this policy.

**"Memorandum of agreement (MOA)"** means the agreement entered into between the City and any organisation or body which receives a grant-in-aid in terms of this policy.

**"MFMA"** means Municipal Finance Management Act (Act 56 of 2003).

**"MOA"** means memorandum of agreement.

**"MPRA"** means Municipal Property Rates Act.

**"Municipal account"** means the municipal services account in respect of property rates, services and user charges for services rendered by the City.

**"Non-governmental Organisation (NGO)"** means a non-governmental organisation that is a legally constituted non-profit organisation that operates independently from any form of government.

**"Non-profit company (NPC)"** means a company whose memorandum of incorporation must set out at least one object of the company and each such object must be either a public benefit object or object relating to one or more cultural or social activities, or communal or group interests as required by Item 1(1) of Schedule 1 of the Companies Act, 71 of 2008.

**"Non-profit Organisation (NPO)"** means a non-profit organisation registered in terms of section 13 of the NPO Act, 71 of 1997.

"**Public benefit organisation (PBO)"** means any organisation which is a non-profit company (NPC) as defined in section 1 of the Companies Act or a trust or an association of person that has been incorporated, formed or established in the Republic.

**"Social Development Strategy (SDS)"** means a strategy that is aimed at coordinating and directing the work of the City and its external partners towards realising the City's aim and commitment to the building of a caring and inclusive City to improve the lives of its citizens especially the poor, marginalized and vulnerable.

**"specific delivery agreement"** means an agreement entered into between the City and a beneficiary to deliver goods and services of a specialised and unique nature and/or require specific expertise and special skills to produce, install and/or provide.

## 2. PROBLEM STATEMENT

The Grants-in-Aid Policy (hereafter referred to as the/this policy) was drafted in order to ensure that all grants-in-aid, allocated in terms of this policy, are only allocated or transferred to an organisation or body (beneficiary), outside any sphere of government, following confirmation of compliance with all relevant legislation and the due application of proper and sound regulatory and approval processes.

## 3. DESIRED OUTCOMES

The projects and/or programmes supported by the grant-in-aid allocations aims to assist the City in:

3.1 Addressing the social developmental and early childhood developmental needs of communities as set out in the Social Development and Early Childhood Developmental Implementation Protocol;

3.2 Building and growing arts and culture within communities and involving youth in Arts and Culture programmes as set out in the Arts and Culture Implementation Protocol;

3.3 Driving Economic and Social Development within its area of jurisdiction in terms of its EGS and SDS through application of the respective criteria as detailed in;

3.3.1 Promoting sports and recreation and the utilisation of local sports facilities;

3.3.2 Ensuring the safety of the general public using City's beaches;

3.3.3 Fighting crime to ensure the safety and security of its citizens by supporting the establishment of neighbourhood watch services within communities; and,

3.3.4 Pursuing its mandates and responsibilities relating to existing health situations in terms of the Health Act.

## 4. STRATEGIC FOCUS AREA

4.1 The City's IDP identifies five strategic focus areas (SFA), which provide a solid foundation for the articulation of service delivery. The five SFA are The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City. The City has identified linked objectives within the five SFA.

4.2 This policy supports the following strategic focus areas and objectives:

4.2.1 The Well Run City - Objective 5.1: Operational sustainability:
This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

4.2.2 The Inclusive City - Objective 4.3: Building integrated communities:
This objective looks at increasing understanding of diversity within and amongst communities, improving spatial transformation, promoting the optimal use of facilities for social and cultural activities and fostering talent with the intention of developing an inclusive city.

## 5. ROLE PLAYERS AND STAKEHOLDERS

5.1 Council

5.1.1 Assess and approve grant-in-aid allocations as submitted by subcouncils and line departments.

5.2 Mayoral Committee (MayCo)

5.2.1 Assess and recommend grant-in-aid allocations as submitted by subcouncils and line departments.

5.3 Section 79 Committees

5.3.1 Review and propose amendments to the Grants-in-Aid policy; and

5.3.2 Recommend the proposed changes for implementation during the budget process.

5.4 Subcouncils

5.4.1 Subcouncil manager to place adverts inviting organisations to apply for grants-in-aid funding through the ward allocations budget;

5.4.2 Administer the grant-in-aid application process;

5.4.3 Submit the proposed grant-in-aid allocations to their respective subcouncil meetings to be recommended;

5.4.4 Submit the recommended grant-in-aid applications on the prescribed documents to the Grants-in-Aid Committee; and

5.4.5 Prepare and submit a report with the supported grant-in-aid applications to MayCo for recommendation and to Council for approval.

5.5 Line departments

5.5.1 Place adverts inviting organisations to apply for grant-in-aid funding;

5.5.2 Administer the grant-in-aid application process;

5.5.3 Submit the recommended grant-in-aid allocations on the prescribed documents to the Grants-in-Aid Committee; and

5.5.4 Prepare and submit a report with the supported grant-in-aid applications to MayCo for recommendation and to Council for approval.

5.6 Grant-in-Aid Committee

5.6.1 Ensure that the grant-in-aid applications comply with the requirements of the IDP; and

5.6.2 Review and support the proposed grant-in-aid applications.

5.7 Budgets department

5.7.1 Review and assess the grant-in-aid applications at a preliminary screening process;

5.7.2 Review and assess the grant-in-aid applications during the first screening processes;

5.7.3 Co-ordinate and facilitate the grant-in-aid meetings; and

5.7.4 To note the minutes of the Grants-in-Aid Committee.

## 6. REGULATORY CONTEXT

6.1 Section 67 of the MFMA requires the City to implement and sustain proper and effective controls and procedures when transferring City funds to an organisation or body outside any sphere of government. Compliance with the regulatory and control measures as set out in section 67(1) must be enforced by the Accounting Officer through contractual and other appropriate measures in terms of section 67(3).

## 7. GUIDING PRINCIPLES

7.1 The Grants-in-Aid Committee

7.1.1 Section 67 of the MFMA requires the City to implement and sustain proper and effective controls and procedures when transferring funds of the City to an organisation or body outside any sphere of government. Compliance with the regulatory- and control measures as set out in section 67(1) must be enforced by the Accounting Officer through contractual and other appropriate measures in terms of section 67(3).

7.1.2 This regulatory process will receive oversight from the Grants-in-Aid Committee ("the Committee"). The members of the Committee shall be officials of the City appointed by the CFO. The Committee will have a broad strategic representation by including officials from various functional areas in the City as members and will be chaired by the CFO or nominee(s).

7.1.3 The Committee will administer and co-ordinate grant-in-aid applications recommended by line departments and subcouncils. The Committee must ensure that each of the recommended grant-in-aid allocations comply with the provisions contained in this policy, the Constitution and relevant legislation, Implementation Protocol Agreements and other policies of the City where applicable. The Committee is mandated to support or not support a recommendation received from a subcouncil or a line department dependent on the outcome of its assessment of the grant-in-aid allocation.

7.2 Financial Control and Oversight

7.2.1 In determining that the payment is in terms of this policy, such payment will, in terms of the VAT Act 89 of 1991, be deemed zero-rated if it's made to a registered welfare organisation, which means any public benefit organisation contemplated in paragraph (a) of the definition of "public benefit organisation" in section 30(1) of the Income Tax Act, 58 of 1962, and especially Interpretation Note 39 published by SARS on 8 February 2013, that has been approved by the Commissioner in terms of section 30(3) of that Act. Payments made to other organisations/bodies that are VAT vendors can also be deemed zero-rated grants-in-aid, provided that the grant-in-aid paid to/on behalf of that vendor is in the course or furtherance of an enterprise carried on by that vendor. All other payments to non-VAT vendors will not be seen as a grant-in-aid in terms of the VAT Act but a transfer payment made in compliance with section 67. All VAT and non-VAT vendors must be registered on the City's SAP Vendor Data Base, which forms part of the SCM process.

7.2.2 Outside contractors are appointed to deliver goods and services that are normally performed and delivered by the City's line departments utilising funds on their approved operating budgets. Line departments also utilise funds allocated and transferred to them by various subcouncils from their ward allocations to appoint contractors to deliver goods and services. All contractor appointments shall be made in terms of the City's SCM Policy and procedures as applied and interpreted by the SCM department. Such appointments shall be regulated and managed as commercial or business transactions. Grants-in-aid allocated in terms of this policy may not be utilised to fund such expenditure.

7.3 Specific qualifying criteria for organisations/bodies making application for grant-in-aid funding in terms of this policy

Applicants who apply for grant-in-aid funding, in terms of this policy, in order to carry out projects and/or programmes that meet the project qualifying criteria, shall be one or more of the following:

7.3.1 A PBO that is a NPC

7.3.1.1 Incorporated in terms of Schedule 1 of the Companies Act, 71 of 2008; and

7.3.1.2 A trust or an association of persons that has been incorporated, formed or established in the Republic as contemplated in the definition of public benefit organisations in sections 30(1) and 30(3) of the Income Tax Act, 58 of 1962 as amended.

7.3.2 A NPO registered in terms of section 13 of the Non-Profit Organisations Act, 71 of 1997.

7.3.3 A ECD site or child care and development facility such as a crèche, day care or educare centre

7.3.3.1 With the principal object being early childhood development for children aged 0 – 6 years; and

7.3.3.2 Duly registered with the Department of Social Services of the Western Cape Government as a place of care in terms of the Children's Amendment Act, 41 of 2007

7.3.4 An old age home registered with the Department of Social Services: Western Cape Government in terms of the Older Persons Act, 13 of 2006 or a senior citizens group, association or recreational club registered as a PBO or a NPO. The grant-in-aid funding may be used for the promotion of sport and the utilisation of local sports facilities by the aged or to acquire recreational material or to promote arts and culture among the aged. They may acquire special frail care equipment to improve mobility of the aged The old age home and the senior citizen groups may utilise grant-in-aid funding to provide a service to the community in respect of skills development, poverty alleviation or other projects or programmes that qualify for grant-in-aid funding in terms of this policy.

7.3.5 A PBO, in terms of section 30 of the Income Tax Act, 58 of 1962 as amended, performing public benefit activities or carrying out community based projects or programmes aligned to requirements of this policy

7.3.6 Any public school, as defined in the South African Schools Act, 84 of 1996, or independent school registered in terms of section 46 of that Act, where grant-in-aid funding may only be allocated and used to provide and/or maintain their own sports facilities and/or acquire sports equipment.

7.3.7 Any sports body, club, association or group registered as a PBO or NPO i.e. not an undertaking or enterprise operating as a business for profit and who actively promotes the utilisation and provision of sport facilities, and the repairs and maintenance thereof and/or provides sports equipment to be utilised by participants on a non-professional basis as a past time.

7.3.8 A lifesaving clubs registered as a PBO and affiliated to Life Saving Western Province who ensures the safety of the general public using the City's beaches by training and providing lifeguards and the necessary equipment and facilities to effectively perform their functions, including National Sea Rescue Institute lifesaving awareness programmes performed on inland rivers and dams.

7.3.9 Any arts and culture association/group, heritage- and history society, theatre- and dance group, and museum registered as a PBO or NPO. They must be properly constituted voluntary organisations or associations with verifiable lists of members and with minutes of recent annual general meetings functioning as arts collectives or groupings which actively promote the utilisation and provision of arts and culture.

## 8. PROJECTS, PROGRAMMES AND EXPENDITURE THAT CANNOT BE FUNDED BY MEANS OF GRANTS-IN-AID ALLOCATED IN TERMS OF THIS POLICY

8.1 The following, being either, projects, activities, programmes or types of expenditure, will not qualify for grants-in-aid funding in terms of this policy:

8.1.1 Bursaries of any kind.

8.1.2 Disaster management and relief.

8.1.3 Donation of assets, moveable or immovable.

8.1.4 Public functions, conferences and seminars of any kind.

8.1.5 Rewards and awards.

8.1.6 Sponsorships, of any kind, as defined in and regulated by other policies of the City.

8.1.7 Luncheons, dinners, parties and functions of any kind.

8.1.8 Sporting, entertainment, recreational, religious, cultural, exhibition, organisational or similar activities, hosted at a stadium, venue or along a route or within respective precincts.

8.1.9 If not aligned to the priorities, strategies and objectives as set out in the City's IDP.

8.1.10 Retrospective funding of expenditure that has already been incurred or to fund any over expenditure that may be incurred on an approved Grants-in-Aid project.

8.1.11 Where only one individual will benefit.

8.1.12 Which are to be carried out beyond the City's area of jurisdiction unless a clear and compelling benefit to the City and its residents can be demonstrated.

8.1.13 For the benefit of any particular political party, organisation, group or affiliation.

8.1.14 Subsidisation or funding of municipal rates, tariffs, service or user charges.

8.1.15 Funding of any expenditure relating to or associated with the operation of special rating areas established in terms of the MPRA.

8.1.16 Funding any organisation's or body's normal operational expenditure including:

8.1.16.1 Employee costs or any expenditure required to establish an organisation or to make it viable.

8.1.16.2 Where employee costs are an integral part of project's management/implementation or operational costs except for projects undertaken by organisations who provide residential care to victims of abuse who are removed from their family units due to circumstances.

8.1.17 Any commercial or other business transactions entered into between the City and outside contractors or suppliers, in terms of the City's SCM Policy for the supply of goods or services.

8.1.18 Any undertaking or enterprise operating as a business for profit or gain except in the case of an ECD site or child care facility referred to in paragraph 7.3 or economic and social developmental projects and initiatives approved by Council in terms of the City's EGS and SDS.

8.1.19 To civic or ratepayers' associations.

8.2 This Policy does also not apply to the following, which are processed and regulated in terms of other polices of the City or are administered and regulated in terms of other empowering legislation, are considered to be commercial or business transactions, or are transfers made in terms of Specific Delivery Agreements referred to in paragraph 8.2.15 as utilised by certain line departments: -

8.2.1 Housing billing subsidies.

8.2.2 Housing development subsidies.

8.2.3 Indigent grants and rates rebates.

8.2.4 Inter-governmental grants.

8.2.5 Transfers to other municipalities.

8.2.6 Transfers to other organs of state.

8.2.7 Transfers to municipal entities.

8.2.8 Allocations, by the Social Services directorate, in terms of specific delivery agreements as provided for under paragraph 8.2.15 to fund municipal delivery partnerships utilised to regulate the funding of "caretaker allocations", municipal facility management committees and district sports councils and annual allocations to the Life Saving Western Province Organisation.

8.2.9 Allocations in terms of environmental or heritage management and/or conservation specific delivery agreements as provided for under paragraph 8.2.15 entered into by the relevant City department with other organs of state and non-governmental organisations, which are registered NPOs or section 21 companies. The provisions for these allocations are made on the approved operating budget of that department.

8.2.10 Provision of capital expenditure and the erection of buildings or the extension of or alterations to buildings on property either belonging to the City or property belonging to the organisation or body making application for a grant-in-aid in terms of this policy or to property being leased by such organisation and body from another party.

8.2.11 Repairs and maintenance to Council owned facilities, buildings or properties utilised by organisations either in terms of a lease agreement with the City, or hired at the applicable tariff in terms of its tariff policies.

8.2.12 Funds established and operated by the City in terms of section 12 of the MFMA.

8.2.13 Events of any kind, including the marketing thereof, which include large sporting and major cultural events, concerts, shows and/or exhibitions and “indabas”.

8.2.14 The promotion of tourism and/or destination marketing.

8.2.15 Allocations by departments in respect of: analysis and policy; entrepreneurship; business promotion; sector development; job creation and skills development; and area development as per the economic developmental criteria of the EGS. These allocations/ transfers of funds are made in terms of specific delivery agreements, as entered into between the City and the beneficiary but excludes grant-in-aid funding that will be allocated under GL 457100 in terms of this policy for creating an enabling environment for Local Tourism and Development. These payments should therefore be allocated under GL 457200.

## 9. SPECIFIC REQUIREMENTS

9.1 Applications for grant-in-aid funding in terms of this policy shall only be considered where organisations/ bodies have responded to advertisements published in the local press. All grant-in-aid adverts must be placed by July in order for the grant-in-aid process to be finalised by end November each financial year. A copy of the grant-in-aid advert must be forwarded to the Budgets department after date of publication. All applications must be delivered, e-mailed or posted to subcouncil offices and/or relevant line departments and no applications may be delivered to or be accepted by any councillor. No late applications received in response to an advertisement may be considered and processed. All grant-in-aid applications received in response to the advert must be processed and submitted to Council for consideration.

Adverts must stipulate that applicants must provide proof that they are a bona-fide organisation by submitting the minutes of its Annual General Meeting (“AGM”) (not older than 18 months) and the minutes of its last meeting where the organisation took the decision to apply for the grant-in-aid funding.

9.2 The City may, however, consider grant-in-aid applications during a financial year, as and when received, and such applications shall also be processed in terms of this policy. Reasons must be provided where ad-hoc applications were received and where no advertisements were placed. Such requests, being exceptions to the norm, shall be processed as adjustments to the approved operating budget as regulated by section 28 of the MFMA.

9.3 All applications must be submitted using the standardised application form and business and project plan and a valid Tax Compliance Status as well as an up to date municipal account must be included with the application. The Tax Compliance Status must be valid upon the time when payment is affected. All applications and business and project plans must be fully and properly completed and must reflect the desired outcomes of the project.

9.4 The City reserves the right to fund an organisation for two years or more in succession without creating any expectations as it is under no obligation to allocate grant-in-aid funding. Notwithstanding the latter, all applications will be considered at Council's discretion.

9.5 The organisation must be up-to-date with its municipal account(s) by either settling any arrears or amounts outstanding in full or making the necessary payment arrangements, as agreed with and applied by the City's Revenue department, in terms of the City's Credit Control and Debt Collection Policy, before a grant-in-aid application can be fully processed. Subcouncils and line departments must verify all linked municipal accounts of such organisations.

9.6 The organisation must be up-to-date with any lease rental and services charges where it is leasing property from the City before a grant-in-aid application shall be processed. No grant-in-aid funds shall be allocated to any organisation if, apart from the need to comply with this policy, it is precluded from carrying out the particular project, for which it requires grant-in-aid funding, on the property leased from the City in terms of the lease agreement.

9.7 Where there is a payment arrangement in place, the City's Debt Management department monitors and takes appropriate action if a default on arrangements occurs. The Revenue: Debt Management department is unaware of the benefit linked to the agreed arrangement, therefore the subcouncil and finance/project manager must monitor payments in order to ensure adherence to the MOA and the payment arrangement. The arrangement must show that there is intention to sustain regular payments towards settling arrears.

9.8 The owner of a property that is leased to an organisation applying for a grant in-aid must be up to date with his/her municipal account before the grant-in-aid application can be processed. The organisation should also ascertain, from the City, that it may in terms of other relevant legislation and policies, utilise the property for the purpose for which it requires the grant-in-aid. The lease agreement with the lessor must also be taken into account in order to ensure the City's funds are not paid over at risk should the lease agreement in any way serve to curtail an organisation's ability to perform specifically as stipulated in the MOA entered into with the City when accessing the grant-in-aid.

9.9 The City is legally empowered, in terms of its Credit Control and Debt Collection Policy, to recover any arrear rates on the property by laying claim to the rental being paid by the organisation to the owner. It may also cut off the electricity to the property and curtail the water supply to the property by utilising various water demand management devices if the owner does not bring their municipal account up to date.

9.10 The minimum amount of any grant-in-aid allocation shall not be less than R15 000 per approved project/programme in a particular financial year.

9.11 A copy of the latest audited annual financial statements of the organisation is required where the grant-in-aid amount applied for exceeds R50 000. Where the amount of the grant-in-aid being applied for is R50 000 or less, the organisation is required to attach a copy of its Income and Expenditure Statement for its previous financial year as tabled at its AGM and signed by the chairperson/other relevant official/member of the organisation together with a copy of the minutes of the relevant AGM. Council reserves the right to call for audited financial statements of organisations irrespective of the amount of grant-in-aid funding applied for.

9.12 A grant-in-aid shall only be paid over to an organisation after all of the above has been complied with and Council has approved the grant-in-aid and the MOA has been signed.

9.13 Approved grant-in-aid applications may be paid over as a single payment or in tranches as determined or required dependent upon the nature and/or progress of the project. The disbursement of the grant-in-aid funding by way of progress payments must be arranged, in advance, with the Accounts Payable department, by the subcouncil or project manager. The full amount of the approved grant-in-aid must be disbursed in the financial year that coincides with the relevant approved budgets.

9.14 Underspent grant-in-aid funds, as reflected on the operating budgets of subcouncils and line departments, in any financial year, may not be carried over into any ensuing financial year.

9.15 All organisations or bodies making application for grants-in-aid must register as vendors on the City's SAP Vendor Data Base in terms of the City's SCM policy and procedures. Such SCM vendor registration process includes the submission of an original and up to date tax clearance certificate issued by SARS. A vendor who is registered for VAT purposes must also submit a zero-rated tax invoice when applying for registration as a vendor on the SCM database. All organisations applying for grant-in-aid funding must register on the National Treasury Centralised Supplier Database (CSD).

9.16 The organisation or body shall commence the project within 2 (two) months after the grant-in-aid funds are deposited into its bank account by EFT and finalise the project within six months of the new financial year failing which all such grant-in-aid funds must immediately be refunded to the City together with any interest that may have accrued thereon in terms of clause 8.8 of the MOA. The MOA will be cancelled in terms of clause 18 thereof and the grant-in-aid funding, together with any accrued interest, shall be immediately repaid to the City. Should this not occur within 30 calendar days of the organisation receiving a written notice from the City, the subcouncil or project manager shall refer the matter, together with all the relevant details, in terms of the Recovery Process per the Standing Operating Procedures. Organisations who need to extend the timeframe of their programmes must apply in writing and provide proper motivation as to the reasons why the timeframe must be extended and until what date. Permission to extend the timeframe can only be granted by the subcouncil manager and the Director: Budgets and the CFO for line departments. Should the organisation fail to complete the programme in the extended timeframe, all such grant-in-aid funding must immediately be refunded to the City together with any interest that may have accrued thereon.

9.17 The City may consider granting extension to the beneficiary if it is unable to commence the project within the 2 (two) months after receipt of the grant-in-aid funding, but such extension shall only be considered in the event of exceptional circumstances caused/ created through no fault of the beneficiary who must submit a complete written motivation when requesting extension.

## 10. CONTROL, MONITORING, REPORTING AND RECOVERY OF GRANTS-IN-AID FUNDS AND ASSET

10.1 Reports to subcouncils and the Accounting Officer

10.1.1 Subcouncils and line departments shall prepare monthly status reports on grants-in-aid approved by Council. Such reports shall be submitted to the Committee and subcouncil managers for information and/or action, where relevant, regarding the expenditure and implementation on the deliverables against the approved business plan of the beneficiary for assessment, monitoring and compliance.

10.1.2 Beneficiaries shall comply with all reporting, financial management and auditing requirements as stipulated in the MOA.

10.1.3 Beneficiaries must implement effective, efficient and transparent financial management as well as internal control systems to guard against financial misconduct.

10.1.4 Beneficiaries must promptly, or no longer than 6 months after the end of their financial year, submit their audited financial statements (where applicable) to the subcouncil or project manager.

10.2 Reports to Section 79 Committees, subcouncils, MayCo and Council

10.2.1 Recipients of grant-in-aid allocations must report to the subcouncil or line department on a monthly basis regarding their expenditure. Subcouncils and project managers shall submit quarterly reports, in terms of section 67(i) (a) (iii) to the Accounting Officer, as well as relevant Portfolio Committees, on the status or progress of projects and programmes and the targets and outputs of all projects carried out with grant-in-aid funding allocated in terms of this policy or with funding allocated in terms of paragraph 8.2.15 above using specific delivery agreements.

10.2.2 On completion of projects a final report shall be submitted by the subcouncil manager to the relevant subcouncil. The project manager shall compile the report and the directorate's finance manager will sign off the report verifying that the financial details are correct before submitting to Council confirming that the project was successfully completed, that the outputs/ targets as originally submitted and as set out in the business and project plan were effectively realised and achieved and that all the grants-in-aid funding was utilised. This final report will also confirm whether any of the grant-in-aid funding was not utilised by the organisation and such unutilised amounts, together with any interest thereon, where applicable, shall be or have been recovered by the subcouncil or project manager as provided for in clause 9.4 of the MOA. Subcouncil managers and project managers of line departments shall submit a copy of the signed closing-out report to the Budgets department for verification and compliance.

10.2.3 Recipients of grant-in-aid allocations must provide details of all assets and inventory items acquired with the grant-in-aid funding. The subcouncil or project manager must keep an inventory record of such items and annually for a period of 3 years confirm in writing with the organisation that the items are still being utilised by the organisation for the purpose acquired and return to the City any assets acquired with grant-in-aid funds upon dissolution of operations at Council's discretion. The relevant subcouncil or project manager must account for these assets until it has been written off in the formal disposal procedures of the City in terms of paragraph 372.1 of the SCM Policy.

10.3 Requirements of organisations applying for less than R50 000

10.3.1 Subcouncil managers and project managers of line departments shall complete the Certificate to the Auditor-General template and submit same to the Office of the Auditor General in terms of section 67(4) (b) (ii) of the MFMA and a copy to the Budgets department who will monitor compliance.

10.3.2 The above must be submitted to the Office of the Auditor-General within 21 days' after Council approval.

## 11. EVALUATION AND REVIEW

11.1 This policy shall be implemented once approved by Council.
11.2 This policy must be reviewed on an annual basis.
11.3 Changes in legislation must be taken into account for future amendments to this policy.
11.4 Any amendments to the policy must be submitted to Council for approval.
11.5 All applicable annexures are available on the Budgets Departments SharePoint site.

## 1. DEFINITIONS AND ABBREVIATIONS

### ABBREVIATIONS

**"AP"** - Accounts Payable

**"EDI"** - Electronic Data Interchange

**"EFT"** - Electronic Funds Transfer

**"GRN"** - Goods Received Note

**"PDF"** - Portable Document Format

**"SAP"** - Systems Application Products

**"SARS"** - South African Revenue Services

**"SCM"** - Supply Chain Management

**"SES"** - Service Entry Sheet

**"VAT"** - Value Added Tax

**"PSRM"** - Public Sector Records Management

**"IDP"** - Integrated Development Plan

### DEFINITIONS

**"Accounting Officer"** means a person appointed in terms of section 54A of the Municipal Systems Act.

**"Accounts Payable"** means money owed by an organization to its supplier/s (Trade Creditors) for goods and services purchased on credit. Also referred to as the responsible unit dealing with supplier payables.

**"A Construction Contract"** means a contract specifically tendered/ negotiated for the construction of an asset or the maintenance of assets that necessarily takes a substantial period of time to complete and may stretch over more than one financial year.

**"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No. 479 of 22 September 2000, issued in terms of the Local Government: Municipal Structures Act, 1998, or any structure or employee of the City acting in terms of delegated authority.

**"Credit Note"** means a document provided by a supplier, stating that a certain amount has been credited to the City's account due to supplies returned.

**"Disbursement Transaction"** means the payment of invoices received for goods and services.

**"Earlier Payments"** mean that invoices are paid earlier than the scheduled payment terms.

**"Electronic Fund Transfer"** means the electronic movement of funds from the City's main bank account to the different suppliers' bank accounts in the same or different banks, through the use of wire transfer, automatic teller machines or computers but without the use of paper documents.

**"Goods Receipt Note"** means a confirmation document by the receiving department or requisitioner that shows that the ordered goods/services were received. It is used along with a purchase order (PO) in the "three-way match" to authorize invoice payment.

**"Invoice"** means a non-negotiable commercial instrument issued by a supplier to the City identifying both trading parties, lists/describes and quantifies the items/services provided, and shows the date of supply together with prices, discounts (if any), delivery and payment terms.

**"MFMA"** means Municipal Finance Management Act No 56 of 2003.

**"Payment"** means the partial or complete discharge of an obligation by its settlement in the form of the transfer of funds on an approved outstanding invoice.

**"Purchase Order"** means the City's official authority to deliver goods and/or services at a specified price, place, time and terms.

**"Registry Section"** means depository for the receiving of invoices and statements for distribution to the processing staff and the safekeeping of such documents for audit purposes.

**"Standard Payment terms"** refers to the standard payment terms on official purchase orders: Payment of invoices will be made within 30 days of receiving the relevant invoice or statement.

**"Statement"** means summary of all transactions debits or credits with a supplier that occurred during the previous month and their effect on an open-account balance. It is also called a statement of account.

**"Sundry Invoices"** means invoices which relate to ad hoc and/or once off payments, which are not linked to a SAP purchase number.

**"Tax Invoice"** means the elements of what depicts a valid Tax Invoice. Refer to SARS VAT 404 – Guide for Vendors

**"VAT"** means Value Added Tax. VAT is a consumption tax levied on goods and services at each step of the production/distribution cycle. An indirect tax, VAT is paid by manufacturers, distributors and retailers when they receive goods in their inventories. Businesses are able to recover VAT payments through tax deductions, with the cost of the tax ultimately paid by the end-consumer.

**"Supplier Database"** means a central data base maintained and managed by Supply Chain Management Directorate.

## 2. POLICY STATEMENT

2.1 In compliance with the Municipal Finance Management Act (No. 56 of 2003), Local Government: Municipal Systems Act (No. 32 of 2000), the King IV Code on Corporate Governance in South Africa (2009) and any other applicable legislation, the City must establish and maintain an adequate internal financial management control system.

2.2 Section 65 of the Municipal Finance Management Act states that the Accounting Officer of a municipality is responsible for the management of the Expenditure of the municipality and must for this purpose take all reasonable steps to ensure that the municipality has and maintains an effective system of expenditure control, hence this policy.

2.3 The Accounts Payable Policy document serves to support the concept of cost containment and control measures necessary within Accounts Payable.

2.4 Further it is deemed:

- an information document that ensures that the users of the Accounts Payable service have an understanding of what is required.
- A working document to make Accounts Payable processes more effective.

## 3. DESIRED OUTCOME

3.1 The main desired outcome of this policy is to ensure the City's compliance with Section 65 (2) (e) of the MFMA which requires that the Accounting Officer must take all reasonable steps to ensure: -

- That all money owing by the municipality is paid within 30 days of receiving the relevant invoice or statement, unless prescribed otherwise for certain categories of expenditure.
- Further, to comply with all applicable provisions of MFMA including any National Treasury Circulars/Guidelines specifically adopted by Council in terms of MFMA.

## 4. STRATEGIC FOCUS AREAS (INTENT)

4.1 The City's Integrated Development (IDP) 2017-2022 sets out the journey in which the organization ought to function in order to improve and excel in service delivery as well as the City's other legislative mandates. One of the key refinements that the newly-elected Council approved as part of its Organisational Development and Transformation Plan (ODTP) is the role of strategy and the need for improved strategy led decision-making within the City. This will improve the realisation of 11 identified key ODTP priorities by ensuring that resources are allocated more strategically.

4.2 This policy supports the following priorities:

- Excellence in Basic Service Delivery
- Leveraging Technology for progress
- Economic Inclusion
- Operational Sustainability

4.3 These priorities endeavor to help making the City both inclusive and customer-centric.

## 5. PURPOSE

5.1 The purpose of this policy is to prescribe a process to be followed for control and processing of all payments in terms of the Municipal Finance Management Act, Act no 56 of 2003.

## 6. SCOPE OF APPLICATION

6.1 This Policy is applicable to: -

- All official payments made by the City to Suppliers of the City or other duly authorized payments.
- Exceptions to this policy may be considered on receipt of fully motivated applications in this regard for consideration by the delegated authority.

## 7. REGULATORY CONTEXT

7.1 This policy is developed and guided by the following Legislations and Regulations, amongst others: -

- Municipal Finance Management Act (MFMA), Act No. 56 of 2003
- Value Added Tax Act 89 of 1991
- Preferential Procurement Policy Framework Act 2000 (Act 5 of 2000)
- Preferential Procurement Regulations, 2001
- Local Government: Municipal Systems Act (Act No. 32 of 2000)
- Provincial Archives and Records Services of SA Act
- Income Tax Act 58 of 1962 (as amended)
- King Code IV of Corporate Governance
- Integrated Development Plan
- EDP toward 2040 Plan: Unlocking Our Potential
- City of Cape Town System of Delegations
- Supply Chain Management Policy (Incorporating Preferential Procurement)
- Credit Control & Debt Collection Policy: - *Clause 6.5 of this Credit Control & Debt Collection Policy states that: "The City shall not conduct any business activity with or provide any services to any persons who are in arrears with municipal accounts except as provided for in legislation or policy and as determined by the City from time to time, nor will any refunds of credits or any payments for services rendered be made to any debtor or any debtor's nominee or service provider who is in arrears with their Municipal account."*
- Applicable by-laws

7.2 By the direction of this Credit Control & Debt Collection Policy and when requested by Revenue Department, Accounts Payable deducts arrears from any service provider.

## 8. ROLE PLAYERS AND STAKEHOLDERS

8.1 The principal role player is the Finance Directorate. The Expenditure Department will be responsible for implementing this policy and administering its implementation and evaluation.

8.2 Line Departments have the onus to ensure that all contractual obligations and relevant documents are in place in support of approval of payments.

8.3 Below is an outline of the affected role-players and stakeholders, amongst others:

- Finance Portfolio Committee - internal
- Mayor's Office - internal
- Strategic Policy Unit - internal
- Public Participation Unit - internal
- All other City Directorates - internal secondary
- Auditor General - external government
- Western Cape Local Government Department - external government
- SALGA - external government
- Other Government Departments - external government
- SARS - external government
- Suppliers of the City - external

## 9. POLICY DIRECTIVE DETAILS

### 9.1 TRADE CREDITORS ORDER PAYMENTS

9.1.1 Goods and services for the City of Cape Town will be procured by means of an official order in accordance with the Preferential Procurement Policy.

9.1.2 The Procure to Pay process is designed to limit risks of unauthorized purchases and improve budgetary control of the City's expenditure.

9.1.3 Invoices & EDI's, with reference to an official purchase order, shall be accepted for the processing of a payment.

9.1.4 Should the supplier be VAT registered then invoices must be SARS compliant.

9.1.5 Accounts Payable process these payments in good faith using the 3-way match principle (The 3 –way match consists of the unit price and quantity on the PO; the quantity entered in the goods receipt and the quantity and value of the invoice.)

9.1.6 Line departments must ensure that relevant supporting documents are available on request including for audit purposes.

## 9.2 SUNDRY PAYMENTS

9.2.1 Sundry Payments are allowable exceptions to the Formal Procurement Procedures as stipulated in the Supply Chain Management Policy under the heading: Deviation from the Procurement Processes and therefore cannot be processed using the Procure to Pay process.

9.2.2 Sundry Payment relate to specific disbursements which may include ad hoc payments relating to refunds, third party claims, license fees, etc.

9.2.3 Should the supplier be VAT registered, then invoices must be SARS compliant.

9.2.4 Sundry payment requests submitted for payment must be accompanied by a duly completed and authorized original Payment Request Form.

9.2.5 Delegated Authority/Line department must ensure that the payment request form validating the payment, is accompanied by all applicable documentation.

Line departments remain the accountable and responsible custodians of all documentation submitted to Accounts Payable. They must ensure that all (additional relevant supporting) documents are available on request, for oversight and audit purposes; therefore, indemnifying Accounts Payable of the validity of the submitted documentation.

9.2.6 All Sundry payment requests are reviewed frequently in a bid to follow the Procure to pay process.

9.2.7 All Sundry Payment requests will be captured using the following processes:
1. Workflow Approval Process
2. Direct Payment Process

9.2.7.1 Workflow Approval Process: This process relates to cost centers which are linked to the workflow process which allows Cost Centre Owners to consider and release the payment.

9.2.7.2 Direct Payment Process: This relates to a process where Cost Centers and GL's are not linked to the workflow process and therefore do not allow for Cost Center Owners to release the payments. In cases like these, Accounts Payable will proceed with the payment based on the duly approved payment request form and applicable supporting documentation.

9.2.8 The Direct Payment Method will not be used to circumvent the Workflow Approval Process in the event that Cost Centre owners are not available to release the payment. It is the responsibility of Line department to ensure that an alternative Cost Centre Releaser is available to release payments.

## 9.3 PROCESSING OF PAYMENTS

9.3.1 The Payment Processing Section is responsible for the payment of approved disbursements.

9.3.2 All payments will be done via EFT in the following manner: -

- Connectdirect
- Foreign Transfers
- Local Transfers

9.3.3 Remittances are automatically distributed in-line with the supplier's correspondence preference.

9.3.4 Frequency of payments will be effected as follows: -

- Goods and Services - Weekly cycle
- Construction Related - Daily cycle
- Refunds – Daily
- Settlement Discounts (Approved) – Daily cycle
- Earlier Payments - Payments will be made in line with the approved conditions of the payment agreement.

## 9.4 REGISTRY

9.4.1 The Accounts Payable registry function is performed internally and does not make use of the corporate registry function of the City.

9.4.2 The receiving of all invoices delivered to the Accounts Payable Registry in Bellville, either by hand or posted to Private Bag X6, Bellville, 7535, are then date stamped and scanned to initiate workflow. These documents will be retained and disposed of as per Corporate Registry prescriptions.

9.4.3 Electronically received documents are automatically stored in PSRM and forwarded for processing.

9.4.4 All documentation received can be viewed digitally in PSRM.

## 9.5 PAYMENT TERMS FOR GOODS AND SERVICES (In line with SCM Policy)

9.5.1 Payment of invoices will be made within 30 days of receiving the relevant invoice or statement, unless otherwise prescribed for certain categories of expenditure or specific contractual requirements in accordance with any other applicable policies of the City.

9.5.2 Earlier payment is not a right in terms of this policy. A fully motivated application must be submitted in this regard to the Director Expenditure or their delegated authority for consideration. Requests for earlier payments will be considered at the sole discretion of the delegated authority.

9.5.3 Notwithstanding anything contained above, the City shall not be liable for payment of any invoice that pre-dates the date of delivery of any goods or services, or the date of certification for construction works.

9.5.4 Should the processing of a payment be delayed due to the late submission of documentation, any penalties imposed will be for the account of the functional business area. Any queries will also be referred to such line department.

**9.5.5 No official shall commit Council to making a payment outside the scheduled payment terms.**

## 9.6 SETTLEMENT DISCOUNTS

9.6.1 Settlement discounts are considered, when offered for earlier payment, and will be taken with due cognizance that it will not negatively impact on the City's cash flow status and be of benefit to Council.

9.6.2 The settlement discounts will be recognized as a source of income.

## 9.7 RECONCILIATION OF SUPPLIER STATEMENTS

9.7.1 The reconciliation of supplier's monthly statements, when received, will be performed on an ongoing basis.

## 9.8 PARKED INVOICES

9.8.1 Suppliers forward invoices to AP using one of the 3 mechanisms (post, e-mail or courier) of submitting invoices for payment.

9.8.2 These invoices are "reserved" in the SAP system awaiting action by the line department to initiate the 3-way match principle.

9.8.3 Line departments have the responsibility to action all parked invoices to ensure that all related queries are resolved for payment within the payment terms. This action will result in the invoice being paid and/or a credit note being provided by the supplier to cancel invoices issued.

## 9.9 YEAR END PROCESS

9.9.1 Year-end Processes are guided by the Annual Directives issued by the City's Treasury Department.

## 9.10 GRN'S

The administration of GRN's is the responsibility of line department where all original signed/approved source documents are retained for audit purposes.

9.10.1 GRN's must be completed immediately after the goods and services have been satisfactorily delivered.

9.10.2 GRN's should be processed using a delivery note and/or if not supplied, a Copy Invoice received from the Supplier. Any other form of proof of delivery may also be used.

9.10.3 SES for Construction Contracts should be processed using a payment certificate.

9.10.4 It is compulsory for all relevant and acceptable supporting documents to be attached to the electronic GRN as assurance and validation before posting is allowed.

Accounts Payable is responsible for the processing of invoices. When the goods/services received have been correctly processed on SAP, the invoice will meet the 3-way match and will be successfully processed. (The 3 –way match consists of the unit price and quantity in the PO; the quantity entered in the goods receipt and the quantity and value of the invoice.)

### 9.11 ADVANCE PAYMENTS

This policy allows for advance payments in respect of goods and services procured which may amongst other include training, conferences, events, subscriptions and license fees. However, this excludes the applicable advance payment guarantees as referred to in the SCM policy.

### 9.12 INTEREST ON LATE PAYMENTS

No interest will be payable by the Municipality on any late payments, regardless of nature, unless approved by Council or directed by the Court of Law.
In cases where the interest charge is due to the negligence of an official, the expenditure will be classified as fruitless and wasteful expenditure.

## 10. IMPLEMENTATION, EVALUATION AND REVIEW

10.1 This policy framework is important for the Financial Compliance of the City. It provides an all-inclusive administrative procedure for the management of Accounts Payable.

- The revised Accounts Payable Policy shall be implemented once approved by Council.
- Directorates must ensure that during implementation stages of the policy, there is consistent monitoring and evaluation of the policy as indicators will prevent blockages within the policy implementation phases.
- This policy must be reviewed annually as part of the budget process or more frequently if required.
- Changes in legislation must be taken into account for future amendments to this policy.
- Any amendments to this policy must be submitted to Council for approval.

## 1. DEFINITIONS AND ABBREVIATIONS

**"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

**"General Valuation"** means the periodic revaluation of all properties in the municipal area in terms of section 30 of the MPRA.

**"IDP"** means the Integrated Development Plan of the City of Cape Town, which sets out the strategic and budget priorities adopted by the Council of the City of Cape Town in terms of section 25(1) of the Municipal Systems Act.

**"LTFP"** means Long Term Financial Plan.

**"MFMA"** means the Local Government Municipal Finance Management Act No 56 of 2003.

**"MBRR"** means the Municipal Budget and Reporting Regulations made in terms of section 168 of the MFMA (Act No. 56 of 2003);

**"MPRA"** means Local Government: Municipal Property Rates Act, 6 of 2004 as amended from time to time as well as regulations published in terms of the MPRA, which is referred to as the "Property Rates Act" in the by-law but for the purpose of brevity, shall be referred to as the "MPRA" in this policy.

**"Municipal Systems Act"** means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

## 2. PROBLEM STATEMENT

Regulation 8 of the MBRR states that each municipality must have a funding and reserves policy.

## 3. STRATEGIC FOCUS AREA

3.1 The City's IDP identifies five strategic focus areas which provide a solid foundation for the articulation of service delivery. These are The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City. Within the strategic focus areas, the City has further identified linked objectives.

3.2 This policy supports the following strategic focus area and objective:

3.2.1 The Well Run City - Objective 5.1: Operational sustainability

This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

## 4. ROLE PLAYERS AND STAKEHOLDERS

4.1 In order to give effect to the policy, the following role players including their respective powers, duties and responsibilities are listed below:

4.1.1 Budget Department - Review the policy and strategy, in consultation with relevant stakeholders, to ensure maximum compliance in terms of legislation.

4.1.2 Directorates and departments - Inform the Budget department of any matters which may influence this policy.

4.1.3 Council - Responsible for the approval of the policy.

## 5. REGULATORY CONTEXT

5.1 Section 18 of the MFMA states:

*(1) An annual budget may only be funded from—*

*(a) realistically anticipated revenues to be collected;*

*(b) cash-backed accumulated funds from previous years' surpluses not committed for other purposes; and*

*(c) borrowed funds, but only for the capital budget referred to in section 17 (2).*

*(2) Revenue projections in the budget must be realistic, taking into account—*

*(a) projected revenue for the current year based on collection levels to date; and*

*(b) actual revenue collected in previous financial years.*

5.2 Section 19 of the MFMA states:

*(1) A municipality may spend money on a capital project only if–*

*(a) the money for the project, excluding the cost of feasibility studies conducted by or on behalf of the municipality, has been appropriated in the capital budget referred to in section 17(2);*

*(b) the project, including the total cost, has been approved by the council;*

*(c) section 33 has been complied with, to the extent that that section may be applicable to the project; and*

*(d) the sources of funding have been considered, are available and have not been committed for other purposes.*

*(2) Before approving a capital project in terms of subsection (1) (b), the council of a municipality must consider –*

*(a) the projected cost covering all financial years until the project is operational; and*

*(b) the future operational costs and revenue on the project, including the municipal tax and tariff implications.*

5.3 Section 21 (1) of the MFMA states that the Mayor of a municipality must –

*(a) Co–ordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget-related policies to ensure that the tabled budget and any revisions of the integrated development plan and budget-related policies are mutually consistent and credible*

5.4 Regulation 8 of the MBRR states that:

*(1) Each municipality must have a funding and reserves policy which must set out the assumptions and methodology for estimating-*

*(a) projected billings, collections and all direct revenues;*

*(b) the provision for revenue which will not be collected*

*(c) the funds the municipality can expect to receive from investments;*

*(d) the dividends the municipality can expect to receive from the transfer or disposal of assets;*

*(e) the proceeds the municipality can expect to receive from the transfer or disposal of assets;*

*(f) the municipality's borrowing requirements; and*

*(g) the funds to be set aside in reserves.*

*(2) When developing or amending the funding and reserves policy of the municipality, the municipal manager must ensure that the policy –*

*(a) is consistent with the most recent actual billings and collection trends;*

*(b) takes into account the credit rating of the municipality, if available, the financial position of the municipality, the cost of borrowing and the capacity to repay debt;*

*(c) takes into account all the budget- related policies of the municipality, particularly recent amendments to any of those policies;*

*(d) takes account of any statutory requirements to set aside funds in reserves; and*

*(e) takes account of the transfer and disposal of assets.*

## 6. PURPOSE

6.1 This policy intends to set out the assumptions and methodology for estimating the following:

a. Projected billings, collections and all direct revenues;
b. The provision for revenue that will not be collected;
c. The funds the municipality can expect to receive from investments;

d. The dividends the municipality can expect to receive from municipal entities;
e. The proceeds the municipality can expect to receive from the transfer or disposal of assets;
f. The municipality's borrowing requirements; and
g. The funds to be set aside in reserves

## 7. POLICY DIRECTIVE DETAILS

7.1 Projected billings, collections and direct revenue are prepared in accordance to the following annual approved Council policies:

7.1.1 The Long Term Financial Plan (LTFP) Policy, which aims to ensure that all long-term financial planning is based on a structured and consistent methodology thereby ensuring long-term financial affordability and sustainability.

7.1.2 In terms of Section 4(1)(c) of the Systems Act, a municipality has the right to finance the affairs of the municipality by imposing, inter alia, rates on property. The Rates Policy sets out the manner in which the City levies a rate on properties in its area. Rates are levied in accordance with the Local Government: Municipal Property Rates Act as an amount in Rand based on the property value contained in the City's General Valuation Roll and Supplementary Valuations.

7.1.3 The Tariff policies as required in terms of Section 74 of the Systems Act and section 62(1) (f) of the MFMA which guides the annual setting (or revision) of tariffs inclusive of:

- The annual approved consumptive tariffs, rates and basic charges for Electricity services, Water services and Waste management services.

7.1.4 The objective of the Credit Control and Debt Collection Policy is as follows:

- Focus on providing standardised credit control procedures and mechanisms;
- provide standardised collection procedures to enforce payments of all outstanding debt as raised on the debtor's account;
- provide provisions for indigent debtors that is consistent with the Rates and Tariff policy;
- promote a culture of good payment habits amongst debtors and instill a sense of responsibility towards the payment of accounts and reducing municipal debt;
- subject to the principles provided for in this Policy, use innovative, cost effective, efficient and appropriate methods to collect as much of the debt in the shortest possible time without any interference in the process; and

- effectively and efficiently deal with defaulters in accordance with the terms and conditions of this policy.

7.2 The funds the municipality can expect to receive from investments.

The City has a Cash Management and Investment Policy which purpose is to secure the sound and sustainable management of the City's surplus cash and investments. The budget for investment income is calculated by considering the timing of anticipated inflows and outflows of cash during the year as well as the interest earned on the expected cash balances of reserves to be backed by cash.

7.3 The dividends the municipality can expect to receive from municipal entities.

This is not applicable to the City as no dividends are received from any of the City's entities.

7.4 The proceeds the municipality can expect to receive from the transfer or disposal of assets.

This methodology is governed by the Asset Management Policy, the Supply Chain Management Policy and the Immovable Property Asset Management Policy and Framework.

7.5 The municipality's borrowing requirements.

Borrowing is done in terms of the City's Borrowing Policy. The annual borrowing requirements for the budgeted year are determined in accordance with the City's cash flow requirements. Borrowing requirements over the MTREF is annually included in the City's approved budget.

7.6 The following funds are required to be set aside in reserves.

The City creates and maintains reserves in terms of specific requirements, namely:

7.6.1 Capital Replacement Reserve (CRR).

In order to finance the acquisition of property, plant and equipment and other assets from internal sources, cash amounts are transferred from the accumulated surplus to the CRR.

The following guidelines are set for the creation and utilization of the CRR:

- The cash funds that back up the CRR are invested until utilised;
- The CRR may only be utilised for purchasing items of property, plant and equipment, and not for their maintenance, unless otherwise directed by Council; and
- Whenever an asset is purchased out of the CRR, an amount equal to the cost price of the asset is transferred from the CRR, and the accumulated surplus is credited by a corresponding amount.

7.6.2 Insurance reserves

- Self-insurance reserve
  A general insurance reserve has been established and covers claims that may occur, subject to reinsurance where deemed necessary. Premiums are charged to the respective services, taking into account the claims history and replacement value of the insured assets.
- Compensation for occupational injuries and diseases (COID) reserve
  The COID Act requires the City to deposit cash and/or securities with the Commissioner, the market values of which in aggregate shall not be less than the capitalised value of the City's continuing liability as at 31 December each year.

7.6.3 Housing Development Fund

The Housing Act requires the City to maintain a separate housing operating account. This legislated separate operating account is known as the housing development fund that is required to be fully cash-backed.

## 8. IMPLEMENTATION, EVALUATION AND REVIEW

8.1 This policy framework is important for the financial compliance of the City. It provides for an administrative guidance for the Funding and Reserves management.

8.2 In terms of section 17(3)(e) of the MFMA this policy must be reviewed on annual basis and the reviewed policy tabled to Council for approval as part of the budget process.

8.3 Changes in legislation must be taken into account for future amendments to this policy. Any amendments to this policy must be re-submitted to council for review and approval.

## 1. DEFINITIONS AND ABBREVIATIONS

In this Policy, unless the context indicates otherwise –

**"Accounting Officer"**, in relation to a municipality, means the municipal official referred to in section 60. The municipal manager of a municipality is the accounting officer of the municipality for the purpose of this Act.

**"Approved budget"** means an annual budget-

(a) approved by a municipal council; or
(b) approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution, and includes such an annual budget as revised by an adjustments budget in terms of section 28.

**"Capital Approval Object"** is the level at which a project or programme is approved by Council. Capital Approval Objects are linked to the following:

(a) Major project - A project which consists of multiple coordinated, related, interdependent and controlled components undertaken to achieve an objective conforming to specific requirements.
(b) Programme - Multiple independent projects of a similar nature managed in an overall coordinated approach and approved as part of a programme.
(c) Routine Programme - Routine Programmes (Bulk Votes) are defined as expenditure on routine, repetitive work essential for the expansion of infrastructure which does not exceed 18 months and Plant & Equipment.
(d) Project - A project is undertaken to achieve a specific objective and conforms to specific requirements.

**"Chief Financial Officer"** or **"CFO"** means a person designated in terms of section 80(2)(a). A chief financial officer is designated by the accounting officer of the municipality

**"City of Cape Town"** or **"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

**"Cost Centre"** is a cost collector which represents a logical point at which cost (expenditure) is collected and managed by a responsible cost centre owner.

**"Cost element"** is the nature of cost e.g. salary, rent and is split into primary- and secondary cost elements. Primary cost elements are expenditure items where costs are mainly generated as a result of transactions with external service providers. Secondary cost elements are utilised to reallocate cost by means of assessments, internal billing or activity based recoveries.

**"Expenditure and Revenue Categories"** is the prescribed uniform classifications and formats for revenue and expenditure items in compliance with the Municipal Budget and Reporting Regulation, mSCOA Regulations and any relevant MFMA Circular issued by National Treasury.

**"MAYCO"** means the Mayoral Committee established in terms of Part 1 of Chapter 4 of the Municipal Structures Act which performs the roles and functions of an Executive Committee.

**"MCCR"** means Municipal Cost Containment Regulations.

**"MFMA"** means the Municipal Finance Management Act (Act 56 of 2003).

**"Senior Managers"** means managers directly accountable to the municipal manager as per Section 56 of the Municipal Systems.

**"Financial year"** is the 12-month period between 1 July and 30 June.

**"Vote"**

(a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and
(b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned.

A vote in the City of Cape Town is set at directorate level, with the exception of tariff-funded services due to the closed account nature. In votes where there are rates and tariff funded components within a vote, virements are only allowed within the rates and tariff components respectively.

**"Virement"** is the process of transferring an approved budgetary provision from one operating cost element or capital approval object to another within a vote or tariff service during a municipal financial year.

## 2. PROBLEM STATEMENT

2.1 Webster's New Millennium™ Dictionary of English defines "Virement" as *"a regulated transfer or re-allocation of money from one account to another,* especially *public funds."*

2.2 A virement represents a flexible mechanism to effect budgetary amendments within a municipal financial year.

2.3 Changing circumstances and priorities during a financial year may give rise to the need to virement funds within votes, as defined in the MFMA. The treatment of such instances may, however, be dependent on whether an adjustments budget is required or not.

## 3. DESIRED OUTCOMES

3.1 The aim of this policy is to give senior managers greater flexibility in managing their budget, in order to ensure that they can effectively and efficiently deliver on the City's strategic objectives.

3.2 The CFO has a statutory duty to ensure that adequate policies and procedures are in place to ensure an effective system of financial control. A municipality's virement policy and its underlying administrative process within the system of delegations is one of these controls.

3.3 Section 81(1)(d) of the MFMA states *inter alia* that "*The chief financial officer of a municipality-…must advise senior managers and other senior officials in the exercise of powers and duties assigned to them in terms of section 78 or delegated to them in terms of section 79*;"

3.4 It is the responsibility of each senior manager, to plan and conduct assigned operations in a manner that ensures that not more funds are spent than what was budgeted for and to ensure that funds are utilised effectively and efficiently.

3.5 Section 78(1)(b) of the MFMA states, inter alia, "*Each senior manager of a municipality and each official of a municipality exercising financial management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure-…(b) that the financial and other resources of the municipality are utilised effectively, efficiently, economically and transparently…".*

3.6 This policy aims to provide guidelines to senior management in the use of virements as a mechanism in their day-to-day management of their budgets. In addition, it specifically aims to empower senior managers with an efficient financial – and budgetary system to ensure optimum service delivery in accordance with the City's objectives and mandate and within the current legislative framework of the MFMA and the City's system of delegations.

## 4. STRATEGIC FOCUS AREAS

4.1 The City's IDP identifies **five** strategic focus areas which provide a solid foundation for the articulation of service delivery. These are The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City. Within the strategic focus areas, the City has further identified linked objectives.

4.2 This policy supports the following strategic focus area and objective:

4.2.1 The Well Run City - Objective 5.1: Operational sustainability

4.2.2 This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

## 5. ROLE PLAYERS AND STAKEHOLDERS

5.1 Directorates and departments

- Responsible to initiate and submit completed virement to the Budgets department with required approval in terms of the City's System of Delegation.
- Responsible to notify the Budgets department of completed application for verification, approval and processing.
- To process virements for the approval by Director: Budgets, within the upper limit of virements for the operational votes of executive directors/directors and authorized cost centre managers within a single vote.
- To process virements for the approval by Director: Budgets, within the upper limit of virements within capital votes of executive directors/directors.
- Line finance manager to verify financial correctness and check that motivations are sound.

5.2 Director: Budgets

- To approve all virements in terms of the System of Delegation.
- To approve virements in categories where limitations are set to ensure responsiveness to operational requirements.

5.3 Executive Mayor in terms of System of Delegation

- To determine the maximum amount that the City Manager may authorise in respect of the transfer of operational and capital expenditure (within a single budget vote).
- To authorise the transfer of operational and capital expenditure (within a single budget vote) over and above the maximum amount determined above.

5.4 Budgets department

- Responsible to check and verify financial correctness and submit virement application to the Director: Budgets for approval.
- The relevant section within the budget department will be responsible for the processing of the virement application after approval in terms of the City's System of Delegation.

## 6. REGULATORY CONTEXT

6.1 The MFMA regulates the incurring of expenditure against budgetary provisions as follows:

6.1.1. Section 15 – Appropriation of funds for expenditure

*"A municipality may, except where otherwise provided in this Act, incur expenditure only-*

*(a) in terms of an approved budget; and*

*(b) within the limits of the amounts appropriated for the different votes in an approved budget."*

6.1.2. Unauthorised Expenditure (as per the MFMA's definition)

*"in relation to a municipality, means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3), and includes-*

*(a) overspending of the total amount appropriated in the municipality's approved budget;*

*(b) overspending of the total amount appropriated for a vote in the approved budget;*

*(c) expenditure from a vote unrelated to the department or functional area covered by the vote;*

*(d) expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;*

*(e) spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of "allocation" otherwise than in accordance with any conditions of the allocation; or*

*(f) a grant by the municipality otherwise than in accordance with this Act;"*

6.1.3. Overspending (as per the MFMA's definition)

*(a) in relation to the budget of a municipality, means causing the operational or capital expenditure incurred by the municipality during a financial year to exceed the total amount appropriated in that year's budget for its operational or capital expenditure, as the case may be;*

*(b) in relation to a vote, means causing expenditure under the vote to exceed the amount appropriated for that vote; or*

*(c) in relation to expenditure under section 26, means causing expenditure under that section to exceed the limits allowed in subsection (5) of that section*

6.1.4. Section 71(1)(g)(iii)

*"(1) The accounting officer of a municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality's budget reflecting the following particulars for that month and for the financial year up to the end of that month:…(g) when necessary, an explanation of-…(iii) any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget…."*

## 7. GUIDING PRINCIPLES

7.1 The virement process represents the major mechanism to align and take corrective (financial/budgetary) action within a directorate (vote) during a financial year.

7.2 In terms of Section 17.2 of the MFMA, a municipality's budget is divided into an operating- and capital budget and consequently no virements are permitted between the operating- and capital budget.

7.3 Virements across directorates (votes) are not permissible and will only be effected via an adjustment budget.

7.4 Virements between Tariff- and Rate-funded functions are not allowed as Rates and Tariff-funded services are balanced separately and transfers across these services will result in an unbalanced budget between Rate- and Tariff-funded services. Such transfers can only be adopted via an adjustment budget (per MFMA Section 28).

7.5 In order for a directorate (vote) to transfer funds from one cost element or capital approval object to another cost element or capital approval object, an underspent has to be identified within the monetary limitations of the approved "giving" cost element or capital approval object allocations.

7.6 Sufficient, (non-committed) budgetary provision should be available within the "giving" vote's cost element or capital approval object concerned to give effect to the budgetary transfer (virement). The transferring function must clearly indicate to which cost element or capital approval object the budget provision will be transferred to and provide a clear motivation why an underspent exists on the sending element or capital approval object and the reason for the additional requirement on the receiving element or project.

7.7 A proposed budgetary amendment, which will result in a change to the approved total budget quantum or any other budgetary amendments not covered in this policy, must be considered for adoption via an adjustments budget (per MFMA Section 28).

7.8 Virements will only be approved if receiver projects are implementation and tender ready i.e. the tender should be valid and active.

7.9 The MCCR must be considered when proposing a virement.

## 8. OPERATING BUDGET VIREMENTS

8.1 Budgetary allocations, adopted by Council for special purposes to which specific Council recommendations apply and which result from specific resolutions adopted, are not allowed to be used as a source of virementation subject to approval by Director: Budgets. Sound motivations should be provided for all virements.

8.2 Specific virement limitations

8.2.1 Employee related costs

(a) Virements are allowed between cost elements within this expenditure category.

(b) Virements to/from this expenditure category are subject to the approval of the Director: Budgets.

(c) Virements are not allowed on the following cost elements but budgetary alignments within the same cost elements are allowed:

(i) Unemployment Insurance Fund, Group life, Leave Pay, Long service awards.

8.2.2 Remuneration of Councillors

(a) Virements within this expenditure category are allowed.
(b) No virements to/from items within this expenditure category are allowed.

8.2.3 Contracted Services, Operational Expenditure and Other Materials

(a) Virements within/across these expenditure categories are allowed.
(b) Virements are allowed within expenditure items below and cannot be used as source of funding:
    (i) Training related expenditure;
    (ii) Bargaining Council levy;
    (iii) Skills development levy;
    (iv) Insurance related provisions;
    (v) Contributions to Pensioners (Ex Gratia);
    (vi) Provision for post-retirement medical aid; and
    (vii) Continued Members.
(c) Virements are not allowed on the following elements:
    (i) CIDS/MIDS, Capital Expenditure-relate, VAT, Transfers to and from Insurance Fund, Transfers to and from Housing Fund;
    (ii) Depreciation & Asset impairment, Debt Impairment;
    (iii) Scrapping of Assets/Stock and Loss on Sale of Assets;
    (iv) Bulk Purchases;
    (v) Finance Charges;
    (vi) Indigent Relief;
    (vii) Income Forgone; or
    (viii) Appropriation Accounts.
(d) Specific limitations applicable to repairs and maintenance provisions
    (i) Repairs and maintenance provisions may not be used as a source for virements.
    (ii) Virements to increase repairs and maintenance provisions are allowed from cost elements within and across Contracted Services, Operational Expenditure and Other Materials.

8.2.4 Transfers and Grants (Grants and Sponsorships paid)

(a) No virements are permitted to and from Grants-In-Aid (GL 457100) except if supported by the Grants-In–Aid Committee, supported by Mayco and approved by Council.
(b) Virements on Grants/Sponsorships (GL 457200) are permitted only if supported by Mayco and approved by Council or the relevant delegated authority.
(c) Virements to Sponsorships – Events (GL 457300) are permitted as long as the total allocation is not exceeded as supported and recommended by the relevant delegated authority.)

(d) Virements from Sponsorships – Events (GL 457300) are permitted where:
  (i) Events are cancelled or scaled down;
  (ii) Savings on approved events are realised or;
  (iii) For the reallocation of budgetary provision related to direct event expenditure and internal service charges; and
  (iv) supported and recommended by the relevant delegated authority
(e) Virements to/from Relief and Charitable contributions 457400 (Sec12 of MFMA) are permitted only if recommended and approved by Council resolution or the relevant delegated authority.

8.3 Revenue

8.3.1 No virements allowed on Revenue elements from own revenue sources (internal revenue sources).

8.3.2 Amendment to revenue provisions, must be adopted via an adjustments budget.

8.3.3 Virements on revenue elements funded from external grants are allowed, within the same funding source and Vote, subject to the conditions of the grant.

8.4 Secondary Operating Cost Elements

8.4.1 No virements are permitted between Primary- and Secondary cost elements.

8.4.2 Virements are allowed within the same secondary cost elements. The service requestor and service provider must both endorse such virements.

8.4.3 Virements on Internal Utilities and Bulk Internal Utilities are permissible, on condition that both revenue and expenditure element are amended simultaneously and the period budgets are in sink.

8.4.4 Virements are only permitted within the same cost element in the following categories, provided that total approved budget on the cost element is not increased:
(a) Activity Based Recoveries
(b) Internal Utilities
(c) Bulk Internal Utilities

8.4.5 Virements are not permissible on Support Service Charges elements.

8.4.6 No virements permitted on departmental insurance premiums, COID or Internal Capital Charges.

8.5 Ward Allocations Projects

8.5.1 All conditions under section 8 above should be met, as well as the following when virementing between ward allocation projects:
(a) Only virements between existing projects approved by Council, within the same Sub-council and within the same directorate will be permitted.
(b) Virements will only be considered if supported by the relevant Sub-council (Sub-council resolution), project managers and directorate/department finance managers.

## 9. CAPITAL BUDGET VIREMENTS

9.1 Only virements which relate to capital approval objects, approved as part of annual (current financial year) or adjustments budgets, will be permitted.

9.2 No virements of which the affect will be to add 'new' capital approval objects onto the capital budget, will be allowed, with the exception of those associated with insurance claim settlements.

9.3 Should the total project cost (TPC) of an individual project be increased by a virement, the amended TPC must be included in the next available adjustments budget opportunity or draft budget process, unless section 9.4 applies.

9.4 No virement will be allowed on an individual or major project where the total project cost (TPC) is increased and the project will be completed in the current financial year, unless the amended TPC can be approved in a subsequent adjustment budget. If no further adjustments budget process is available, this amendment may be done via a report to Council.

9.5 Virements must be between capital approval objects of same funding sources.

9.6 Implementation of the capital project from which funds are viremented may not be prejudiced (i.e. must not hinder completion of the capital project).

9.7 Motivations for virements should clearly state why funds are available on the sending approval object and the reason why the additional funds are required on the receiving approval object. The sender motivation should clearly state how the project will be implemented or completed when any delays or issues are resolved. The receiver motivation should also clearly state the acquisition method (tender or RFQ), as well as the tender number in question.

9.8 Secondary Capital Cost Elements

(a) Virements are permissible only within the same cost elements of different projects. The service requestor and service provider must endorse such virements.

(b) Proposed secondary capital expenditure virements must be approved by the Director: Budgets. No virement will be approved which negatively impacts on secondary cost plans i.e. no virement will be approved from a sender WBS element where the remaining overall budgetary provision on the sender WBS element is insufficient to cover the approved secondary cost plan.

9.9 Ward Allocations Projects

9.9.1 Only virements between existing projects approved by Council, within the same Sub-council, and within the same directorate will be permitted.

9.9.2 Virements will only be considered if supported by the relevant Sub-council (Sub-council resolution), project managers and directorate/department finance managers of the projects involved.

9.9.3 Motivations for virements should clearly state why funds are available on the sending approval object and the reason why the additional funds are required on the receiving approval object.

## 10. PROCESS AND ACCOUNTABILITY

10.1 Accountability to ensure that virement application are completed in accordance with Council's virement policy, system of delegations and are not in conflict with the directorate's strategic objectives and rests with the head of the relevant directorate.

10.2 Duly completed virement applications are to be effected by the Budgets department.

10.3 Virements approved and processed will be reported for information to Mayco on a quarterly basis/as part of an adjustments budget. The quarterly report will include a separate annexure, which will highlight virements approved as per section 5.2 of this policy.

10.4 All change requests for transfer within programmes will be reported to subcouncils on a monthly basis as part of the Progressive Capital Expenditure Report (PCER).

## 11. MUNICIPAL COST CONTAINMENT REGULATION (MCCR)

11.1 Section 62(1)(a) and 95(a) of the MFMA stipulates that the accounting officer of a municipality or municipal entity is responsible for managing the financial administration of a municipality and must for this purpose take all reasonable steps by implementing cost containment measures to ensure that the resources of the municipality are used effectively, efficiently and economically.

11.2 Municipalities and municipal entities are required to utilise existing reporting requirements, to report internally and externally on cost saving measures. This include reporting such savings in the Annual Report.

11.3 Cost containment measures will be applicable on various items as indicated in the MCCR.

11.3.1 Virements on Consultants are subject to the executive director/City Manager/delegated authority's support.

11.3.2 Virements to top-up the expenditure items listed below will be reviewed and motivations duly scrutinised.

(i) Travel and subsistence;
(ii) Air Travel;
(iii) Vehicle Hire;
(iv) Domestic Accommodation;
(v) Sponsorships, events and catering;
(vi) Communication; and
(vii) Conferences, meetings and study tours.

## 12. EVALUATION AND REVIEW

12.1 This policy will come into effect once it has been approved at Council.

12.2 In terms of section 17(1) (e) of the MFMA this policy must be reviewed on an annual basis and the reviewed policy must be tabled at Council for approval as part of the budget process.

12.3 The effectiveness of this policy in achieving the prescribed outcomes as well as any changes in legislation must be taken into account for future amendments to this policy.

## 1. DEFINITIONS AND ABBREVIATIONS

In this Policy, unless the context indicates otherwise –

**"Accounting Officer"** means the municipal manager appointed by the municipal council in terms of section 82 of the Municipal Structures Act and as contemplated in Chapter 8 of the MFMA.

**"Audit Committee"** means an independent advisory body which is appointed by the municipal council in terms of section 166 of the MFMA to –

a) advise the municipal council, its political office bearers, the accounting officer and management of the municipality on matters listed in section 166 (2)(a);
b) review the annual financial statements to advise the municipal council of its efficiency, effectiveness and overall compliance with relevant legislation;
c) respond to the municipal council on any issues raised by the Auditor- General;
d) carry out investigations into the financial affairs of the municipality; or
e) perform other functions as may be prescribed.

**"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

**"Chief Financial Officer (CFO)"** means a person designated in terms of section 80(2)(a) of the MFMA.

**"Council"** means the municipal council of the City of Cape Town.

**"Division of Revenue Act (DoRA)"** means the Act of Parliament which must be enacted in terms of section 214(1) of the Constitution.

**"Executive Mayor"** means the person elected as the executive mayor of the municipality in terms of section 55 read with Schedule 3 of the Municipal Structures Act.

**"IDP"** means the Integrated Development Plan of the City, which sets out the strategic and budget priorities adopted by Council in terms of section 25(1) of the Municipal Systems Act.

**"MAYCO"** Mayoral Committee established in terms of Part 1 of Chapter 4 of the Municipal Structures Act; and which performs the roles and functions of an Executive Committee.

**"MFMA"** Municipal Finance Management Act, 2003 (Act No. 56 of 2003).

**"Municipal Council" or "council"** means the council of a municipality referred to in section 18 of the Municipal Structures Act.

**"Municipal Cost Containment Regulations (MCCR)"** means regulations, in line with sections 62(1)(a), 78(1)(b), 95(a) and 105(1)(b) of the MFMA, to ensure that resources of a municipality and municipal entity are used effectively, efficiently and economically by implementing cost containment measures.

**"Municipal Structures Act"** means the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998).

**"Municipal Systems Act"** means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

**"MBRR"** means the Municipal Budget and Reporting Regulations made in terms of section 168 of the MFMA (Act No. 56 of 2003).

**"National Treasury"** means the National Treasury established by section 5 of the Public Finance Management Act, 1999 (Act No.1 of 1999).

## 2. PROBLEM STATEMENT

Regulation 7 of the MBRR requires that the municipal manager of a municipality must prepare, or take all reasonable steps to ensure the preparation of the budget-related policies of the municipality in accordance with the legislation applicable to those policies for tabling in the municipal council by the applicable deadline specified by the Executive Mayor in terms of section 21(1)(b) of the Act. Section 7(1)(m) specifies that this must include a policy related to budget implementation and monitoring specifically dealing with management and oversight.

## 3. DESIRED OUTCOMES

This policy will specify what the responsibilities of all the role players and stakeholders will be regarding budget management and oversight.

## 4. STRATEGIC FOCUS AREAS

4.1. The City's IDP identifies five strategic focus areas i.e. The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City, which provide a solid foundation for the articulation of service delivery. Within the strategic focus areas, the City has further identified linked objectives.

4.2. Accordingly, this policy supports the following strategic focus area and objective

4.2.1. The Well Run City - Objective 5.1: Operational sustainability

4.2.2. This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

## 5. ROLE PLAYERS AND STAKEHOLDERS

5.1. Internal oversight

5.1.1. The City including all political and administrative structures. To this end, the City has developed a Strategic Management Framework (SMF) to provide co-ordinated oversight of decision making and ultimately ensure alignment of budget and strategy.

5.2. External oversight

5.2.1. The Western Cape Government and National Government (including National Treasury).

## 6. REGULATORY CONTEXT

6.1. Oversight by Council

6.1.1. Section 16 of the MFMA states that-

*(1) The council of a municipality must for each financial year approve an annual budget for the municipality before the start of that financial year.*

*(2) In order for a municipality to comply with subsection (1), the mayor of the municipality must table the annual budget at a council meeting at least 90 days before the start of the budget year.*

6.1.2. Section 24 of the MFMA states that -

*(1) The municipal council must at least 30 days before the start of the budget year consider approval of the annual budget.*

*(2) An annual budget:*

*(a) must be approved before the start of the budget year.*

*(b) is approved by adoption by the council of a resolution referred to in section 17(3)(a)(i).*

6.2. Oversight by Executive Committee – the Executive Mayor and MAYCO

6.2.1. Section 44 of the Municipal Structures Act, states that:

*44(2) The executive committee must –*

*(a)* Identify the needs of the municipality,

*(b) Review and evaluate those needs in order of priority,*

*(c) Recommend to the municipal council strategies, programmes and services to address priority needs, and*

*(d) Recommend or determine the best methods, including partnership and other approaches, to deliver those strategies, programmes and services to the maximum benefit of the community.*

*44(3) The executive committee in performing its duties must -*

*(a) Identify and develop criteria in terms of which progress in the implementation of the strategies, programmes and services can be evaluated,*

*(b) Evaluate progress against the key performance indicators,*

*(c) Review the performance of the municipality,*

*(d) Monitor the management of the municipality's administration in accordance with the policy directions of the municipal council,*

*(e) Oversee the provision of services to communities in the municipality in a sustainable manner,*

*(f) Perform such duties and exercise such powers as the council may delegate to it,*

*(g) Annually report on the involvement of communities and community*

*(h) organisations in the affairs of the municipality, and*

*(i) Ensure that regard is given to public views and report on the effect of consultation on the decisions of the council.*

*44(4) An executive committee must report to the municipal council on all decisions taken by the committee.*

6.3 Oversight by Audit Committee

6.3.1. Section 166(2) of the MFMA, states that -

*(2) An audit committee is an independent advisory body which must-*

*(a) advise the municipal council, the political office bearers, the accounting officer and the management staff of the municipal entity on matters relating to –*

*(i) Internal financial control and internal audits,*

*(ii) risk management,*

*(iii) accounting policies,*

*(iv) the adequacy, reliability and accuracy of financial reporting and information,*

*(v) performance management,*

*(vi) effective governance,*

*(vii) compliance with the MFMA, the annual Division of Revenue Act and any other applicable legislation,*

*(viii) performance evaluation, and,*

*(ix) any other issues referred to it by the municipality or municipal entity.*

6.4. Oversight by Budget Steering Committee

6.4.1. Regulation 4 of the MBRR states that -

*The mayor of a municipality must establish a budget steering committee to provide technical assistance to the mayor in discharging the responsibilities as set out in section 53 of the Act.*

6.5. General Oversight by the Mayor

6.5.1. Section 52 of the MFMA, states that –

*The mayor of a municipality*

*(a) must provide general political guidance over the fiscal and financial affairs of the municipality;*

*(b) in providing such general political guidance, may monitor and, to the extent provided in this Act, oversee the exercise of responsibilities assigned in terms of this Act to the accounting officer and the chief financial officer, but may not interfere in the exercises of those responsibilities;*

*(c) must take all reasonable steps to ensure that the municipality performs its constitutional and statutory functions within the limits of the municipality's approved budget;*

*(d) must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality*.

6.6. Budget Processes: Oversight by the Mayor

6.6.1. Section 53 of the MFMA reads, inter alia, as follows:

*(1) The mayor of a municipality must -*

*(a) provide general political guidance over the budget process and the priorities that must guide the preparation of a budget,*

*(b) co-ordinate the annual revision of the integrated development plan in terms section 34 of the Municipal Systems Act and the preparation of the annual budget, and determine how the integrated development plan is to be taken into account or revised for the purposes of the budget; and*

*(c) take all reasonable steps to ensure:*

*i) That the municipality approves its annual budget before the start of the budget year,*

*ii) That the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.*

*(2) The mayor must promptly report to the municipal council and the MEC for finance in the province any delay in the tabling of an annual budget, the approval of the service delivery and budget implementation plan or the signing of the annual performance agreements.*

*(3) The mayor must ensure-*

*(a) that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the service delivery and budget implementation plan, are made public no later than 14 days after the approval of the service delivery and budget implementation plan.*

6.6.2. Section 21 of the MFMA states:

*(1) The mayor of a municipality must -*

*(a) co-ordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget related policies to ensure that the tabled budget and any revisions of the integrated development plan budget-related policies are mutually consistent and credible;*

*(b) at least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for-*

*i) the preparation, tabling and approval of the annual budget;*

*ii) the annual review- bb) the budget related policies;*

*(2) When preparing the annual budget, the mayor of a municipality must-*

*(c) take into account the national budget, the relevant provincial budget, the national government's fiscal and macro-economic policy, the annual DoRA and any agreements reached in the Budget Forum.*

6.7. Oversight done with Monthly Budget Statements

6.7.1. Section 71 (1) of the MFMA states that-

*The accounting officer of a municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality's budget reflecting the following particulars for that month and for the financial year up to the end of that month:*

*(a) Actual revenue, per revenue source*

*(b) Actual borrowings*

*(c) Actual expenditure, per vote*
*(d) Actual capital expenditure, per vote*
*(e) The amount of any allocations received*
*(f) Actual expenditure on those allocations, excluding expenditure on -*
*i) Its share of local government equitable share*
*ii) Allocations exempted by the annual Division of Revenue Act from compliance with this paragraph*
*(g) When necessary, an explanation of -*
*i) Any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote*
*ii) Any material variances from the service delivery and budget implementation plan; and*
*iii) Any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.*

6.8. Oversight done with Mid-Year Budget and Performance Assessment

6.8.1. Section 72 of the MFMA, states that-

*(1) The accounting officer of a municipality must by 25 January of each year –*
*(a) assess the performance of the municipality during the first half of the financial year, taking into account-*
*i) The monthly statements referred to in section 71 for the first half of the financial year,*
*ii) The municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan,*
*iii) The past year's annual report, and progress on resolving problems identified in the annual report,*
*iv) The performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities,*
*(b) Submit a report on such assessment to -*
*i) The mayor of the municipality*
*ii) The National Treasury*
*iii) The relevant provincial treasury*
*(2) The accounting officer must, as part of the review -*
*(a) Make recommendations as to whether an adjustments budget is necessary, and*

*(b) Recommend revised projections for revenue and expenditure to the extent that this may be necessary.*

6.9. Oversight role of Chief Financial Officer (CFO)

6.9.1. Section 81 of the MFMA states that –

*(1) The chief financial officer of a municipality-*

*(c) must assist the accounting officer in the administration of the municipality's bank accounts and in the preparation and implementation of the municipality's budget.*

*(e) must perform such budgeting, accounting, analysis, financial reporting, cash management, debt management, supply chain management, financial management, review and other duties as may in terms of section 79 of the MFMA be delegated by the accounting officer to the chief financial officer.*

6.10. Oversight role of Portfolio Committees and Sub-Councils

6.10.1. Section 59 of the Municipal Systems Act states that –

*A municipal council must develop a system of delegation that will maximise administrative and operational efficiency and provide for adequate checks and balances, and, in accordance with that system, may, inter alia –*

- *Delegate appropriate powers to any of the municipality's other political structures, political office bearers, Councillors or staff members,*
- *Instruct any such political structure, political office bearer, Councillor or staff member to perform any of the municipality's duties.*

6.10.2. System of Delegations

The system of delegations of the City of Cape Town has been compiled in accordance with the requirements of section 59 of the Systems Act and such system is aimed at maximizing administrative and operational efficiency and provides for adequate checks and balances by delegating appropriate powers, functions and duties to, inter alia:

6.10.2.1. Section 79 Committees

Acting in terms of section 59 of the Systems Act, Council, in its system of delegations, delegates powers, functions and duties to the Portfolio Committees within its functional areas including the power to sub delegate any of their delegated powers, functions and duties.

These powers include, inter alia, monitoring the implementation of Council's IDP, budget, business plans, strategic objectives, policies and programmes and report to the Executive Mayor.

6.10.2.2. Sub-councils

Acting in terms of section 59 of the Systems Act Council may delegate the following powers, functions and duties to Sub- councils including the power to sub delegate any of their delegated powers, functions and duties to members of the municipal staff only in terms of section 17 the Cape Town Subcouncil By-law 2003. This includes:

- To monitor the implementation of Council's budget, service delivery business implementation plans, strategic objectives, policies and programmes within the Subcouncil jurisdictional area;
- To comment and make recommendations to the Executive Mayor in regard to the budget; and
- To make representation to the relevant line departments for the inclusion of the capital and operating budgetary requirements.

6.11. External Oversight by National Treasury

6.11.1. Chapter 2 - Supervision over Local Government Finance Management

6.11.1.1. S5 (2) of the MFMA states that National Treasury may, inter alia:

*(a) monitor the budgets of municipalities to establish whether they*

*(i) are consistent with the national government's fiscal and macro- economic policy*

*(ii) comply with chapter 4*

*(b) promote good budget and fiscal management by municipalities, and for this purpose monitor the implementation of municipal budgets, including the expenditure, revenue collection and borrowing.*

6.11.2. Chapter 4 - Municipal Budgets

6.11.2.1. S23 (3) of the MFMA states that:

*National Treasury may issue guidelines on the manner in which municipal councils should process their annual budgets, including guidelines on the formation of a committee of the council to consider the budget and to hold public hearings.*

6.11.2.2. S24 (3) of the MFMA states that:

*The accounting officer of a municipality must submit the approved annual budget to the National Treasury and the relevant provincial treasury.*

6.12. External Oversight by Provincial Treasury

6.12.1. Chapter 2 – Supervision over Local Government Finance Management

6.12.1.1. S5 (4) of the MFMA states that a provincial treasury-

*a) must monitor*

*(i) the preparation by municipalities in the province of their budgets;*

*(ii) the monthly outcome of those budgets;*

6.12.1.2. S24 (3) states that:

*the accounting officer of a municipality must submit the approved annual budget to the National Treasury and the relevant provincial treasury*.

## 7. POLICY DIRECTIVE DETAILS

7.1. Oversight responsibility of Council

The council of the City of Cape Town must approve the annual budget for the City before the start of a financial year.

7.2. Oversight responsibility of Executive Committee – The Executive Mayor and MAYCO

The executive committee must provide an oversight role by performing the following tasks –

- Identify the needs of the City
- Review and evaluate those needs in order of priority
- Recommend to the municipal council strategies, programmes and services to address priority needs
- Recommend or determine the best methods, including partnership and other approaches, to deliver those strategies, programmes and services to the maximum benefit of the community
- Identify and develop criteria in terms of which progress in the implementation of the strategies, programmes and services can be evaluated
- Evaluate progress against the key performance indicators
- Review the performance of the City
- Monitor the management of the City's administration in accordance with the policy directives of the municipal council

- Oversee the provision of services to communities in the City in a sustainable manner
- Perform such duties and exercise such powers as the council may delegate to it
- Annually report on the involvement of communities and community organisations in the affairs of the City
- Ensure that regard is given to public views and report on the effect of consultation on the decisions of the council

7.3. Oversight responsibility of Audit Committee

7.3.1. The Audit Committee must provide an oversight role by advising the municipal council on matters relating to:

- Internal financial control and internal audits
- Risk management
- Accounting policies
- The adequacy, reliability and accuracy of financial reporting and information
- Performance management
- Effective governance
- Compliance with the MFMA, the annual Division of Revenue Act and
- any other applicable legislation
- Performance evaluation

7.4. Oversight responsibility of Budget Steering Committee (BSC)

The BSC must assist the mayor in providing general political guidance over the budget process and the priorities that must guide the preparation. The Committee must also assist the mayor in exercising his/her responsibilities as set out in section 53 of the MFMA.

7.5. Oversight responsibility of the Executive Mayor

The Executive Mayor must:

(a) Monitor and oversee the exercise of responsibilities assigned in terms of the MFMA to the accounting officer and the chief financial officer, but may not interfere in the exercise of those responsibilities.

(b) Take all reasonable steps to ensure that the City performs its constitutional and statutory functions within the limits of the City's approved budget.

(c) Submit a report to the council on the implementation of the budget and the financial state of affairs of the City.

(d) Check whether the municipality's approved budget is implemented in accordance with the service delivery and budget implementation plan.
(e) Instruct the accounting officer to ensure that the budget is implemented in accordance with the service delivery and budget implementation plan and that spending of funds and revenue collection proceed in accordance with the budget.
(f) Provide general political guidance over the fiscal and financial affairs of the City.
(g) Co-ordinate the preparation of the annual budget and determine how the integrated development plan is to be taken into account or revised for the purposes of the budget.
(h) Take all reasonable steps to ensure that the City approves its annual budget before the start of the budget year and that the City's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.
(i) Promptly report to the municipal council and the MEC for finance in the province any delay in the tabling of an annual budget.
(j) Ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the service delivery and budget implementation plan, are made public no later than 14 days after the approval of the service delivery and budget implementation plan.

7.6. Oversight responsibility of the Accounting Officer

The Municipal Manager is the accounting officer and the administrative authority for the City.

7.6.1. In the first instance the Municipal Manager is accountable to the mayor for the implementation of specific agreed outputs.
7.6.2. In the second instance the Municipal Manager is accountable to the Council for the overall administration of the City.
7.6.3. The Accounting Officer (Municipal Manager) must –
(a) Implement the City's approved budget, including taking all reasonable steps to ensure that the spending of funds is in accordance with the budget and is reduced as necessary when revenue is anticipated to be less than projected in the budget.
(b) Ensure that revenue and expenditure are properly monitored

(c) When necessary, the accounting officer must prepare an adjustments budget and submit it to the Mayor for consideration and tabling in the municipal council.

(d) Report to the municipal council any shortfalls in the budgeted revenue, overspending and necessary steps taken to prevent shortfalls or overspending.

(e) Submit to the Mayor actual revenue, borrowings, expenditure and where necessary report the variances thereof.

7.7. Oversight responsibility of the Chief Financial Officer (CFO)

7.7.1. The CFO must assist the accounting officer in the administration of the City's bank accounts and in the preparation and implementation of the City's budget. The CFO must also perform such budgeting, accounting, analysis, financial reporting, cash management, debt management, financial management, review and other duties as may be delegated to the CFO by the accounting officer.

7.8. Oversight with MFMA Section 71 reporting

7.8.1. The Finance directorate will facilitate the MFMA section 71 reporting process as follows:

(a) Financial month-end reports must be prepared as per section 71 requirements.

(b) Reports detailing the following information will be submitted to the Mayor and the relevant provincial treasury:

- Actual revenue, per revenue source;
- actual borrowings;
- actual expenditure, per vote;
- actual capital expenditure, per vote;
- the amount of any allocations received;
- actual expenditure on those allocations, excluding expenditure on-
  - i. its share on the local government equitable share; and
  - ii. allocations exempted by the annual Division of Revenue Act from compliance with this paragraph; and
- when necessary, an explanation of-
  - i. any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote;

ii. any material variances from the service delivery and budget implementation plan; and
iii. any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.

- The statement must include-
  i. a projection of the relevant municipality's revenue and expenditure for the rest of the financial year, and any revisions from initial projections; and
  ii. the prescribed information relating to the state of the budget of each municipal entity as provided to the municipality in terms of section 87(10).

(c) Reports must be submitted to the Executive Mayor by no later than 10 working days after the end of each month.
(d) Reports will be submitted to the Finance Portfolio Committee and Mayoral Committee.

7.9. Oversight with Section 72 reporting

7.9.1. The City is required to assess its performance during the first half of the financial year based on the respective services delivery targets, the performance indicators and financial performance. The assessment has to take place on or before 25th January of each year according to Section 72 of the MFMA. The assessment outcomes may or may not necessitate budget adjustments. Where necessary, an adjustments budget has to be prepared and submitted to the Mayor for consideration and tabling in the Municipal Council as well as recommend revised projections for revenue and expenditure to the extent that may be necessary. The adjustments budget following the mid-year review must be tabled in Council by 28 February.

7.10. Oversight by Portfolio Committees and Sub-Councils

7.10.1. Portfolio Committees must, by advising the Executive Mayor as per Section 59 (1) (a) of the Systems Act, provide an oversight role on, inter alia:

- Budget
- Business Plans
- Strategic objectives
- Policies and programmes

7.10.2. Sub-Councils must monitor the implementation of Council's budget, comment and make recommendations to the Executive Mayor in regard to the budget in matters within the sub-council jurisdictional area. Sub-Councils must also ensure that they make representations to the relevant line departments for the inclusion of the capital- and operating budgetary requirements.

7.11. Oversight by National Treasury

7.11.1. It is the responsibility of National Treasury to monitor the budget of the City to establish whether the budget is consistent with the National Fiscal and Macro-economic policy and whether the budget complies with chapter 4 of the MFMA. National Treasury must also monitor the implementation of the City's budget, including expenditure, revenue collection and borrowing to promote good budget and fiscal management.

7.12. Oversight by Provincial Treasury

7.12.1. It is the responsibility of Provincial Treasury to monitor the preparation of the City's budget as well as the monthly outcome of the budget.

7.13. Oversight with Secondary Cost reporting

7.13.1. The Finance directorate will facilitate the Secondary Cost reporting process as follows:

(a) Reports detailing the following information will be circulated to the Chief Financial Officer:
(b) Actual cost recoveries for the year to date compared to the budget for the year to date, including meaningful explanations and remedial strategies to improve costing data as received from respective directorates.
(c) Actual cost recoveries (quantities) for the year to date compared to the Capacity Plan for the year to date, including meaningful explanations and remedial strategies to improve costing data as received from respective directorates.
(d) Reports will be submitted to the Chief Financial Officer on the 10th working day of each month.

7.14. Oversight by Municipal Cost Containment Regulations

7.14.1. Municipalities must disclose cost containment measures in its quarterly in-year budget reports, and annual costs savings in its Annual Report. These reports must be submitted to Council for review and resolution. This measure is to enhance transparency and local accountability. The MCCR therefore provides a framework that is consistent with the provisions of the MFMA and other government pronouncements.

## 8. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY

This policy framework is important for the financial compliance of the City. It provides for an all-inclusive administrative procedure for the management of the Budget Management and Oversight Policy.

(a) This policy shall be implemented once approved by Council.
(b) This policy must be reviewed on an annual basis, or as required due to any contextual/legislative changes.

## 1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise –

**''Basic municipal service''** means a municipal service that is necessary to ensure an acceptable and reasonable quality of life and which, if not provided, would endanger public health or safety or the environment.

**"BSC"** means Budget Steering Committee, a committee established in terms of regulation 4 of the Municipal Budget Reporting Regulations (MBRR), to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Municipal Finance Management Act (MFMA).

**'Budget-related policy''** means a policy of a municipality affecting or affected by the annual budget of the municipality, including—

*(a)* the tariffs policy which the municipality must adopt in terms of section 74 of the Municipal Systems Act;
*(b)* the rates policy which the municipality must adopt in terms of legislation regulating municipal property rates; or
*(c)* the credit control and debt collection policy which the municipality must adopt in terms of section 96 of the Municipal Systems Act.

**"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

**"Chief Financial Officer (CFO)"** means a person designated in terms of section 80(2)(a) of the MFMA.

**"IDP"** means the Integrated Development Plan.

**"LTFP"** means Long Term Financial Plan.

**''Long-term debt''** means debt repayable over a period exceeding one year.

**"MBRR"** means the Municipal Budget and Reporting Regulations.

**"MFMA"** means the Municipal Finance Management Act No 56 of 2003.

**"MTREF"** means Medium Term Revenue and Expenditure Framework, as prescribed by the MFMA. It sets out indicative revenue and projected expenditure for the budget year, plus two outer financial years.

**"Municipal Council" or "council"** means the council of a municipality referred to in section 18 of the Municipal Structures Act.

**‘‘Municipal tariff’’** means a tariff for services, which a municipality may set for the provision of a service to the local community, and includes a surcharge on such tariff.

**‘‘Municipal tax’’** means property rates or other taxes, levies or duties that a municipality may impose.

**‘‘National Treasury’’** means the National Treasury established by Section 5 of the Public Finance Management Act.

**“Short Term”** refers to a period up to 3 (three) years.

**“Medium Term”** refers to a period between 3 (three) and 5 (five) years.

**“Long Term”** refers to any period longer than 5 (five) years).

## 2. INTRODUCTION

2.1. The Local Government: Municipal Finance Management Act No 56 of 2003 (hereafter MFMA) has instituted various financial reform measures. Sound financial management practices have been identified as essential to the long- term sustainability of municipalities. In this regard the MFMA necessitates that municipalities must have a policy related the Long Term Financial Plan (hereafter LTFP).

2.2. A municipality’s financial plan integrates the financial relationships of various revenue and expenditure streams to give effect to the Integrated Development Plan (hereafter IDP). It provides guidance for the development of current budgets and assesses financial impacts on outer years’ budgets by incorporating capital expenditure outcomes, operating expenditure trends, optimal asset management plans and the consequential impact on rates, tariffs and other service charges.

2.3. The City has developed a financial model that aims to determine the appropriate mix of parameters and assumptions within which the City should operate to facilitate budgets which are affordable and sustainable at least 10 years into the future. In addition, it identifies the consequential financial impact of planned capital projects on the municipality’s operational budget.

## 3. PROBLEM STATEMENT

Preceding the inception of the MFMA municipal budgets usually catered for immediate demands with little or no view of future needs or the future consequences of particular decisions. This poor planning practice fragmented the sustainability of municipal budgets.

## 4. PURPOSE

The policy aims to ensure that all long-term financial planning is based on a structured and consistent methodology therefore enabling delivery of City Strategies whilst ensuring the City's long term financial sustainability and affordability in order to achieve objectives over the medium and long term.

## 5. STRATEGIC FOCUS AREA

5.1. The City's IDP identifies five strategic focus areas which provide a solid foundation for the articulation of service delivery. These are The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City. Within the strategic focus areas, the City has further identified linked objectives.

5.2. Accordingly, this policy supports the following strategic focus area and objective

5.2.1. The Well Run City - Objective 5.1: Operational sustainability

5.2.2. This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

## 6. GUIDING PRINCIPLES

6.1. The policy is based on the following principles

6.1.1. Future financial sustainability inclusive of realistic revenue sources;

6.1.2. Optimal collection of revenue, taking into consideration the socio economic environment;

6.1.3. Optimal utilisation of grant funding;

6.1.4. Continuous improvement and expansion in service delivery framework; and

6.1.5. Prudent financial strategies.

## 7. ROLE PLAYERS AND STAKEHOLDERS

7.1. The following role players will ensure that the LTFP is implemented in accordance with the prescribed legislative requirements and Council processes.

7.1.1. Budgets department

7.1.1.1. Responsible for the preparation, compilation and presentation of the LTFP in line with this policy; and

7.1.1.2. Review this policy, in consultation with relevant stakeholders, to ensure maximum compliance in terms of legislation.

7.1.2. Directorates and departments

7.1.2.1. Responsible for providing information to the Budgets department to update the financial plan;

7.1.2.2. Required to identify revenue and expenditure plans for both operating and capital budgets for at least 3 years; and

7.1.2.3. Required to make recommendations on future service delivery matters.

7.1.3. Budget Steering Committee

7.1.3.1. Responsible for providing guidance on technical budget principles on matters relevant to the LTFP; and

7.1.3.2. Responsible for endorsing the projected MTREF assumptions and parameters contemplated by the LTFP.

7.1.4. Executive Mayor

7.1.4.1. Provides guidance in terms of section 53 of the MFMA.

## 8. REGULATORY CONTEXT

8.1. Section 17 (3) of the MFMA states that when an annual budget is tabled it must be accompanied by, amongst others, "*any proposed amendments to the budget-related policies of the municipality*".

8.2. Section 21 of the MFMA states that the mayor of a municipality must at least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for, amongst others:

*(ii) the annual review of -*

*(aa) the Integrated Development Plan in terms of section 34 of the Municipal Systems Act; and*

*(bb) the budget-related policies;*

*(iii) the tabling and adoption of any amendments to the integrated development plan and the budget-related policies; and*

*(iv) any consultative processes forming part of the processes referred to in subparagraphs (ii) and (iii).*

8.3. Section 7 (1) of the Local Government: Municipal Finance Management Act, 2003, Municipal Budget and Reporting Regulations, 2009 (hereafter MBRR) states that: *"the Municipal Manager of a municipality must prepare, or take all reasonable steps to ensure the preparation of budget-related policies of the municipality, or any or any necessary amendments to such policies, in accordance with the legislation applicable to those policies for tabling in the municipal council by the applicable deadline specified by the mayor in terms of section 21 (1)(b) of the MFMA".*

8.4. Section 7 (1) reference (1) of the MBRR, further states that "*as defined in section 1 of the MFMA. Policies that affect or are affected by the annual budget of a municipality include …(g) a policy related to the long term financial plan*".

8.5. Section 21 (1)(a) of the MFMA states that the mayor of a municipality must co-ordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget related policies to ensure that the tabled budget and any revision of the integrated development plan and budget related policies are mutually consistent and credible.

8.6. Section 53(1)(a) of the MFMA states that the mayor of the municipality must provide general political guidance over the budget process and the priorities that must guide the preparation of a budget. Section 4 (1) of the MBRR states "*that the mayor of a municipality must establish a budget steering committee to provide technical assistance to the mayor in discharging the responsibilities set out in section 53 of the MFMA*".

8.7. Section 26 (h) of the Local Government: Municipal Systems Act 32 of 2000 (hereafter the MSA) states that "*An Integrated Development Plan must reflect a financial plan, which must include a budget projection for at least the next three years*".

## 9. POLICY DIRECTIVE DETAILS

9.1. Financial strategies

9.1.1. An intrinsic feature of the LTFP is to give effect to the City's financial strategies. These strategies include

9.1.1.1. Increasing funding for asset maintenance and renewal;

9.1.1.2. Continuous improvement to the financial position;

9.1.1.3. Ensuring realistic revenue sources and affordable debt levels to fund the capital budget;

9.1.1.4. Maintaining fair, equitable and cost reflective rates and tariff increases;

9.1.1.5. Maintaining or improving basic municipal services;

9.1.1.6. Achieving and maintaining a breakeven/surplus total Operating budget (inclusive of appropriations and secondary budget); and

9.1.1.7. Ensuring full cost recovery for the provision of internal services.

9.2. Non – financial strategies

The LTFP is a key component for achieving the goals listed in the IDP of the City and must consider the IDP inclusive of other City strategies and frameworks.

9.2.1. In preparation of the LTFP

9.2.1.1. The fiscal overview must be considered by reviewing past financial performance and taking into account strategic and policy direction of the City to ensure sustainability.

9.2.1.2. The LTFP being a forecasting model requires assumptions on, amongst other, the following internal and external factors:

(a) External factors – demographic trends related to socio economic factors e.g. Population migration, employment, health, development of businesses, and new residential areas, etc.;

(b) General inflation outlook and its impact on the municipal activities;

(c) Credit rating outlook;
(d) Interest rates for borrowing and investment of funds;
(e) Rates, tariffs, charges and timing of revenue collection;
(f) Growth or decline in tax base of the municipality;
(g) Collection rates for each revenue source;
(h) Price movements on specifics e.g. bulk purchases of water and electricity,
fuel etc.;
(i) Average salary increases;
(j) Industrial relations climate, reorganisation and capacity building;
(k) Changing demand characteristics (demand for services);
(l) Trends in demand for free or subsidised basic services;
(m) Impact of national, provincial and local policies;
(n) Ability of the municipality to spend and deliver on the programmes;
(o) Implications of organisational restructuring and other major events into the future;
(p) Consideration of the Cost Containment Regulatory measures; and
(q) Sector Plans and Infrastructure Masterplans.

9.2.1.3. Intergovernmental fiscal transfers/allocations/subsidies from National and Provincial government play a pivotal role in the finances of the City. The following unconditional transfers/allocations must be considered, as a minimum, when projecting the budget:
(a) Local Government Equitable Share;
(b) Fuel levy; and
(c) Grants related to the provision of Provincial government functions.

9.3. The annual updated LTFP must identify the following:
9.3.1. Assumptions and parameters to be used to compile the operating- and capital budget over the next MTREF;
9.3.2. Future operating revenue and expenditure projections based on assumptions and parameters;
9.3.3. Future affordability of projected capital plans; and
9.3.4. Funding requirements, which include external funding.

## 10. EVALUATION AND REVIEW

10.1. This policy shall be implemented once approved by Council.

10.2. This policy must be reviewed on an annual basis, or as required due to any contextual/legislative changes.

10.3. Changes in financial strategy, non–financial strategic strategies and legislation must be taken into account for future amendments to this policy.

10.4. Any amendments must be tabled to Council for approval as part of the budget process.

## 1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise –

**"Accounting Officer"-**

(a) in relation to a municipality, means the municipal official referred to in section 60; or

(b) in relation to a municipal entity, means the official of the entity referred to in section 93,

and includes a person acting as the accounting officer.

**"Approved Budget"** means an annual budget -

(a) approved by a municipal council; or

(b) approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution,
and includes such an annual budget as revised by an adjustments budget in terms of section 28.

**"Budget transfer"** means transfer of funding within a function/vote.

**"Budget Year"** means the financial year of the municipality for which an annual budget is to be approved in terms of section 16(1).

**"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

**"Chief Financial Officer (CFO)"** means a person designated in terms of section 80(2)(a) of the MFMA.

**"Current year"** means the financial year, which has already commenced, but not yet ended.

**"Financial year** means a year ending on 30 June.

**"MBRR"** means Municipal Budget and Reporting Regulations.

**"MFMA"** means the Local Government Municipal Finance Management Act No 56 of 2003.

**"MSA"** means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

**"Municipal Council"** or **"council"** means the council of a municipality referred to in section 18 of the Municipal Structures Act.

**"Municipality"** –

(a) when referred to as a corporate body, means a municipality as described in section 2 of the Municipal Systems Act; or;

(b) when referred to as a geographic area, means a municipal area determined in terms of the Local Government: Municipal Demarcation Act, 1998 (Act No. 27 of 1998).

**"SDBIP"** means Service Delivery and Budget Implementation Plan;

**"Service Delivery and Budget Implementation Plan"** – (MFMA) means a detailed plan approved by the executive mayor of a municipality in terms of section 53(l)(c)(ii) of the MFMA for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate

(a) projections for each month of—
    (i) revenue to be collected, by source; and
    (ii) operational and capital expenditure, by vote;
(b) service delivery targets and performance indicators for each quarter; and
(c) any other matters that may be prescribed

and includes any revisions of such plan by the mayor in terms of section 54(1)(c).

**"unauthorised expenditure"** – (MFMA) in relation to a municipality, means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3), and includes—

(a) overspending of the total amount appropriated in the municipality's approved budget;
(b) overspending of the total amount appropriated for a vote in the approved budget;
(c) expenditure from a vote unrelated to the department or functional area covered by the vote;
(d) expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;
(e) spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of "allocation" otherwise than in accordance with any conditions of the allocation; or
(f) a grant by the municipality otherwise than in accordance with this Act;

## 2. PURPOSE

The policy aims to set out the conditions for an adjustments budget, compliance and procedures for an adjustments budget.

## 3. PROBLEM STATEMENT

Changes in a budget are a necessity as there are various internal and external factors impacting on the financial performance and implementation of the budget during the financial year.

## 4. DESIRED OUTCOME

The implementation of the Local Government: Municipal Finance Management Act, (Act No.56 of 2003) (MFMA), initiated municipal financial reforms. The key aims of the MFMA are to modernise budget, accounting and financial management practices. It further aims to provide strategic guidance in the financial planning of the Municipality. Section 28 of the MFMA states that, “a municipality may revise an approved annual budget through an adjustments budget”.

As part of the municipal financial reforms the Municipal Budget Reporting Regulations (MBRR) was gazetted in 2009. The main objective of the MBRR is to formalise norms and standards to improve the credibility, sustainability, transparency, accuracy and reliability of municipal budgets. It further ensures that the process on amendments of approved budgets is done appropriately.

This policy must be read, analysed, interpreted, implemented and understood against this legislative background.

## 5. STRATEGIC FOCUS AREAS

5.1. The City’s IDP identifies five strategic focus areas which provide a solid foundation for the articulation of service delivery. These are The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City. Within the strategic focus areas, the City has further identified linked objectives.

5.2. This policy supports the following strategic focus area and objective:

5.2.1. The Well Run City -Objective 5.1: Operational sustainability

This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

## 6. ROLE PLAYERS AND STAKEHOLDERS

In order to give effect to the policy, the following role players including their respective powers, duties and responsibilities are listed below:

6.1 Budgets department
(a) Responsible for overall administrative and technical oversight in terms of the compilation of the adjustments budget.

6.2 Directorates and departments
(a) Required to inform Budgets department of changes in the approved budget;
(b) Responsible for providing information to Budgets department regarding any proposed amendments; and
(c) Required to make recommendations including detailed motivations on changes for the adjustments budget.

6.3 Council
(a) Responsible for the approval of the adjustments budget.

## 7. REGULATORY CONTEXT

7.1 Section 12 of the MFMA, **Relief, charitable, trust or other funds**, states that:

*(1) No political structure or office-bearer of a municipality may set up a relief, charitable, trust or other fund of whatever description except in the name of the municipality. Only the municipal manager may be the accounting officer of any such fund.*

*(2) A municipality may in terms of section 7 open a separate bank account in the name of the municipality for the purpose of a relief, charitable, trust or other fund.*

*(3) Money received by the municipality for the purpose of a relief, charitable, trust or other fund must be paid into a bank account of the municipality, or if a separate bank account has been opened in terms of subsection (2), into that account.*

*(4) Money in a separate account opened in terms of subsection (2) may be withdrawn from the account without appropriation in terms of an approved budget, but only –*

*(a) by or on the written authority of the accounting officer acting in accordance with decisions of the municipal council; and*

*(b) for the purposes for which, and subject to any conditions on which, the fund was established or the money in the fund was donated.*

7.2 Section 22 of the MFMA, **Publication of annual budgets**, states that:

*Immediately after an annual budget is tabled in a municipal council, the accounting officer of the municipality must -*

*(a) in accordance with Chapter 4 of the Municipal Systems Act -*

*(i) make public the annual budget and the documents referred to in section 17(3); and*

*(ii) invite the local community to submit representations in connection with the budget; and*

*(b) submit the annual budget -*

*(i) in both printed and electronic formats to the National Treasury and the relevant provincial treasury; and*

*(ii) in either format to any prescribed national or provincial organs of state and to other municipalities affected by the budget.*

7.3 Section 28 of the MFMA, **Municipal Adjustments Budgets**, states that:

*(1) A municipality may revise an approved annual budget through an adjustments budget.*

*(2) An adjustments budget -*

*(a) must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;*

*(b) may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;*

*(c) may, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality;*

*(d) may authorise the utilisation of projected savings in one vote towards spending under another vote;*

*(e) may authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll- overs when the annual budget for the current year was approved by the council;*

*(f) may correct any errors in the annual budget; and-*

*(g) may provide for any other expenditure within a prescribed framework.*

*(3) An adjustments budget must be in a prescribed form.*

*(4) Only the mayor may table an adjustments budget in the municipal council but an adjustments budget in terms of subsection (2) (b) to (g) may only be tabled within any prescribed limitations as to timing or frequency.*

*(5) When an adjustments budget is tabled, it must be accompanied by -*

(a) *an explanation how the adjustments budget affects the annual budget;*

(b) *a motivation of any material changes to the annual budget;*

(c) *an explanation of the impact of any increased spending on the annual budget and the annual budgets for the next two financial years; and*

(d) *any other supporting documentation that may be prescribed.*

(e) *Municipal tax and tariffs may not be increased during a financial year.*

(f) *Sections 22(b), 23(3) and 24(3) apply in respect of an adjustments budget, and in such application a reference in those sections to an annual budget must be read as a reference to an adjustments budget.*

7.4 Section 29 of the MFMA, **Unforeseen and unavoidable expenditure**, states that:

*(1) The mayor of a municipality may in emergency or other exceptional circumstances authorise unforeseeable and unavoidable expenditure for which no provision was made in an approved budget.*

*(2) Any such expenditure -*

*(a) must be in accordance with any framework that may be prescribed;*

(b) *may not exceed a prescribed percentage of the approved annual budget;*

(c) *must be reported by the mayor to the municipal council at its next meeting; and*

*(d) must be appropriated in an adjustments budget.*

*(3) If such adjustments budget is not passed within 60 days after the expenditure was incurred, the expenditure is unauthorised and section 32 applies.*

7.5 Section 69 (1) and (2) of the MFMA, **Budget implementation**, states that:

*(1) The accounting officer of a municipality is responsible for implementing the municipality's approved budget, including taking all reasonable steps to ensure –*

*(a) that the spending of funds is in accordance with the budget and is reduced as necessary when revenue is anticipated to be less than projected in the budget or in the service delivery and budget implementation plan; and*

*(b) that revenue and expenditure are properly monitored.*

*(2) When necessary, the accounting officer must prepare an adjustments budget and submit it to the mayor for consideration and tabling in the municipal council.*

7.6 Section 72 of the MFMA, **Mid-year budget and performance assessment**, states that:

*(1) The accounting officer of a municipality must by 25 January of each year -*

*(a) assess the performance of the municipality during the first half of the financial year, taking into account -*

(i) *the monthly statements referred to in section 71 for the first half of the financial year;*

(ii) *the municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;*

*(iii) the past year's annual report, and progress on resolving problems identified in the annual report; and*

(iv) *the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities; and*

*(b) submit a report on such assessment to -*

*(i) the mayor of the municipality;*
*(ii) the National Treasury; and*
*(iii) the relevant provincial treasury.*

*(2) The statement referred to in section 71 (1) for the sixth month of a financial year may be incorporated into the report referred to in subsection (1) (b) of this section.*

*(3) The accounting officer must, as part of the review -*

*(a) Make recommendations as to whether an adjustments budget is necessary; and*

*(b) Recommend revised projections for revenue and expenditure to the extent that this may be necessary.*

7.7 Section 21A of the MSA, **Documents to be made public**, states that:

*(1) All documents that must be made public by a municipality in terms of a requirement of this Act, the Municipal Finance Management Act or other applicable legislation, must be conveyed to the local community -*

*(a) by displaying the documents at the municipality's head and satellite offices and libraries;*

*(b) by displaying the documents on the municipality's official website, if the municipality has a website as envisaged by section 21B; and*

*(c) by notifying the local community, in accordance with section 21, of the place, including the website address, where detailed particulars concerning the documents can be obtained.*

*(2) If appropriate, any notification in terms of subsection (1) must invite the local community to submit written comments or representations to the municipality in respect of the relevant documents.*

## 8. CONDITIONS

8.1 Adjustment to revenue and expenditure estimates – MFMA section 28(2)(a) and (b)

8.1.1 An adjustments budget must adjust the revenue and expenditure estimates downwards if there is material under-collection[1] of revenue during the current year; in terms of MFMA section (28) (2)(a)

[1] Any variance that affects either strategic, operational and technical service delivery sustainability is viewed as material. Consideration of the need to adjust these estimations of budgetary provisions should also take the stage of the financial period, or time remaining in the financial period for further monitoring and/or remedial action, into account.

8.1.2 An adjustments budget may appropriate additional revenue that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for. If a national- or provincial adjustments budget allocates or transfers additional revenues to the municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national- or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the MFMA in the municipal council to appropriate these additional revenues.

8.2 Unforeseen and unavoidable expenditure – MFMA Section 28(2)(c) and 29

8.2.1 As per section 29(1) the mayor of a municipality may in emergency or other exceptional circumstances authorise unforeseeable and unavoidable expenditure for which no provision was made in an approved budget.

8.2.2 An adjustments budget referred to in section 28(2)(c) must be tabled in the municipal council at the first available opportunity after the unforeseen and unavoidable expenditure contemplated in that section was incurred, but within 60 days after the unforeseeable and unavoidable expenditure was incurred as per Section 29(3) of the MFMA.

8.3 Utilisation of projected savings in one vote towards spending under another vote – MFMA section 28(2)(d)

The Act allows a municipality to transfer projected savings in one vote to another vote. This condition can be met any time after the mid-year performance assessment but before 28 February, as indicated in regulation 23(1) of the MBRR.

8.4 Approval of roll-overs – MFMA section 28(2)(e)

8.4.1 An adjustments budget referred to in section 28(2)(e) of the Act may only be tabled after the end of the financial year to which the roll-overs relate, and must be approved by the municipal council by 25 August of the financial year following the financial year.

8.4.2 Unconditional grants, agency agreement funding and National Treasury Supplemental grants which are unspent portions from the previous financial year, can be roll-over as part of the adjustments budget process in August.

8.4.3 The following matters are to be addressed in formulating proposals for Capital roll-over funding allocations:

8.4.3.1 Those contractual components let or works awarded or commenced with in the financial year, but not yet implemented and settled by the end of that financial year – in other words the monetary value of commitments – and for which no budgetary provision was made on the Capital Budget – will be considered for roll-over budgetary provision.

8.4.3.2 in terms of the "unforeseen" definition and interpretation of the relevant MFMA stipulations, departments must have had a reasonable expectation that the works would have been completed by end of the financial year.

8.4.3.3 the "anticipated expenditure to financial year-end" are to be used as starting point in calculating the roll- over requirement – it is presumed that the additional roll-over provisions on the next financial year Capital Budget will not increase the total budget cost of individual projects;

8.4.3.4 proposals for roll-over provisions should cater for both internally- and externally funded budgetary provisions;

8.4.3.5 reasons explaining why budgetary provisions were committed, not spent by end of the financial year are to be provided.

8.4.3.6 reasons for the non-provision of the roll-over requirement on the next financial year budget is also required.

8.5 Correction of errors – MFMA section 28(2)(f)

A municipality may correct any errors contained in the annual budget within the adjustments budget at any time after the mid-year performance assessment but before 28 February.

8.6 Other expenditure – MFMA section 28(2)(g)

This can include unauthorised expenditure. MFMA section 32(2)(a)(i) requires an adjustments budget in the case of unauthorised expenditure. MBRR regulation 23(6) states that:

*An adjustments budget contemplated in section 28(2)(g) of the Act may only authorise unauthorised expenditure as anticipated by section 32(2)(a)(i) of the MFMA, and must be-*

*(a) dealt with as part of the adjustments budget contemplated in sub regulation (1); and*

*(b) a special adjustments budget tabled in the municipal council when the mayor tables the annual report in terms of section 127(2) of the Act, which may only deal with unauthorised expenditure from the previous financial year which the council is being requested to authorise in terms of section 32(2)(a)(i) of the Act.*

8.7 Mid-year review followed by adjustments budget – MFMA section 72

8.7.1 A mid-year review and performance assessment by the accounting officer in accordance with the MFMA is due for completion by 25 January, which may lead Council to take corrective steps with regards to deviations in revenue and expenditure of the approved budget.

8.7.2 Utilising the monthly financial results, the SDBIP results, the past year's annual report and the performance of the municipality, MFMA section 72(3)(a) also states the accounting officer must, as part of the review, make recommendations as to whether an adjustments budget is necessary.

8.7.3 An adjustment budget is generally recommended stemming from the mid-year review and performance assessment process. This adjustments budget must be submitted to Council for approval by no later than 28 February as stated in the MFMA.

8.7.4 There are circumstances in a financial year where an adjustments budget can or must be approved by Council that do not coincide with the mid-year review and performance assessment, and this will lead to a municipality having to adjust the Council approved budget more than once.

8.8 Summary of prescribed adjustments budget dates

| ADHOC CHANGES | MONTH | PRESCRIBED CHANGE |
|---|---|---|
| | **July** | Start of the municipal financial year |
| | **August** | Roll-overs of the previous financial year by 25 August (plus virements processed from the beginning of the financial year) |
| * Adjust revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year. | **September** | |
| | **October** | |
| | **November** | |
| | **December** | |
| * Within 60 days of the approval of the relevant national or provincial adjustments budget | **January** | Mid-year review and performance assessment by 25 January |
| * Within 60 days after unforeseeable and unavoidable expenditure was incurred | **February** | Adjustments budget tabled at Council by 28 February - corrective steps stemming from mid-year review and performance assessment and/or correct any errors in the annual budget |
| | **March** | |
| | **April** | |
| | **May** | |
| | **June** | End of the financial year |

## 9. COMPLIANCE AND PROCEDURES – Section 28(5) of the MFMA

9.1 When an adjustments budget is tabled, it must be accompanied by -

(a) An explanation how the adjustments budget affects the annual budget;

(b) A motivation of any material changes to the annual budget;

(c) An explanation of the impact of any increased spending on the annual budget;

(d) The annual budgets for the next two financial years; and

(e) Any other supporting documentation that may be prescribed.

9.2 Formats of adjustments budgets – Regulation 21 of MBRR

An adjustments budget and supporting documentation of a municipality must be in the format specified in Schedule B of the MBRR and include all the required tables, charts and explanatory information, taking into account any guidelines issued by National Treasury.

9.3 Funding of adjustments budgets – Regulation 22 of MBRR

An adjustments budget of a municipality must be suitably funded. The supportive documentation to accompany an adjustments budget in terms of section 28(5) of the MFMA must contain an explanation of how the adjustments budget is funded.

9.4 Submission of tabled adjustments budgets – Regulation 24 of MBRR

The municipal manager must comply with section 28(7) of the MFMA together with section 22(b)(i) of the MFMA, within ten working days after the mayor has tabled an adjustments budget in the municipal council. When submitting the tabled adjustments budget to National Treasury and relevant provincial treasury in terms of section 28(7) of the MFMA, municipal manager must submit it in both printed and electronic form, as prescribed by National Treasury.

9.5 Approval of adjustments budgets – Regulation 25 of MBRR

The municipal council must consider the full consequences, fiscal or otherwise, of the adjustments budget and supporting documentation. When approving an adjustments budget, municipal council must consider and adopt separate resolutions dealing with each of the matters listed below:

(a) Approval of the adjustments budget;
(b) Approval of any adjustments permitted in terms of section 28(2) of the MFMA;
(c) Approval of the transfer of funds to a separate bank account for purpose contemplated in section 12 of the MFMA;
(d) Approval of revisions to the monthly and quarterly service delivery targets and performance indicators in the service delivery and budget implementation plan, if any, to correspond with the approval of the adjustments budget;
(e) Approval of any amendments to budget related policies necessitated by the adjustments budget.

9.6 Quality Certification – Regulation 21 of MBRR (Schedule B)

When an adjustments budget and supporting documentation is tabled in council, made public or submitted to another organ of state, it must be accompanied by a quality certificate complying with Schedule B and signed by the municipal manager.

9.7 Publication of approved adjustments budgets – Regulation 26 of MBRR
Within ten working days after the municipal council has approved an adjustments budget, the municipal manager must in agreement with section 21(A) of the Municipal System Act make public that approved adjustments budget and supporting documentation, as well as the resolutions referred to in item 4, Schedule B.

## 10. IMPLEMENTATION, EVALUATION AND REVIEW

10.1. This policy framework is important for the financial compliance of the City. It provides for an all-inclusive administrative procedure for the management of an adjustments budget.

10.2. This policy shall be implemented once approved by Council. Directorates are to ensure that during implementation stages that there is consistent monitoring & evaluation of the policy as indicators will inform blockages within the policy implementation phases.

10.3. In terms of section 17(3)(e) of the MFMA this policy must be reviewed on annual basis and the reviewed policy tabled to Council for approval as part of the budget process.

10.4. Changes in legislation must be taken into account for future amendments to this policy.

10.5. Any amendments to this policy must be re-submitted to council for review and approval.

9. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY ..... 6

## 1. DEFINITIONS AND ABBREVIATIONS

In this Policy, unless the context indicates otherwise –

**"City"** or **"City of Cape Town"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

**"CFO"** or **"Chief Financial Officer"** means a person designated in terms of section 80(2)(a) of the MFMA;

**"IDP"** means the Integrated Development Plan of the City of Cape Town which sets out the strategic and budget priorities adopted by the Council of the City of Cape Town in terms of section 25(1) of the Municipal Systems Act.

**"MFMA"** means the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003);

**"Municipal Council" or "council"** means the council of a municipality referred to in section 18 of the Municipal Structures Ac

**"MBRR"** means the Municipal Budget and Reporting Regulations made in terms of section 168 of the MFMA (Act No. 56 of 2003);

**"Policy"** means a guide/framework enabling a municipality to achieve its objectives in the interest of the community. It is a basic principle by which a municipality is guided.

**"Unforeseen and Unavoidable Expenditure"** means expenditure that could not have been foreseen at the time of adoption of the annual budget of a municipality.

## 2. PROBLEM STATEMENT

The purpose of this policy is to make provision for any unforeseen and unavoidable expenditure, which might occur and prescribes the process to be followed for the approval of such expenditure.

## 3. DESIRED OUTCOMES

This policy will help and guide the City in addressing unforeseen and unavoidable expenditure.

## 4. STRATEGIC FOCUS AREAS

4.1 The City's IDP identifies **five** strategic focus areas which provide a solid foundation for the articulation of service delivery. These are The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City. Within the strategic focus areas, the City has further identified linked objectives.

4.2 This policy supports the following strategic focus area and objective:

4.2.1. The Well Run City - Objective 5.1: Operational sustainability

4.2.2. This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

## 5. ROLE PLAYERS AND STAKEHOLDERS

The role players and stakeholders who will ensure that unforeseen and unavoidable expenditure is being dealt with according to legislative requirements and council processes are:

5.1 The respective directorate/department - Responsible for preparing a report on the unforeseen and unavoidable expenditure when such expenditure occurs.

5.2 The Office of the City Manager - Responsible for reviewing the report in order to confirm legal compliance.

5.3 The Budgets department - Responsible for confirming the financial implications.

5.4 The Mayor - Responsible for reviewing, approving and tabling the report at Council for noting.

## 6. GUIDING PRINCIPLES

6.1 A directorate becoming aware of the need to incur unforeseen or unavoidable expenditure must immediately approach the CFO with full details on the expenditure, providing information on the consequences of not incurring the expenditure as well as an indication of the expected cost (both for the current year as well as any recurring cost resulting from the event).

6.2 Confirmation that the expenditure does not constitute expenditure that may not be allowed by the Executive Mayor as per regulation 71(2) of the MBRR must be given by the directorate when approaching the CFO.

6.3 The CFO will determine whether the cost could be dealt with through a process of virement of funds within the relevant votes, and whether sufficient funds are available for shifting within the vote. Once the CFO has supported the request, the relevant Executive Director will be required to submit a report to the Executive Mayor requesting approval. If approval is granted, the adjustment will be effected on the financial system.

6.4 The abovementioned process must be dealt with as a priority in order to ensure that administrative delays do not exacerbate the situation.

6.5 An adjustments budget, incorporating the approved expenditure, must be submitted to the next council meeting as per of Section 28 of the MFMA.

## 7. REGULATORY CONTEXT

7.1. This policy has been formulated in terms of the provisions of Section 29 of the MFMA and regulations 71 and 72 of the MBRR, which prescribes the process to be followed for the approval of unforeseen and unavoidable expenditure.

## 8. POLICY DIRECTIVE DETAILS

8.1. Unforeseen and unavoidable expenditure (MFMA Section 29)

1. *The mayor of a municipality may in emergency or other exceptional circumstances authorise unforeseeable and unavoidable expenditure for which no provision was made in an approved budget.*
2. *Any such expenditure-*
   - *(a) Must be in accordance with any framework that may be prescribed;*
   - *(b) May not exceed a prescribed percentage of the approval annual budget;*
   - *(c) Must be reported by the mayor to the municipal council at its next meetings; and*
   - *(d) Must be appropriated in an adjustments budget.*
3. *If such adjustments budget is not passed within 60 days after the expenditure was incurred, the expenditure is unauthorised and section 32 applies.*

8.2. Authorisation of unforeseen and unavoidable expenditure (MBRR Regulation 71)

1. *The mayor of a municipality may authorise expenditure in terms of section 29 of the Act only if-*
   - *(a) The expenditure could not have been foreseen at the time the annual budget of the municipality was passed; and*
   - *(b) The delay that will be caused pending approval of an adjustments budget by the municipal council in terms of section 28(2)(c) of the Act to authorise the expenditure may –*
     - i. *result in significant financial loss for the municipality;*
     - ii. *cause a disruption or suspension, or a serious threat to the continuation, of a basic municipal service;*
     - iii. *lead to loss of life or serious injury or significant damage to property; or*
     - iv. *obstruct the municipality from instituting or defending legal proceedings on an urgent basis.*
2. *The mayor of a municipality may not authorise expenditure in terms of section 29 of the Act if the expenditure -*
   - *(a) was considered by the council, but not approved in the annual budget of the municipality or an adjustments budget;*
   - *(b) is required for -*
     - i. *price increases of goods or services during the financial year;*
     - ii. *new municipal services or functions during the financial year;*

iii. *the extension of existing municipal services of functions during the financial year;*
iv. *the appointment of personnel during the financial year; or*
v. *allocating discretionary appropriations to any vote during the financial year; or*

*(c) would contravene any existing council policy; or*
*(d) is intended to ratify irregular or fruitless and wasteful expenditure.*

8.3. Monetary limits on unforeseen and unavoidable expenditure (MBRR Regulation 72)

*The amount of expenditure that a mayor of a municipality may authorise in terms of section 29 of the Act is limited to –*

*(a) 5% of the municipality's own revenue in the case of a municipality with approved total revenue in its current annual budget not exceeding R250 million;*
*(b) the greater of R5 million or 4% of the municipality's own revenue in the case of a municipality with approved total revenue in its current annual budget greater than R250 million but not exceeding R500 million; and*
*(c) R15 million in the case of a municipality with approved total revenue in its current annual budget greater than R500 million.*

## 9. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY

This policy framework is important for financial compliance of the City. It provides for an all-inclusive administrative procedure for the management of unforeseeable and unavoidable expenditure.

9.1 This policy will come into effect once it has been approved at Council.
9.2 In terms of section 17(1) (e) of the MFMA this policy must be reviewed on an annual basis and the reviewed policy must be tabled at Council for approval as part of the budget process.
9.3 Changes in legislation must be taken into account for future amendments to the policy.

## 1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise -

**"Accounting Officer"** in relation to a municipality, means the municipal official referred to in section 60 of the MFMA. The municipal manager of a municipality is the accounting officer of the municipality for the purpose of this Act.

**"Annual Division of Revenue Act (DORA)"** means the Act of Parliament, which must be enacted annually in terms of section 214 (1) of the Constitution.

**"Approved budget"** means an annual budget-

(a) approved by a municipal council, or

(b) approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution, and includes such an annual budget as revised by an adjustments budget in terms of section 28 of the MFMA.

**"Budget Year"** means the financial year for which an annual budget is to be approved in terms of section 16 (1) of the MFMA.

**"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

**"Council"** means the council of a municipality referred to in section 18 of the Municipal Structures Act.

**"CPPPM"** means Corporate Project Programme Portfolio Management.

**"DORA" means** Division of Revenue Act

**"MBRR"** means Municipal Budget and Reporting Regulations.

**"MFMA"** means Local Government Municipal Finance Management Act No. 56 of 2003.

**"Financial Year"** means the municipal financial year starting on 1 July and ending on 30 June.

**"Municipality"**

(a) when referred to as a corporate body, means a municipality as described in section 2 of the Municipal Systems Act; or

(b) when referred to as a geographic area, means a municipal area determined in terms of the Local Government: Municipal Demarcation Act, 1998 (Act No. 27 of 1998).

**"National Treasury"** means the National Treasury established by section 5 of the Public Finance Management Act.

## 2. PURPOSE

2.1 This policy aims to provide guidelines through which directorates can plan and obtain approval of projects of a capital nature.

2.2 This policy is required in terms of regulation 7 of the Municipal Budget and Reporting Regulations (MBRR).

## 3. PROBLEM STATEMENT

The MFMA replaced the antiquated system of local government finance inherited from the previous rules-bound dispensation in 1994, which focused on rules and procedures rather than on sound outcomes. These practices included one-year, detailed line-item budgets, which did not allow for forward-planning or long-term strategic planning. Previous practices were one dimensional, financial processes that were generally centrally controlled by prescribed bureaucratic rules and regulations that stifled managerial efficiency, inhibiting innovation and information and often resulting in poor decision-making and a passive approach to financial management generally.

Financial planning within municipalities tended toward short-term outputs that were not necessarily integrated into long-term outcomes. Budgets typically catered for immediate demands with little or no view to future needs or the future consequences of particular decisions.

## 4. DESIRED OUTCOME

The MFMA aims to modernise budget and financial management practices in municipalities in order to maximise the capacity of the municipalities to deliver services to all their residents, customers and users. It also gives effect to the principle of transparency as required by sections 215 and 216 of the Constitution. The MFMA therefore supplements conventional procedural rules with a performance- based system focusing on outputs and measurable objectives, to enable municipalities to maximise their capacity for service delivery.

The MFMA empowers councilors to play their constitutional role as politically elected representatives of the community and residents by approving policies and budgets proposed by the executive mayor or committee and then overseeing the performance of the municipality in implementing these policies and budgets.

All these various roles are possible only because of the reporting requirements of the MFMA, as the Act recognises that effective service delivery is possible only with good-quality and timely management information. Such information allows management to be proactive, identifying and solving problems as they arise. The challenge facing all stakeholders is their capacity to use the information produced in terms of the MFMA to improve the efficiency and effectiveness of the service delivery of the municipality.

## 5. ROLE PLAYERS AND STAKEHOLDERS

In order to implement and give effect to the approved Capital budget the relevant role players and their respective powers, duties and responsibilities are listed below:

5.1 Budgets department

(a) Responsible for administrative and technical guidance in terms of the compilation of the Capital Budget; and

(b) Review of this policy, in consultation with relevant stakeholders, to ensure maximum compliance in terms of legislation.

5.2 Directorates and departments:

In consultation with their relevant Executive Director, MayCo member and portfolio committee are required to inform the Budgets department of their proposed budget. These inputs are coordinated through the Strategic Management Framework.

5.3 Executive Management Team

in consultation with the Mayor and Mayco are required to facilitate integration by making provision for four review points between the Strategic Alignment, Programmes, Project and Budgets as part of the Strategic Management Framework.

5.4 Municipal Council

Responsible for the approval of the Capital Budget.

5.5 Corporate Project Programme Portfolio Management (CPPPM)

All projects proposed for inclusion on the capital budget are assessed against an implementable delivery plan to comply with, inter alia, implementation readiness, tender readiness (must be on the City's Demand Plan), strategic alignment and capacity to implement.

## 6. STRATEGIC FOCUS AREAS

6.1 The City's IDP identifies five strategic focus areas which provide a solid foundation for the articulation of service delivery. These are The Opportunity City, The Safe City, The Caring City, The Inclusive City and The Well-Run City. Within the strategic focus areas, the City has further identified linked objectives.

6.2 Accordingly, this policy supports the following strategic focus area and objective:

6.2.1 The Well Run City - Objective 5.1: Operational sustainability:

6.2.2 This objective is about delivering services and creating value for customers in an operationally sustainable manner based on evidenced led decision making so that the City can remain financially stable and resilient to shocks in a changing environment.

## 7. REGULATORY CONTEXT

7.1 This policy must be read, analysed, interpreted, implemented and understood against this legislative background. The budget plays a critical role in an attempt to realise diverse community needs taking into account the IDP process. The formulation of a municipal budget should also take into account the government's macro-economic and fiscal policy fundamentals.

7.2 Section 16 of the MFMA states that "*the council of a municipality must for each financial year approve an annual budget for the municipality before commencement of that financial year. According to section 16(2), in order to comply with section 16(1), the executive mayor of the municipality must table the annual budget at a council meeting at least 90 days or earlier before the start of the budget year*."

7.3 Section 18 of the MFMA which relates to funding of expenditure states that:

*"18.(1) An annual budget may only be funded from-*

*(a) realistically anticipated revenues to be collected;*

*(b) cash-backed accumulated funds from previous years' surpluses not committed for other purposes; and*

*(c) borrowed funds, but only for the capital budget referred to in section 17(2).*

*(2) Revenue projections in the budget must be realistic, taking into account-*

*(a) projected revenue for the current year based on collection levels to date; and*

*(b) actual revenue collected in previous financial years."*

7.4 Section 19 of the MFMA states that for capital projects –

*"19.(1) A municipality may spend money on a capital project only if –*

*(a) the money for the project, excluding the cost of feasibility studies conducted by or on behalf of the municipality, has been appropriated in the capital budget referred to section 17(2);*

*(b) the project, including the total cost, has been approved by the council;*

*(c) Section 33 has been complied with, to the extent that that section may be applicable to the project; and*

*(d) the sources of funding have been considered, are available and have not been committed for other purposes.*

*(2) Before approving a capital project in terms of subsection (1) (b), the council of a municipality must consider -*

*(a) the total projected cost covering all financial years until the project is operational; and*

*(b) the future operational costs and revenue on the project, including municipal tax and tariff applications.*

*(3) A municipal council may in terms of section19 (1) (b) approve capital projects below a prescribed value either individually or as part of consolidated capital programme."*

7.5 Regulation 13 of the MBRR on the approval of capital projects[1] states that:

*"(1) Within ten working days after the municipal council has given individual approval for a capital project in terms of section 19(1)(b) of the Act, the municipal manager must in accordance with section 21A of the Municipal Systems Act make public-*

*(a) The municipal council resolution approving the capital project; and*

*(b) Details of the nature, location and total projected cost of the approved capital project.*

*(2) The following capital projects may be approved by council either individually or as part of a consolidated capital programme as contemplated in section 19(3) of the Act:*

[1] The MFMA must be read in conjunction with the Municipal Budgeting and Reporting Regulations (MBRR) as it provides further clarity on matters that are prescribed in the MFMA. Section 19 of the MFMA regulates budgetary matters in relation to capital projects. In terms of section 19(1)(b) a municipality may not spend any money on a capital project unless the council has approved the specific project including the total cost. Section19 (3), however, provides that capital projects below a prescribed value may be approved either individually or as part of a consolidated capital programme.

*(c) Capital projects of which the total projected cost is below R50 million, in the case of a municipality with approved total revenue in its current annual budget greater than R500 million[2].*

*(3) Subregulation (1) does not apply to capital projects whose total projected cost when the annual budget is approved is below the values set out in subregulation (2).*

*(4) Expenditure needed for capital projects below the values set out in subregulation (2) may be included in the annual budget before the project is approved in terms of section 19(3) of the Act."*

## 8. CAPITAL BUDGET

The City's capital budget is compiled, amended and maintained in accordance to:

(a) Generally Recognised Accounting Practice (GRAP) principles and statements;
(b) Relevant legislations: e.g. MFMA and chapter 4 of Systems Act;
(c) National Treasury – MFMA circulars and budget regulations;
(d) Division of Revenue Bill/Act (DORA);
(e) The City's Asset Management policy;
(f) The Integrated Development Plan (IDP);
(g) Municipal Standard Chart of Accounts (mSCOA); and
(h) Strategic Management Framework (SMF) and any other City strategies frameworks.

## 9. BASIS OF CAPITAL BUDGET

9.1 The zero based method is used when proposing new capital projects, except in cases where a contractual commitment has been made that would span over more than one financial year.

9.2 All capital projects must be funded from realistically anticipated revenue.

9.3 No capital project will be approved for inclusion into the capital budget unless it is accompanied by the total project cost and operating impact covering all financial years the project is operational and a cash flow for the project. Projects with a total project cost in excess of R50 million must be approved individually. In addition, Council must consider the likely impact of such operational expenses on future property rates and service tariffs.

[2] Capital projects of which the total projected cost is above these values must be approved individually by the council in terms of section 19(1)(b) of the Act

9.4 The consequence of the operating impacts should be carefully analysed by directorates when proposing a new capital project for inclusion on an annual budget, such impacts includes finance charges to be incurred on external loans, depreciation of the fixed asset, maintenance on fixed assets and any other operating expenditure.

9.5 Expenditure of a project shall be included in the capital budget, if it is probable that future economic benefits or service potential associated with the asset will flow to the municipality; the cost or fair value of the asset to the municipality can be measured.

9.6 The budget approved by Council for assets must clearly distinguish between upgrading, renewal and new assets.

9.7 A municipality may spend money on a capital approval object only if the money for the project has been appropriated in the capital budget.

9.8 The envisaged sources of funding for the capital budget must be properly considered and the Council must be satisfied that this funding is available and not been committed for other purposes.

9.9 During the Draft Budget process, carry-over of capital projects from the previous year will be considered for inclusion if they fall within the existing levels of the capital budget. Directorates must identify carry – over budget requests during the mid-year budget and performance assessment and subsequent adjustments budget process.

9.10 All Ward allocation projects will be included once supported by the relevant Subcouncil and Subcouncil resolution sent to the Budgets department.

9.11 All projects (excluding Ward Allocations projects) included in the proposed capital budget which were not previously approved by Council must be fully supported by the relevant Mayoral Committee Member and Executive Director and not prejudice any committed projects.

9.12 The proposed capital budget and capital programme which is submitted to the Budgets Department by the directorates must by aligned to the IDP and any other special policy decision.

9.13 The City adopted the programme budgeting methodology.

9.14 Capital projects must, through readiness assessment demonstrate an implementable delivery plan (including project readiness screening and inclusion on the contract demand plan, as relevant).

## 10. FUNDING A MUNICIPAL CAPITAL BUDGET

10.1 A fundamental element to planning is funding of the proposed project. The budget should be funded in accordance with the section 18 of the MFMA.

## 11. SOURCES OF FUNDING

11.1 Revenue

If the project is to be financed from surplus funds, then there must be sufficient cash available for the implementation of the project.

11.2 External Financing Fund (EFF)

EFF is the borrowed component (loans) of capital funding, which is linked to the life expectancy of the asset. In the case of the City it is linked to the City's borrowing programme and earmarked for long-term use. External loans can be raised only if it is linked to the financing of an asset.

11.3 Capital Replacement Reserve (CRR)

In order to finance the acquisition of property, plant and equipment and other assets from internal sources, cash amounts are transferred from the accumulated surplus to the CRR in terms of a Council resolution. No funds can be transferred into the CRR unless approved by Council. The following guidelines are set for the creation and utilisation of the CRR:

(a) The cash funds that back up the CRR are invested until utilised.

(b) The CRR may only be utilised for purchasing items of property, plant and equipment, and may not be used for their maintenance/repair, unless otherwise directed by Council.

(c) The CRR may only be utilised to the extent of funds available in the relevant CRR.

11.4 Grant Funding

11.4.1 Government grants

Municipalities receive allocations from National Treasury and Provincial Treasury. These grants are approved and published in the Division of the Revenue Act (DORA) and Western Cape Government Gazette respectively and must be included in the Municipal Capital Budget program. Grant funding from national and provincial departments, other than those allocations reflected in the DoRA and Provincial Gazette, should be secured by way of a legal binding agreement before spending can take place.

11.4.2 Public contributions

The City receives grants from various private donors for capital (and operating) projects, which must be secured by way of a legal binding agreement before spending can take place.

11.4.3 Criteria when using grant funding

11.4.3.1 Government- and public contributions conditional grant funds must be used in terms of the grant conditions, failing which, the grant funds must be returned to the grantor.

11.4.3.2 Interest earned on the investment of conditional grant funds shall be capitalised if it is a stipulation as set out in the grant agreement. In all other cases, the interest earned on grant funds is recognized as revenue. Capital expenditure funded by grants must be budgeted for in the capital budget.

## 12. IMPLEMENTATION, EVALUATION AND REVIEW

12.1 This policy shall be implemented once approved by Council.

12.2 In terms of section 17(3)(e) of the MFMA this policy must be reviewed on annual basis and the reviewed policy tabled to Council for approval as part of the budget process.

12.3 Changes in legislation must be taken into account for future amendments to this policy. Any amendments to this policy must be re-submitted to council for review and approval.

## 1. DEFINITIONS AND ABBREVIATIONS

"**City**" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No. 479 of 22 September 2000, issued in terms of the Local Government: Municipal Structures Act, 1998, or any structure or employee of the City acting in terms of delegated authority;

"**Council**" means the Municipal Council of the City;

"**Companies Act**" means the Companies Act 2008 (Act No.71 of 2008)

**"Director"** means a director serving on the board of directors of a municipal entity;

**"Mayco"** means the Mayoral Committee appointed in terms of section 60 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998);

**"MFMA"** means the Local Government: Municipal Finance Management Act, 2003 (Act No.56 of 2003);

**"Municipal entity"** means –

(a) A municipal entity referred to in section 86B (1) (a) of the Systems Act;

**"Municipal representative"** means a councillor or official who has been designated as such in terms Section 93D of the Systems Act to –

(a) represent the City's as a non-participating observer at meetings of the board of directors of the municipal entity concerned; and
(b) attend shareholder meetings and to exercise the City's rights and responsibilities as a shareholder, together with such other councillors or officials that Council may designate as representatives.

**"Municipal Representative (councillor)"** means a councillor who has been designated as a municipal representative.

**"Municipal representative (official)"** means an official who has been designated as a municipal representative.

**"Audit and Performance Audit Committee"** means the Audit and Performance

Audit Committee of the City appointed in terms of Regulation 14(2) of the Municipal Planning and Performance Management Regulations made in terms of the Systems Act.

**"Systems Act"** means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

## 2. PROBLEM STATEMENT

As parent municipality the City is responsible for oversight and monitoring of its municipal entities.

## 3. STRATEGIC FOCUS AREAS

The Strategic focus area of this policy is to assist the City in one of the IDP mandates i.e. *"The well-run City"*. The objective is to ensure a transparent and corruption-free government which is essential for the success of all other programmes of the City.

## 4. ROLE PLAYERS AND STAKEHOLDERS

4.1 Municipal entity, including -

(a) the boards of directors and administration;
(b) Chairpersons of the Boards of Municipal Entities;
(c) Accounting Officers of Municipal Entities; and
(d) Members of the Audit and Risk Committees.

4.2 City **-**

(a) Executive Mayor;
(b) Mayco Members who have oversight of municipal entities;
(c) Audit and Performance Audit Committee;
(d) Municipal Representatives; and
(e) Line Departments of the City.

## 5. REGULATORY CONTEXT

The City, as parent municipality to its municipal entities, is required to monitor and have oversight of the entities. As part of its oversight role, the City aims to adopt a framework for appointing directors to the boards of the municipal entities. This Municipal Entity policy sets out –

(a) The legal imperatives as required by the Systems Act, MFMA and the Companies Act.
(b) The authorisations needed to effectively monitor and conduct the necessary oversight of the municipal entities.
(c) How the City's rights and responsibilities as a shareholder are exercised.

5.1 Parent municipalities and municipal entities are governed by Chapter 8A of the Systems Act and in terms of the MFMA, particularly Chapter 10. Where municipal entities are companies, the requirements of the Companies Act must also be considered and applied.

5.2 Section 56 of the MFMA provides for the oversight framework:

*"(1) The mayor of a municipality which has sole or shared control over a municipal entity, must guide the municipality in exercising its rights and powers over the municipal entity in a way—*

*(a) that would reasonably ensure that the municipal entity complies with this Act and at all times remains accountable to the municipality; and*

*(b) that would not impede the entity from performing its operational responsibilities."*

5.3 Section 93D of the Systems Act requires that the *Council of the City must designate a councillor or an official of the City or both, as the representative or representatives of the City –*

*(a) to represent the City as a non-participating observer at meetings of the board of directors of the municipal entity concerned;*
*(b) to attend shareholder meetings; and*
*(c) to exercise the City's rights and responsibilities as shareholder.*

"*To designate a Councillor or an official as municipal representative in terms of section 93D of the Systems Act and to instruct the municipal representative how to exercise the City's rights and responsibilities as a shareholder*" has been delegated by Council in terms of the Systems of Delegation.

5.4 The monitoring and oversight exercised over the municipal entities by the City should always be governed by the following principle as found in municipal legislation set out below:

(a) Systems Act - "*93A Duties of parent municipalities with respect to municipal entities.*

*The parent municipality of a municipal entity –*

(b) *must allow the board of directors and chief executive officer of the municipal entity to fulfil their responsibilities".*

(b) MFMA - Exercise of rights and powers over municipal entities

"*56(2) In guiding the municipality in the exercise of its rights and powers over a municipal entity in accordance with subsection (1), the mayor may monitor the operational functions of the entity, but may not interfere in the performance of those functions."*

5.5 Section 93E (2) of the Systems Act provides that "*the parent municipality of a municipal entity must, before nominating or appointing a director, establish a process through which -*

*(a) Applications for nomination or appointment are widely solicited;*

*(b) A list of all applicants and any prescribed particulars concerning applicants is compiled; and*

*(c) The municipal council makes the appointment or nomination from such list."*

## 6. PURPOSE

This policy seeks to supplement existing legal imperatives to enable the City to perform its monitoring and oversight role over municipal entities. The policy further consolidates existing policies relating to municipal entities into one policy and clarifies lines of authority for municipal representatives.

## 7. POLICY DIRECTIVE DETAILS

### 7.1 Appointment Process for Directors nominated by the City to a Board of a Municipal Entity

In accordance with section 93E (2) of the Systems Act, the following process must be followed:

a) The relevant Municipal Representatives, in consultation with the board of the municipal entity, shall identify the requirements needed on the board in terms of skills, demographics and diversity.

b) The relevant Municipal Representative (official) must advertise for the recruitment of directors in accordance with the City's requirements, subject to the provisions of paragraph (h) below.

c) The relevant Municipal Representative (official) must compile a list of all candidates who have applied.

d) The delegated authority, who has the power and function to appoint, remove or recall a director of a municipal entity, must appoint a City selection panel which may include Members of Mayco, the relevant Executive Director and the relevant Municipal Representatives.

e) The selection panel must create a shortlist of candidates to be interviewed.

f) The selection panel will interview candidates, agree on the suitable candidates to be nominated for recommendation the delegated authority for appointment.

g) If the advertising process does not produce suitably qualified candidates, the relevant Municipal Representative (official) may approach suitable candidates directly to be interviewed by the selection panel.

h) The relevant Municipal Representative (official) shall maintain a database where all the details of all candidates will be kept for a period of two years for possible future appointments to the boards of the municipal entities. The City selection panel may utilise the database to create a shortlist of candidates to be interviewed and nominated to the delegated authority for appointment.

i) The relevant Municipal Representative (official) must ascertain whether successful candidates are fit and proper and whether they are not disqualified from being directors in terms of section 93F of the Systems Act, the Companies Act and King code on Corporate Governance before submitting the name of the suitable candidates to the delegated authority for appointment.

j) Once the delegated authority has approved the recommendation for appointment on the boards of various municipal entities, such decision will be communicated and the list of newly appointed directors provided to boards of directors.

### 7.2 Designated Municipal Representatives

a) The delegated authority is authorised to designate a councillor or an official, or both, as a municipal representative for a municipal entity.

b) The delegated authority may instruct the municipal representatives on how to exercise the rights and responsibilities of the City as shareholder at shareholder meetings.

c) The Municipal Representative/s must –

(i) attend board meetings of municipal entities and represent the Council as a non-participating observer/s;

(ii) give feedback to the City on the discussions/and any decisions taken at board meetings;

(iii) not participate in any decision making by the board of directors;

(iv) attend any shareholder meetings and exercise the rights and responsibilities of a parent municipality as a shareholder and in this respect vote as instructed/directed by the delegated authority. The municipal representative (official) will submit a report to the delegated authority before the Annual General Meeting of the municipal entity to obtain a mandate in this regard;

(v) represent the City faithfully at shareholder meetings, without consideration of personal interest or gain;

(vi) inform the Council in a report format of how voting rights were exercised at shareholder meetings;

(vii) inform the Council in a report format of all relevant actions taken on its behalf at shareholder meetings;

(viii) ensure that all issues of concern or queries raised by the municipal entity and affecting the City are attended to and resolved by the line departments within the City;

(ix) bring to the attention of the City any non-compliance issues in respect of service delivery agreements or strategy alliance with the City, if such issues are raised at board meetings;

(x) ensure that the relevant mayoral committee members are kept up to date with any new developments taking place within the municipal entities;

(xi) be accountable to the Executive Mayor.

d) The municipal representative may, in terms of section 93D (3) (b)(ii) of the Systems Act, be reimbursed for any expenses in connection with his or her duties as a municipal representative, but may not receive any additional compensation or salary for such duties.

e) Municipal Representatives may attend board committee if invited by the municipal entity.

### 7.3 Performance Management and Budgeting

a) The relevant Municipal Representative (official) must undertake an annual assessment of the performance of the municipal entity in respect of its approved business plan for the previous financial year based on agreed indicators.

b) The Executive Mayor is authorised to approve the key financial and nonfinancial performance objectives and measurement criteria of each municipal entity and must ensure that these align with the IDP. Any amendment to key performance objectives requested by the board of a municipal entity during a financial year may be authorised by the Executive Mayor.

c) The Chief Financial Officer or his nominee is authorised to make recommendations and refer back any proposed budget amendments to each municipal entity as required by S 87(2) of the MFMA. Any revised budget and business plan submitted by a municipal entity must be assessed against the recommendations made by the Chief Financial Officer before submission to full council.

d) The relevant Municipal Representative (official) must ensure that each municipal entity completes a quarterly Performance Assessment, including the Mid-Year review, which will form part of the City's SDBIP reporting processes.

e) The Audit and Performance Audit Committee may request the attendance of the Chief Executive Officer of a Municipal Entity to attend any meetings of the Committee to answer any performance related questions.

f) The relevant Municipal Representative (official) must ensure that the municipal entities meet their in year reporting requirements as required by the MFMA and the Regulations on Budgeting and Reporting.

### 7.4 Delegation by Municipal Representative (official)

The relevant Municipal Representative (official) may delegate any power or authorisation conferred on him or her in terms of this Policy to a manager reporting directly to him/her, including the powers and authorisations of a municipal representative.

## 8. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY

This amended policy will replace its former version upon approval by Council and will be reviewed annually by the Chief Financial Officer in order to assess the following and provide recommendations to Council for proposed updates:

a) Effectiveness of directives in achieving outcomes associated with monitoring and oversight of entities.
b) Whether any other contextual changes require that the policy is updated (e.g. changes to National Legislation or structures of Council).

# ANNEXURE 19

# PROPOSED AMENDMENTS TO THE 2017 – 2022 APPROVED INTEGRATED DEVELOPMENT PLAN (IDP) FOR 2020/21

**Bold:** New narrative or figures proposed
~~Strikethrough:~~ Changed or deleted narrative proposed

**PROPOSED AMENDMENTS TO THE EXISTING CONTEXTUAL ANALYSIS.**

**Motivation for proposed amendment:**

**Contextual analysis**

The main methodology that was used in the IDP review was to undertake a contextual scan and a performance assessment to identify any new significant events or trends that may have a notable influence on the strategic narrative, implementation plan, Corporate Scorecard or any of the annexures of the IDP.

The overall purpose of reviewing the contextual analysis was to establish if the strategic narrative remains relevant, effective and sufficient within the specific contextual circumstances of the City in order to achieve the City's transformational objectives and continue to focus, guide and direct the organisation to realise the City's vision.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **GLOBAL CONTEXT**<br>Globally, cities today occupy approximately only ~~2%~~ of the total land, but generate ~~70%~~ of the global economy (GDP), consume over 60% of global energy, are responsible for over 70% of greenhouse gas emissions, and generate over 70% of global waste. More than half (~~54%~~) of the global population already live in cities, and this percentage is expected to grow to almost 60% by 2030. | **GLOBAL CONTEXT**<br>Globally, cities occupy just **3%** of the Earth's land, but account for **60-80%** of energy consumption, 70% of carbon emissions, generate about **80%** of the global economy (GDP) and generate over 70% of global waste. More than half (**55%**) of the global population already live in cities, and this percentage is expected to grow to almost 60% by 2030. **By 2050, the urban population is expected to reach 6,5 billion. In the coming decades, 90% of urban expansion will be in the developing world.** | 16-17 |
| The pace of urbanisation and the possible impacts on natural resources (air, water, soil, flora and fauna) have given rise to growing concerns about urban development. ~~As a result, the United Nations (UN) sustainable development goals (SDGs) launched in January 2016 include an urban SDG~~, namely Goal 11 ("Making cities and ~~human settlements~~ inclusive, safe, resilient and sustainable"). | The pace of urbanisation and the possible impacts on natural resources (air, water, soil, flora and fauna) have given rise to growing concerns about urban development. **As a result, the United Nations (UN) sustainable development goals (SDGs), adopted by all United Nations Member States in September 2015 and launched in January 2016, include an urban SDG**, namely Goal 11: Sustainable Cities and Communities ('**Making cities inclusive, safe, resilient and sustainable**'). | |
| **From sustainable development to resilience**<br><br>More recently, as phenomena such as extreme weather events and extreme poverty ~~have deepened city challenges~~, ~~resilience~~ has emerged as an important urban concept. Resilience refers to the ability to bounce back from shocks or stresses, and to do so with a measure of success greater than prior to the | **From sustainable development to resilience**<br><br>More recently, phenomena such as **back-to-back and concurrent** extreme weather events **are occurring, often on a scale never before experienced by humanity**, and **extreme poverty in our townships continues unrelieved because of our economy remaining stubbornly stagnant**. **The City's challenges will continue to be steeper than** | 17 |

| | | |
|---|---|---|
| shock. Underlying resilience are the ideas of adaptive capacity (the ability to adjust to changing conditions) and transformative capacity (the ability to change both internally and externally to keep pace with changing contexts). Resilience is, and will be, an important characteristic of cities and their residents now and into the future. | **before. Resilience, therefore**, has emerged as an important urban concept. Resilience refers to the ability to bounce back from shocks or stresses, and to do so with a measure of success greater than prior to the shock. **This of course assumes that a shock of any great magnitude will be a once-off event or one that will come at some kind of a spaced-out interval, allowing for the City's finances and that of its citizens to absorb the massive costs of repairs and rehabilitation after the shock event.** Underlying resilience are the ideas of adaptive capacity (the ability to adjust to changing conditions) and transformative capacity (the ability to change both internally and externally to keep pace with changing contexts). **One such big change to which everyone in the city will have to adapt is a progressive cap on carbon and other greenhouse gas emissions, allowing the city to reach carbon neutrality much sooner than the target date of 2050, in order to contribute to the global effert to avoid the worst ravages of climate change.** Resilience is and will be an important characteristic of cities and their residents now and into the future, **particularly because climate change adaptation will of necessity require the City to plan for and build on disaster risk reduction in the face of accelerating and frequently occurring risks, which climate change will bring with increasing intensity year on year.**<br><br>**Furthermore, given the urgency to act in combating climate change, every city, ours included, will have to play its part in containing global temperatures within the 1,5-degree margin that the Paris Agreement demands. This is vital on account of budgetary constraints that the City already faces and which will be seriously exacerbated if additional budget has to be found to provide for adaptation measures and infrastructure to address climate change. Considering measures such as departmental caps on carbon emissions and increasing opportunities for each to contribute to meaningful carbon sequestration could be important to achieving resilience without undermining the ability to provide services in the future or plunging the city into massive debt.** | |
| The City of Cape Town, as a member of the 100 Resilient Cities network, is currently ~~developing a~~ Resilience Strategy for Cape Town. The process is informed by a preliminary resilience assessment (PRA), which was ~~recently~~ completed with multi-stakeholder input. | The City of Cape Town, as a member of the 100 Resilient Cities network, is currently **beginning implementation of our** Resilience Strategy for Cape Town. The process is informed by a preliminary resilience assessment (PRA), which was completed with multi-stakeholder input. | |

| | | |
|---|---|---|
| **THE SOUTH AFRICAN URBAN CONTEXT**<br><br>However, South African cities have also significantly improved their infrastructure and services~~, and generally have good strategies in place to facilitate economic growth and social development.~~ This enables cities to lead South Africa's economic recovery and development.<br><br>As the country's cities offer economic opportunities, this results in migration from rural areas – including from elsewhere in Africa – to the metros. Migration can be an opportunity to attract people with different skills sets and cultural backgrounds to ~~South Africa's cities~~. | **THE SOUTH AFRICAN URBAN CONTEXT**<br><br>However, South African cities have also significantly improved their infrastructure and services.<br><br>**Cape Town, however, has a steep challenge in that the townships that were conceived of essentially as dormitories remain so until the present time. The reversing of the apartheid-era spatial framework now requires the City to turn to agglomeration economies, wherein the City can encourage firms within a given industry or related industries to be set up inside or close to the townships in a concentrated manner. This will allow for concentrated and rapid skilling of the people of the area working in such industries. By locating close to one another, industries are better able to innovate and achieve greater market penetration, as buyers will have a central location to go to for the products they seek.**<br><br>**The City will have to play a key role in facilitating agglomeration. Platformisation is one way of doing this. The other way is by making decisions on land use, favourable rates and tariffs, and infrastructure development and access. Support for the development of coastal resorts along the False Bay coastline must be seen as low-hanging fruit. The potential for tourism is enormous.**<br><br>**The combination of low growth and rising unemployment means that the City will have to relook its strategy for economic growth and social development. The centralised infrastructure fund of R400 billion over the medium term, run by experts in the presidency and using private sector managers, will have to be tapped into in order to achieve labour-intensive growth and economic transformation. The city will be revisiting its Economic Growth and Social Inclusion strategies to be more responsive to the current economic and social context and to contribute to South Africa's much needed economic recovery and development.**<br><br>As the country's cities offer economic opportunities, this results in migration from rural areas – including from elsewhere in Africa – to the metros. Migration can be an | 17-18 |

| | | |
|---|---|---|
| ~~Yet, increased migration may attract people without the appropriate skills for the predominant economic sectors in South African cities and towns, adding to the existing challenges of poverty, unemployment, overcrowding and social tension. For the period 2016-2021, Gauteng and the Western Cape, of which Cape Town is a preferred destination, are projected to experience the largest inflow of migrants, estimated at approximately 1 595 106 and 485 560 people respectively.~~<br><br>The South African urban economy ~~is~~ dominated by the tertiary sector (such as finance and business services), which mostly provides job opportunities for higher-skilled workers. ~~Therefore~~, low-skilled workers ~~with~~ limited opportunity in the formal economy, ~~generally~~ turn to the informal economy to escape absolute poverty.<br><br>**THE CAPE TOWN CONTEXT** | opportunity to attract people with different skill sets and cultural backgrounds to **Cape Town**. **This must also be seen as an opportunity to utilise immigration to contribute to the development of new skills in our economy.**<br><br>The South African urban economy **has been** dominated by the tertiary sector (such as finance and business services), which mostly provides job opportunities for higher-skilled workers. Lower-skilled workers **will of necessity have** limited opportunities in the formal economy. **They should, however, be interacted with to ascertain their latent talents so that they do not only** turn to the informal economy to escape absolute poverty, but can look for opportunities in sports, art and entertainment, amongst other things.<br><br>**THE CAPE TOWN CONTEXT**<br><br>**Economic opportunities and challenges**<br>*Add new text after heading, before current first paragraph.*<br><br>**The global economy is shifting. The economic growth is uneven with growing unemployment in developing countries and an increase in short-term risks (e.g. trade disputes and tightening of global financial conditions). There is therefore concern over the sustainability of global economic growth in the face of rising financial, social and environmental challenges.**<br><br>**The World Bank's rankings have become an influential resource and are widely recognised. A ranking for high ease of doing business means the regulatory environment is more conducive to starting and operating a business, and implies that a higher ranking over time can indicate economic growth in economies.**<br><br>**The City of Cape Town has been ranked the top metropolitan municipality in South Africa when it comes to the ease of doing business, according to the latest World Bank research report on Doing Business in South Africa.**<br><br>**Suggest to insert text as part of "Economic opportunities and challenges" under the Contextual Analysis.** | 19-22 |

| | | |
|---|---|---|
| | Cape Town's economy has grown faster than the country's over the past few years, primarily because Cape Town's economy is dominated by the tertiary sector and is not heavily dependent on the mineral sector, which has lately experienced a downturn. **However, the Cape Town economy is still growing slower than the Cape Town population, which over the last five years have grown annually around 2% – with implications for job creation and service delivery.**<br><br>**Migration**<br><br>**Cape Town's population has continued to grow at 1,7% and due to the level of service access and economic opportunities, the city has proven to be a choice destination for residents from across the country.**<br><br>**Nationally, economic growth has not stayed abreast of population growth and resource needs.**<br><br>**This has a negative impact on a city's ability to provide basic services with fewer financial resources to do so, and has a ripple effect on associated government functions such as education and police services.**<br><br>**Despite these fiscal and resource challenges, Cape Town's service delivery achievements appear within the top quotient of the country.**<br><br>*Add new text between existing paragraphs.*<br><br>Therefore, some effort is required to support and facilitate access to programmes for reskilling workers at risk of unemployment.<br><br>**Cape Town should avoid an undesirable scenario of talent shortages, high unemployment and growing inequality. It is vital in the short to medium term for the City to create an enabling environment for skills acquisition (particularly digital skills). The City of Cape Town should actively utilise its business support platform (i.e. small business support service), planning, service provision and procurement functions to help create a more enabling environment for the growth of SMMEs, and to assist businesses to actively support their existing employees through reskilling and upskilling initiatives within Cape Town.**<br><br>At the same time, the need for economic opportunities with a view to lower-skilled workers and the unemployed continues. New | |

| | | |
|---|---|---|
| | sectors or markets should be explored and embraced – including the possibility of stimulating local manufacturing through the application of new technologies.<br><br>*Add new text between existing paragraphs.*<br><br>Although job creation is not a direct local government mandate, the City of Cape Town has formed partnerships with other spheres of government, the private sector as well as cities around the world to encourage job creation in Cape Town by providing a more enabling business environment that attracts investment and economic growth.<br><br>**Cape Town's strict unemployment rate was at 21,2% for Q1: 2019 (ending March 2019), reflecting weak conditions on the demand side but also a strong degree of structural unemployment characterised by an oversupply of low-skilled or unskilled labour.**<br><br>**Cape Town is fortunate to have an active and well-developed tertiary education sector, including four public universities, with two featuring in the top 400 of world university rankings. These universities are an asset in that they attract high-quality academics, researchers and students from within South Africa, Africa and internationally. This attraction, combined with their high-quality research generation, increasingly being channelled into understanding local contexts and applications to the benefit of the local economy and social fabric, as well as specialist and skills development focus, is of great value to the city. The City of Cape Town is committed to working in partnership with universities in the Cape Town region, and has collaboration protocols and agreements in place to guide and manage this important and strategic relationship.**<br><br>Constrained natural resources, especially limited water supply and the restraints imposed by the recent drought, can present an economic challenge for Cape Town.<br><br>*Add new text after last paragraph (before Social opportunities and challenges)*<br><br>**It is also important for Cape Town to embrace the transition towards a low-carbon economy, but at the same time to be aware of its potential impact on climate-sensitive priority sectors such as tourism and food and beverage manufacturing. However, despite some global progress being made in providing 'green jobs' and promoting a low-carbon, climate-resilient and just society,** | |

| | | |
|---|---|---|
| | **major challenges still exist such as the low wages of these jobs, limited job security and weak career prospects.**<br><br>**The increased usage of technology (in particular, the internet and smartphones) has given rise to a better informed and influenced consumer, and new patterns of evolving consumption behaviour. The rise of the sharing economy, in particular, is increasingly positioning consumers at the centre of social structures, at the expense of corporations. Consumers are both more informed about product quality and availability, as well as being increasingly conscious of a range of issues. When making buying decisions, this evolving 'conscious consumer' market behaviour is disrupting businesses globally. This awareness is spilling over into consumers' engagements with government entities around service delivery quality concerns.** | |
| **Social opportunities and challenges**<br><br>With an estimated population of ~~4 174 510 in 2017, which is projected to increase to 4 515 781 by 2021, Cape Town's resident base is dynamic and multicultural.~~<br><br>The Western Cape, of which Cape Town has the largest population, had the country's highest average life expectancy at birth (~~64 years~~). ~~While people are living longer and healthier lives, the percentage of economically active working-age people (aged 15-64) has also increased. This has caused a drop in the total age dependency ratio – an ongoing trend for Cape Town over the past two decades.~~<br><br>Projections suggest that Cape Town's population is ageing: While, in ~~2016, 5,69%~~ of the city's population were 65 years and older, this figure is projected to increase to 6,60% by 2021. | **Social opportunities and challenges**<br><br>With an estimated population of **4 322 031 in 2018, and a population growth trend that is expected to continue for the foreseeable future, the total population of the City is anticipated to reach approximately 5,1 million by 2030.**<br><br>The Western Cape, of which Cape Town has the largest population, had the country's highest average life expectancy at birth (**68 years**). **People are living longer and healthier lives, thus increasing the proportion of ageing residents in the city. Conversely, the percentage of economically active working-age people (aged 15-64) decreased slightly from 69,2% in 2017 to 68,5% in 2018**.<br><br>Projections suggest that Cape Town's population is ageing: While, in **2018, 6%** of the city's population were 65 years and older, this figure is projected to increase to 6,60% by 2021.<br><br>**At the same time, population ageing and urbanisation can be considered the culmination of successful human development. The increase in post-retirement aged residents presents the City with the opportunity to put in place facilities that bring together and draw on the skill sets of people of diverse demographic profiles, who can assist with advancing the City's social cohesion and integrated economic growth objectives.** | 21 |

| | | |
|---|---|---|
| | *Add new text after paragraph (before illiteracy levels)*<br><br>**Increasingly, the state of food insecurity – including in urban areas – is receiving attention following the realisation that even when food is available in markets, it may not be accessible to poorer households. Increased levels of lifestyle diseases, including diabetes and obesity, in Cape Town signals the need for an urban food security systems analysis and strategy for Cape Town.** | |
| Illiteracy levels among Cape Town's adult population more than halved in the period 1996 to 2016, having dropped from 4,2% to 2%. | Illiteracy levels amongst Cape Town's adult population more than halved in the period 1996 to 2016, having dropped from 4,2% to 2%. **This is reported at 8,5% in 2016 (down from 16% in 2001)**. | |

| **Service delivery and infrastructure opportunities and challenges**<br><br>The City's Transport Development Index (TDI) has shown that ~~the low-income segment of the population spends on average 43% of their household income on access – more than four times the acceptable international average.~~ | **Service delivery and infrastructure opportunities and challenges**<br><br>The City's Transport Development Index (TDI) has shown that **95% of the Cape Town public transport user group is in the low- to low-medium income groups. The average direct transport cost for the low-income public transport user group is 45% of monthly household income, against the internationally accepted norm of between 5 and 10%. That is, the low-income segment of the public transport user group spends on average more than four times the acceptable international average of their household income on access.**<br><br>*Add new paragraph before last paragraph*<br><br>**Addressing the challenge of adequate, secure and affordable housing within and around the city – including through public rental housing schemes – is essential to enhancing equity, economic productivity and environmental sustainability of the city. Innovative approaches can help upgrade informal settlements into healthier environments. For example, apart from the medium- to long-term social and community-level benefits of an approach that allows for incremental upgrades (to agreed standards) – which in itself signals increased stability and tenure security – it also holds the potential for building small and medium business enterprises, as well as a range of services and skills linked to economic opportunities.**<br><br>*Add three new paragraphs after last paragraph, before Conclusion*<br><br>**The growth in waste quantities of divergent types and complexity places a strain on the available solid waste management infrastructure. The City is in the process of revisiting its Waste Strategy in which it will seek a more circular and/or integrated approach to solid waste management – including more efficient use of its existing waste processing and management infrastructure. This includes transforming** | 23 |

| | | |
|---|---|---|
| | **transfer stations into key integrated waste management nodes. Planned research into innovative ways of waste management for Cape Town provides an opportunity in the immediate to short term to develop a comprehensive and integrated waste management strategy.**<br><br>**On the technology front, 5th generation connectivity provides the capacity to improve work efficiency and elevate the city to a smart city with access to a much denser digital connectivity network, which would facilitate improved tracking, maintenance and management of City assets and infrastructure.**<br><br>**In a resource-constrained context, accountable governance and decision making requires the best available evidence to inform decisions. The City has included, as one of its strategic objectives, the development of evidence-based decision-making practices, in support of good and accountable governance. Newly approved City data and research strategies are intended to further assist with the production and collation of credible evidence to support decision making, as well as implementation programming in the City.** | |

**Motivation for proposed amendment:**

| |
|---|
| The IDP should reflect how the City of Cape Town compares to other cities in South Africa |

Based on the above motivation, the following amendments to the IDP are proposed:

| **Proposed narrative** | **Page** |
|---|---|
| Insert just before the conclusion:<br><br>• **First city in South Africa and only the third city in Africa to have an approved Resilience Strategy.**<br><br>• **CCTV – representing the largest public-area surveillance agency in Africa, and the only one in Southern Africa that covers residential areas, informal settlements and city centres.**<br><br>• **Emergency Policing and Incident Command (EPIC) project is a first for South Africa.**<br><br>• **Most comprehensive diesel vehicle emissions testing programme in the country.**<br><br>• **Most comprehensive ambient air quality monitoring network of all local authorities.**<br><br>• **Ease of doing business – ranked best metro in South Africa.** | 24 |

| | |
|---|---|
| • **Category leader on overall citizen satisfaction for large metros.**<br>• **Scores the highest in the measurement of quality of life (HDI index) in South Africa.** | |

**Motivation for proposed amendment:**

The possible investigation of an alternative rail systems should be included in the IDP to accommodate and strengthen the approved strategic direction and narrative of the IDP.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| Integrated transport relates to integration in the transport environment, namely across road and rail modes, as well as the integration of public transport with the urban fabric so that it becomes a catalyst for safe and functional communities. | Integrated transport relates to integration in the transport environment, namely across road and rail modes (**including the possible investigation of an alternative rail system**), as well as the integration of public transport with the urban fabric so that it becomes a catalyst for safe and functional communities. | 45 |

**Motivation for proposed amendment:**

The IDP need to make it clear that the City remains the transport authority.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| In the past five years, the City ~~developed and approved~~ its Integrated Public Transport Network (IPTN). The IPTN forms the basis for integrated transport planning, infrastructure, systems, operations, and public transport industry transition interventions. | **Within our constitutional role as the transport authority for the metro**, the City **has developed and maintained** its Integrated Public Transport Network (IPTN). The IPTN forms the basis for integrated transport planning, infrastructure, systems, operations, and public transport industry transition interventions. **This includes the development, with relevant role players, of a Transport Freight Strategy.** | 45 |

**PROPOSED AMENDMENTS TO THE LIST OF INDICATORS ALIGNED WITH NATIONAL INDICATORS**

**Motivation for proposed amendment:**

In terms of National Treasury (Municipal Finance Management Act) MFMA Circular 88 that relates to the Municipal Circular on Rationalisation Planning and Reporting Requirements for the 2018/19 MTREF:

- Outcome sector indicators should be included in the Integrated Development Plan (IDP) in a phased-in implementation approach. All national indicators are included as National Treasury will provide the relevant reliable audit evidence for all metro municipalities.

The outcome sector indicators are added to the list in order to develop baselines for the indicators.

The indicator number is important as prescribed by National Treasury for consistency of reporting across metro municipalities.

Based on the above motivation, the following amendments to the IDP are proposed:

**Add after page 57**

It is proposed that the **11 additional indicators** be added to the list of indicators to be aligned with national indicators. In addition, the current indicators need to be **numbered**. The indicator number is important as prescribed by National Treasury for consistency of reporting across metro municipalities.

| Indicator no | Indicator/Trend | Definition/Assessment |
|---|---|---|
| **EE3.4** | **Customer Average Interruption Frequency Index [Metro]** | **The average frequency of sustained interruptions for those customers experiencing sustained interruptions.** |
| **EE4.4** | **Percentage total electricity losses [Metro]** | **Electricity losses have two components: technical and non-technical. Technical losses occur naturally and consist mainly of power dissipation in electricity system components such as transmission and distribution lines, transformers, and measurement systems. Non-technical losses are caused by actions external to the power system and consist primarily of electricity theft, faulty or inaccurate meters, and errors in accounting and recordkeeping. Losses is a measure of unaccounted for energy. Thus, non-payment is not included as losses.** |
| **ENV2.1** | **Tonnes of municipal solid waste sent to landfill per capita [Metro]** | **The percentage of the city's solid waste that is disposed of in licensed (sanitary) landfills.** |
| **ENV2.2** | **Tonnes of municipal solid waste diverted from landfill per capita [Metro]** | **The tonnage of the city's solid waste that is recycled at centralised recycling centres, divided by the total population of the municipality. Recycled materials include those materials diverted from the waste stream, recovered and processed into new products following local government permits and regulations (International Solid Waste Association).** |
| **ENV3.2** | **Waste removal complaints due to non-collection as a percentage of total consumer units/billed accounts [Metro]** | **The number of waste collection complaints received over a year, as a percentage of the number of consumer units at the end of the reporting period.** |
| **GG4.1** | **Average percentage of councillors attending council meetings [Metro]** | **The average percentage of members of the municipal council that attended council meetings.** |
| **HS3.2** | **Number of community halls per 100 000 population [Shared]** | **The number of community halls per 100 000 population. A community hall is defined by the CSIR Guidelines for the Provision of Social Facilities in South African Settlements (2012) as a 'centre or hall for holding public meetings, training, entertainment and other functions and having a variety of facilities such as a kitchen, toilets, storage space, etc., which should be provided at nominal rates for hire, with rentals tied to socio-economic status of area to provide affordable service'.** |
| **HS3.3** | **Number of public libraries per 100 000 population** | **The number of libraries per 100 000 population.** |

| Indicator no | Indicator/Trend | Definition/Assessment |
|---|---|---|
| | **[Shared]** | |
| **WS3.1** | **Frequency of sewer blockages [Metro]** | **Number of blockages in sewers per 100 km of sewer length per year. Blockages are defined as reported or logged blockages that result in an obstruction of system flow, which may be caused by roots, obstructive items or other pipeline disruptions.** |
| **WS3.3** | **Frequency of unplanned water service interruptions [Metro]** | **Number of interruptions averaged per 1 000 service connections per year. Interruptions are understood as occurring at the source and do not include the number of consumer units affected by an interruption.** |
| **WS5.3** | **Total per capita consumption of water [Shared]** | **The total system input volume minus the total exported (raw and treated) water per population per day of the assessment period.** |

---

**PROPOSED AMENDMENTS TO THE IMPLEMENTATION PLAN**

**Motivation for proposed amendment:**

**Bike share**

As the demand for bike share becomes one of the priorities for the successful implementation of Cape Town's integrated transport system, it will be planned, budgeted for and implemented in the best interests of the city. Globally disruptive technologies are rapidly changing the operating and investment models for bike share and the City is monitoring trends and successes and shortcomings of these new technologies. These could significantly change the way bike share is planned and implemented in Cape Town, largely relieving the City from resourcing the implementation, operations and maintenance of the system to a more private sector investment-driven model. New bike-share technologies are emerging that do not require hard infrastructure that would traditionally be provided by city governments. The City's focus initially should be on providing the correct policy environment to enable private sector bike-share initiatives to take place in line with City strategies and policies.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **An efficient, integrated transport system**<br><br>More specifically, the City will:<br><br>• ~~design, invite tenders for and roll out a bike-share system for Cape Town~~ | | 46 |

**Motivation for proposed amendment:**

Based on National Treasury's *Catalytic Land Development (CLD) Guideline*, and flowing from the Mid-year Budget and Performance Assessment 2019, it is necessary to revisit the rationale, prioritisation framework, and alignment of various sections of the IDP related to the TOD Catalytic Projects Programme, with related programmes. As such, the amendments proposed below suggest:

- Updating and development, as necessary, of the various sections of the IDP that align with TOD to formulate the City's Catalytic Land Development Programme (CLDP);

- Consolidating, as necessary, the various sections of the IDP, specifically related to TOD or land development programmes, to formulate a more coherent and comprehensive CLDP that outlines the City's strategic approach to TOD going forward; and
- Aligning the principles for TOD, where appropriate, with related programmes for greater transformative effect.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Dense and transit-oriented urban growth and development** | **Dense and transit-oriented urban growth and development**<br><br>*Insert new paragraph 5 after paragraph 4 before the bulleted section starts, as follows*:<br><br>**On 31 July 2019, the City adopted the Catalytic Land Development Programme (CLDP), developed in compliance with National Treasury's *Catalytic Land Development Guideline*, published in 2018, together with their *Integration Zone Guidelines 2017.* The CLDP is a portfolio-based approach to the prioritisation and assembly of TOD projects and programmes for the City.**<br><br>**The CLDP proposes a dynamic programme and portfolio of high-density, mixed-use development projects and subprojects in transit-accessible precincts that spatially target blighted economic nodes (CBDs) in the city's three integration zones that frame the urban inner core, which together with the requisite bulk infrastructure investment will unlock urban development opportunities and give effect to the City's TOD Strategic Framework (2016) over the medium to long term in prioritised precincts.**<br><br>**A detailed implementation programme and investment pipeline with medium- and longer-term timeframes and targets (the CLDP), together with the necessary implementation mechanisms, are currently being developed.**<br><br>*Amend bullet four and five under fifth paragraph under this priority as follows:* | 45 |
| ~~• prioritise its investments to maintain and upgrade infrastructure and services, and promote more dense and intense urban development in priority transit corridors;~~ | • **prioritise its investments to maintain, upgrade and extend infrastructure and services, and promote and incentivise more dense urban development in priority transit corridors and spatially targeted TOD precincts;** | |

| **ROAD INFRASTRUCTURE INVESTMENT PROGRAMME**<br><br>**Road congestion relief project** | **ROAD INFRASTRUCTURE INVESTMENT PROGRAMME**<br><br>**Road congestion relief project**<br><br>*Add to second paragraph***:** | 78 |
| In terms of operations, the City will continue to strategically manage public transport, including the setting of different tariffs for peak and off-peak periods ~~in a bid to encourage more people to travel outside peak times. The further implementation of transit oriented development will also help shorten the morning and afternoon peaks.~~ | In terms of operations, the City will continue to strategically manage public transport, including the setting of different tariffs for peak and off-peak periods **(including investigating the feasibility for the introduction of a congestion charge, or parking levy regime in targeted TOD locations) in an attempt to encourage more off-peak travel and significantly reduce single-occupancy ridership.**<br><br>*Insert new fifth paragraph at end of as follows:*<br><br>**Planning for TOD catalytic precincts comprising the CLDP furthermore includes a range of potential future transport infrastructure investments aimed at relieving congestion, from the completion of road links to new public transit services – this as a precondition to accommodate higher-density populations in these locations.** | |
| | **ECONOMIC DEVELOPMENT AND GROWTH PROGRAMME** | 79 |

**ECONOMIC DEVELOPMENT AND GROWTH PROGRAMME**

**Business incentive project**

~~The policy offering incentives to qualifying investments that create jobs in Cape Town is being reviewed. In the five years ahead, the new Manufacturing Investment Incentives Policy will continue to offer both financial and non-financial incentives for new and existing job creating investments in targeted areas across Cape Town. Areas targeted for incentives will be current low growth industrial areas that need economic stimulation, as well as areas in the integration zones where public-sector infrastructure investment is particularly important. The project will be a tangible illustration of the City's commitment to ensuring ongoing investment that will facilitate economic growth.~~

**Targeted urban upgrade and improvement districts project**

Table

| Area | Description |
|---|---|
| Bellville / Parow | Supporting Voortrekker Road Corridor and City Improvement District ~~and Greater Tygerberg Partnership with safety plan and urban management~~ |

**PARTNERSHIP DEVELOPMENT PROGRAMME**

**Business incentive project**

*Amend and add to end of paragraph as follows:*

**The City's incentives policy for qualifying investments that seek to stimulate more jobs in Cape Town has been reviewed and will continue to offer both financial and non-financial incentives for new and existing job-creating investments in targeted sectors and geographic areas across Cape Town. Geographic areas targeted for incentives will be current low-growth industrial areas that need economic stimulation, as well as prioritised mixed-use TOD precincts requiring urban regeneration and located in the integration zones where public sector infrastructure investment is particularly important.**

**Targeted urban upgrade and improvement districts project** 80

Table
*Amend the Bellville/Parow 'Description' field and add a 'Philippi' line as follows:*

| Area | Description |
|---|---|
| Bellville **CBD** / Parow | Supporting Voortrekker Road Corridor and City Improvement District, **Bellville Opportunity Area catalytic precinct and Greater Tygerberg Partnership with safety plan and urban management initiatives.** |

| Area | Description |
|---|---|
| **Philippi** | **Various public infrastructure improvement initiatives, including community facilities and amenities, as well as precinct urban management and safety initiatives.** |

**PARTNERSHIP DEVELOPMENT PROGRAMME** 82
*Add new project heading and paragraph at the end of this section as follows:*

**Strategic Public Partnerships project**

**Unlocking the full economic investment potential of the CLDP will be enhanced by the City entering into effective partnerships with other public entities and stakeholders**

| | | |
|---|---|---|
| | **with matching land mandates and alignment of development objectives. Such strategic partnerships can enable collaborative planning and, where appropriate, joint implementation of development initiatives that leverage pooled public land assets (enhancing economies of scale, better value for money and greater impact). A key component of the Catalytic Land Development Programme (CLDP) seeks to establish effective partnerships between the City and other public entities (e.g. PRASA, Transnet, ACSA, National Department of Public Works, Telkom, higher education institutions and SANParks).**<br><br>**LEVERAGING THE CITY'S ASSETS PROGRAMME** | |
| **LEVERAGING THE CITY'S ASSETS PROGRAMME** | *Add new project heading and paragraph at the end of this section as follows:*<br><br>**City landholdings project**<br><br>**Underutilised, City-owned land assets, together with strong public partnerships, will be leveraged to encourage private sector investment, particularly amongst institutional investors, in catalytic TOD precincts. Such investment will stimulate economic activity in support of growth, development and jobs, and unlock more affordable housing opportunities.** | |

**Motivation for proposed amendment:**

The City does have legislative competence in terms of Schedule 4, Part B of the Constitution to develop building regulations. The current National Building Regulations and Building Standards Act (NBR) is old-order legislation and needs to be reviewed and replaced. It is intended to fill the gaps of the NBR with a municipal building by-law. This project will first see to the development of a policy to then inform the next step, which is the development of the by-law.

The continuous improvement of the Municipal Planning By-law will also proceed as per Council resolution.

Data capturing to assist in evidence-based decision making will be recognised in these proposed amendments.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| | Add new project after the "planning delegations project".<br><br>**Development application data management**<br><br>**It is recognised that data capturing and management within the existing Development Application Management System (DAMS) need to improve to ensure** | 73 |

| | | |
|---|---|---|
| | **quality reporting and decision making. Enhancement to the DAMS therefore needs to be a priority and resourced. The e-services submission portal will also require an upgrade to ensure a more user-friendly application submission process and interface.** | |
| ~~**Intergovernmental legislation project**~~<br><br>~~To create a business-friendly regulatory environment, existing policies will be continuously evaluated, checking whether they need to be amended, replaced or scrapped. This will be done based on a needs analysis and research on whether the rule, policy, procedure and/or guideline is required. The City will also explore the introduction of a regulatory impact assessment.~~ | **Intergovernmental legislation and City policy rationalisation and reform project**<br><br>**The objective is to create a business-friendly regulatory environment that applies to the city as a whole in a consistent manner for all communities. Existing policies will need to be continuously evaluated and checked whether they need to be amended, replaced or scrapped. This will be done based on a needs analysis and research on whether the rule, policy, procedure and/or guideline is required. The City will also explore the introduction of a regulatory impact assessment to repeal or amend duplication provisions and competencies to improve efficiencies. The City will find ways in which effective master planning, for example environmental frameworks and cumulated datasets, can assist fast-tracking of decision making.**<br><br>**It is also accepted that over the years ahead, the Municipal Planning By-law, as well as the procedures in terms thereof, will be reviewed and streamlined to improve its effectiveness.**<br><br>**The development of the policy to inform the drafting of a building by-law has also commenced. The three focus areas for the development of the policy relate to inclusivity, sustainability and efficiency.** | 74 |

**Motivation for proposed amendment:**

Environmental sustainability is not strongly communicated as a theme within the IDP. Environmental sustainability programmes are captured under the heading of 'resource efficiency and security', which describes only a part of the City's environmental sustainability commitment as per the Environmental Strategy (2017).

Some information under Programme 1.4.B requires updating in line with progress in these work areas. Some language requires updating to ensure that it remains in line with internationally accepted terminology.

Additionally, information under Programme 4.3.B requires updating in line with progress made developing the City's Heritage Information System.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Objective 1.4: ~~Resource Efficiency and Security~~** | **Objective 1.4: Natural Resources and Environmental Sustainability** | 90 |
| **~~Adapting climate change project~~** | **Climate change adaptation projects** | 92 |
| ~~Particular areas of focus will be highlighted through a research project 'Climate change hazard, vulnerability and risk assessment for the City' as well as through hazard, vulnerability and risk assessments. Based on these, the City will determine the required adaptation interventions across various sectors and produce an integrated City Climate Adaptation Plan of Action (CAPA), which it will progressively implement. Other components will include a comparative assessment of adaptation interventions (by sector and spatially), updating the City's climate science information, and developing a Cape Town Green Infrastructure Plan.~~ | **Areas and sectors of Cape Town facing high risks have been identified through a climate change hazard, vulnerability and risk assessment. In the remaining period of this five-year IDP, the City will determine the required adaptation interventions across various sectors and produce an integrated programmatic Climate Change Adaptation Action Plan, which it will progressively implement. This Climate Change Adaptation Action Plan will link closely to various sector plans and the City's Resilience Strategy, as well as the pending Green Infrastructure Plan. Issues that will be addressed in the Climate Change Adaptation Action Plan will include: increased heat and heat waves, sea level rise and coastal risk, drought and water scarcity, flood risk, and the increased risk of fire. These climate change risks and adaptation responses will be integrated into the environmental education programmes supported by the City, including those for schools and community organisations, such as the SMART Living programme, and will be reviewed in the next five-year IDP cycle.** | |
| **~~Mitigation climate change project~~** | **Climate change mitigation projects** | 92 |
| **Integrated coastal management projects** | **Integrated coastal management projects** | 93 |
| ~~As they provide natural buffers against storm surges, the retention of functional coastal dune cordons is a priority for the City in reducing the impacts of climate change.~~ | **As vegetated dune cordons provide natural buffers against storm surges and limit wind-blown sand smothering infrastructure, the retention of functional vegetated coastal dune corridors is a priority for the City in reducing the impacts of climate change.** | |
| ~~In addition, the City is currently preparing a coastal economic and spatial framework for the medium and long term. This will:~~<br>~~• offer a better understanding of Cape Town's coastline from a development perspective, as well as provide more detailed development guidance for identified priority areas or sites in the medium term;~~<br>~~• provide a strategic plan to prioritise and coordinate future capital investment along the coastline; and~~<br>~~• provide an understanding of appropriate investment approaches for future development processes.~~ | **The City's newly established Coastal Management Branch is preparing a coastal economic and spatial framework, together with a coastal vulnerability assessment, and an optimisation analysis of coastal areas. These will inform appropriate and proactive management strategies relating to coastal infrastructure and facilities, including areas currently at risk of coastal erosion, and those which require the revitalisation of facilities for recreation and tourism.**<br><br>**Options to address coastal erosion and sea level rise in vulnerable areas will be assessed using a multi criteria decision support matrix. This will assist to establish a multidisciplinary consensus on the most appropriate, risk** | |

| | | |
|---|---|---|
| | **averse and sustainable intervention over the long term, taking into account dynamic coastal processes alongside social and economic opportunities and costs. In particularly vulnerable areas, a planned retreat of both public and private infrastructures away from areas of risk may be required. In other areas, Transversal Business Plans will be developed with the intention of rehabilitating and upgrading coastal facilities and natural processes over a ten-year period of sustained interventions. These multidisciplinary and multiyear projects will revitalise the coast for recreation and tourism.**<br><br>**Derelict and structurally compromised infrastructure on the city's coastline has been identified for demolition. These structures pose a health and safety hazard to the general public, and are home to social ills such as drug abuse and crime. Their demolition is anticipated to have a positive economic, social and environmental impact.**<br><br>**The City is collaborating with the Provincial Department of Environmental Affairs and Development Planning to have the city's coastal edge (which is reflected in the CTMSDF) declared to be a Coastal Management Line in terms of the Integrated Coastal Management Act (Act 36 of 2014). This is a critical and mandatory step that will promote risk averse, sustainable coastal development.** | |
| ~~**Green infrastructure project**~~<br><br>~~The main focus will be the development of a green infrastructure plan covering the entire City of Cape Town area. This plan, scheduled for development in 2017/18, will serve as a planning and management tool for natural open spaces and natural systems in Cape Town, including nature reserves and the Biodiversity Network, parks, public open space, rivers, wetlands and the coast. A specific focus will be the ecosystem services that these natural assets provide, such as flood attenuation, waste absorption, air and water purification, resource provision, and recreational and cultural benefits.~~ | **Green Infrastructure Programme (GIP)**<br><br>**A key element of the climate change programme is the preparation of a green infrastructure network plan for the City of Cape Town area. This plan, scheduled for completion in 2020, will serve as a planning and management tool for natural open spaces and natural systems in Cape Town, including nature reserves and the Biodiversity Network, parks, public open spaces, rivers, wetlands and the coast. A specific focus will be the ecosystem services that these natural assets provide, such as flood attenuation, water purification and infiltration, coastal zone protection, and recreational and cultural opportunities. Management interventions and priority programmes will be identified, which optimise and enhance the social and cultural benefits of ecosystem services, such as water quality, pollution abatement and public safety in river corridors. Restoration of the Asanda Village wetlands in Strand and implementation of the proposed River Ambassadors programme in** | 94 |

| | | |
|---|---|---|
| | **the Zandvlei catchment, in partnership with the Cape Town Environmental Education Trust, have been identified to be demonstration projects for the Green Infrastructure Plan.** | |

**Motivation for proposed amendment:**

**Climate Change Programme:**

There are structural problems with the way that information is currently presented under the Climate Change Programme in the IDP (Programme 1.4.B). The proposed context setting addition is important because it is aiming to support a logistical structure of the projects under that programme.

Outside the world of practitioners, the distinction between adaptation and mitigation can be difficult to understand. The demand for communications on climate change with the media, public, partners and advocacy groups is growing and clear, unified messaging is needed that aligns across the different climate change response functions.

Based on the above motivation the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Programme: 1.4.B CLIMATE CHANGE PROGRAMME**<br><br>(No intro) | **Programme: 1.4.B CLIMATE CHANGE PROGRAMME**<br><br>*Insert introduction under programme*<br><br>**The City of Cape Town recognises that climate change poses a significant threat to Cape Town, its environment, its communities, and its economy, and that we must take action to protect the future of the city and those who live in it. In 2017, the City of Cape Town adopted its first Climate Change Policy, which recognises that climate change can no longer be seen as a 'green' or environmental issue, but should be treated as the pressing social and economic issue that it is.**<br><br>**Cape Town, as with many other cities around the world, finds itself in the position of needing to both fulfil our commitment to drastically reduce carbon emissions in terms of the Paris Agreement, and to implement large-scale adaptation measures to ensure the future resilience of our city. This policy, together with the ambitious global commitment that the City has made under the C40 Deadline 2020 programme, aims to address both climate change mitigation and climate change adaptation, supported through a research programme and underpinned by action plans (both existing and new plans currently in the drafting phase) with a focus on implementing the policy's key directives.** | 92 |

| | | |
|---|---|---|
| | **Highlighted adaptation and mitigation projects are described under the headings that follow. Waste management cuts across both these climate change responses and is included as a separate item under this programme.**<br><br>**Cape Town's environment, including its natural resources, ecosystems and green infrastructure, forms the basis of the city's economy, gives us a comparative economic advantage, and plays a crucial role in building resilience. It is where our communities pursue recreational activities and where they interact. It draws our visitors, supports our unique and diverse fauna and flora and contributes to the livelihoods through the provision of food. Cape Town's natural assets are central to our history and diverse identities and shapes Cape Town's unique sense of place. The goods and services provided by our natural environment are key contributors to the city's economy, desirability and global recognition as one of the world's most beautiful and popular cities.** | |
| ~~**Mitigation climate change project**~~<br><br>These commitments form part of the City's participation in the Deadline 2020 and South Africa Buildings programmes, both under the auspices of the C40 Cities Climate Leadership Group, ~~and are an extension of the City's Energy2040 Goal and Sustainable Energy and Climate Action Plan.~~ | **Climate change mitigation project**<br><br>These commitments form part of the City's participation in the Deadline 2020 and South Africa Buildings programmes, both under the auspices of the C40 Cities Climate Leadership Group. **The planning underway will significantly extend the City's existing Enery2040 Goal.**<br><br>**Electricity supply is the dominant source of greenhouse gas emissions and therefore the core mitigation effort is through the Energy-Efficiency and Supply Programme, which is implementing and promoting energy efficiency and a clean electricity supply. Other mitigation measures are being pursued in collaboration with the departments responsible for waste, transport and spatial planning through target setting and alignment with existing service delivery projects to drive the transversal effort needed to achieve the carbon neutral commitment.** | |

**Motivation for proposed amendment:**

| |
|---|
| **Waste minimisation and recycling project:**<br><br>Since August 2019, legislation implemented does not allow for liquid waste to be disposed to landfill sites. Primary sludge from the City's wastewater treatment plants falls into this category. Currently 40 tonnes per day is being generated across the city. The City has a contract with a service provider to process liquid waste until June 2020, after which another tender will be in place. The first City |

beneficiation facility (southern regional) at Cape Flats WWTW will be operational by the end of 2023 and will have the capacity to process 50% of the material generated in the city. Two additional regional beneficiation facilities (north and east) will be constructed over the next five years – first the north and later the east. The construction of the three facilities in total will be at a cost of R4 billion. These facilities will be managed under operational and maintenance contracts. There will be a substantial increase in operating cost for the processing of primary sludge for the remaining proportion of the IDP period (June 2022).

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Waste minimisation and recycling project** | *Add new paragraph*<br><br>**Waste minimisation and recycling project**<br><br>**The disposal of liquid waste to landfill sites is prohibited as of August 2019 in terms of the National Environmental Management Waste Act, Act 59 of 2008, and National Norms and Standards for Disposal of Waste to Landfill R.636:**<br>**(i) Waste which has an angle of repose of less than 5 degrees, or becomes free-flowing at or below 60 °C or when it is transported, or is not generally capable of being picked up by a spade or shovel; or**<br><br>**(ii) Waste with a moisture content of >40% or that liberates moisture under pressure in landfill conditions, and which has not been stabilised by treatment. This includes primary sludge.** | 94 |

Based on the above motivation the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Additional Infrastructure Investment Programme** | **Additional Infrastructure Investment Programme**<br><br>*Add new paragraph below "Wastewater treatment capacity" paragraph.*<br><br>**The wastewater sludge produced at all City Wastewater Treatment Works (WWTW) is either disposed of on a hazardous landfill or on agricultural land as a soil conditioner. Changes in national legislation regarding solid waste require a new approach to wastewater sludge disposal.**<br><br>**As part of the Waste Water (WW) Branch ten-year sludge master plan, regionalised bio solids beneficiation facilities (BBF) for the treatment of sludge are planned for the future. The BBFs will pasteurise and stabilise the sludge, and produce biogas. A portion of the biogas will be used to produce heat and the balance will be used to generate electricity for on-site use. Processes for** | 112 |

| | | |
|---|---|---|
| | **nutrient recovery (nitrogen and phosphorus) are included, and the beneficiated sludge product will be of a quality that will allow it to be used as a general fertiliser and soil conditioner for the whole agricultural and horticultural industry. This would ensure sustainable wastewater sludge disposal.** | |

**Motivation for proposed amendment:**

**Asset management**

A review of the Organisational Development and Transformation Plan (ODTP) process was done during the second quarter of the 2018 financial year and Council approved on 13 December 2018, inter alia, a new Economic Opportunities and Asset Management (EOAM) Directorate, which comprise the following departments:

- Enterprise and Investment (transferred from Corporate Services Directorate)
- Facilities Management
- Fleet Management
- Property Management; and
- Strategic Assets (operational from 1 July 2019).

This approach will allow for focused management of assets defined as strategic in nature and holds the opportunity to provide the City with a strategic competitive advantage, to profile and position Brand Cape Town on a global platform, to act as an enabler and leverage in the City's tourism, travel, events and investment strategies, and to be utilised for commercial benefit or gain and thus optimise income.

The alignment of the Enterprise and Investment portfolio with the Asset Management portfolios will allow for service integration and strategic alignment and, in the process, focus on the key sectors within our city that can stimulate economic growth such as business development, tourism and asset management. As such, Cape Town is strategically placed regarding a number of strategic assets of high social, economic, environmental and heritage value that require an asset-specific management model. This strategically aligned portfolio will also continue with its current efforts to promote specific economic sectors, for example the Atlantis Special Economic Zone.

The new directorate has the potential to ensure that the city continue to be the go-to city on the African continent and globally for business, trade and tourism. The City of Cape Town prides itself on having a diverse economy that is creating jobs and keeping unemployment low.

As at 1 July 2019, the City has established a Strategic Assets Department that manages a portfolio of key assets. These assets include: the City Hall, Grand Parade, The Old Granary, Good Hope Centre, Athlone Stadium, Green Point Athletic Stadium and Green Point Park. The function of the Strategic Assets Department is to ensure that these facilities are sustainable and viable. These iconic and heritage facilities not only provide spaces for communities to connect and interact, but are multipurpose facilities hosting international, national, provincial and local events. A number of events at these facilities attracted local and international guests, spectators, patrons and tourists. The overall aim of this department is to achieve financial sustainability, improve functionality, continuous monitoring and enhancements to processes and procedures.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Support Services Project**<br><br>~~In the next two years, fleet management (including plant equipment) and the workshop facility are planned to be centralised. This will~~ | **Support Services Project**<br><br>**Text deleted** | 78 |

| | | |
|---|---|---|
| ~~include the implementation of a fleet management strategy to improve service delivery, make better use of vehicles, limit standing time and overtime, and reduce reliance on hired vehicles without compromising on response times.~~ | | |
| **Asset leverage project** | **Asset leverage project** | 82 |
| ~~This project aims to rationalise and optimally utilise City assets to stimulate economic benefit for Cape Town. In this regard, a central asset and facilities management function will be established during the next five years. Its key responsibilities will be property management, fleet management, facilities management, homeownership transfer, tenancy management and staff housing, as well as Cape Town Stadium and the Sea Point precinct.~~<br><br>~~Major strategic capital projects that are being planned include upgrades to Athlone Stadium, City Hall, Good Hope Centre, the Grand Parade, the Granary project, the Central/North and South regions, and the City's Professional Services Division.~~ | **The alignment of the Enterprise and Investment portfolio with the Asset Management portfolios will allow for service integration and strategic alignment and, in the process, focus on the key sectors within our city that can stimulate economic growth such as business development, tourism and asset management. As such, Cape Town is strategically placed regarding a number of strategic assets of high social, economic, environmental and heritage value that require an asset-specific management model.**<br><br>**The migration of a general asset management model in property management to a specialised strategic asset departmental function resulted in the following three major streams for the strategic asset mandate:**<br>• **To ensure that all the facilities in the portfolio is fully compliant, fit for use and purpose, and to ensure that the life cycle of the asset is optimally managed;**<br>• **To ensure that the asset is optimally utilised (sweat the asset) in terms of its economic, social, environmental and heritage yield; and**<br>• **To leverage strategic assets to stimulate and promote economic opportunity.** | |
| **Corporate fleet, facilities and property management.** | **Corporate fleet, facilities and property management**<br><br>*Add new paragraph.*<br><br>**After the approval of the fleet management strategy in 2018, the following main areas of improvement will form part of the fleet implementation plan:**<br><br>• **Customer-centric service management;** | 143 |

| | | |
|---|---|---|
| | • **Effective and efficient asset life cycle management;**<br>• **Transversal cost management proficiency;**<br>• **Competent and productive workforce;**<br>• **Informative fleet management data; and**<br>• **Best practice fleet performance and management.**<br><br>**After the approval of the facilities management strategy in 2018, the focus areas of the implementation plan will be as follows:**<br>• **Ensure that City buildings are efficiently maintained;**<br>• **Ensure buildings' statutory compliance in line with relevant legislation;**<br>• **Provision of suitable and compliant corporate accommodation for the City;**<br>• **Ingrain the work of FM in the organisation (and outline how FM supports user departments in achieving the most efficient use of their buildings);**<br>• **Develop a well-capacitated staff component;**<br>• **Support optimisation and rationalisation plans for facilities;**<br>• **Develop FM standards and maintain those standards in line with best practice;**<br>• **Resilience, resource efficiency and water-use consciousness; and**<br>• **Ensure that buildings support universal access for all users.**<br><br>**A framework was approved in 2019 to craft the way forward in how the City was going to optimise and rationalise City-owned immovable property assets through selling and leasing of property no longer required for municipal purposes, as well as to ensure the reduction of lease-in portfolio to promote repurposing and reservation of City assets for office accommodation.**<br><br>**The intent behind the framework is twofold:**<br>• **Set the tone, create order, set principles and parameters, create governance and oversight; and**<br>• **Articulate a defined process that can be applied to successive optimisation and rationalisation exercises.**<br><br>**The Optimisation and Rationalisation Framework will be implemented and** | |

| | | |
|---|---|---|
| | **embedded as part of the City's operations during 2020.** | |

**Motivation for proposed amendment:**

| |
|---|
| **Piloted aircraft systems project**<br><br>The Directorate's RPAS capacity will be utilised towards directorate objectives only and not City wide as originally envisaged. |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Remotely piloted aircraft systems project**<br><br>To gather strategic information and provide operational support to ~~a number of City directorates,~~ access to RPAS technology ~~is required~~. This will include surveillance in support of fire-fighting, disaster risk management and policing, ~~the geographic information systems (GIS) mapping of structures and land masses, and creative photography and videography for use on multi-media communication platforms.~~ | **Remotely piloted aircraft systems project**<br><br>To gather strategic information and provide operational support to **all departments within the Safety and Security Directorate by means of** access to RPAS technology. This will include surveillance in support of firefighting, disaster risk management and policing. | 99 |

**Motivation for proposed amendment:**

| |
|---|
| **Law Enforcement Advancement Project**<br><br>The Law Enforcement Advancement Project served before Mayco on 28 November 2019 (SMC 07/11/19) and was duly supported for onward submission to Council. The project represents a significant development in respect of the City's policing capacity and, if implemented, can be expected to have a positive impact on safety in Cape Town. Should Council therefore approve the project at its next meeting, proper reference to this project will have to be made in the City's IDP. |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| | **Law Enforcement Advancement Project**<br><br>*Insert below Staff capacity project*<br><br>**Cape Town faces significant security-related challenges. Consequently, the City realised that the primary role players in the criminal justice system are unable to address the rising crime rate and that it will have to become increasingly involved if crime and disorder are to be effectively addressed. To this end, the City in collaboration with the Western Cape Government resolved to embark on an ambitious process that will see the recruitment, training and deployment of** | 100 |

| | | |
|---|---|---|
| | **an additional 1 000 law enforcement officers during 2020. It will be jointly funded by the City and the Western Cape Government.**<br><br>**These additional resources will primarily be used to bolster the City's law enforcement capacity as it relates to the Neighbourhood Safety Team initiative, the Safety and Security Investigation Unit, area-based crime prevention functions and the combating of land invasions. The project is expected to have a meaningful impact on the levels of crime and disorder in the city.** | |

**Motivation for proposed amendment:**

**Efficient, integrated transport system**

The IDP is the principle planning instrument that guides and informs planning, development and decisions in the municipality. Planning includes transport planning and the Comprehensive Integrated Transport Plan, which is the statutory plan that guides transport planning and related decisions. The CITP is key in achieving Objective 4.2: 'An efficient, integrated transport system'.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| | *Add new paragraph before Programme 4.2.A*<br><br>**The City develops and continuously reviews its Comprehensive Integrated Transport Plan that give effect to this objective.**<br><br>**In addition, the City develops a Multiyear Financial Operational Plan that is required to ensure that the public transport operations move towards sustainable and affordable public transport.** | 130 |

**Motivation for proposed amendment:**

**Housing and TOD**

Based on National Treasury's *Catalytic Land Development (CLD) Guideline*, and flowing from the Mid-year Budget and Performance Assessment 2019, it is necessary to revisit the rationale, prioritisation framework, and alignment of various sections of the IDP related to the TOD Catalytic Projects Programme, with related programmes. As such, the amendments proposed below suggest:

- Updating and development, as necessary, of the various sections of the IDP that align with TOD to formulate the City's Catalytic Land Development Programme (CLDP);
- Consolidating, as necessary, the various sections of the IDP, specifically related to TOD or land development programmes, to formulate a more coherent and comprehensive CLDP that outlines the City's strategic approach to TOD going forward; and
- Aligning the principles for TOD, where appropriate, with related programmes for greater transformative effect.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **HOUSING PROGRAMME** | **HOUSING PROGRAMME** | |
| **Densification project** | **Densification project**<br>*Switch two paragraphs under this section around and amend the new first paragraph as follows:* | 113 |
| ~~Social housing institutions and private-sector developers are also encouraged to invest in the development of affordable, high-density rental accommodation in transport corridors and priority nodes. Incentives will include revised zoning and planning requirements offering higher yields, as well as an accelerated planning permission process. Households targeted for this intervention are those which are forming new families, experience overcrowded living conditions and fall in the income categories determined by the National Department of Housing.~~ | **The City's TOD Strategic Framework and MSDF seeks to achieve land use densification and intensification of the urban inner core, particularly along integration zones and prioritised TOD precincts that will significantly contribute towards spatial transformation and sustainability. This includes compact, higher-density forms of housing as a critical element of live-work-play precincts.**<br><br>**Given the complexity and costs associated with TOD development, their very nature requires densification and intensification of land use. Social housing institutions and private sector developers are therefore encouraged to invest in the development of affordable, high-density rental accommodation in transport corridors and priority catalytic TOD nodes. Incentives will include revised zoning and planning requirements (e.g. less on-site parking in these precincts), offering higher yields and more flexibility, as well as an accelerated planning permission process (through, amongst others, proactive designation of a TOD base zone in these precincts). Households targeted for this intervention are typically those key workers that are forming new families, experience overcrowded living conditions, and fall in the income categories determined by the National Department of Housing, as well as in 'GAP' income brackets.** | |
| **New housing development project** | **New housing development project**<br><br>*Amend bullets 2 to 5 under first paragraph under this section as follows:* | 114 |
| • ~~more efficient utilisation of vacant land inside the urban inner core as well as the incremental growth and consolidation areas through infill initiatives;~~ | • **more efficient (mixed-use and higher-density) utilisation of vacant land inside the urban inner core and especially in prioritised mixed-use TOD catalytic precincts, as well as the incremental growth and consolidation of areas through infill initiatives;** | |
| ~~• the release of unused land owned by other state departments;~~ | • **working with public sector partners (in terms of partnership agreements) to facilitate the release of well-located but unused land owned by other state departments in support of the City's Catalytic Land Development Programme (CLDP);** | |

| | | |
|---|---|---|
| ~~• the promotion of mixed-use retail and residential development along key development nodes and transport corridors; and~~ | **• the promotion of higher-density mixed-use retail and residential development in prioritised TOD development nodes and along transport corridors, and undertaking the necessary de-risking actions to enable and facilitate such investments; and** | |
| ~~• the banking of land for future use, where the right type of development is not immediately possible.~~ | **• land banking for future use, where the right type of development is not immediately possible – this includes the assembly of strategically well-located land (including buildings for conversion) in catalytic precincts to enable TOD implementation over time.** | |
| | *Amend paragraph two under this section as follows:* | |
| ~~Densification objectives will inter alia be pursued though the ongoing implementation of the community residential unit (CRU)48 and the social (state-subsidised) housing49 programmes. This will however require partnerships with private investors and developers, which will be encouraged by providing ready access to information on city growth paths, zoning and infrastructure upgrades or developments.~~ | **The Catalytic Land Development Programme (CLDP) has the potential for significant urban densification in accessible prioritised TOD precincts by supporting the delivery of substantial new mixed-income housing in innovative tenure-blind precinct developments. Densification objectives will furthermore be pursued though the ongoing implementation of the community residential unit (CRU) and the social (state-subsidised) housing programmes. This will, however, require partnerships with private investors and developers, which will be encouraged by providing ready access to information on city growth paths, zoning and infrastructure upgrades or developments.** | |
| | *Amend paragraph four under this section as follows:* | |
| Another significant consideration is to direct housing development towards transport routes so that residents can have easy access to public transport, employment and social amenities. A housing development initiative intended to achieve this is the Voortrekker Road corridor integration zone (VRCIZ), directly linking the Bellville and Cape Town central business districts. This includes an efficient, multimodal public transport network (including road, rail, taxi and bus), the highest number of tertiary institutions in relation to the rest of Cape Town, abundant social facilities, a diverse range of land uses, and opportunities for taking up latent land use rights. | Another significant consideration is to direct housing development towards transport routes **and local precincts** so that residents can have easy access to public transport, employment and social amenities. **By way of example,** a housing development initiative intended to achieve this is the **Southern Corridor** and Voortrekker Road corridor integration zone (VRCIZ), directly linking the Bellville and Cape Town central business districts. This includes an efficient, multimodal public transport network (including road, rail, taxi and bus), the highest number of tertiary institutions in relation to the rest of Cape Town, abundant social facilities, a diverse range of land uses, **a good infrastructure foundation**, and opportunities for taking up latent land use rights. | |
| | *Amend first bullets under fifth paragraph under this section as follows:* | |

| | | |
|---|---|---|
| • the innovative housing initiative, which is aimed at increasing access to housing for those who need it by identifying land and planning developments along development corridors, and engaging with landholding departments of National Government, Province, the Housing Development Agency and other parastatals to unlock suitable large and small pockets of state-owned land in Cape Town. | • the innovative housing initiative, which is aimed at increasing access to housing for those who need it by identifying land and planning developments along development corridors **and in prioritised precincts**, and engaging with landholding departments of National Government, Province, the Housing Development Agency and other parastatals **through public partnerships** to unlock suitable large and small pockets of state-owned land in Cape Town. **This can make a significant contribution towards realising the City's TOD Strategic Framework and implementing the CLDP and will require setting up collaboration and joint implementation agreements with such key public sector stakeholders.** | |
| **Housing financing options project** | **Housing financing options project**<br><br>*Amend first paragraph under this section, as follows:* | 115 |
| The City wants to break the culture of dependence in terms of housing finance. To this end, it will lobby for subsidy and grant conditions to provide the end user with a wider range of financing options. These will include: | The City wants to break the culture of dependence in terms of housing finance. To this end, it will lobby for subsidy and grant conditions to provide the end user with a wider range of financing options **and greater flexibility to enable a diversity of tenure options and typologies.** These will include:<br><br>*Add a new last paragraph with two sub-bullets after the first set of bullets at the end of this section, as follows:*<br><br>**In addition, housing typologies and tenure options appropriate for higher-density development, located in integration zones and catalytic precincts, are substantially not aligned to the current grant funding system. Consequently, the City will continue lobbying for appropriate reforms of the grant system to enable TOD. The City will develop an 'Inclusionary Housing' policy and financial models that underpin cross-subsidy to support the delivery of more affordable housing in integrated developments, giving effect to TOD in catalytic precincts. In addition, the City will investigate the feasibility and application of alternative tenure models based on the principle of shared ownership and/or equity schemes.** | |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **DENSE AND TRANSIT-ORIENTED URBAN GROWTH AND DEVELOPMENT** | **DENSE AND TRANSIT-ORIENTED URBAN GROWTH AND DEVELOPMENT** | 123-126 |

| | | |
|---|---|---|
| | *Amend second paragraph with its sub-bullets under Objective 4.1 heading as follows:* | |
| ~~This will see:~~ | **Reflected as an important principle in the MSDF and driven through implementation of the Catalytic Land Development Programme (CLDP), this will see:** | |
| ~~• the prioritisation of TOD and densification to achieve a fiscally sustainable public transport system and enable a more productive, liveable and resource efficient Cape Town;~~ | **• the prioritisation of TOD and densification through residentially-led, urban compaction of catalytic, transit-accessible precincts, supporting a fiscally sustainable public transport system and enabling a more productive, liveable and resource-efficient Cape Town;** | |
| ~~• optimised efficiency due to the right mix of intensity and land uses; and~~ | **• optimised efficiency due to the right mix and intensity of land uses in such catalytic precincts; and** | |
| ~~• the leveraging of strategically located landholdings and partnerships with the private sector to lead by example in achieving TOD.~~ | **• leveraging its strategically well-located landholdings and public partnerships to attract greater private sector participation to achieve TOD.** | |
| **SPATIAL INTEGRATION AND TRANSFORMATION PROGRAMME** | **SPATIAL INTEGRATION AND TRANSFORMATION PROGRAMME** | |
| **Spatial transformation** | **Spatial transformation** | |
| | *Reformulate first paragraph under this section and split into two, as follows:* | |
| ~~The City's transport and development authority, TDA Cape Town, includes transport, urban development and human settlements elements. TDA Cape Town has been tasked to reverse the effects of apartheid spatial planning, and to further develop and implement a new spatial order for Cape Town. Its work will be based on the TOD methodology.~~ Some possible components may include the following: | **As set out and guided by the MSDF and other spatial planning instruments, housing, transport and other infrastructure investments will contribute to fostering spatial transformation for Cape Town. The Catalytic Land Development Programme (CLDP), forming part of the City's TOD programme, will facilitate the creation of high-density, mixed-use development in spatially targeted, transit-accessible precincts and blighted economic nodes throughout the urban inner core, which, together with the requisite bulk infrastructure investment, will give effect to the TOD Strategic Framework (2016) over the medium to long term.** | |
| | *Amend second paragraph and first two bullets thereunder as follows:* | |
| The TOD Strategic Framework and TOD Comprehensive Land Use Model provide the guidelines for the spatial transformation of Cape Town. | **Implemented through the CLDP mentioned above, the** TOD Strategic Framework and TOD Comprehensive Land Use Model provide the guidelines for the spatial transformation of Cape Town. | |
| • Bulk infrastructure investment will be prioritised within or to the benefit of the existing urban footprint, and more specifically the 'urban inner | • Bulk infrastructure investment will be prioritised within or to the benefit of the | |

| | | |
|---|---|---|
| core' area, framed by three Integration Zones: Voortrekker Road Corridor, Metro South-East Corridor and Blue Downs/Symphony Way Corridor, and the planned Phase 2A BRT route. | existing urban footprint and, more specifically, **prioritised TOD catalytic precincts at transit-accessible locations within** the urban inner core, framed by three integration zones: Voortrekker Road Corridor, Metro South-East Corridor and Blue Downs/Symphony Way Corridor, and the planned Phase 2A BRT route. | |
| • High density, high intensity mixed used development will be prioritised along the BRT (red road) trunk routes and rail station precincts, with the 42 BRT and 98 rail stations being catalysts for development and redevelopment. Minimum densities, supportive of the transit infrastructure will be encouraged in these locations. In these locations, the City will be targeting net densities in excess of 80 dwelling units per hectare with a variety of typologies, tenure modes and affordability levels. | • High-density, high-intensity mixed-use development will be prioritised along the BRT (red road) trunk routes and **specifically prioritised TOD precincts amongst** the 42 BRT and 98 rail stations being catalysts for development and redevelopment. Minimum densities, supportive of the transit infrastructure, will be encouraged in these locations. In these locations, the City will be targeting net densities in excess of 80 dwelling units per hectare with a variety of typologies, tenure modes and affordability levels.<br><br>*Amend third bullet under subparagraph a) under this section as follows:* | |
| • Formulated design frameworks specifying land use density, intensity, parking and built form parameters in consultation with land owners for prioritised TOD locations. | • Formulated design frameworks specifying land use density, intensity, parking and built form parameters in consultation with land owners for prioritised TOD locations. **This is to include catalytic precinct plans and TOD local area plans.**<br><br>*Amend first bullet and reformulate third bullet under subparagraph b) under this section as follows:* | |
| • An implementable policy relating to inclusionary housing provision.<br>~~• Comprehensive land assembly strategy that considers value capture mechanisms and land value capture, land banking, etc.~~ | • An implementable policy relating to inclusionary housing provision, **amongst others to specifically apply in targeted TOD precincts and corridor locations.**<br>• **A comprehensive land banking strategy in prioritised catalytic precincts to enable spatial reorganisation, implementation of new infrastructure and facilities, as well as GAP and affordable housing implementation, and, where appropriate, land value capture mechanisms**. | |
| **Urbanisation Management** | **Urbanisation management**<br><br>*Amend sixth bullet under second paragraph under this section as follows:* | |
| • develop plans to ensure that infrastructure provision is aligned with future growth patterns and needs; and **TOD mechanisms for development project** | • develop plans to ensure that infrastructure provision is aligned with future growth patterns and needs, and, **more specifically, supporting prioritised TOD precincts forming part of the Catalytic Land Development** | |

| | | |
|---|---|---|
| These mechanisms, interventions and tools include planning, implementation, institutional alignment and behavioural change elements. The TOD toolkit elements will be unpacked and implemented at various stages during the period 2017 to 2022. | **Programme (CLDP)** and **TOD mechanisms for development projects.**<br><br>*Amend second paragraph under this section as follows:*<br><br>These mechanisms, interventions and tools include **proactive** planning **and de-risking activities, streamlined regulatory procedures**, implementation **actions**, institutional alignment and behavioural change elements, **and include introducing a flexible new TOD base zone to the Development Management Scheme for application in catalytic precincts.** The TOD toolkit elements will be unpacked and implemented at various stages during the period 2017 to 2022.<br><br>*Add fourth paragraph with sub-bullets under this section as follows:*<br><br>**Furthermore, the City will investigate and develop a suite of spatial incentives to support development in prioritised TOD precincts forming part of the Catalytic Land Development Programme (CLDP), to complement the City's existing Investment Incentives Policy. This will include investigating the potential of preferential development contributions in TOD locations, supply of serviced land, extending the Urban Development Zone (an accelerated depreciation allowance that seeks to stimulate development in blighted parts of the City), proactively applying exemption overlays where heritage impact is absent or limited, exploring the applicability of such concepts as 'Innovation Districts' in association with tertiary academic institutions to stimulate the 'knowledge economy', and the potential of 'Enterprise Zones' where appropriate.** | |
| *Move this section to form part of reformulated Programme (*Transit-oriented Development Catalytic Land Development Programme) *narrative in next section:*<br><br>~~**Level-2 TOD initiatives**~~<br>~~For TOD to have a large enough impact to improve operational efficiencies, it needs to be present at every level of the built environment. To achieve this, there will be layers of interventions over the next five years and beyond, the first being the major TOD catalytic projects. This will be followed by the next, supporting level of TOD initiatives, which will typically be smaller in size and/or driven by the private sector. These level-2 initiatives might also have a more specific focus, such as housing or commercial.~~ | | |

| | | |
|---|---|---|
| **TOD development management fast-lane**<br><br>It is critical for sustainable TOD initiatives that promote entrepreneurship and a more dense and intense built form to be expedited. This will be achieved through the creation of a specialised unit aimed at fast-tracking both public and private-sector TOD.<br><br>**TRANSIT-ORIENTED DEVELOPMENT CATALYTIC ~~PROJECTS~~ PROGRAMME**<br><br>~~The City has identified the following six major projects through which it will facilitate TOD by means of public-sector intervention and targeted service delivery:~~ | **TOD development management fast lane**<br><br>*Amend this paragraph as follows:*<br><br>It is critical for sustainable TOD initiatives that promote entrepreneurship and a more dense and intense built form to be expedited. This will be achieved through the creation of a specialised unit aimed at fast-tracking both public and private sector TOD **applications. Furthermore, as part of the TOD toolkit, introduction of a flexible TOD base zone in prioritised TOD catalytic precincts will also facilitate proactive and fast-tracked approval processes.**<br><br>**TRANSIT-ORIENTED DEVELOPMENT CATALYTIC <u>LAND DEVELOPMENT</u> PROGRAMME <u>(CLDP)</u>**<br><br>*This section to be amended as follows:*<br><br>**Based on principles of spatial targeting and coherent programme formulation to establish a sustainable project portfolio and infrastructure implementation pipeline, the CLDP consist of:**<br><br>**•A portfolio of 'priority TOD catalytic projects' of metropolitan significance (albeit now reviewed and rationalised), these being Bellville CBD Opportunity Area, Philippi Opportunity Area and the Foreshore Precinct;**<br><br>**•A portfolio of so-called Level 2 TOD initiatives in local transit-accessible secondary precincts and nodes; and**<br><br>**•Other public land development opportunities around prioritised stations with high ridership that form part of the existing rail and BRT Station Typology Initiative proposed in partnership with PRASA and other role players.**<br><br>**This includes a review of the previous TOD Catalytic Projects Programme, resulting in the prioritisation of three catalytic projects elaborated on below:**<br><br>*Create new headings (large blue font) under the Programme and change the current individual project headings to subheadings (small black font) as follows:*<br><br>**Priority TOD catalytic projects** | |

| | | |
|---|---|---|
| **~~Foreshore freeway project~~**<br>~~This project is intended to find the best way of dealing with the unfinished freeways on the Cape Town Foreshore so as to unlock the economic potential of this significant segment of the city, whilst possibly also enhancing and completing the urban design of the central city. The project prospectus called for solutions that would incorporate economic development of key land parcels, address congestion, and deliver a quota of social housing. Submissions closed in February 2017 and will be evaluated in order to move to phase II.~~<br><br>**~~Inner-city precinct, inclusive of Ebenezer, Gallows Hill and Maiden's Cove~~**<br>~~This long-term private-sector investment project is a large-scale land development and infrastructure initiative that will span multiple financial years. A request for proposals has been issued. Once a successful proposal is accepted, financial implications, budgetary requirements and project timeframes will be determined.~~<br><br>**~~Bellville CBD development project incorporating the public transport interchange and Paint City site~~**<br>~~This project is intended to catalyse development in the central Bellville node and raise additional private sector and PRASA investment for land and public transport development. It is a long-term project that will span multiple financial years. The project is at the scoping stage.~~<br><br>**~~Paardevlei~~**<br>~~The City has purchased Paardevlei in order to combine housing and market-related residential opportunities with a mixture of economic opportunities, thereby creating truly dense, integrated communities that embrace TOD.~~<br><br>**~~Philippi East~~**<br>~~The IPTN 2032 envisages that six of the ten main transport routes will interchange in Philippi. This presents a major opportunity to develop the transfer interchange according to TOD principles, and also facilitate and catalyse surrounding development.~~<br><br>**~~Athlone power station~~**<br>~~The City owns this valuable yet constrained piece of inner-city land, and aims to unlock it by reassessing optimal land use, accessibility and environmental management. Feasibility studies are currently being performed to~~ | *Update and rewrite the individual project blurbs under this section as follows:*<br><br>**Bellville Opportunity Area:**<br><br>**The Bellville Opportunity Area encompasses the N1 in the North, Transnet's 'Belcon' site to the South of the railway line, includes the Hardekraaltjie complex in the West, and Bill Bezuidenhoudt Boulevard and the Stikland Hospital complex in the East, with its core area between Bellville station and Voortrekker Road. Subject to further detailed planning, design and feasibility assessments, the primary public sector investment will be in a new multi-modal, vertically integrated Public Transport Interchange, which will include the upgrading and modernisation of the PRASA station. This has the potential to catalyse redevelopment of the adjacent City owned "Paint City" site and current taxi-rank area, and significant proposed air rights development above the new PTI. Other elements could include expanded public transit infrastructure, critical missing road infrastructure links, significant housing infill development opportunities and employment space fostering densification and social facility/ green network upgrades and clustering of public facilities in public service precincts.**<br><br>**Philippi Opportunity Area:**<br><br>**This project includes opportunities around the MyCiti stations and other infrastructure as part of the Phase 2A trunk route investment through the area, as well as unlocking significant City-owned and other public landholdings around Stock Road railway station, and development opportunities at Nolungile station at the northern end of the ACSA-owned Swartklip site. Leveraging a world-class airport for economic development, the aerotropolis concept is important for the city, where the urban structure of the surrounding area should stimulate and support economic growth and social development. In addition to upgrades to the airport precinct, this infrastructure will include development centred around Philippi, Stock Road and Nolungile stations and is intended to catalyse private investment in adjacent properties and areas.**<br><br>**Foreshore Precinct:**<br><br>**This project involves investigating the merits of completing the inner viaducts of the** | |

| | | |
|---|---|---|
| ~~determine the project scope, budgetary requirements and funding mechanisms.~~ | **unfinished freeways on the Cape Town Foreshore so as to alleviate congestion and facilitate greater access into the City, whilst unlocking the economic potential of the Foreshore and formalising linkages between the CBD and the V&A. The precinct being investigated also includes the Ebenezer Road Maintenance Depot, the MyCiti Prestwich Depot and the Gallows Hill Traffic centre, and may include other public land holdings in that vicinity. The City will explore opportunities to unlock land with enhanced development rights in exchange for greater private sector participation in development that addresses accessibility and contributes towards affordable housing provision in the inner city. The project investigation includes the de-proclamation of the obsolete 1969 road scheme that will release significant land holdings along the Buitengracht and will be a first phase of the wider precinct reconceptualization. Linkages and integration with abutting public sector initiatives and opportunities (e.g. Transnet's 'People's Port Initiative', the National Department of Public Works' 'Customs House' redevelopment, and the Provincial Government's 'Founder's Garden' proposals also form part of the Foreshore Precinct investigations.**<br><br>**Paardevlei and Athlone Power Station sites:**<br><br>**Notwithstanding the focus on the Bellville and Phillipi opportunity, Paardevlei will remain an important opportunity to support development over the medium to longer term. The Energy and Climate Change Directorate is also investigating potential repurposing of the obsolete Athlone Power Station site for alternative energy generation purposes, in support of energy supply diversification objectives and contributing to the longer-term Carbon Neutral 2050 targets.**<br><br>*Insert this section (moved from Level-2 TOD initiatives) as follows:*<br><br>**Level 2 TOD initiatives**<br><br>For TOD to have a large enough impact to improve operational efficiencies, it needs to be present at every level of the built environment. To achieve this, there will be layers of interventions over the next five years and beyond, the first being the major TOD catalytic projects. "action between **the Transport Directorate** and PRASA."* | 131 |

**Motivation for proposed amendment:**

| |
|---|
| In implementing this three-year pilot project, which ended on 31 December 2018, the City followed a zero cost to the City model. This model proved not to be effective in implementing this kind of project. The contractor was not prepared to extend the contract since it was no longer financially sustainable for them to do so. Transferring the financial risk to the City would add further weight on the already burdened operational budget for MyCiti. The contract was then allowed to run to term and the Wi-Fi equipment was subsequently removed from the buses.<br><br>Lessons learnt from this pilot project will feed into the broader internet connectivity strategy. |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| ~~Free Wi-Fi access on MyCiti buses project~~ | | 132 |

| | | |
|---|---|---|
| | **Broader sustainable internet connectivity at transport network facilities** | |

**Motivation for proposed amendment:**

With the continued deterioration of PRASA's commuter rail system in the city, many commuters have shifted to road-based modes adding further pressure to the city's road congestion problem. Motorists are then diverted to lower order roads, which pose a threat to vulnerable road space users such as children, the frail and elderly. Such diverted traffic often travel at speeds inappropriate for the lower order road environment. The City does not have the enforcement capacity to sustainably maintain a meaningful presence on the broader local road network, resulting in increased demand for traffic calming measures as an alternative solution.

Since the City has embarked on fully addressing the backlog of traffic calming projects and staying ahead of the demand curve, the list of traffic calming projects has grown exponentially and placed a tremendous burden on the City's resources to fully address the problem.

It is therefore recommended that the narrative be amended to suit what the City is feasibly able to address given its available resources to adequately do so.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Traffic calming programme**<br><br>~~Traffic safety, especially in residential areas and in the immediate vicinity of schools is a priority for the City.~~ This programme commenced in the 2015/16 financial year. ~~The City will fully address the backlog in the provision of traffic calming measures as well as maintain the supply/demand ratio over the five-year period.~~ | **Traffic calming programme**<br><br>**Traffic safety, especially in close proximity to schools, is a priority for the City.** This programme commenced in the 2015/16 financial year. **The City will continue to implement traffic calming at a rate of 50 schools per annum.** | 133 |

**Motivation for proposed amendment:**

Subsequent to the restructure of the TDA and the repeal of the TDA By-law, the new Transport Directorate is no longer referenced as an Authority. Consequently, all references to '**Authority**' must be removed from the IDP to ensure the necessary alignments.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| Transport ~~authority~~ management system project<br><br>The processing of big data from transport ~~authority~~ management system (T~~A~~MS) will enable improved real-time responses to incidents on the arterial network, as well as improved planning and design of traffic signal timing. | **Transport management system project**<br><br>The processing of big data from the transport management system (TMS) will enable improved real-time responses to incidents on the arterial network, as well as improved planning and design of traffic signal timing. | 133 |

**Motivation for proposed amendment:**

The City has embarked on a uniform bus shelter programme. The way the current text is written could be interpreted as the City completing the provision of all uniform bus shelters within the term of office.

| |
|---|
| The proposal is to amend the narrative as the complete roll-out of all uniform bus shelters may not occur in this term of office. The roll-out is priority and budget dependent. |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Infrastructure investment project**<br><br>The City will ~~also be~~ providing uniform bus shelters across Cape Town over the five-year term, commencing in priority areas. | **Infrastructure investment project**<br><br>The City will **in a phased approach commence** providing uniform **standardised** bus shelters across Cape Town over the five-year term, commencing in priority areas. **The provision could extend into the next five-year term of office.** | 133 |

**Motivation for proposed amendment:**

| |
|---|
| An investigation has been undertaken to inform further implementation of BRT as it relates to Vissershoek/Wolwerivier. |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Infrastructure investment project**<br><br>~~In addition, the City plans to implement bus rapid transit at Vissershoek, as well as on Lansdowne/Wetton Road to link the Metro South-East to the southern rail corridor.~~ | **Infrastructure investment project**<br><br>**In addition, the City plans to implement bus rapid transit on Lansdowne/Wetton Road to link the metro south-east to the southern rail corridor. An investigation will be undertaken to extend BRT to Vissershoek/Wolwerivier to inform further implementation.** | 133 |

**Motivation for proposed amendment:**

| |
|---|
| *The changes introduce an update on the progress of the district SDFs as well as the various elements to be included in the process and deliverables within the next financial year. It provides clarity with regard to the content of the documents as well as the dependencies and interrelationships with various other processes and stakeholders within the City.* |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| ~~**District plans**~~<br><br>~~The City will be developing eight district plans to guide development activities in more detail. Collectively, the plans will cover the entire geographical area of Cape Town and provide guidance to internal City directorates, communities and the private sector with regard to development in each district.~~ | **District Spatial Development Frameworks (SDFs)**<br><br>**The City has initiated the process to review the eight District Spatial Development Frameworks (previously called district plans) to guide development activities in more detail. Collectively, these eight district SDFs will cover the entire area of Cape Town and all land within its borders, and provide guidance to internal City directorates, communities and the private sector with regard to development in each planning district.** | 134 |

| | | |
|---|---|---|
| | **The district SDFs will consider specific development guidance, based on spatial data and evidence, to create an enabling environment for sustainable economic growth. Local dynamics, challenges and opportunities will inform the district SDFs in order to respond to the diverse communities and needs across the city. The City provides various economic hubs where products, services and information can be transferred and made available, but these need to be spatially determined to maximise the benefit to all residents in the city. The SDFs aim to provide guidance to ensure great efficiency and impact is achieved through the coordinated use of limited financial resources and infrastructure. A key focus for the district SDFs is to ensure spatial integration and redevelopment of areas that will promote economic growth, spatial justice and inclusivity, and development proposals will include areas like District Six, Mamre and the Bellville CBD.** | |
| ~~The purpose of the district plans is to:~~<br><br>• ~~align and interpret the City's SDF at a local scale;~~<br>• ~~identify and depict important spatial elements;~~<br>• ~~provide land use guidelines;~~<br>• ~~demonstrate restructuring and integration that is aligned with the National Development Plan, the Integrated Urban Development Framework, the New Urban Agenda and other policy frameworks;~~<br>• ~~ensure sector integration;~~<br>• ~~develop an implementation plan for each district; and~~<br>• ~~identify local areas that require further detailed planning.~~ | **The purpose of the district SDFs is to:**<br><br>• **align and interpret the City's metropolitan SDF at a local scale, i.e. more detail and responding to local challenges;**<br>• **identify and depict important spatial elements, such as economic nodes, transport linkages, environmentally sensitive areas, etc.;**<br>• **provide land use guidelines;**<br>• **focus on economic development that caters for all spheres and to create jobs in local communities, considering all relevant economic sectors;**<br>• **demonstrate restructuring and integration that is aligned with policies such as the National Development Plan, the Integrated Urban Development Framework, and the New Urban Agenda;**<br>• **ensure sector integration to ensure efficient and sustainable development;**<br>• **develop an implementation plan for each district; and**<br>• **identify local areas that require further detailed planning (including District Six, Mamre and noting those already prioritised through the Catalytic Land Development Programme (CLDP), amongst others).**<br><br>**The district SDF provides policy direction for the nature and form of development in each district and guide land use and** | |

| | | |
|---|---|---|
| | **environmental decisions, and therefore will include the investigation of mechanisms to boost the right kind of implementation in the right areas. This could include Environmental Management Frameworks (EMFs), heritage exclusions, land use overlay zones and the identification of incentives to stimulate the right kind of development in the right location. The prioritisation and planning that has already been completed for priority and other targeted transit-oriented development (TOD) precincts under the CLDP will provide input into the district planning process and the further work required for the targeted local areas covered by them.**<br><br>**During the 2020-2021 period, the baseline and analysis reports and conceptual SDFs will be prepared through engagements with the respective communities, stakeholders and government departments and agencies. Related communications awareness and built environment empowerment and training campaigns will also be initiated to ensure that the community and other participants can engage with the content in the formulation of the district SDFs in an informed manner to ensure higher-quality district SDFs.** | |

**Motivation for proposed amendment:**

Environmental sustainability is not strongly communicated as a theme within the IDP. Environmental sustainability programmes are captured under the heading of 'resource efficiency and security', which describes only a part of the City's environmental sustainability commitment as per the Environmental Strategy (2017).

Some information under Programme 1.4.B requires updating in line with progress in these work areas. Some language requires updating to ensure that it remains in line with internationally accepted terminology.

Additionally, information under Programme 4.3.B requires updating in line with progress made developing the City's Heritage Information System.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Citizen value programme: Heritage project**<br><br>To take care of Cape Town's natural and cultural heritage resources for the benefit of current and future generations, the City will develop a Heritage Inventory~~. It will also~~ continue to work with Heritage Western Cape to streamline ~~development~~ application processes so as to focus heritage management in areas where it matters, cut red tape ~~and provide certainty to communities, investors and developers alike.~~ | **Citizen value programme: Heritage project**<br><br>To take care of Cape Town's natural and cultural heritage resources for the benefit of current and future generations, the City is developing a Heritage Inventory **and continuing** to work with Heritage Western Cape to streamline **heritage application processes** so as to focus heritage management in areas where it matters and cut red tape. **With a spatial database of over 30 000 heritage resources and thousands of** | 135 |

| | | |
|---|---|---|
| | **additional records, it has become critical that the City's Heritage Information System is properly upgraded and integrated with the SAP ERP solution. The proposed e-Heritage system will facilitate compliance with heritage legislation; improve decision making by providing up-to-date relevant heritage information; provide continuity in heritage resources management and decision making; integrate heritage information into relevant SAP functions, including the Spatial Application Data Management; increase customer satisfaction as a result of customer-centric departmental transformation; improve turnaround time for on-ramping heritage objects and data retrieval; improve data maintenance; and improve monitoring of heritage-graded objects via GIS and SAP enablement.** | |
| The City ~~will~~ explore options along with Province and National Government to provide Incentives for the appropriate protection, maintenance and use of privately owned heritage sites. | The City **is continuing to** explore options along with Province and National Government to provide incentives for the appropriate protection, maintenance and use of privately owned heritage sites. **This includes the consideration of exemptions or rebates to property rates.** | |

**Motivation for proposed amendment:**

Based on National Treasury's *Catalytic Land Development (CLD) Guideline*, and flowing from the Mid-year Budget and Performance Assessment 2019, it is necessary to revisit the rationale, prioritisation framework, and alignment of various sections of the IDP related to the TOD Catalytic Projects Programme, with related programmes. As such, the amendments proposed below suggest:

- Updating and development, as necessary, of the various sections of the IDP that align with TOD to formulate the City's Catalytic Land Development Programme (CLDP);
- Consolidating, as necessary, the various sections of the IDP, specifically related to TOD or land development programmes, to formulate a more coherent and comprehensive CLDP that outlines the City's strategic approach to TOD going forward; and
- Aligning the principles for TOD, where appropriate, with related programmes for greater transformative effect.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **BUILDING INTEGRATED COMMUNITIES** | **BUILDING INTEGRATED COMMUNITIES**<br><br>*Amend fourth bullet under this main Objective heading as follows:* | 134 |
| • dedicating resources and efforts for the spatial transformation of the City; | • dedicating resources and efforts for the spatial transformation of the city **by facilitating the development of integrated, connected and opportunity-rich higher-density mixed-use TOD precincts in highly accessible precincts to the public transport system, to be achieved by implementing the** | |

**Motivation for proposed amendment:**

| |
|---|
| The proposed amendments is aimed to accommodate and strengthen the approved strategic direction and narrative of the IDP. |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current narrative | Proposed narrative | Page |
|---|---|---|
| **Homeless People Projects**<br><br>~~An important issue that requires special collaboration and action is dealing with Cape Town's homeless people.~~ ~~This~~ vulnerable group requires assistance to reintegrate with the community and access employment opportunities. The City will champion interventions to prevent, rehabilitate and reintegrate homeless people. | **Homeless People Projects**<br><br>**The phenomenon of homelessness remains a challenge for the City. Homeless** people are a vulnerable group requiring assistance to achieve reintegration into communities and access to employment opportunities.<br><br>**To address this,** the City will champion interventions to prevent, rehabilitate and reintegrate homeless people, **manage the current Safe Space while also investigating opportunities to create additional such spaces, and assist relevant NGOs in order to enable them to increase bed space.** | 139 |

**PROPOSED AMENDMENTS TO THE CORPORATE SCORECARD AND DEFINITIONS**

**Motivation for proposed amendment:**

**3.G Number of human settlement opportunities (Top structures)**
**3.H Number of human settlement opportunities (Formal sites serviced)**

Section 9(1)(b) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A key performance indicator must be measurable, relevant, objective and precise'.

The definitions for indicators 3.G and 3.H need to be more specific and provide more clarity on what a formal serviced site will entail and what specific top structures will entail.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current definition | Proposed definition | Page |
|---|---|---|
| **3.G Number of human settlement opportunities (Top structures)**<br><br>Top Structures are defined as any built structure providing shelter to a household in a human settlements development by means of any national housing programme, where the main source of funding is the Human Settlements Development Grant (HSDG) in terms of DORA for such purpose.<br><br>Definition of a human settlements opportunity:<br>A human settlements opportunity is incremental access to* and/or delivery of one of the following housing products: ~~(A) Subsidy housing (BNG), which provides a minimum 40 m² house; a fully serviced residential site, and may also include high-density residential sites relating to integrated human settlements development, as well as other non-residential sites relating to integrated human settlements development (B) Incremental housing, which provides a serviced site with or without tenure (C) People's Housing~~ | **3.G Number of human settlement opportunities (Top structures)**<br><br>Top structures are defined as any built structure providing shelter to a household in a human settlements development by means of any national housing programme, where the main source of funding is the Human Settlements Development Grant (HSDG) in terms of the Division of Revenue Act (DORA) for such purpose.<br><br>Definition of a human settlements opportunity:<br>A human settlements opportunity is incremental access to and/or delivery of one of the following housing products:<br><br>**(A) subsidy housing (BNG), which provides a minimum 40 m² house;**<br>**(B) People's Housing Process (PHP) are beneficiaries who maximise their housing subsidy by building or organising the building of their homes themselves;** | 152 |

| | | |
|---|---|---|
| ~~Process is beneficiaries who maximise their housing subsidy by building or organising the building of their homes themselves, (D) Social housing is new rental units, delivered by the City's social housing partners (E) Gap housing is a serviced plot, a completed unit for sale or affordable units for sale.~~<br><br>~~*Access to: is as contemplated in section 26 (1) of the Constitution of the Republic of South-Africa, 1996, i.e. "Everyone has the right to have access to adequate housing."~~<br><br>~~Note: An opportunity is specifically defined above, and is only counted at a point when specific evidence is available for auditing purposes. The delivery targets reflected on the corporate scorecard and the SDBIPs only reflects delivery by the City. In some instances, delivery of a serviced site and a top structure may be on the same property, but is viewed as two opportunities (serviced site and top structure) to align with reporting requirements on expenditure for grant funding as two separate milestones.~~<br><br>~~A separate report (not for auditing purposes) for Information to Council will reflect total delivery in the City, which includes delivery by PCWC (N2, PHP, gap, other projects) and, social housing and restitution cases which the City facilitates.~~<br><br>**3.H Number of human settlement opportunities (Formal sites serviced)**<br><br>~~Formal serviced sites are defined as any property providing a municipal service on an individual basis to a household, including the provision to households in multi-storey units, on high density residential sites, as well as other non-residential sites related to integrated human settlements development, where the main source of funding is the Urban Settlements Development Grant (USDG) in terms of Division of Revenue Act (DORA) for such purpose.~~ | **(C) social housing is new rental units, delivered by the City's social housing partners;**<br>**(D) rental housing, which is community residential units (CRUs), upgrading and redevelopment of existing rental units and hostels;**<br>**(E) GAP housing is a serviced site, or affordable units for sale.**<br><br>**3.H Number of human settlement opportunities (Formal sites serviced)**<br><br>**A** serviced **site** is defined as any property providing municipal services **(road, water and sewerage)** on an individual basis to a household, including high-density residential sites, as well as other non-residential sites related to integrated human settlements developments, where the main source of funding is the Urban Settlements Development Grant (USDG) **and the Informal Settlement Upgrading Partnership Grant (ISUPG)** in terms of the Division of Revenue Act (DORA) for such purpose. | |

**Motivation for proposed amendment:**

**3.L Number of service points (toilet and tap with hand basin) provided to backyarders**

**3.N Number of sites serviced in informal settlements**

Section 12(2) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A performance target must –
(a) Be practical and realistic;

(b) Measure the efficiency, effectiveness, quality and impact of the performance of the municipality, administrative component, structure, body or person for whom a target has been set;
(c) Be commensurate with available resources; and
(d) Be commensurate with the municipality's capacity.

Based on the data gathered and performance throughout the 2017/18 and 2018/19 financial years for indicator 3.L 'Number of service points (toilet and tap with hand basin) provided to backyarders' and 3.N 'Number of sites serviced in informal settlements', the five-year target as previously approved is unattainable at this time.

In terms of indicator 3.L, due to ongoing complexities resulting in continuous underdelivery of planned targets set for previous financial years, it is hereby recommended that the targets be reduced on the Corporate Scorecard based on the following:

1. No national policy to inform the implementation of backyarder services.
2. Lack of operational support from line directorates and departments, due to rendering services of an informal nature within formal/built-up areas.
3. Inadequate staffing by custodian department to attend to general maintenance and ongoing vandalism, which adversely affect projects within the area.
4. Backyarder refusal of services – on-site inspection findings often indicate that primary occupants refuse backyarder services to be installed in the backyard as this will impact their rental income.
5. Inconclusive beneficiary list relating to saleable and non-saleable units – beneficiary lists provided by rental housing offices often in error list rental units in the process of being sold, as saleable units cannot be serviced.
6. Challenges related to infrastructure accessibility – site inspections often reveal backyard structures are built with permanent material in the way of where infrastructure is to be installed or accessed, causing implementation delays as it increases contractor scope regarding demolition and reinstatement.
7. Delays related to gang violence – most of the backyarder projects are unfortunately affected by or located in gang-ridden areas, which affects service delivery in the area as contractor is forced to leave site.
8. Delays related to vandalism – contractors are often forced to redo work due to theft and vandalism of newly installed infrastructure or sanitary fixtures; this has a direct impact on the project costs and programming.

The motivation is to align targets based on historic implementation performance.

In terms of indicator 3.N, revised targets are based on the following:

1. Gang intimidation – INSITU projects in informal areas are generally effected by gang intimidation and fatal crime incidents, causing lengthy suspensions of projects. This has a direct impact on the budget expenditure and subsequent ability to yield targets as programmed.
2. Community resistance – community issues relating to 'NIMBY' have a direct impact on target delivery as lengthy project suspensions have a direct impact on the yield of targets as programmed.
3. INSITU projects within an informal area are generally effected by protest action related to political unrest, typically intensifying during local and national election periods.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current definition | Proposed definition | Page |
|---|---|---|
| **3.N Number of sites serviced in informal settlements**<br><br>The indicator will measure incremental access to the following ~~housing products:~~<br>• ~~Incremental housing, which provides a serviced site with or without tenure.~~ | **3.N Number of sites serviced in informal settlements**<br><br>The indicator will measure incremental access to the following **informal settlement upgrading programme**:<br>• **Incremental upgrade of informal areas, which provides a serviced site** | 153 |

| | | |
|---|---|---|
| ~~• Re-blocking of informal settlements, i.e. the reconfiguration of the layout of settlements to allow improved access and service levels.~~<br><br>A "serviced site" is defined as a site to which the following services were provided:<br>• Road<br>• Water<br>• Sewer | **with or without tenure in accordance with the informal settlement upgrading programme as part of the National Housing Code.**<br><br>A 'serviced site' is defined as a site to which the following services were provided:<br>• road<br>• water<br>• sewer | |

**3.L Number of service points (toilet and tap with hand basin) provided to backyarders** — **Page** 149

**FIVE-YEAR CORPORATE SCORECARD 2017/18 TO 2021/22**

| Objective | Key performance indicator | Baseline 2016/17 | Baseline 2017/18 | Baseline 2018/19 | Annual targets 2019/20 | Annual targets 2020/21 | Annual targets 2021/22 |
|---|---|---|---|---|---|---|---|
| 3.2 Mainstreaming basic service delivery to informal settlements and backyard dwellers. | 3.L Number of service points (toilet and tap with hand basin) provided to backyarders | New | 408 | 164 | 880 | ~~980~~ **350** | ~~1100~~ **400** |
| | 3.N Number of sites serviced in informal settlements | New | 1052 | 1448 | 1600 | ~~2000~~ **1350** | ~~2400~~ **1400** |

**Motivation for proposed amendment:**

**3.O Number of community services facilities in informal settlements**

Section 9(1)(b) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A key performance indicator must be measurable, relevant, objective and precise'.

The Community Services and Health Directorate is developing a CSH Infrastructure Plan, which, amongst other things, also defines a 'Community Services Facility'. The definition for Corporate Scorecard indicator 3.O needs to be amended to align to the CSH Infrastructure Plan.

Based on the above motivation the following amendments to the IDP are proposed:

| Current definition | Proposed definition | Page |
|---|---|---|
| **3.O Number of community services facilities in informal settlements**<br><br>~~This indicator measures the number of temporary multipurpose, flexible community spaces provided in informal settlements.~~ | **3.O Number of community services facilities in informal settlements**<br><br>**Community services facilities include 'but are not limited to' sport, recreational, park, library, ECD and clinic facilities. This indicator reports on such facilities, of a permanent or** | 153 |

| | | |
|---|---|---|
| | **temporary nature, that have been newly developed within informal settlements.** | |

**Motivation for proposed amendment:**

**4.E Number of Strengthening Families programmes implemented**

Section 9(1)(b) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A key performance indicator must be measurable, relevant, objective and precise'.

The definition for indicator 4.E requires an amendment to align to the previously amended narrative at Programme 4.3.D (Substance Abuse Programme) of the 2019/20 version of the IDP.

Based on the above motivation the following amendments to the IDP are proposed:

| Current definition | Proposed definition | Page |
|---|---|---|
| **4.E Number of Strengthening Families programmes implemented**<br><br>The Strengthening Families programme (SFP) is a structured, evidence-based life skills programme that improves family relationships and reduces vulnerability to substance abuse. ~~It is an eight-week prevention programme presented in the form of facilitated sessions with parents, youth and, finally, the family as a unit. The programme can accommodate up to 15 families per eight weeks, covering ten sessions.~~ | **4.E Number of Strengthening Families programmes implemented**<br><br>The Strengthening Families programme (SFP) is a structured, evidence-based life skills programme that improves family relationships and reduces vulnerability to substance abuse. **The programme is presented in the form of facilitated sessions with parents, youth and, finally, the family as a unit.** | 154 |

**Motivation for proposed amendment:**

**1.C Number of outstanding valid applications for commercial electricity services expressed as a percentage of commercial customers**

Section 9(1)(b) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A key performance indicator must be measurable, relevant, objective and precise'.

Definition to be amended to be more precise and provide more clarity based on an Internal Audit recommendation.

Section 12(2) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A performance target must –

(a) Be practical and realistic';

Based on the above motivation, the following amendments to the IDP are proposed:

| Current definition | Proposed definition | Page |
|---|---|---|
| **1.C Number of outstanding valid applications for commercial electricity services expressed as a percentage of commercial customers**<br><br>This indicator reflects the number of outstanding valid commercial applications (down-payments received) for electricity services (meter and prepaid) (where valid applications translate into an active account), | **1.C Number of outstanding valid applications for commercial electricity services expressed as a percentage of commercial customers**<br><br>**This indicator reflects the number of outstanding valid commercial applications (down payments received) for electricity services (meter and prepaid) (where valid applications translate into an active** | |

| | | |
|---|---|---|
| expressed as a percentage of ~~total number of active commercial billings~~ for the service. | **account) expressed as a percentage of the number of commercial customers for the service.** | |

Based on the above motivation, the following amendments to the IDP are proposed:

**1.C Number of outstanding valid applications for commercial electricity services expressed as a percentage of commercial customers**

**Page** 148

**FIVE-YEAR CORPORATE SCORECARD 2017/18 TO 2021/22**

**Motivation for proposed amendment:**

**3.A Community satisfaction survey (Score 1-5) – city wide**

Section 12(2) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A performance target must –
(a) Be practical and realistic';

Due to the different sampling framework used by the service provider, it will not be possible to improve the customer satisfaction level, and therefore the target will not be reached.

Based on the above motivation, the following amendments to the IDP are proposed:

**3.A Community satisfaction survey (Score 1-5) – city wide**

**Page** 148

**Motivation for proposed amendment:**

**3.K Percentage of informal settlements receiving a door-to-door refuse collection service (NKPI)**

Section 9(1)(b) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A key performance indicator must be measurable, relevant, objective and precise'.

Section 12(2) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A performance target must –
(a) Be practical and realistic';

The scope of the indicator has increased and therefore the indicator name and definition has to be amended to make it more relevant. The definition needs to be more specific and include all categories of services provided.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current indicator | Proposed indicator | Page |
|---|---|---|
| 3.K ~~Percentage of informal settlements receiving a door-to-door refuse collection service (NKPI)~~ | **3.K Percentage of areas of informality receiving waste removal and area cleaning services for the period under review** | 153 |

Based on the above motivation, the following amendments to the IDP are proposed:

| Current definition | Proposed definition | Page |
|---|---|---|
| 3.K ~~Percentage of informal settlements receiving a door-to-door refuse collection service (NKPI)~~<br><br>This indicator reflects the percentage of ~~informal settlements receiving a weekly door-to-door refuse collection~~ service for the period under review.<br><br>~~The collection of domestic refuse in informal settlements is done through contract services, employing local labour. Three-year contracts are awarded to a legitimate main contractor through the procurement tender process.~~ | **3.K Percentage of areas of informality receiving waste removal and area cleaning services for the period under review**<br><br>This indicator reflects the percentage of **areas of informality receiving waste removal and area cleaning** services for the period under review. **Areas of informality will include informal settlements, backyarders settlements, rental stock settlements, small farmer settlements, Incremental Development Areas (IDA)/Temporary Relocation Areas (TRA)/re-blocked settlements.**<br><br>**The above services are rendered through contracted services, employing local labour.**<br><br>**Waste removal is defined as follows:**<br>• **the activities and actions required to manage waste from inception to its final disposal. This includes the collection, transport, treatment and disposal of waste, together with** | 153 |

| | | |

**FIVE-YEAR CORPORATE SCORECARD 2017/18 TO 2021/22**

| Objective | Key performance indicator | Baseline | Baseline | Baseline | Annual targets | | |
|---|---|---|---|---|---|---|---|
| | | 2016/17 | 2017/18 | 2018/19 | 2019/20 | 2020/21 | 2021/22 |
| 3.1 Excellence in basic service delivery | 3.E Number of outstanding valid applications for refuse collection services, expressed as a percentage of total number of billings for the service (NKPI) | 0.01% | 0.01% | 0.01% | <0.40% | ~~<0.30%~~ **<0.20%** | ~~<0.20%~~ **<0.10%** |

**Motivation for proposed amendment:**

**4.A Number of passenger journeys per kilometre operated (MyCiti)**

Section 12(2) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A performance target must –
(a) Be practical and realistic';

The target requires an amendment as a result of a decline in passenger numbers and the N2 Express not being operational since June 2019. We are anticipating a gradual increase in passenger journeys over the next two (2) years after the Express Service becomes available.

The indicator should be aligned to Objective 4.2: 'An efficient, integrated transport system', and renumbered in accordance with the Corporate Scorecard.

Based on the above motivation, the following amendments to the IDP are proposed:

**4.A Number of passenger journeys per kilometre operated (MyCiti)**

**Page** 149

**FIVE-YEAR CORPORATE SCORECARD 2017/18 TO 2021/22**

| Objective | Key performance indicator | Baseline | Baseline | Baseline | Annual targets | | |
|---|---|---|---|---|---|---|---|

|---|---|---|---|---|---|---|---|---|---|---|
| | | journeys on MyCiti | | | | | | | | |

**Motivation for proposed amendment:**

**4.D Percentage of employees from the EE target (designated) groups employed in the three highest levels of management (NKPI)**

To align the indicator and reporting with the current approved Employment Equity (EE) plan. White males with disabilities are now included as part of the designated groups. Foreign nationals are now excluded from the calculation.

Based on the above motivation, the following amendments to the IDP are proposed:

| Current definition | Proposed definition | Page |
|---|---|---|
| **4.D Percentage of employees from the EE target (designated) groups employed in the three highest levels of management (NKPI)**<br><br>The indicator measures the percentage of ~~people~~ from EE target groups employed in the three highest levels of management, in compliance with the City's approved EE plan. ~~Each directorate contributes to the corporate achievement of targets and goals by implementing its own objectives of quantitative and qualitative goal-setting.~~ | **4.D Percentage of employees from the EE target (designated) groups employed in the three highest levels of management (NKPI)**<br><br>The indicator measures the percentage of **employees** from EE target **(designated)** groups employed in the three highest levels of management, in compliance with the City's approved EE plan **and EE Act**.<br><br>**Management Level 1 – City Manager and Executive Directors**<br>**Management Level 2 – Portfolio Managers and Directors**<br>**Management Level 3 – Managers** | 149 |

**PROPOSED AMENDMENTS TO THE ENTITIES SCORECARD AND DEFINITIONS**

**Motivation for proposed amendment:**

**Cape Town International Convention Centre (RF) SOC Ltd – CTICC**

In terms of Municipal Planning and Performance Management Regulation 9(2)(b)(ii), 'In setting key performance indicators, a municipality must ensure that the key performance indicators inform the indicators set for every municipal entity'.

In terms of section 93B(a) of the Municipal Systems Act, 'A parent municipality which has sole control of a municipal entity must ensure that annual performance objectives and indicators for the municipal entity are established by agreement with the municipal entity and included in the municipal entity's multiyear business plan in accordance with Section 87(5(d) of the Municipal Finance Management Act'.

In terms of section 87(5)(d) of the Municipal Finance Management Act, 'The budget municipality entity must include a multiyear business plan for the entity that –

(i) Sets key financial and non-financial performance objectives and measurement criteria as agreed with the parent municipality;
(ii) Is consistent with the budget and integrated development plan of the entity's parent municipality'

Section 9(1)(b) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A key performance indicator must be measurable relevant, objective and precise'.

Section 12(2) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A performance target must –

(a) Be practical and realistic;
(b) Measure efficiency, effectiveness, quality and impact of the performance of the municipality, administrative component, structure, body or person for whom a target has been set;
(c) Be commensurate with available resources;
(d) Be commensurate with the municipality's capacity; and
(e) Be consistent with the municipality's development priorities and objectives set out in its integrated development plan.'

The following amendments are proposed to be made to the headings and indicators of the scorecard:

- The heading name of 'Indicator' be changed to 'Category' as it is a clearer definition and aligns with the business plan of the entity.
- The heading of 'Measurement' be changed to 'Indicator'. It was agreed that this meets the definition of an indicator.

- The following changes in the wording be made to the **indicators** under the respective categories:

  - **International events**: The wording of 'compared to budgeted target' was removed and the indicator is now defined as 'Number of international events hosted'.
  - **Total events hosted**: The wording of 'compared to annual budgeted target' was removed and the indicator is now defined as 'Number of events hosted'.
  - **Customer centricity and service excellence:** It is proposed that '80%' in the current definition be replaced with the word 'percentage'. The indicator is proposed to change to 'Percentage of minimum aggregate score for all CTICC internal departments and external suppliers'.
  - **Supply Chain Procurement from BBBEE suppliers**: The term 'BBBEE' was added and the words 'not lower than 60%' were removed. The indicator is now 'Percentage BBBEE spend'.
  - **Student Programme: Contribution to Youth Employment and Skills Development**: The words 'in FY' were removed and the indicator now reads 'Number of student opportunities provided'.
  - **Graduate Programme: Contribution to Youth Employment and Skills Development**: The words 'in FY' were removed and the indicator now reads 'Number of graduate opportunities provided'.
  - **Operating profit**: The definition of operating profit was removed and moved to the indicator definition. The indicator now reflects as 'Percentage achievement of annual budgeted operating profit'. The definition of operating profit was added in at footnote number 4.
  - **External audit:** The words 'for the 2019/20 financial year' were removed as this would be the target for each year in the respective columns.
  - **Ratio of cost coverage maintained (RCC)**: The words 'Total cash and investments, less restricted cash for monthly operating expenditure' were removed. The indicator now reflects as 'Cash/cost coverage ratio (excluding unspent conditional grants (NKPI)'.
  - **Net debtors to annual income (ND)**: The words 'Net current debtors divided by total operating revenue' were removed. The indicator is now 'Net debtors to annual income (NKPI)'.
  - **Debt coverage by own billed revenue (DC)**: The words 'Total debt divided by total annual operating income' were removed. The indicator is now 'Debt (total borrowings) to total operating revenue (NKPI)'.

The following minor amendments to be made to the **indicator definitions**:

- **Human capital developments**: The word 'percentage' was added to the indicator definition. The amended definition is 'The indicator measures the percentage annual total salary cost spent on training of permanent and temporary staff'.
- **Supply Chain Procurement from BBBEE suppliers**: The word 'percentage' was added to the definition in order to refine it. The amended definition is 'The indicator measures the percentage expenditure with BBBEE suppliers measured in terms of the B-BBEE Act. BBBEE suppliers are defined as those suppliers that have a valid BBBEE rating certificate or an affidavit in the case of EME and QSE suppliers'.

The following proposed amendments and reasons for the proposed amendments to the performance targets are as follows:

SANP

- **International events**: The target for the 2020/21 financial year to be decreased from 36 to 35 events. The adjustment is based on the CTICC's current events booked and given the current social and economic situation in South Africa.
- **Number of events hosted**: For the 2020/21 year, the target to be decreased from 610 to 555 events. This is based on the current booking schedule of the entity and in line with the 2019/20 business plan submitted.
- **Customer centricity and service excellence**: The target for the 2020/21 financial year to be increased from 80% to 81% due to the CTICC's current achievement and acknowledgement that the KPI could be higher.
- **Student Programme**: The target for the 2020/21 financial year to be increased from 6 to 8 due to the CTICC's current numbers and acknowledgement that the KPI could be higher.
- **Graduate Programme**: The target for the 2020/21 financial year to be increased from 6 to 7 due to the CTICC's current numbers and acknowledgement that the KPI could be higher.
- **Net debtors to annual income (ND)**: Adjusted to 2.5% per year due to the reclassification of City debt owing from trade receivables to other receivables.
- Inserting targets for the 2021/22 financial year in order to align the period of the scorecard to the IDP period.

** The draft proposed amendments above, pertaining to the 2020/21 and 2021/22 financial years, are subject to the process as outlined in section 87 of the Municipal Finance Management Act, Act 56 of 2003 (MFMA).

**Cape Town Stadium (RF) SOC Ltd:**

In terms of Municipal Planning and Performance Management Regulation 9(2)(b)(ii), 'In setting key performance indicators, a municipality must ensure that the key performance indicators inform the indicators set for every municipal entity'.

In terms of section 93B(a) of the Municipal Systems Act, 'A parent municipality which has sole control of a municipal entity must ensure that annual performance objectives and indicators for the municipal entity are established by agreement with the municipal entity and included in the municipal entity's multiyear business plan in accordance with section 87(5(d) of the Municipal Finance Management Act'.

In terms of section 87(5)(d) of the Municipal Finance Management Act, 'The budget municipality entity must include a multiyear business plan for the entity that –

(iii) Sets key financial and non-financial performance objectives and measurement criteria as agreed with the parent municipality;

(iv) Is consistent with the budget and integrated development plan of the entity's parent municipality'

Section 9(1)(b) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A key performance indicator must be measurable relevant, objective and precise'.

Section 12(2) of the Municipal Planning and Performance Management Regulations that forms part of the Municipal Systems Act, Act 32 of 2000, states that 'A performance target must –

(f) Be practical and realistic;
(g) Measure efficiency, effectiveness, quality and impact of the performance of the municipality, administrative component, structure, body or person for whom a target has been set;
(h) Be commensurate with available resources;
(i) Be commensurate with the municipality's capacity; and
(j) Be consistent with the municipality's development priorities and objectives set out in its integrated development plan.'

The following amendments to the wording and indicator definitions are proposed:

**Indicator 1: Percentage reduction of the grant allocation from the City of Cape Town** – the current definition of this indicator states that it will measure the percentage reduction in the grant allocation received from the City of Cape Town. It is proposed that an additional definition be added to make provision for the indicator to measure the grant allocation versus the allocation transferred to CTS for the current year.

**Indicator 3: Percentage compliance with approved repairs and maintenance programme** – the wording 'The indicator measures whether the output was achieved as per the plan' to be added in, in order to refine and measure the indicator definition.

**Indicator 6: Number of marketing interventions implemented as per the approved marketing plan** – the following wording to be added to the indicator definition in order to expand it and refine it more in terms of what could be included under the definition of marketing interventions: 'Activations: It could be an advertisement, post on an Instagram account, a presentation, digital assets, etc. Advertisements refer to publications placed in a magazine, on online sites or in a newspaper. Each placement will be counted as one implemented activity. Interventions: It could be business-to-business marketing, a workshop, meeting, digital intervention or conference. Each instance will be counted as one implemented activity'.

The following amendments to the targets are proposed:

**Indicator 4: Percentage spent on repairs and maintenance budget** – it is proposed that this indicator target be decreased from 95% to 80% for the 2020/21 and 2021/22 year. The motivation provided by management is that the municipal entity has a detailed Repairs and Maintenance Strategy programme, which is reported on at Indicator 3: 'Percentage compliance with approved repairs and maintenance programme'. It is motivated that this indicator, read in conjunction with Indicator 3 as noted above, will suffice to ensure that maintenance is performed in a cost-effective manner, according to best practice and according to international standards. This will be in line with the entity's business plan, which strives to optimise income and contain expenditure.

**Indicator 10: Percentage approved commercialisation programmes implemented as per approved plan** – it is proposed that this indicator be removed from the year 2020/21 onwards, as it is anticipated that all commercial programmes would have been implemented by then.

** The draft proposed amendments above, pertaining to the 2020/21 and 2021/22 financial years, are subject to the process as outlined in section 87 of the Municipal Finance Management Act, Act 56 of 2003 (MFMA).

Based on the above motivation, the following amendments to the IDP are proposed:

**CTICC**

# ANNEXURE 20

# OVERVIEW OF BUDGET ASSUMPTIONS APPLIED TO THE 2020/21 MTREF REQUIRED TO BE INCLUDED IN ANNEXURE 19 (IDP)

# *Overview of budget assumptions applied to the 2020/21 MTREF*

## Introduction

The Local Government Municipal Systems Act, Chapter 5, Section 26, prescribes the core components of the Integrated Development Plan (IDP). Section 26 (h) requires the inclusion of a financial plan, which should include a budget projection for at least the next three years. This financial plan aims to determine the financial affordability and -sustainability levels of the City over the medium term.

Part 2 of the MBRR (Budget-related policies) requires the Accounting Officer to ensure that budget-related policies are prepared and submitted to Council. One of these policies relates to the long-term financial plan, which aims to ensure that all long-term financial planning is based on a structured and consistent methodology, thereby ensuring long-term financial affordability and sustainability.

A municipality's financial plan integrates the financial relationships of various revenue and expenditure streams to give effect to the IDP. It provides guidance for the development of current budgets and assesses financial impacts on outer years' budgets by incorporating capital expenditure outcomes, operating expenditure trends, optimal asset management plans and the consequential impact on rates, tariffs and other service charges. The City has developed a financial model, namely the Long Term Financial Plan (LTFP), which aims to determine the appropriate mix of financial parameters and assumptions within which the City should operate to facilitate affordable and sustainable budgets for at least 10 years into the future. In addition, it identifies the consequential financial impact of planned capital projects on the City's operating budget.

The LTFP model is reviewed annually to determine the most affordable level at which the City can operate optimally taking the following into account:

- Fiscal overview;
- Economic climate;
- Demographic trends;
- National- and Provincial influences;
- IDP and other legislative imperatives; and
- Internal governance, community consultation and service delivery trends.

The key budget assumptions of the 2020/21 MTREF include a discussion of the sources of information used to develop assumptions for revenue and expenditure that drive the 3-year MTREF of the City under the following headings:

- Financial Strategic Approach;
- Financial Modelling and Key Planning Drivers;
- Economic outlook / external factors (including demographics);
- National and Provincial influences;
- Expenditure analysis – a three-year preview;
- Revenue analysis – a three-year preview; and
- Local Government Equitable Share and Fuel Levy.

On 15 March 2020, President Cyril Ramaphosa declared a national state of disaster in terms of the Disaster Management Act to enable government and the country at large to manage the spreading of the COVID-19 virus. As part of the measures introduced to curb the spreading of the virus, the President prohibited gatherings of 100 or more people. On 23 March 2020, the President declared a nationwide lockdown, whereby all citizens, except those that form part of essential services, were ordered to stay home for a period of 21 days. The nationwide lockdown commenced at midnight on Thursday 26 March 2020.

On the 9 April 2020 the nationwide lockdown was extended until the end of April 2020 and on the 23 April 2020 the President announced the lifting of certain restrictions as the country eased into level 4 lockdown from 1 May 2020.

This had a devastating effect on the economy of South Africa coupled with the impact of the pandemic on the global economy. Financial modelling and drafting of the tabled MTREF in March 2020, was pre the impact of the COVID-19 pandemic. The sections below will thus include the initial approach and amendments post the tabling of the budget in March 2020. The amendments refer to the development of an amended, viable financial plan over the short to medium term, taking the variables and impacts emanating from the COVID-19 pandemic into account.

### 2.1.1 Financial Strategic Approach

The backdrop of the 2020/21 MTREF preparation was initially against the following scenario - a 2018/19 financial year outcome confirming that the City's budget requires material review and adjustment - major under-expenditure coupled with over-recovery of revenue consistently result in a much higher than anticipated surplus. This furthermore manifests in balance sheet positions on, for example, a high surplus/free cash position for a public sector institution such as a municipality.

In addition, the public outcry on the seemingly high rates and tariffs for the 2019/20 financial year needed urgent intervention and consideration during the drafting of the 2020/21 MTREF.

The LTFP theme for the 2020/21 MTREF was therefore getting to a realistic, deliverable MTREF and addressing the Cape Town opprobrium (public outcry).

The direction provided during the Strategic Review phase of the Strategic Management Framework (SMF) process was for the organisation to focus, plan, review and reprioritise programs ensuring alignment to the following themes/topics:

- Implementation of the following:
  - Current IDP,
  - MSDF, and
  - The Water Strategy;
- Maintain Assets;
- Protect existing infrastructure and staff to ensure service delivery; and
- Violent crime and social challenges.

The Organisational Strategy Brief 2020/21 in preparation of the 2020/21 MTREF issued provided a summary of the strategic drivers and budgeting priorities for the City to guide and inform the organisation's planning of the MTREF.

The economic, social and financial shock and stress of the COVID-19 pandemic impacted on the City's operations financially and strategically which required urgent interventions. The City's immediate response to the pandemic was focused on its vulnerable citizens during the restrictions and more specifically the lockdown period by, inter alia:

- shelter for the homeless (currently being decommissioned);
- ensuring provision of water and sanitation to underserviced and unserviced Informal Settlements sites;
- ramped up area cleaning at homeless shelters and informal settlements;

- immediate procurement of PPE emergency supplies (i.e. Masks, Sanitisers, Soaps, Glove, Bleach etc.) for frontline staff; and
- 3G cards and data contracts to facilitate employees working from home.

The comprehensive response to COVID-19 was set out in the City's Response Plan which included elements for which the City is responsible for and those for which it is not. This plan provided guidance against which additional requirements for COVID-19 related expenditure was sourced from the various directorates. In addition to this, directorates were further required to provide impacts of underspending and potential loss of revenue as a result of the pandemic.

**LTFP rationale and financial strategies implemented**

Changes to the initial strategies were necessary to address the financial impact of the COVID-19 pandemic:

- The initial strategy of a more stringent approach to loan take-up had to be reviewed as previous years' surplus cash had to be redirected to fund the impact of the COVID-19 pandemic. From no loans previously envisaged, external loans of R2.5 billion will now be taken up in the 2020/21 financial year to cover part of the EFF-funded capital projects of R5.2 billion.
- A depreciation strategy in an effort to utilise available cash and reduce tariffs.
    - This strategy sees the City using its surplus cash flow to negate the recovery of a depreciation charge of R500 million per year over seven years. This is done in order to offset revenue increases, due to loans not taken up previously.
    - This has resulted in the Budgeted Financial Performance showing a bottom-line deficit although the City's budget is fully funded as reflected in the Budgeted Cash Flow statement.
- The other strategy proposed in the tabled budget of providing for a revenue budget but not including a portion of the revenue in the calculation of the rate-in-the-Rand (for Rates) or the tariff calculation (for Water & Sanitation and Electricity) was reversed.
    - This strategy in response to continuous previous years' trends of collection of higher than budgeted revenue as a result of 'old' debt being paid in current years was reversed as the impact of COVID-19 on the consumer was quicker evident in the first few months of the pandemic and subsequent lockdown.
    - As services already had to review their collection rate due to consumer ability to pay no further pressure could be placed on them with the application of an intervention factor.

### 2.1.2 Financial Modelling and Key Planning Drivers

The principles applied to the MTREF in determining and maintaining a sustainable financial plan included:

- A base reduction on various expenditure categories of R356 million across all directorates in response to performance outcome of the 2018/19 financial year.
- Staff and vacancies:
    - Budgeting at 95% of employee costs; and
    - a differentiated percentage budget approach on vacancies.
- No increases on overtime provision except for labour intensive directorates where higher than inflation increases are applied.
- Repairs and maintenance growth based on the previous year's actual expenditure, service delivery needs and efficiencies identified.
- A 100% capital expenditure implementation rate.
- Credible and realistic collection rates based on current and projected trends considering the impact of the pandemic.

- National- and Provincial allocations as per the 2020 Division of Revenue Bill and 2020 Provincial Gazette Extraordinary 8217.

The following were included in the MTREF:

- In response to the SMF Operational Review process, additional allocations of R504 million to various directorates across the organisation were made.
- To capacitate the newly approved HR business model, R21 million was allocated across directorates.
- To provide for the City's portion of the Law Enforcement Advancement Program (LEAP), R133 million, R146 million and R125 million was allocated for the 2020/21 financial year and two outer years' respectively.
- The City noted with concern the risk after the 3-year contract expires in 2023/24 as the City might be faced with additional expenditure of R550 million (estimated rates revenue increase requirement of 6%).
- Subsequent to the tabling of the budget the following impact of COVID-19 pandemic was included in the MTREF for the 2020/21 financial year:
    - Additional COVID-19 related operating expenditure of R903.9 million;
    - Increased debt impairment as a result of lower collection rate expected for both all services of R1 499.1 million;
    - Reduction in the operating expenditure budget of R1 703.9 million as a result of projections on projects/programmes not going ahead and reprioritization of budget to cover for the additional impact; and
    - Reduction in revenue projections for both rates and tariff funded services revenue elements of R1 427.8 million.
    - Finally, to balance the 2020/21 tabled budget various expenditure items were adjusted by a further R450m and existing reserves of R1 522 million was utilised to absorb the additional requirements related to COVID-19 and the impact thereof on revenue.

### 2.1.3 Economic outlook / external factors

The preparation of the drafting of the MTREF commenced with a macro environmental scan of the economy as one of its determinants. The factors taken into consideration included the CPI, interest rates, exchange rates, service growth and GDP, which is briefly discussed below.

Globally the COVID-19 pandemic has become both a health and economic crisis. This event is viewed as unprecedented the world over and has damaging effects on world economies. Uncertainty around the duration of the pandemic and the impact it will have on the future economic activities also makes it challenging to forecast future trends. Amidst this uncertainty the South African Reserve Bank (SARB) expects GDP to contract by 6.1% in 2020 and to grow by 2.2% in 2021 and by 2.7% in 2022. GDP is expected to grow by 2.2% in 2021 and by 2.7% in 2022.

Considering current economic pressures which includes the contraction in growth, volatile exchange rate, unstable business sector and the sovereign credit rate downgrade the Monetary Policy Committee (MPC) in April reduced the repo rate by 100 basis points making more capital available and mitigating the financial impact. A quarterly reduction in the repo rate by 25 basis points is projected until the first quarter of 2021.

Major influences to the fuel price are the Brent Crude oil price and the Rand/Dollar exchange rate. The pandemic had a distressing impact on Brent Crude oil price, reducing it to levels below $30 per barrel due to sluggish demand. This amidst major suppliers such as OPEC reducing production. The Monetary Policy Committee (MPC) in April forecasts that Brent Crude oil price will average $42 per barrel in 2020 and $45 per barrel in 2021. The South African Rand also depreciated over the last few months reaching levels of R18.6/$ in May due to the impact of the pandemic. The Bureau of Economic Research (BER) forecasts the Rand to end 2020 at an average of R17.81/$ and 2021 at R16.78/$.

Inflation predictions are still expected to be in line with the SARB inflation targeting range of between 3 to 6 percent. It was however reduced considering the shrinkage in demand, lower consumer purchasing power and the reduced cost of fuel resulting from the impact of the pandemic. The SARB expects inflation to be subdued for 2020 and increasing over later years as the economy stablises. The Bank' s headline consumer price inflation forecast averages 3.6% for 2020, 4.5% for 2021, and 4. 4% in 2022.

**Demographic trends**

The population of Cape Town in 2019 was estimated at 4 488 546, growing at 2.01% from 2018 to 2019 (Mid-year Population Estimates, Statistics South Africa, 2019). This makes Cape Town one of the larger metropolitan municipalities in South Africa and the main urban centre in the Western Cape.

In the context of the current novel COVID-19 pandemic facing the City and Cape Town, it is complex and not yet possible to consider what the shorter and longer terms impacts on demographic trends maybe. However, at a high-level, it is still expected that the broad trends will be similar and Cape Town's population is expected to continue to grow as has been the trend.

It is estimated that the population will grow to around 4.7 million in 2025 (City of Cape Town, 2018). Moreover, the number of households in Cape Town in 2019 was 1 402 million, an increase of 10.7% since 2015 (City of Cape Town 2019, using Mid-year estimates). The average household size has declined from 3.3 persons in 2015 to 3.2 persons in 2019 (City of Cape Town, 2019).

These trends of steadily increasing population growth (albeit at a declining growth rate) and increasing numbers of households, with fewer persons per household, form some of the informants to City planning and service delivery for the residents of Cape Town. These trends will continue to be monitored, and refined as needed to inform COVID-19 and post COVID-19 responses and planning.

**National and Provincial influences**

**a) National Treasury MFMA Circular No. 98, issued in December 2019**

The purpose of this annual budget circular is to guide municipalities with the compilation of the 2020/21 MTREF.

The objectives of the circular are to, inter alia, demonstrate how municipalities should undertake annual budget preparation in accordance with the budget- and financial reform agenda and associated "game changers".

Key themes from this circular include the following:

- The dire economic environment confronting government over the next several years;
- Macro-economic forecasts to be considered when preparing the 2020/21 MTREF municipal budgets;
- Changes to local government allocations;
- The equitable share and the allocation of the general fuel levy to local government constitute unconditional funding. Municipalities were reminded that this funding allocation is formula driven and designed to fund the provision of free basic services to disadvantaged communities;
- Conditional grant funding must be utilised for the intended purpose within the stipulated timeframes, as specified in the DoRB published in February 2020. Funds not spent must be returned to the fiscus and requests for roll-overs will only be considered in extenuating circumstances;
- Addressing unfunded budgets in local government;
- Changes to the structure of local government allocations;
- Version 6.4 of the mSCOA chart is effective from 2020/21 and must be used to compile the 2020/21 MTREF;
- Municipalities must comply with Section 18 of the MFMA and ensure that they fund their 2020/21 MTREF budgets from realistically anticipated revenues to be collected;
- Municipalities should pay attention to reconcile the valuation roll data to the billing system to ensure that revenue anticipated from property rates are accurate;
- Setting cost reflective tariffs and having a credible budget to ensure tariffs results in financial sustainability;
- Municipalities to consider the following when compiling their 2020/21 MTREF budgets:
  - Improve the effectiveness of revenue management processes and procedures;
  - Pay special attention to cost containment measures by, inter alia, controlling unnecessary spending on 'nice-to-have' items and non-essential activities as per the Municipal Cost Containment Regulations (MCCR) issued on 7 June 2019;
  - Ensure value for money through the procurement process;
  - Affordability of providing free basic services to all households; and
  - Curb consumption of water and electricity by indigents to ensure that they do not exceed their allocation.

**b) National Treasury MFMA Circular No. 99, issued in March 2020**

This budget circular is a follow-up to MFMA Circular No. 98 and aims to provide further guidance to municipalities with the preparation of the 2020/21 MTREF with the key focus being grant allocations per the 2020 Budget Review and the 2020 DoRB.

The Circular further sets out the key focus areas for the 2020/21 Municipal Budget process, highlighting the need for municipalities to improve their collection rates; reminding municipalities that all allocations included in their budgets must correspond to the allocations listed in the DoRB and provided the response to the Finance and Fiscal Commission (FFC)'s recommendations.

The key themes from this circular – over and above what was covered in the previous circular - are:

- Reviewed macro-economic forecasts;
- Eskom Bulk Tariff increases: In absence of NERSA determination, municipalities to utilise the March 2019 increases;
- Budgeting issues: The wage bill, Pension fund and SARS contributions, Water management and attracting economic investments;
- Borrowing for multi-year capital projects and Refinancing of existing loans: Reiterating the requirements of the MFMA; and

- Highlighting the criteria for the roll-over of conditional grant funding.

**c) National Treasury Annexure to MFMA Circular No 99 in April 2020**

The Annexure to MFMA Circular No 99 was issued to provide municipalities guidance regarding Government Gazette No. 43181 which provides for exemption from the Act and Regulations that was published on 30 March 2020. This gazette in essence provides for exemption from the timeline provisions in the MFMA until such time that the national state of disaster declaration is lifted by the President.

The key matters raised in the Circular include:

- On the MFMA Exemption Notice, attached a list of key time bound actions to be taken by municipalities which may be affected during the National State of Disaster;
- Only one adjustments budget allowed between date of the declaration of the national state of disaster and 15 June 2020;
- The Socio-economic impact;
- Core principles in an event of disasters for rapid and impactful responses but remaining within financial and governance practises;
- Budgetary implications – guiding principles on credit control and debt management; tariff increases post tabling; limiting COVID-19 related expenditure to municipal mandate in terms so the Constitution;
- Conditional grants to respond to COVID-19;
- Tabling and adoption of 2020/21 MTREF budgets and 2019/20 reporting requirements; and
- Revenue and Expenditure Management during this period.

### 2.1.4 Expenditure analysis – a three-year preview

**a) General inflation outlook and its impact on municipal activities**

The City continued with the differentiated approach adopted in previous years in the compilation of this year's budget. Inflation was therefore not the only or primary driver.

The City's CPI applied over the 2020/21 MTREF is 5.10%, 4.98% and 5.01% over the respective three years as projected by BER at a point in time during the planning process. This is within the South African Reserve Bank's (SARB) inflation target range of between 3% and 6%. In terms of MFMA Circular No. 98, NT's CPI projection is 4.9% for 2020/21 and 4.8% for the two outer years. This was further reduced in MFMA Circular No. 99, issued in March 2020, to 4.5% for 2020/21 and 4.6% for the two outer years.

**b) Contracted Services, Overtime and Operational Cost**

The outcome of the 2018/19 performance had a strong influence on the MTREF approach similar to previous years where budget reductions, reprioritisation and a differentiated approach was implemented. The differentiated approach consisted of a combination of zero-based, and different percentage increases based on the nature of expenditure, the nature of the service department (e.g. labour intensive in the case of overtime) and previous performance.

The Municipal Cost Containment Regulations, followed by the City's Cost Containment Policy, approved by Council in October 2019, reiterated the importance of ensuring that value for money is achieved and resources of the municipality are used effectively, efficiently and economically.

Contracted services, overtime and operational cost were of the categories of expenditure impacted by the COVID-19 pandemic, which reduced due to programmes and projects not going ahead and increased due to impact of COVID-19 related additional requirements.

### c) Interest rates for investment of funds

Investments are made in terms of the City's Cash Management and Investment Policy, which aims to secure sound and sustainable management of the City's surplus cash and investments. The pandemic also negatively affected the City's investment income. Investment interest rates for the 2020/21 MTREF was reviewed based on the latest drop in the prime rate and the expectation of further interest rates cuts. Based on this an average investment interest rate of 4.81% is forecasted for 2020/21 and 4.55% for the outer years of the MTREF.

### d) Collection rate for Property Rates and Service charges

NT Circular 99 states that "The declining economic growth which might be impacted on further by the Corona virus pandemic and international companies closing down as a result, the deteriorating state of the finances for state-owned entities, continued high unemployment and water and electricity shortages will put pressure on the ability of municipalities to raise revenue". It further states that municipalities should, amongst other, adopt realistic budgets.

In addition, the City's revenue collection has been negatively affected by the economic downturn as a result of the precautionary measures put in place nationally to curb the spread of the COVID-19 pandemic over the last few weeks. In this regard, consumers across sectors are currently showing strain in their ability to pay municipal accounts. Given that we are currently in uncharted waters with little empirical data available, it was challenging to predict what next year would hold for consumer payment behaviour.

Nevertheless, considering current collection trends, predicted COVID-19 lockdown projections and to give effect to the NT Circular 99 both Rates and Tariff funded services' collection rates were reviewed and adjusted for the 2020/21 financial year. Outer years will be reviewed as more certainty on the pandemic and consumer behaviour is known.

**Table 1 Collection Rates**

| Services | Base Budget 2019/20 | Budget Year 2020/21 | Budget Year +1 2021/22 | Budget Year +2 2022/23 |
|---|---|---|---|---|
| Rates | 93.0% | 90.0% | 96.0% | 96.0% |
| Electricity | 98.0% | 96.7% | 99.0% | 99.0% |
| Water | 84.0% | 82.3% | 91.2% | 91.2% |
| Sanitation | 85.5% | 82.3% | 94.2% | 94.2% |
| Refuse | 87.0% | 76.0% | 90.0% | 90.0% |

Rates collection rate is projected at 90% for 2020/21 and is primarily as a result of consumers' ability to pay due to the impact of COVID-19

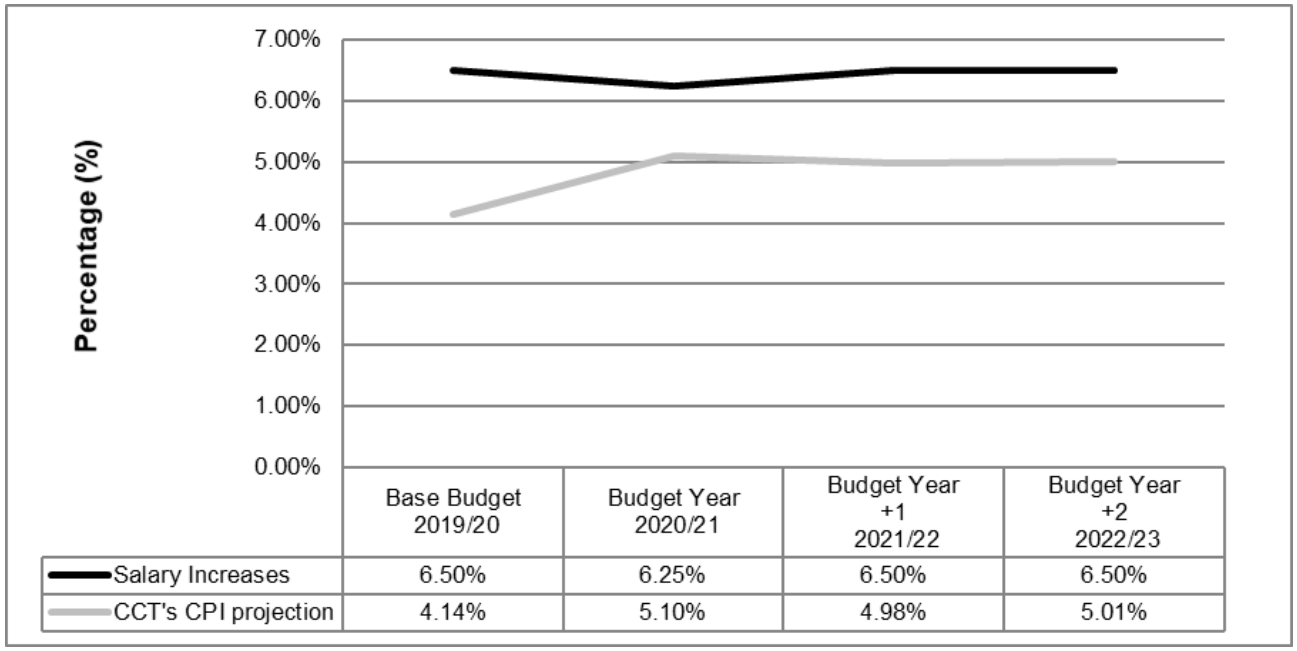
Electricity collection rate for 2020/21 is projected at 96.7%, which is lower than previous years' collection rate and is a direct consequence of the projected COVID-19 impact and the expected inability of consumers to pay. The outer years' projection averages 99%.

The projected collection rate for both Water and Sanitation is 82.3% for the 2020/21 financial year. The collection rate for both Water and Sanitation showed improvement over the first half of the 2019/20 financial year, due to debt management actions and indigent debtors methodology applied. However, due to the impact of the pandemic and latest payment trends the projections for 2020/21 were adjusted downwards. The collection rates for the outer years' averages 91.2% for Water and 94.2% for Sanitation.

There are two main factors driving the collection rate for Refuse, namely the impact of the COVID-19 on consumer's ability to pay and an adjustment in the rebate categories based on property value to bring about an alignment in who is deemed indigent across services. Accordingly, a 100% rebate is extended to property values between R1 and R300 000. Considering these factors, the projected collection rate for Refuse is 76% for 2020/21 and 90% for the two outer years of the MTREF.

### e) Salary increases

The 2020/21 financial year is the last year of the 3-year salary and wage collective agreement approved in 2018. In the absence of an agreement for the two outer years of the 2020/21 MTREF, the principle applied for 2020/21 was assumed.



In terms of the salary and wage collective agreement, the increases per municipal financial year are to be calculated as follows:

- 2020/21: CPI percentage for 2020 as projected by January 2020 MPC plus 1.25%; and
- 2021/22 and 2022/23: Projected at 6.5% in the absence of an agreement.

Furthermore, the salary and wage collective agreement states that if in any of these years the average CPI percentage is less than 5%, the average CPI will be deemed to be 5%, and in the event that the average CPI is above 10% the average CPI will be deemed to be 10%.

The CPI projected by the January 2020 MPC Statement was 4.7% for 2020. Based on this, the salary provision for the 2020/21 financial year was 5% plus 1.25%. A further provision of 2% was made for incremental allowances to cater for performance- and other notch increases.

The figure below shows the correlation between the City's CPI and the salary increase over the MTREF.

| | Base Budget 2019/20 | Budget Year 2020/21 | Budget Year +1 2021/22 | Budget Year +2 2022/23 |
|---|---|---|---|---|
| Salary Increases | 6.50% | 6.25% | 6.50% | 6.50% |
| CCT's CPI projection | 4.14% | 5.10% | 4.98% | 5.01% |

**Figure 1 Correlation between the City's CPI and the salary increase over the MTREF**

In addition to the above increases, the City continued with the method of budgeting for salaries at 95% as introduced in the 2018/19 financial year. The 2020/21 MTREF also saw the continuation of budgeting partially for vacancies, due to previous years' outcomes showing a recurring under performance. This approach was adopted as the turnaround time of vacancies has attributed significantly to the underperformance on the salaries budget. Subsequent to the tabling of the budget a decision to only budget for 50% of performance increases from T-level 14 and above were implemented.

**f) Ensuring maintenance of existing assets**

The differentiated approach introduced in previous years was applied to repairs and maintenance expenditure accounts for the 2020/21 MTREF. This approach considered previous year's performance, service delivery needs, efficiencies and the nature of the function that individual services provide. The following varying parameters were applied:

- CPI increase to both services where the nature of business is primarily to provide repairs and maintenance and where the condition of the assets must be secured, and for services, which although their main function is not providing repairs and maintenance but the nature of business and facilities requires a proper maintenance provision; and
- No increase for support services.

NT Circular No. 55 and NT Circular No. 70 set the ratio of operational repairs and maintenance to asset value (write down value of the municipality's property, plant and equipment (PPE)) at 8%. The City's averages 8% over the 2020/21 MTREF.

**g) Operational financing for capital depreciation**

Calculation of depreciation on new capital expenditure is based on variables such as asset class and lifespan, depending on the nature of the asset. An annual capital expenditure implementation rate of 100% was assumed. Depreciation of existing assets is calculated based on simulated SAP data that reflect actual values per annum. Assets under construction (AUC) are calculated based on asset class lifespan and projected capitalisation dates.

**Credit rating outlook and borrowing**

The City needs a credit rating to demonstrate its ability to meet its short- and long-term financial obligations. Potential lenders also use it to assess the City's credit risk, which in turn affects the pricing of any subsequent loans taken. Factors used to evaluate the creditworthiness of municipalities include the economy, debt, finances, politics, management and institutional framework.

On 6 April 2020, Moody's Investors Service provided an update to the City's credit opinion after a downgrade in the credit rating of the sovereign, the RSA Government. The City's global scale rating was downgraded to Ba1/NP from Baa3/P-3, while its national scale rating as well as its negative outlook were both affirmed.

The City's national scale rating is currently Aaa.za/P-1.za, which reflects the City's credit profile of strong financial performance supported by prudent financial management, a large and diverse economic profile and predictable sources of revenue from property taxes and service charges. The City has consistently generated operating surplus, strong liquidity compared with that of its peers in South Africa and low debt. The City's credit profile is constrained by Cape Town's capital spending pressure as a result of water shortage because of drought, infrastructure backlogs and population growth. The City's known ratings over the last period were as follows:

**Table 2 Credit rating outlook**

| Category | Currency | Current 6 April 2020 Update following downgrade of Sovereign | Previous 13 March 2020 | Current 11 November 2019 Changes in outlook |
|---|---|---|---|---|
| Outlook | - | Negative | Negative | Negative |
| NSR Issuer Rating | Rand | Aaa.za | Aaa.za | Aaa.za |
| NSR ST Issuer Rating | Rand | P-1.za | P-1.za | P-1.za |
| NSR Senior Unsecured | Rand | Aaa.za | Aaa.za | Aaa.za |

- Stable Outlook – reflects that a credit rating assigned to an issuer is unlikely to change;
- Negative Outlook - reflects that a credit rating assigned to an issuer may be lowered;
- Rating under Review - a review indicates that a rating is under consideration for a change in the near term;
- NSR Issuer Rating – Aaa.za - Issuers or issues rated Aaa.za demonstrate the strongest creditworthiness relative to other domestic issuers;
- NSR ST Issuer Rating – P-1.za – Issuers (or supporting institutions) rated Prime-1 have the strongest ability to repay short-term senior unsecured debt obligations relative to other domestic issuers; and
- NSR Senior Unsecured – Aaa.za - Issuers or issues rated Aaa.za demonstrate the strongest creditworthiness relative to other domestic issuers.

The City's borrowing is done in terms of Chapter 6 of the MFMA as well as the City's Borrowing Policy, in terms of which a long-term loan will only be entered into if it's affordable and sustainable. The City's loan requirements are determined by the capital investment requirement (excl. Transfers Recognised: Capital) and the projected cash position. The City primarily borrows against future revenue generating assets. Borrowing over the MTREF is calculated on an interest rate of 11% based on the annuity method.

The below table reflects the borrowing and interest rate over the MTREF.

| R Thousand | 2020/21 | 2021/22 | 2022/23 |
|---|---|---|---|
| Borrowing | 2 500 000 | 5 000 000 | 5 000 000 |
| Borrowing Interest Rate (%) | 11.0% | 11.0% | 11.0% |

### 2.1.5 Revenue analysis – a three-year preview

**a) Growth**

**Property Rates**

Due to the expected shrinkage in the economy the growth projected for Rates is projected at 0.25% for the 2020/21 financial year. The outer years are expected to grow by 1.0% annually as it is expected that the economy will improve over the next financial years.

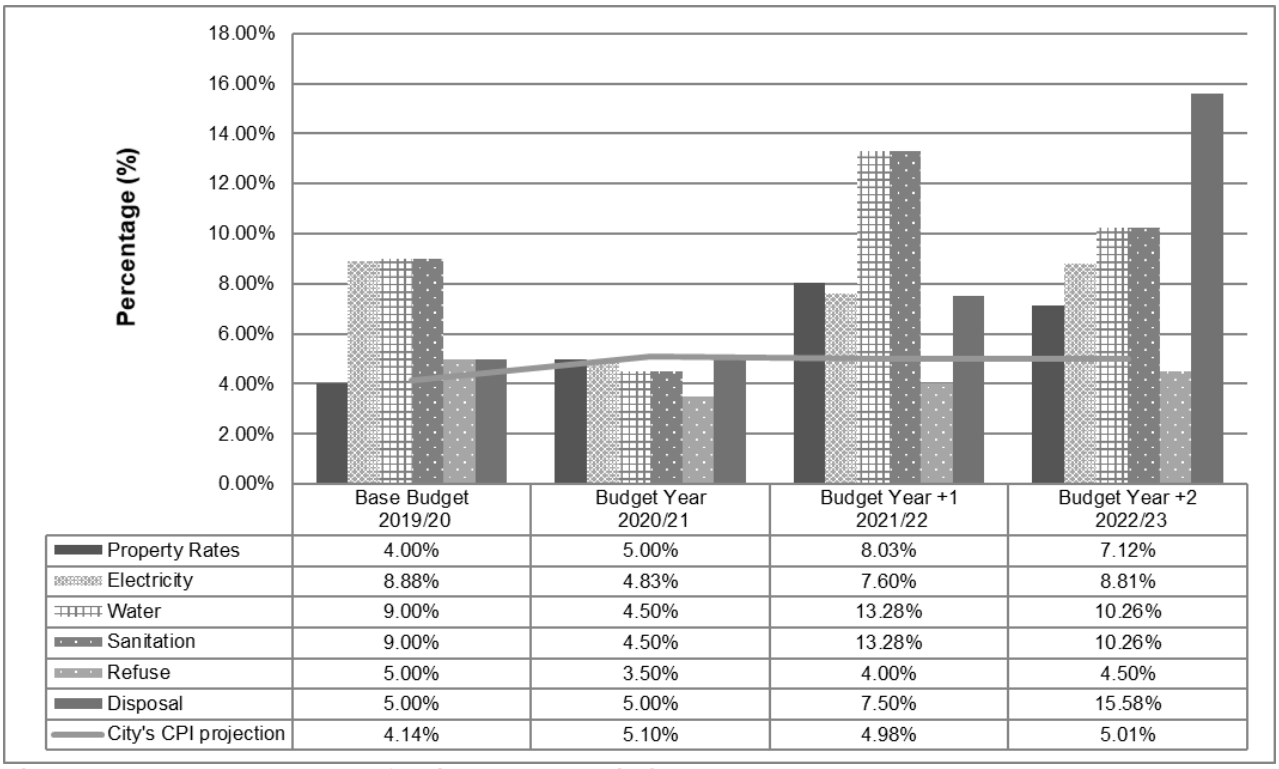
**Electricity**

Shrinkage in sales revenue of 6.5% is projected for 2020/21 and 1.5% over the two outer years of the MTREF. The large projected shrinkage in 2020/21 is mainly due to the expected reduction in demand of Electricity during the pandemic period. Other factors resulting in the shrinkage includes continued energy saving and efficiency plans implemented by consumers, which results in reduced consumption and declining revenue sales.

**Water and Sanitation**

A shrinkage in growth of 3.5% for water and 3% for sanitation (from the 2019/20 base volumes) is projected for 2020/21. This projection is based on 2019/20 volumetric consumer usage behaviour. A 1% growth is projected for the two outer years of the MTREF. This position will be reviewed in future years when more information/data is available and consumption levels have stabilised. It is viewed to be prudent for the new base to be established before making future projections.

**Refuse**



The average revenue growth over the last 3 years shows that a 2% growth for refuse is sustainable over the 2020/21 MTREF. This projected increase is driven by the growth in the requirement for this service.

**b) Major tariffs and charges: Rates and Trading services**

MFMA Circular No. 98 encourages municipalities to maintain acceptable levels of tariff increases to all consumers and requires municipalities to justify increases in excess of inflation.

The Circular further reiterates the need to set cost reflective tariffs, which is a requirement of Section 74(2) of the Municipal Systems Act, 2000 (Act No.32 of 2000) that states that tariffs must “reflect the costs reasonably associated with rendering the service”. This is meant to assist municipalities to generate sufficient revenue to fully recover their costs, deliver services to customers sustainably and invest in infrastructure that promotes local economic development.

Considering the above and to ensure future financial sustainability, the following revenue increases are applied for 2020/21 MTREF. A decision to not amend any revenue parameters and tariff increases subsequent to the tabling of the budget was made although Annexure to MFMA Circular No 99 allowed for such increases post tabling of the budget.

| | Base Budget 2019/20 | Budget Year 2020/21 | Budget Year +1 2021/22 | Budget Year +2 2022/23 |
|---|---|---|---|---|
| Property Rates | 4.00% | 5.00% | 8.03% | 7.12% |
| Electricity | 8.88% | 4.83% | 7.60% | 8.81% |
| Water | 9.00% | 4.50% | 13.28% | 10.26% |
| Sanitation | 9.00% | 4.50% | 13.28% | 10.26% |
| Refuse | 5.00% | 3.50% | 4.00% | 4.50% |
| Disposal | 5.00% | 5.00% | 7.50% | 15.58% |
| City's CPI projection | 4.14% | 5.10% | 4.98% | 5.01% |

**Figure 2 Revenue parameters for the MTREF period**

**Property Rates**

The revenue parameter for Property Rates for the 2020/21 financial year is at level below the upper limit of the inflation target range. The low increase is as a result of various corporate initiatives proposed to reduce cost and reprioritise budgets.

**Electricity**

On 9 March 2020, NERSA provided a decision on Eskom's Retail Tariff and Structural Adjustment Application and Schedule of tariffs for the period 1 April 2020 to 31 March 2021. The approved allowable revenue by NERSA resulted in an average annual percentage price increase of 8.76% for the 2020/21 Eskom financial year.

This translated in an estimated Eskom increase to municipalities of 6.9% for 2020/21. This increase influences the bulk purchases cost and therefore the electricity revenue increase requirement. The business of providing an electricity service is the purchasing and redistribution of electricity, thus bulk purchases is a major influencing factor in determining the revenue increase. Bulk purchases averages 65% of the Energy & Climate Change directorate's total expenditure budget.

Due to the implementation of corporate cost savings measures the revenue increase for electricity was kept at levels lower than the projected Eskom increases for the MTREF. The electricity average revenue increase projected for the 2020/21 financial year is 4.83% and 7.60% and 8.81% for the two outer years, respectively. The slightly below CPI increase is as a result of the bulk purchases cost, declining electricity sales and business enhancement initiatives.

**Water and Sanitation**

The average revenue increases applied for the MTREF for water and sanitation is 4.5% for 2020/21, 13.28% and 10.26%, respectively for the two outer years. This is based on level 1 tariffs and is recommended for implementation from 1 July 2020.

To make provision for drought restriction tariffs, five levels of tariffs are proposed for the 2020/21 financial year.

- The no-restriction and emergency levels restrictive tariff increase is as per the level 1 increase projected for 2020/21;
- Level 2 an increase of 6.5% is projected for water and 6.5% for sanitation; and
- Level 3 a restrictive tariff increase 6.5% is projected for water and 8% for sanitation.

Circular 99 states that "Municipalities should take strategic action to ensure effective water management and resilience to drought, including the security of water supply, environmental degradation, and pollution of resources to achieve economic growth, development and socio – economic priorities in an equitable and sustainable manner."

Considering the requirements of Circular 99, the proposed increases for water and sanitation will make provision for amongst other the following:

- Requirements for the New Water Plan to ensure sustainable and resilient provision of water. Initiatives include the further investment in underground extraction from aquifers;
- Water demand management initiatives to limit the abuse of water;
- Upgrades and extensions to the wastewater treatment plants;
- Continued investment in asset replacement programs to ensure proper asset management;
- Continued investment in the repairs and maintenance program and maintaining required compliance standards; and

- Supplying water and sanitation at appropriate compliance, capacity, skills, service delivery and responsiveness levels; and
- Lower collection rate and the associated debt impairment cost requirement.

The revenue increases for Water and Sanitation in 2020/21 is in line with CPI as a result of various cost savings initiatives which includes the phasing out of the New Water Plan and reducing cost in areas which in previous years showed consistent underspend.

**Refuse**

Solid Waste Management in the City has a dual funding model with Collections and Disposal making up the tariff-funded services while Drop-off Facilities and Cleansing are funded from Property Rates.

NT Circular 99 states that “Investments in waste collection and treatment infrastructure should be made in tandem with industrial and urban developments to minimise pollution to our land and waters”. In this regard the following revenue increases is projected for Solid Waste Management over the 2020/21 MTREF.

Refuse revenue is the revenue received for the removal of waste from residential and non-residential properties. The average refuse tariff increase is 3.50% for 2020/21 and 4.00% and 4.50% for the two outer years, respectively. The average increase will allow for, amongst other things, the waste minimisation initiatives and expanding the footprint of the service as the customer base grows. increasing the property value threshold for 100% rebate qualifiers and the associated debt impairment cost associated with the lower collection rate.

Disposal revenue is the revenue received for the disposal of waste from residential and non-residential properties. The average disposal tariff increase for 2020/21 is 5.00% whereas the increases for the two outer years are 7.50% and 15.58%, respectively. This increase is required for the continued operational requirement of the service and for the capital investment of new, replacement and renewed assets. The capital investment includes the development of landfill infrastructure, development and upgrading transfer stations, additional two Material Recovery Facilities and Landfill Gas Generation to Beneficiation at all landfill sites.

**Housing rental (Council rental properties)**

The monthly rental charge for housing rental properties is based on a rate per square meter applied to the size of the unit being rented coupled with a set of premiums/deductions based on the location, maintenance level, facilities et al of the specific property for which the rent is charged.

Through addressing the economic challenges faced by many poorer communities residing in, particularly, the City’s rental stock, the average total monthly rental charge percentage increase associated with the City’s rental properties has been retained at an affordable level and is based on an annual increase of 3.76% (where the unit has a separate water meter) or 4.14% (for those units which include water in the rental charge) for 2020/21.

The projected rental charge increase is lower than CPI, due to rental units operating on a City-subsidised basis.

Tenants who are occupying rental properties since 2007 receive a subsidy of 20% of the rental charge, this being the final portion of the phase-out program, which was not fully implemented by the City to facilitate affordability of long standing tenants. This key initiative, reflected within the City's Credit Control and Debt Collection Policy, supports affordable rentals to many poor communities and the City's initiatives in terms of its housing debt collection drives whilst supporting the City's housing debtor book that it does not unduly increase due to, potentially, unreachable charges.

The proposed 2020/21 housing rental charge is in line with previous annual rental increases and is again aimed at ensuring affordability for the City's poorer communities. The rental rate (per square meter per month) is R11.27 (where the unit has a separate water meter) or a rental charge (including water charge where applicable) of R19.04 per square meter per month.

The City's housing premiums and deductions charge structure addressing the variations in the City's diverse rental properties remains as follows:

- Discounts on account
  - Outside toilet (R20 per month)
  - External Water (R30 per month)
  - No ceiling (R15 per month)
- Premiums on account
  - Saleable unit (R4,50 per month)
  - Well maintained (R5 per month)
  - Local environment (R3,50 per month)
  - Well located (R5 per month)
  - Hot water cylinder (R4 per month)

A surcharge for tenants earning a monthly income above the rental income threshold (R3 500) is charged as follows at a stepped rate of 8% for those earning R3 501 – R7 500 and 10% for those earning R7 501 – R10 000. Tenants who earn more than R10 000 per month will pay a surcharge of 25% of any amount above R10 000. A two (2) year lease agreement will be signed, which will not be renewed if the income remains more than R10 000.

### c) Capital funding

The capital budget was prepared considering very strict assessment criteria to ensure mainly the ability to implement the capital budget. In this regard the "Brick Wall" approach was adopted where screening and reviewing of projects takes place for procurement and implementation readiness, technical and financial feasibility and strategic alignment. This process culminated in the proposal of the following capital budget over the 2020/21 MTREF:

**Table 3 Capital Budget over MTREF**

| Capital funding<br><br>R thousands | Budget Year 2020/21 | Budget Year +1 2021/22 | Budget Year +2 2022/23 |
|---|---|---|---|
| Transfers recognised - capital | 2 883 814 | 3 312 729 | 3 424 875 |
| Borrowing | 2 500 000 | 5 000 000 | 5 000 000 |
| Internally generated funds | 4 222 060 | 1 293 105 | 2 216 225 |
| **TOTAL** | **9 605 874** | **9 605 834** | **10 641 100** |

### 2.1.6 2020 Division of Revenue Bill (DoRb) and Fuel Levy

**Equitable Share**

In terms of section 227 of the Constitution, local government is entitled to an equitable share of nationally raised revenue to enable it to provide basic services and perform its allocated functions. The local government equitable share is an unconditional transfer, which supplements the revenue that municipalities can raise themselves (including revenue raised through property rates and service charges).

The DoRB provided the following, which was included in the City's MTREF:

- 2020/21 – R3 081 million
- 2021/22 – R3 378 million
- 2022/23 – R3 678 million

**Sharing of the Fuel Levy**

The general Fuel Levy is legislated by the Taxation Laws Amendment Act (Act 17 of 2009), which provides that each metropolitan's share should be announced in the government gazette.

The Fuel Levy allocation for 2020/21 was based on the 2018 fuel volume sales. Allocations for the two outer years of the 2020/21 MTREF is indicative; the actual allocations will be based on fuel sales.

The following amounts were allocated to the City, as per the 2020/21 allocation letter, and was included in the City's MTREF:

- 2020/21 – R2 595 million
- 2021/22 – R2 734 million
- 2022/23 – R2 817 million

It is expected that the outer years' indicative amounts will be impacted on due to the impact of the current lockdown situation and its impact of fuel sales, this will impact on both the 2021/22 and 2022/23 financial years.

### 2.1.7 Major parameters

The following table summarises the major parameters applied to the 2020/21 MTREF operating budget:

**Table 4 Summary of parameters applied to Operating Budget**

| | Budget Year 2020/21 | Budget Year +1 2021/22 | Budget Year +2 2022/23 |
|---|---|---|---|
| **CPI** | **5.10%** | **4.98%** | **5.01%** |
| **COLLECTION RATES** | | | |
| Rates | 90.00% | 96.00% | 96.00% |
| Electricity | 96.70% | 99.00% | 99.00% |
| Water | 82.30% | 91.20% | 91.20% |
| Sanitation | 82.30% | 94.20% | 94.20% |
| Refuse | 76.00% | 90.00% | 90.00% |
| **REVENUE PARAMETERS** | | | |
| Rates | 5.00% | 8.03% | 7.12% |
| Electricity | 4.83% | 7.60% | 8.81% |
| Water | 4.50% | 13.28% | 10.26% |
| Sanitation | 4.50% | 13.28% | 10.26% |
| Refuse | 3.50% | 4.00% | 4.50% |
| Disposal | 5.00% | 7.50% | 15.58% |
| **GROWTH PARAMETERS** | | | |
| Rates | 0.25% | 1.00% | 1.00% |
| Electricity | -6.50% | -1.50% | -1.50% |
| Water | -3.50% | 1.00% | 1.00% |
| Sanitation | -3.00% | 1.00% | 1.00% |

| | | | | | | Estimate | | | | | | | |
| **Energy & Climate Change directorate** | | | | | | | | | | | | | |
| Electricity Generation & Distribution: Ground Mounted Photovoltaic (PV) | CPX.0014782 | – | – | The City of Cape Town has acquired a large portion of land in Somerset West on the old AECI site now known as Paardevlei/Heartlands. A portion of this site (a "buffer area") is currently considered unsuitable for residential or industrial/commercial development without significant rehabilitation of the ground. The buffer area is adjacent to a manufacturer of explosives. It has been proposed that the buffer area could be productively used for the site of a photovoltaic (PV) solar farm. The size of the encumbered land available for a solar farm is approximately 30 hectares which would nominally support a solar farm of about 20 MW (based on a yield of 1 MW/1.5 hectares). | Paardevlei, Somerset West and; or Atlantis and; or Bellville South Landfill | 10,000 | 90,000 | – | – | 100,000 | 13,113 | – | Electricity Tariff |
| Electricity Generation & Distribution: Steenbras: Refurbishment of Main Plant | C14.84071 | 10,419 | – | The project aims to refurbish the Steenbras pumped storage power station. The station will have its four pump turbine units refurbished by redesigning and replacing the turbine-generator units, upgrading the control and instrumentation systems and refurbishing ancillary sub-systems. | Cape Town Metropolitan area | 5,000 | 75,000 | 350,000 | 354,000 | 794,419 | 28,563 | – | Electricity Tariff |
| Electricity Generation & Distribution: Morgen Gronde Switching Station | CPX.0012407 | 2,115 | – | A new 132 kV gas insulated switching station will be established next to the existing Morgen Gronde Main Substation (MS). The existing 132 kV cables between Stikland and Morgen Gronde MS will be deviated to connect Stikland to Morgen Gronde switching station. A new 132 kV connection will be established between the new Morgen Gronde switching station and the existing Morgen Gronde MW. | Brackenfell | – | 1,200 | 20,000 | 100,000 | 123,315 | 562 | – | Electricity Tariff |
| Electricity Generation & Distribution: Mitchells Plain - Steenbras 132 kV Overhead Line (OHL) | CPX.0004798 | 21,338 | 11,505 | Installation of a 2km 132 kV cable, to establish a new transmission intake from Eskom. | Close to Strand - Cape Town, between the N2 and Eskom's new Pinotage main transmission substation. | 7,014 | – | – | 12,526 | 52,382 | 11,402 | – | Electricity Tariff |
| Electricity Generation & Distribution: Koeberg Road Switching Station Phase 3 | CPX.0009014 | 33,614 | 15,534 | Upgrading the intake supply of Koeberg Road Main Substation from 66kV to 132kV in order to facilitate the decommissioning of the existing Koeberg Road 66kV Switching Station. | Maitland | 2,116 | – | – | – | 51,264 | 6,983 | – | Electricity Tariff |
| Electricity Generation & Distribution: Paardevlei Switching Station | CPX.0014550 | 1,434 | 530 | This project entails the construction of a new 132 kV GIS switching station. | Paardevlei | 135,680 | 13,999 | – | – | 151,642 | 27,616 | – | Electricity Tariff |
| Electricity Generation & Distribution: Outage Management System | C12.84078 | 46,552 | 4,745 | An integrated computer system to assist in the restoration of power during outages. It includes all the outstanding interfaces that will enhance the system to provide real time outage information to customers and users. | City-wide | 1,755 | 1,500 | 1,500 | 3,000 | 59,052 | 1,965 | – | Electricity Tariff |

| Infrastructure Implementation: Somerset West Public Transport Interchange | C11.10552 | 9,853 | 282 | The upgrading of existing public transport facility at Somerset West will include a two storey administration building, plus annex, loading bays and shelters, stacking facilities, upgraded urban spaces through hard and soft landscaping, trader facilities, an intersection upgrade and improved pedestrian access to the facility. | Somerset West | 15,000 | 30,000 | 20,000 | – | 75,135 | 1,228 | – | Rates |
| Infrastructure Implementation: Smart Technologies at Public Transport Interchanges | CPX.0014833 | 31,689 | 65,000 | The purpose of the project is to introduce smart technologies, in a phased approach, to all of the City's public transport facilities, improving safety and security, improved operations and an improved commuter experience. | City-wide | 35,000 | 35,000 | 35,000 | – | 201,689 | 5,250 | – | Rates |
| Infrastructure Implementation: Road Upgrade:Sir Lowrys Pass Village Road-Phase 2 | C14.10324 | 24,936 | 27,000 | This project includes the traffic impact analysis, detailed design, construction monitoring, upgrading of Sir Lowry's Pass Village Road and construction of the Onverwacht Road link to the N2, in order to provide improved traffic capacity and better access to new developments in Somerset West. | Somerset West | 3,350 | – | – | – | 55,286 | 6,218 | – | Rates |
| Infrastructure Implementation: Dualling: Main Road 27 to Altena Road | CPX.0014563 | – | – | Dualling the section of Broadway Boulevard between Main Road and Altena Road in Strand. This will include a second bridge over the railway line and also rehabilitation of the existing single carriageway road. | Strand | 2,000 | 22,000 | 30,000 | – | 54,000 | – | – | Rates |
| Infrastructure Implementation: Dualling:Jip De Jager:Kommis - Van Riebeecks Hof | CPX.0017953 | – | – | The design and construction of the dualling of Jip de Jager between the Kommissaris Street and Van Riebeeckshof Road. | Bellville | 25,000 | 40,000 | 10,000 | – | 75,000 | 1,667 | – | Rates |
| Infrastructure Implementation: Road Upgrade:Amandel Road:Bottelary River-Church | CPX.0007857 | 2,600 | 1,090 | The design and construction of the dualling of Amandel Road, between the Bottelary river bridge and Church Street. | Kuils River | 8,713 | 39,000 | 20,000 | – | 71,403 | 521 | – | Rates |
| Infrastructure Implementation: Road Upgrade:Langverwacht Road:Amandle-Zevenwacht | CPX.0007861 | 24,405 | 29,926 | The design and construction of the dualling of Langverwacht Road. | Kuils River | 4,639 | – | – | – | 58,971 | 9,279 | – | Rates |
| Infrastructure Implementation: Congestion Relief - Erica Drive | CPX.0007892 | 8,320 | 500 | The extension of Erica Drive to complete the missing link between Belhar Main Road and Belhar Drive. | Belhar | 500 | 10,150 | 62,100 | 125,000 | 206,570 | 103 | – | Rates |
| Infrastructure Implementation: Integrated Bus Rapid Transit System | CPX/0000287 | 397,503 | 6,619 | This project, in the current financial year, provides for upgrades to MyCiTi buildings and IRT station link enclosures in Table View and Atlantis, as well as the retrofitting of closed circuit television (CCTV) to MyCiTi stations in order to improve the security at these stations. | City-wide | 2,081 | 5,000 | 5,000 | – | 416,203 | 1,270 | – | Rates |
| **Water & Waste directorate: Solid Waste department** | | | | | | | | | | | | | |
| Solid Waste Management: New Prince George Drop-off | CPX.0008859 | 6,420 | 1,418 | Drop-off facilities are required within a 7km radius of residences. | Helderberg area (Strand; Somerset West) | 69,718 | 14,029 | – | – | 91,585 | 18,345 | – | Solid Waste Rates |
| Solid Waste Management: Vissershok:Landfill Gas Infrastructure to Flaring | CPX.0007916 | 1,511 | 22,069 | The installation of landfill gas extraction and electricity generation. | Vissershok | 44,009 | 5,000 | 5,000 | 5,000 | 82,588 | 21,730 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: Vissershok North:Design and Develop Airspace | CPX.0007920 | 1,086 | 850 | Provision of additional waste disposal capacity at the Vissershok Landfill Site. Landfill airspace to be constructed in line with licence requirements. | Vissershok | 76,800 | 6,000 | – | – | 84,736 | 17,414 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: Coastal Park:Design and Develop | CPX.0007924 | 3,567 | 366 | Provision of additional waste disposal capacity at the Coastal Park Landfill Site. Landfill airspace to be constructed in line with licence requirements. | Coastal Park | 67,500 | 9,448 | – | – | 80,881 | 18,371 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: Coastal Park: Landfill Gas Infrastructure - Beneficiation | CPX.0011067 | 2,315 | 4,525 | The installation of landfill gas extraction and electricity generation. | Coastal Park | 52,075 | 6,354 | – | – | 65,269 | 23,612 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: Athlone Refuse Transfer Station (ARTS):Material Recovery Facility / Mechanical Biological Treatment (MBT) | CPX.0007847 | 365 | 825 | Construct a Material Recovery Facility that will allow for the recycling of waste before taking the remaining waste to landfill. | Athlone | 5,750 | 90,000 | 280,000 | – | 376,940 | 21,503 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: Helderberg:Design and Develop (drop-off) | CPX.0007908 | 5,907 | 200 | Drop-off facilities are required within a 7km radius of residences. | Helderberg area (Strand; Somerset West) | 34,407 | 33,667 | – | – | 74,183 | 27,918 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: Coastal Park:Design and Develop Material Recovery Facility (MRF) | CPX.0007910 | 9,074 | 35,000 | To construct a Material Recovery Facility that will allow for recyclable waste before taking the remaining waste to landfill. | Coastal Park | 34,420 | 141,050 | 19,905 | – | 239,449 | 52,556 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: CPTS: Transfer Station New | CPX.0010025 | – | – | Transfer stations are to be built in close proximity of closed landfill sites to ensure that waste originating from an area can be transported to one of the outlying landfill sites. | Coastal Park | 2,500 | 5,000 | 155,000 | 110,000 | 272,500 | 49,945 | – | Solid Waste Tariff - Disposal |
| Solid Waste Management: Woodstock Depot Upgrade | CPX.0011066 | 150 | 2,477 | Site to be upgraded to be more compatible with a refuse removal type of depot with all the required parking for the vehicles that are currently parking outside. | Woodstock | 476 | 36,605 | 35,870 | 19,601 | 95,179 | 5,218 | – | Solid Waste Tariff - Collections |
| Infrastructure Implementation: IRT Phase 2 A | CPX/0000257 | 777,232 | 472,042 | This project provides for trunk busway infrastructure, including the construction of dedicated busways by the re-allocation of road space and general traffic lanes. It also allows for non-motorised transport infrastructure including the construction of dedicated or shared cycle way and pedestrian facilities. Intersection upgrades will be implemented to accommodate the MyCiTi bus service and increase the level of service where reasonably possible, as well as providing for bus depots, bus stations and stops. The project will also consist of the professional services required to roll out a project of this scale. | City-wide | 1,040,002 | 1,434,461 | 1,545,051 | 4,691,269 | 9,960,058 | 84,516 | – | Rates |

| **Water & Waste directorate: Water and Sanitation Management department** | | | | | | | | | | | | | |
| Water & Sanitation Services: Macassar Flood Alleviation | CPX.0016674 | – | – | The 2017 study looked at 4 different possibilities for flood alleviation. The most cost effective options was the construction of levees to contain the 1:100 year flood through the Sandvlei Macassar area. This option will require the least amount of land to be acquired for the river corridor and open up the area for development, whilst safely conveying the flood waters down to the ocean away from vulnerable receptors such as the agricultural, residential and commercial developments. Detailed planning and land acquisition is still required as well as Environmental Impact Assessment (EIA) and Water-Use Licence Application (WULA) approvals. | Sandvlei; Macassar | 3,339 | 2,175 | 1,133 | 453,786 | 460,434 | 251 | – | Rates |
| Water & Sanitation Services: Flood Alleviation - Lourens River | CPX.0013019 | 27,152 | 1,628 | River upgrade works, including berms/levees, river channel profile modification/earthworks, floodplain widening, revetments and bank stabilisation works are required. Realignment of existing infrastructure due to modifications and increase river flow rate/volume (e.g. bulk sewer lines, power lines/Eskom bridges) and modification/removal of bridges/culverts to accommodate increased river flow rate/volume. | Somerset West; Strand | 27,300 | 18,700 | – | – | 74,780 | 13,055 | – | Rates |
| Water & Sanitation Services: Flood Alleviation-Lourens River Phase II | CPX.0016672 | – | – | The project will entail the construction of a bypass canal/culvert, accommodating the 1:100 year flood, around the Somerset West CBD and residential areas, discharging safely downstream into the river, away from vulnerable receptors such as residential areas, commercial developments, etc. | Somerset West; Strand | 877 | 8,746 | 5,364 | 509,341 | 524,327 | 1,165 | – | Rates |
| Water & Sanitation Services: Sir Lowry's Pass River Upgrade | CPX.0012948 | 7,646 | 2,418 | River upgrade works, including works from the N2 down to the ocean, berms, flattening of the grade, drop structures, non-motorised transport (NMT) routes, river channel profile modification, earthworks, rip rap and gabion works, narrowing of the floodplain, accommodating future development in the design/construction, bank stabilisation works and fixing the alignment of the river within the acquired servitudes, realignment of existing infrastructure due to modifications and increase river flow rate/volume (e.g. bulk sewer lines, power lines, bridges), modification, removal of bridges, culverts to accommodate increased river flow rate/volume. | Strand; Gordons Bay; Broadlands; Firlands | 80,000 | 101,300 | 115,000 | 116,155 | 422,520 | 34,230 | – | Rates |
| Water & Sanitation Services: Upgrade Rietvlei Sewer Pump Station | CPX.0010643 | – | – | Upgrade Pump Station to 560l/s from current 230l/s including installation of sand trap and mechanical screens. Upgrade of rising main to Bellville Wastewater Treatment Works (WWTW). Upgrade of Kuilsriver Bulk Sewer from the R300/Bottelary Interchange to the Rietvlei Pump Station (3.2km). | Kuilsriver; Brackenfell; Durbanville | 2,000 | 73,500 | 50,000 | 100,000 | 225,500 | 8,921 | – | Sanitation Tariff |
| Water & Sanitation Services: Cape Flats Aquifer | CPX.0010520 | 275,831 | 270,000 | Multi-faceted, multi-year project. Design and construction with regard to development (20-45MLD) of Cape Flats aquifer, conveyance and treatment infrastructure. | Cape Flats | 138,000 | 100,000 | 100,000 | 492,246 | 1,376,076 | 515,145 | – | Water Tariff |
| Water & Sanitation Services: Atlantis Aquifer | CPX.0011032 | 69,826 | 57,413 | Multi-faceted multi-year project. Design and construction with regard to expansion (10MLD) and refurbishment/upgrading of Witzands and Silwerstroom well field, conveyance and treatment infrastructure. | Atlantis | 89,500 | 100,000 | 122,800 | 133,000 | 572,539 | 165,505 | – | Water Tariff |
| Water & Sanitation Services: Cape Flats Aquifer Recharge | CPX.0013724 | 31,571 | 25,000 | Multi-faceted multi-year project. Design and construction with regard to the development of managed aquifer recharge (45MLD) component of Cape Flats aquifer scheme. | Cape Flats | 233,946 | 190,000 | 100,000 | 361,688 | 942,206 | 141,758 | – | Water Tariff |
| Water & Sanitation Services: Zandvliet Plant Re-use (50ML) | CPX.0014007 | 21,801 | 15,000 | Multi-faceted multi-year project. Design and construction with regard to development (70-100MLD) of water re-use treatment and conveyance infrastructure. | Monwabisi; Khayelitsha | 21,120 | 7,595 | 24,321 | 2,234,400 | 2,324,237 | 6,440 | – | Water Tariff |
| Water & Sanitation Services: Table Mountain Group Aquifer | CPX.0016654 | – | 158,000 | Multi-faceted multi-year project. Design and construction with regard to development (15-50MLD) of Table Mountain Group aquifer, conveyance and treatment infrastructure. | Steenbras | 113,400 | 150,000 | 170,000 | 821,000 | 1,412,400 | 62,208 | – | Water Tariff |
| Water & Sanitation Services: Fisantekraal Wastewater Treatment Works (WWTW) | CPX.0009633 | – | 12,884 | The Fisantekraal project is divided mainly into the following components:<br>1. Civil Works<br>2. Mechanical and Electrical Works<br>3. Access Road Bridge<br>4. New pump station at Klipheuwel and Rising Main to the Water Waste Treatment Works | Fisantekraal | – | 20,000 | 20,000 | 20,000 | 72,884 | 6,023 | – | Sanitation Tariff |
| Water & Sanitation Services: Bulk Reticulation Sewers in Milnerton Rehabilitation | CPX/0006478 | – | – | The upgrading and rehabilitation of the Montague Drive bulk sewer into two phases. Based on the findings and assessments done under Tender: 320C/2011/12: Condition Assessment and Rehabilitation of the Bulk Sewers in the Blaauwberg and Milnerton Areas, the upgrading and rehabilitation of the Sanddrift bulk sewer was marked to be done first and thereafter the rehabilitation and upgrading of the Montague Drive Bulk sewer. | Milnerton | 5,000 | 20,400 | 65,000 | 499,000 | 589,400 | 4,461 | – | Sanitation Tariff |
| Water & Sanitation Services: Contermanskloof Reservoir | CPX/0003850 | 100,269 | 2,000 | Multi-faceted multi-year project. Design and construction of Contermanskloof 100Ml Reservoir (including land acquisition). | Contermanskloof | 121,776 | 50,939 | 3,158 | 12,127 | 290,269 | 46,150 | – | Water Tariff |
| Water & Sanitation Services: Gordon's Bay Sewer Rising Main | CPX.0009432 | – | – | The new pump station will convey approximately 380 litres per second in 7km rising main (pipeline). This is a complex project with various unknowns that requires numerous investigations, stakeholder engagement in particular with SANRAL & Western Cape Government Department of Human Settlements and compliance statutory requirements such as Heritage Impact Assessment (HIA), Environmental Impact Assessment (EIA), Water Use License (WULA), Pre-construction Health & Safety design specifications. | Gordon's Bay | 2,000 | 5,000 | 33,000 | 140,000 | 180,000 | 1,529 | – | Sanitation Tariff |
| Water & Sanitation Services: Retreat Low Lift Pump station | CPX.0008876 | – | 49,584 | The construction of the new Retreat Low Lift Pump Station and rehabilitation of the 1050mm outfall sewer. | Lavender Hill Sea Winds | 15,000 | – | – | 5,416 | 70,000 | 25,220 | – | Sanitation Tariff |
| Water & Sanitation Services: Northern Regional Sludge Facility | CPX/0000694 | 1,973 | – | Waste-to-Energy project at the North Area Wastewater Treatment Works (WWTW) will produce electricity and A1A class bio solids for agricultural use. | Cape farms | – | – | 2,000 | 904,000 | 907,973 | – | – | Sanitation Tariff |
| Water & Sanitation Services: Mitchells Plain Wastewater Treatment Works (WWTW) Phase 2 | CPX/0000684 | 114,196 | 7,500 | Refurbished inlet works with an increased capacity of 55Ml/d. | Mitchells Plain | 3,000 | 2,000 | – | 114,000 | 240,696 | 8,208 | – | Sanitation Tariff |

| Description<br>Thousands | Proposed Approval Object | Preceding Years | Current Year Budget 2019/20 | Nature | Location | Budget Year 2020/21 | Budget Year +1 2021/22 | Budget Year +2 2022/23 | Sum of future years | Total Project Value | *Operating Expenditure | *Operating Revenue | Operating Impact absorbed by: |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | | Estimate | | | | | | | |
| Water & Sanitation Services: Potsdam Wastewater Treatment Works (WWTW) - Extension | CPX/0000681 | 27,036 | 24,315 | Provision of professional engineering services, investigation, preliminary design, detailed design, contract administration and supervision for the capacity upgrade of the Potsdam Wastewater Treatment plant. The tenders are required to ensure effluent compliance on the water reclamation project is directly dependent on civil and mechanical/ electrical works contracts for the extension and upgrades. | Cape Farms - District B; Flamingo Vlei; Killarney Gardens; Milnerton; Parklands; Sunridge; Table View; West Riding | 39,000 | 379,000 | 691,000 | 851,300 | 2,011,651 | 80,201 | – | Sanitation Tariff |
| Water & Sanitation Services: Philippi Collector Sewer | CPX/0000679 | 2,130 | 1,700 | The Philippi collector sewer is a major interceptor sewer that was constructed by the previous Cape Metropolitan Council. This sewer consists of approximately 8.50 km of 600 mm to 900 mm bitumen lined AC sewer mains with approximately 118 manholes. The line extends from Crossroads through Brown`s Farm into the Philippi Schaapkraal farming area, with Stock Road forming the eastern boundary and Springfield Road the western boundary. | Athlone, Ryland; Hanover Park; Lotus River, Grassy Park; Zeekoevlei; Pelikan Park | 20,000 | 101,610 | 34,784 | 128,823 | 289,047 | 8,489 | – | Sanitation Tariff |
| Water & Sanitation Services: Water Supply at Baden Powell Drive to Khayelitsha | C12.86082 | 2,685 | 52,000 | The project involves the construction of additional water supply to Khayelitsha and to the existing connection along Baden Powell Drive. It also includes the construction of a Pressure Reducing Facility. This project will further eradicate the existing low water pressures in the eastern suburbs of Khayelitsha namely Makaza, Enkanini, Kuyasa and Harare. | Khayelitsha | 35,921 | 20,721 | – | 42,079 | 153,406 | 8,404 | – | Water Tariff |
| Water & Sanitation Services: Macassar Wastewater Treatment Works (WWTW) Extension | CPX/0000639 | 11,588 | – | With the housing department, in-situ upgrading and new Peoples Housing Process (PHPs) in the catchment of the Macassar Wastewater Treatment Works (WWTW), all incorporating waterborne sewage systems adding to the flows and loads of the Macassar Wastewater Treatment Works (WWTW), upgrading of certain processes and the capacity of the works is required in the short term as well as potentially increasing the treatment capacity of the plant again in the near future (~10yrs). These upgrades are accompanied by increased sludge disposal volumes which will be treated to an A1A grade product and produce electricity. | Macassar | 10,000 | 50,000 | 150,000 | 416,000 | 637,588 | 14,824 | – | Sanitation Tariff |
| Water & Sanitation Services: Zandvliet Wastewater Treatment Works (WWTW)- Extension | CPX/0000628 | 344,758 | 436,768 | Work within the Human Settlements directorate such as, the in-situ upgrading and new Peoples Housing Process (PHPs) in the catchment area of the Zandvliet Wastewater Treatment Works (WWTW); the all incorporating waterborne sewage systems adding to the flows and loads of the Zandvliet WWTW; the upgrading of certain processes and the capacity of the WWTW in the short term as well as potentially increasing the treatment capacity of the plant again the near future (~10yrs) are planned. These upgrades are accompanied by increased sludge disposal volumes which will be treated to an A1A grade product and produce electricity. | Khayelitsha, Macassar Corner of Baden Powell Drive and Macassar Roads | 563,300 | 347,500 | 100,000 | 264,171 | 2,056,497 | 184,538 | – | Sanitation Tariff |
| Water & Sanitation Services: Wesfleur Aeration & Blower Replacement | CPX.0016426 | – | – | The project involves replacement of the following: industrial aeration blower, fine bubble diffused aeration system, aeration piping and electrical equipment. | Westfleur | 40,000 | 23,600 | – | – | 63,600 | 11,984 | – | Sanitation Tariff |
| Water & Sanitation Services: Cape Flats Wastewater Treatment Works (WWTW)- Refurbish various struct | CPX/0000533 | 125,004 | 53,480 | Refurbishment of Cape Flats Wastewater Treatment Works (WWTW) to improve capacity. | Cape Flats | 52,742 | 100,491 | 420,500 | 440,917 | 1,193,135 | 27,797 | – | Sanitation Tariff |
| Water & Sanitation Services: Cape Flats Rehabilitation | CPX/0000532 | 24,687 | 2,677 | The Cape Flats 1 & 2 Bulk Sewer System originates at the Bridgetown Sewage Pump Station, from where sewage is pumped through a reinforced concrete rising main pipeline, up to the Hazel Road Mixing Chamber, located just south of the Hazel - and Klipfontein Roads intersection. From the Hazel Road mixing chamber, the flow is split into the Cape Flats 1 and 2 bulk gravity sewers, which are reinforced concrete sewers, ranging in diameter from 1000mm to 1800mm. The two sewers follow the same route through the suburbs for an approximate distance of 14km, before discharging into the Cape Flats wastewater treatment works (WWTW) inlet works. | Athlone, Rylands; Hanover Park; Lotus River; Grassy Park; Zeekoevlei; Pelikan Park. | 146,527 | 150,700 | 50,000 | 586,300 | 960,890 | 30,585 | – | Sanitation Tariff |
| Water & Sanitation Services: Bulk Water Augmentation Scheme | CPX/0000524 | 101,239 | – | The infrastructure components comprising the BWAS are 500M per day water treatment plant, 300M per bulk storage reservoir, 300M transfer reservoir, 30km pipeline from the existing Berg River Dam to WTP, 13km pipeline from bulk storage reservoir to transfer reservoir, 13km pipeline from the transfer reservoir to the existing Glen Garry Reservoir and a pump station and flow control installation. | Muldersvlei | – | 2,000 | 6,700 | 1,941,200 | 2,051,139 | 289 | – | Water Tariff |
| Water & Sanitation Services: Bellville Wastewater Treatment Works (WWTW) | CPX/0000512 | 501,634 | 87,530 | The capacity extension, which is currently underway comprises the following: Construction of a new Membrane Biological reactor (MBR), new blower room and aeration blowers, inlet works modification to allow a modular increase in the treatment capacity, additional dewatering facilities to cater to the increased treatment capacity, electrical upgrade of Motor Control Centres (MCCs), sub-stations, multiple pipework modifications, additional roadworks and disinfection facilities, decommissioning and demolition of Primary Sedimentation Tanks (PSTs) and the Orbal Plant. | Bellville | 90,888 | 60,000 | 66,542 | 35,350 | 841,943 | 85,212 | – | Sanitation Tariff |
| Water & Sanitation Services: Athlone Wastewater Treatment Works (WWTW)- Capacity Extension-phase 1 | CPX/0000479 | 35,903 | 27,020 | For the existing C-Works to remain fully functional some refurbishment work is required, especially for mechanical and electrical infrastructure. Main components that have been identified include mixer and recycle pump replacements, odour control, diffusers and blowers. A new common blower house is envisaged that will supply air to the C-Works and D-Works. To make space for the extension (D-Works) many of the redundant structures will be demolished. The scope of work has been separated into four contracts for implementation as listed here: 1. Mechanical & Electrical Refurbishment of C-Works including new common blowers for C- and D- Works; 2. Civil Demolition and construction of the new Blower House Complex; 3. Civil Construction of the extension (D-Works); and 4. Mechanical & Electrical Contract for the extension (D-Works) | Athlone | 175,600 | 199,862 | 160,000 | 598,740 | 1,197,125 | 56,023 | – | Sanitation Tariff |
